## Mayor Reveals Carmen's Plans to Strike Harriman Clique Causes Crash in Stocks

### CRUSHING BLOW DEALT TO RUEF AND SCHMITZ

Supreme Court Denies the Petitions for Writs of Habeas Corpus

### MAYOR'S BAD FAITH

His Surrender to the Sheriff Merely for Purpose of Appeal

### NEW MOVE IS MADE

Captive Grafter Now Alleges Elisor Biggy Is Without Authority

The Supreme Court of the State dealt another crushing blow yesterday to the hopes of Mayor Schmitz and Abe Ruef. In two unanimous decisions it denied the petitions for writs of habeas corpus filed by the partners in boodle. In doing so the court took occasion to declare that Mayor Schmitz, in surrendering to the Sheriff merely for the purposes of appeal, had sought to abuse the remedy of habeas corpus. It intimated strongly that he had not acted in good faith. The petition of Ruef was denied for lack of merit. Before the day was over, however, Ruef had filed another petition for a writ of habeas corpus, alleging that William J. Biggy, the elisor, was not clothed with the proper authority to keep him in custody. The court ordered that an alternative writ be issued and will hear arguments at 10:30 o'clock this morning. In their ruling the Justices of the Supreme Court have anticipated many of the points that will come up on a possible appeal from the verdict of a jury. In every case Judge Dunne has been upheld and the contentions of the attorneys for the grafters overruled. In denying the Ruef petition yesterday the court passed upon the competency of Grand Juror Wallace Wise, holding that he could legally serve, although he had been on a trial jury within the year. In so ruling the court has knocked out what the attorneys for the defense considered one of their strongest points.

### NO HELP FOR THE MAYOR

The court failed to pass on the question whether the facts charged were sufficient to constitute an offense. It was contended by Ruef's legal representative that property rights were not involved in the liquor business and therefore, even if Ruef did hold up the licenses of the French restaurants, it did not constitute a crime.

In denying the petition of the Mayor the court pointed out that the custody from which he sought to be discharged was "self-invoked and voluntary, submitted to only for the purpose of making a case on habeas corpus," and then added:

"We are unable to see why these circumstances do not bring this case fully within the rule laid down in the case of *In re Go*, 129 Cal. 242. It there appeared that the surrender to the officer was merely for the purpose of suing out the writ, and lasted no longer than was necessary to file the petition and procure the order. It was there declared to be an abuse of the remedy by habeas corpus to apply it in cases where there is no actual imprisonment and no restraint, except that which is invited and voluntarily submitted to in order that a merely nominal prisoner may resort to the courts for the determination of the validity of an ordinance or some question of that sort.

"It was said: 'Our conclusion is that such a practice ought not to be countenanced, and hereafter the court will make strict inquiry into this class of cases whether the alleged imprisonment is actual and involuntary, and if it is found to be, as in this case, a merely nominal restraint, voluntarily submitted to for the purpose of making out a case, the proceeding will be dismissed.'"

"We deem the rule here declared a most salutary one, entirely in accord with the objects and purposes of the remedy by habeas corpus, and adhere thereto."

The petition of Ruef was based on

### EXCLUSION OF THE JAPANESE BEGINS GENTLY

Kid Gloves Take Place of Big Stick in Anti-Asiatic Movement

### ORDER BY PRESIDENT

Passports to Other Lands Shall Not Permit Landing Here

### BILL BEING PREPARED

Sargent Framing Measure on Line of Chinese Exclusion Act

By Ira E. Bennett

WASHINGTON, March 14.—The President's order today putting into effect the Japanese exclusion amendment is regarded as a very favorable prelude to negotiations for an exclusion treaty. The order directs that Japanese or Korean laborers, skilled or unskilled, who have received passports to go to Mexico, Canada or Hawaii, be refused permission to enter the continental territory.

The Japanese Embassy is guarded in discussing the executive order, but it is evident that the President has a complete understanding with Japan. One of the Embassy attaches said that Japan had no fault to find with the United States if it put a stop to abuses of passports. He intimated that on account of popular feeling, both in California and Japan, it was deemed wise not to discuss exclusion matters.

The President's order follows: "Whereas, By the act entitled 'An act to regulate the immigration of aliens into the United States,' approved February 20, 1907, whenever the President is satisfied that passports issued by any foreign government to its citizens to go to any country other than the United States or any insular possession of the United States, or to the canal zone, are being used for the purpose of enabling the immigrants coming to the United States, it is recommended that such persons be refused admission to the United States or such insular possessions or the canal zone; and

"Whereas, Upon sufficient evidence produced before me by the Department of Commerce and Labor, I am satisfied that passports issued by the Government of Japan to the citizens of that country or Korea and who are laborers, skilled or unskilled, to go to Mexico, Canada and to Hawaii, are being used for the purpose of enabling the holders thereof to come to the continental territory of the United States to the detriment of labor therein.

"I hereby order that such citizens of Japan or Korea, to wit: Japanese or Korean laborers, skilled and unskilled, who have received passports to go to Mexico, Canada or Hawaii and come therefrom, be refused admission to the continental territory of the United States.

"It is further ordered that the Secretary of Commerce and Labor, and he is hereby directed to take through the Bureau of Immigration and Naturalization such measures and to make and enforce such rules and regulations as may be necessary to carry this order into effect.

"THEODORE ROOSEVELT."

At the State Department it is reiterated that anti-Japanese agitation is the worst possible course the California people could pursue if they are really anxious to have an exclusion treaty ready for the Senate's action next December. The Japanese Government is trying to hold down anti-American feeling, exactly as the administration here is depicting anti-Japanese talk. Both Governments appear to be anxious to frame a treaty that will make reciprocal exclusion of laborers effectual. There can be no question of the President's sincerity in the cause of exclusion.

Secretary Straus has turned over the duty of framing regulations for Japanese exclusion to Commissioner Sargent and other officials of the immigration bureau, subject to revision by the Secretary and probably to approval by the President. The general methods followed in excluding the Chinese will be adopted, it is believed, although the method of determining whether immigrants are laborers remains to be determined.

The Chinese are excluded unless they

### Railway Magnate Reported Smashing Stock Market

### FLOODS COVER TOWNS AND THOUSANDS FLEE

Millions of Dollars Lost by Inundation Affecting 2,500,000 Persons

WHEELING, W. Va., March 14.—In Wheeling and surrounding towns the flood has wholly or partