George Keane Goes to New York to Meet Indicted Mayor

Duffey, "that my relations with any contractor have been anything but upright, I have never used my office to aid my own business, and as an honest citizen I never intend to. The transaction referred to was a simple business matter such as comes up every day."

Fight Magnates Will Tell of Belvedere Case

When the Grand Jury convenes at 10:30 o'clock this morning in Native Sons' Hall, at Geary and Gough streets, the first matter which will come up for consideration will be the case of the Belvedere Music Hall. One witness, in the person of Myrtle Cerf, has already given testimony in regard to the music hall. He held 25 per cent of the stock, but he simply acted as agent for Ruef, who, it is claimed, owned the shares.

Among the witnesses subpoenaed to appear today are James Coffroth, Editor Grant and Captain T. E. D. Wilson, stockholders in the concern; Attorney Burke, who represents the company; Architect Matt O'Brien, who designed the building, and Colonel Martin Brady, who sold liquors to the music hall management.

An effort will be made to hear all of these witnesses today and return an indictment charging Ruef and the Mayor with extortion. It is claimed that Ruef forced the Belvedere management to yield up one-quarter of the stock.

Newhall Says Books Are At Heney's Disposition

George A. Newhall said yesterday afternoon that all the books of the Union Pacific Railroad would be at the disposition of the Grand Jury for its investigation in connection with the grant by the Supervisors to that company for the overhead trolley. He became very indignant at the idea that he had been in the hands of those who had corrupted the city officials to gain favors and franchises, and he asserted that his books would show no sign of money paid in an illegitimate way.

"I made my request to the board on the ground that what they had given to the United Railroads they ought to give to us. It was held up for several months. No, I never knew why."

"Did you give any of the Supervisors personally?" was asked.

"I saw all of them in meetings of the board and in committee meetings. I saw Supervisor Rea personally. He said:

"George," interrupted Newhall's brother at this point, "don't you think you would better wait until you talk to the Grand Jury before you tell about that?"

"The world will have to wait for a statement of what passed between the two and what Rea said and what Newhall said, until it is told to the Grand Jury. All further attempts to get Newhall to give an account of that meeting were fruitless.

"You can say that I never paid the Supervisors a dollar," he said.

"Will that be your testimony before the Grand Jury?"

"Not altogether—but I haven't said that I was going before the Grand Jury."

"Have you ever seen any evidence of graft in the present administration?"

"I can't give any answer, not care to answer that question now."

When Mr. Newhall was told that a prominent citizen had informed the call that the story of the payment of large sums of money to the Supervisors for the concession was true in all its details, he replied, with emotion:

"That man is a liar!"

POLICEMAN DEAD; ROBBER DYING

CHICAGO, Nov. 19.—Policeman Luke Fitzpatrick is dead and Charles Hanson, an ex-convict, is dying as the result of a fight early today in an elevated railroad station.

Hanson and a companion last night blew open the door of a grocery store and escaped with several hundred dollars and negotiable paper after exchanging shots with the Hammond police. Later the robbers boarded a "Golden Medical Discovery" and fled away from the scene.

Fitzpatrick and the conductor followed the men. Fitzpatrick ordered them to halt and they at once opened fire on him. The policeman was struck several times and fell down the stairs, but managed to empty his revolver at Hanson, who ran down the stairs in escape. Hanson fired several more shots at the officer, who died soon after.

Policemen Birch and Wilson, who had heard the firing, arrived as Hanson was running away and Birch shot him through the back, inflicting a fatal wound. The companion of Hanson, whose name is thought to be Guy Vantose, escaped by sliding down one of the supports of the elevated road.

Hoag, assistant cashier of the same institution in charge of the Washington branch, and Eveleth W. The indictment charges conspiracy by unlawfully procuring in the District of Columbia charters for corporations and obtaining charters in the United States by false pretenses.

PRESIDENT INSISTS ON HIS ORDERS

Negro Soldiers Involved in Brownsville Affair Must Be Driven From Service

APPEALS IN VAIN

SPECIAL DISPATCH TO THE CALL. NEW YORK, Nov. 19.—Despite widespread criticism, many appeals for mercy and a formidable movement extending throughout the country to obtain modification, President Roosevelt has positively refused to change or suspend his order dismissing a battalion of negro troops of the Twenty-fifth Infantry from the service without honor and regard to civil disabilities.

Meanwhile, Secretary of War Taft has been induced to suspend the order pending further advice from President Roosevelt, who has been communicating with the President about this statement was made in the War Department tonight.

The matter was laid before the President during his visit to Panama, but his attitude remained unchanged. Collier's Weekly dispatched the following appeal through its correspondent with the Presidential party:

"Frederick Palmer, care Presidential Party, Ancon, Panama, Canal Zone.

"Discharge of veteran colored soldiers. Twenty-fifth Infantry, causing widespread discussion. Pathetic scenes at disarmament. Many innocent loss of life service, and seems pity action taken in President's honor. Will he not suspend action until return?"

The following reply was received: "Collier's, New York: The President's views are clear and unchanged. The troops struck at the very heart of military justice and discipline. Had white troops done the same thing they would have suffered the same penalty.

"Be the offenders black or white, the President proposes to mete out equal justice. There can be no amelioration of the penalty until the men concerned show their sense of duty as citizens and soldiers by giving up the offenders to justice." FREDERICK PALMER.

WASHINGTON, Nov. 19.—Secretary Taft tonight ordered temporary suspension of the execution of the order of President Roosevelt directing that the battalion of the Twenty-fifth (negro) Infantry be discharged without honor for refusing to divulge the identity of the negro who killed a white man and wounded another at Brownsville, Tex.

Secretary Taft has cabled President Roosevelt, who is not on his way from Panama, inquiring if his order shall be carried out in view of the introduction of a resolution of the Republican congressional committee of New York condemning as unjust the order.

In addition to this the War Department has been deluged with protests from every section of the country condemning the action of the President and demanding that he give the negro soldiers just treatment and not discharge without honor men who are admitted to be innocent of crime or misdemeanor.

In addition to these protests the ministers throughout the country have condemned the President. These protests had great effect at the War Department. Secretary Taft, who is a lawyer and a man of judicial temperament, does not believe that these negro soldiers have been given a square deal, and it was through his action that the order of the President has been held up.

President Roosevelt has not yet responded to the request of Secretary Taft that the order be suspended until the negro soldiers receive the same treatment as white soldiers.

MASKED MAN HOLDS UP SALOON

WATSONVILLE, Nov. 19.—The saloon of J. J. Leddy at Pajaro Station was held up by masked men at about 11 o'clock last night. Leddy was robbed of \$200 and two gold watches. A sheriff's posse is in pursuit of the robber.

HAWAIIAN PRINCES SUE FOR DEBTS

HONOLULU, Nov. 12.—Frank J. Kruger has brought suit against Prince David Kawananakoa for \$114,215 on a promissory note given for jewelry brought and money borrowed. The note was made on May 6, 1905, and without interest, but not a dollar has been paid on it. The bill includes the cost of a wedding ring.

There has also been filed a motion to set for trial the suit of Lu Pua Kekaula, a native woman, against Prince David Kawananakoa and Prince Jonah Kaimukahaui for \$4000 and interest on a promissory note.

It is stated that the suit was brought on October 23, 1905, and no reasonable or valid excuse exists why it should not be tried. Prince Jonah, who is Hawaiian Delegate to Congress, is also being sued for wine, beer and other liquors as well as ice cream alleged to have been furnished him by the Young and Moana hotels.

PEACE BUREAU

Will Turn Over \$1,000,000 to Congressman Bartholdt to Be Used in Propaganda

WORK OF AMERICA

ST. LOUIS, Nov. 19.—The Post-Dispatch today says: Congressman Bartholdt left this morning for New York at the invitation of Andrew Carnegie, who has promised to turn over to him \$1,000,000 to be used in furthering the propaganda for international peace. The matter has been under consideration for some time.

Bartholdt started for New York he told several friends of the plan and expressed hopefulness as to the result of the work.

One of these friends said that the money had been definitely promised and that the present visit of the Congressman to the ironmaster is to arrange for the transfer of the fund and for the formation of the peace bureau which will have charge of the campaign.

Only the income of the fund will be utilized. This income will amount to \$40,000 a year. It will be expended in an effort to direct public opinion in favor of arbitration as a means of settling disputes between nations.

The scope of the work will be worldwide and those nations which are most engaged in wars and threats of wars will receive the most attention. Literature will be scattered, meetings will be arranged and all possible means will be adopted to encourage a sentiment against war and bloodshed.

Bartholdt has taken a prominent part in the work done by the Hague peace conference and has had many interviews with Emperor William of Germany and other crowned heads. The formation of the new peace bureau, which will be purely American, will be under the direction of the St. Louis Congressman.

be just toward one another; the strong desire of the people of the earth to be kind toward one another; the application of the same rules by all men in the collectively treatment of other nations which good citizens apply to their individual treatment of each other. The true and final antidote for war is the love of justice and peace among the people who make war or preserve peace.

BOLIVIA IS FRIENDLY

Minister Calderon said in part: "Bolivia has the friendliest feelings toward the United States. In practical proof of this we have commenced the great work of our development through the railways that we are building. Mr. Root's work will be worth a great deal for both countries. His visit to South America has been the discovery of South America for the United States."

Secretary de Amaral said in part: "The speech of Mr. Root at the Rio Janeiro conference reflected the broad-minded policy agreed upon by the President of the United States toward all the sister Republics of America."

The speech of Mr. Root is an everlasting monument of wisdom and clear-minded spirit of justice, and a tribute to universal trust."

PEACE AND PROGRESS

Alberto Yocamhan, Charge d'Affaires of the Chilean legation at Washington, said: "The recent voyage through South America of your honorable Secretary of State, who was received by us like the Ambassador of peace, progress and American solidarity, is, I am happy to verify, producing the most salutary effects. The people of America will know more of their Southern neighbors than they did before."

Minister Pardo of Peru in his speech said: "The greatest effort ever made by the United States to make its policy in regard to the Latin republics known in South America is represented by the visit that the Secretary of State, Mr. Root, has made to those countries. The Secretary of State, whose eloquence has won for himself the affection and esteem of the forty million inhabitants living south of Panama and for his country, the United States of America, has secured the everlasting regard of the southern portion of this continent."

ELECTION ENVELOPE FOUND OPENED

LOS ANGELES, Nov. 19.—The City Council today began the official canvass of the ballot cast in the recent annexation election which brought Astor Park within the city limits, and thereby under the jurisdiction of the city laws prohibiting betting. The canvass carried by six votes, according to the unofficial returns. During the official count today the envelope containing the ballots of Green Meadows Precinct was delivered to the tellers with the envelope broken, and it was discovered that ten ballots therein had been wrongfully voided by the election board. These additional votes added three to the plurality for annexation.

Sam Haskins, as attorney for a property owner and voter of Green Meadows Precinct, demanded that the entire vote be thrown out because of the condition of the envelope. It is believed that this action lays the foundation for an injunction suit to prevent annexation, presumably in the interest of the Los Angeles Jockey Club.

SOLICITOR GENERAL ACTIVE AGAINST CHICAGO RAILROAD

Asks for Early Hearing of Case Wherein Company is Accused of Making Illegal Rate

WASHINGTON, Nov. 19.—Solicitor General Hoyt today entered a motion for an order of the United States States to advance the hearing in the case of the Interstate Commerce Commission versus the Chicago and North-western Railway Company involving the legality of an order of the railroad company made in 1902 by which the rate on the prepared products of livestock was reduced without making the corresponding reduction in the rate on livestock itself.

The complaint in the case was made in the interest of Chicago on the ground that the rate resulted in a diversion from that city to Missouri River points of livestock shipments which would otherwise have gone to Chicago, the effect being to build up those markets at Chicago's expense.

DR. CRAPSEY OES TO COURT

Highest Body in Episcopal Church Condemns Heresy of the Rochester Rector

FAMOUS CASE ENDED

BUFFALO, N. Y., Nov. 19.—The Rev. Dr. Algernon S. Crapsey of St. Andrew's Episcopal Church, Rochester, is condemned to suspension from the church as a result of the decision of the ecclesiastical court of review, which was made public today. The court of review sustained the decision of the lower court, which was that Dr. Crapsey should be suspended for heretical teachings. The announcement of the decision is made as follows:

"The court of review has affirmed unanimously the decision of the lower court in the case of Rev. Algernon S. Crapsey, D.D.

The decision was delivered to Bishop Walker today and will be sent to Dr. Crapsey at Rochester. Bishop Walker said that out of personal regard for Dr. Crapsey he would not make the decision public at this time.

The decision of the trial court, which is affirmed by the highest court of the church, was as follows:

"That the respondent, Dr. Crapsey, be suspended from exercising the functions of a minister of the church until such time as he shall satisfy the ecclesiastical authority of the diocese that his belief and teachings conform to the doctrine of the Apostles creed and the Nicene creed, of the church has reviewed the same.

"However, we express the earnest hope and desire that the respondent may see his way clear, during the thirty days which under the canon of the church must intervene before sentence can be pronounced, to fully satisfy the ecclesiastical authority of such conformity on his part."

ROCHESTER, N. Y., Nov. 19.—The probability that Dr. Crapsey will resign any of the positions which led to his ecclesiastical condemnation or that he will in any way recede from the position he has taken is so very slight as to not be worthy of consideration. Later he will issue a statement on his position in the controversy.

NEW YORK, Nov. 19.—The Crapsey case has attracted wide attention since the publication of Dr. Crapsey's book on "Religion and Politics," and as since he has preached in his sermons in which it is charged he taught doctrines which were contrary to the faith of the Protestant Episcopal church.

Dr. Crapsey contended he had preached only according to what he believed to be true.

The decision of the court of review apparently brings the Crapsey case to an end. Under it Dr. Crapsey will be suspended from bearing the functions of a minister of the Protestant Episcopal church until such time as his religious teachings conform to the doctrine of the Apostles' and Nicene creeds.

Dr. Crapsey in his sermons and writings questioned the virgin birth of Jesus. He also contended that there were fallacies in other beliefs and doctrines forming the foundation of the Protestant Episcopal church.

NATIONAL GRANGE OPPOSES INITIATIVE AND REFERENDUM

Votes Down Resolution Favoring Plan to Give People Right to Repeal Statutes

DENVER, Nov. 19.—The National Grange went on record as opposed to endorsing the initiative and referendum today when a resolution offered by C. E. Kegley of Washington was voted down. The matter was referred back to the state granges upon the contention that such an innovation could only be put in operation by State governments. The principal opposition was to the proposition giving the people the right to recall representatives of officers, the argument being that this was too socialist.

STATE MAY ASSESS INDIANS' LAND

WASHINGTON, Nov. 19.—Whether local State authorities can tax the land of an Indian held in severalty in the absence of explicit legislation giving such authority was considered by the Supreme Court of the United States in an opinion handed down today in the case of James Gowdy against the County Assessor of Pierce County, Washington. Gowdy is a Puget Sound Indian and holds lands granted him in severalty with provision in the patent from the Government which exempted the property from "sale, levy or forfeiture" while Washington should remain a territory and afterward until the State Legislature should provide otherwise.

After the admission of the State a law authorizing in general terms the "alienation" of Indian-held lands was passed, but the Indian objected that the anti-levy feature of his patent had not been removed by the enactment and the Gowdy suit was instituted. The State courts held against him and their finding was indorsed by today's decision.

The opinion was delivered by Justice Brewer, who said that the fact that Gowdy had become a citizen of the United States, as he had done by accepting land in severalty, had made him amenable to the tax laws. He also said that the act of the State Legislature covers tax levies as well as sales.

WOODSMEN KILLED BY FLOODS

SPECIAL DISPATCH TO THE CALL. VANCOUVER, B. C., Nov. 19.—Two American woodsmen, Charles H. Colpitt and Joseph Adams, met death in an avalanche of water and mud last Saturday at Knights Inlet, 100 miles north of Vancouver. They had just taken possession of a logger's cabin six miles up a small creek. A rockslide occurred in the mountains. The creek was dammed and a lake formed until the pressure was so great that the new dam broke and an avalanche of water and rocks and trees swept down the valley. The cabin was carried away. Colpitt was crushed to death under trees and only the heels of Adams' boots were visible to the rescue party when it arrived. The bodies were brought to Vancouver today. Adams' family lives in St. Louis, while Colpitt's body will be sent to Island City, Maine.

Then let some master-hand, who knows the stories of high finance "from the inside," paint in the figures with bold strokes of realism—using the whole range of contrast, from soul-stirring romance to heart-breaking tragedy—and you will have a word-picture which for vivid, compelling interest cannot be equaled.

Mr. Lawson, as the author of "Frenzied Finance" and "The Crime of Amalgamated," is known to every reader of EVERYBODY'S—and to the country at large. They remember that it was impossible to buy copies of the magazine on the stands after the date of publication and that single copies were jealously passed from hand to hand.

In Friday the 13th, Mr. Lawson, entering the field of fiction for the first time, has produced a tale which will make the reader ask, "Is it founded on fact?" "Are the characters drawn from life?" "And if so, who are they?" We cannot answer those questions, except to say that in this new creative field Mr. Lawson's wonderfully versatile mind has for a time turned from

Commissioner Duffey Tells of Works Board

Evidence to be submitted to the Grand Jury bearing on its investigation into the affairs of the Board of Works is being carefully sifted. The data to be presented will relate to the construction of buildings both before and after the fire. It will be shown that the Mayor himself is responsible for the negligent violation of the law, for which he has endeavored to blame building inspectors and the City Architect.

Although the acts of the Works Commission which will be made the subject of investigation occurred during the terms of his predecessors, George Duffey, the new president of the board, declared that he wants the fullest inquiry made.

"There is no room in this department of the city government for grafters," said Duffey yesterday, "and if there are guilty men in any branch of the Board of Works I want them brought into the light and sent to jail. No one who has been a grafter need look for any sympathy here."

In answer to an inquiry as to the condition of affairs in the board at the present time, Duffey pointed to Market street and the other thoroughfares which have been cleaned since his entrance into the office. Duffey resented a printed report in regard to the purchase of pipe from a local contractor, the commissioner regarding it as a reflection upon himself.

DR. PIERCE'S REMEDIES

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, constituting "Golden Medical Discovery," a valuable remedy for chronic and lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

It cures "Golden Medical Discovery" and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is given free.

Address Dr. E. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter. Free. All correspondence is held as strictly private and sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.
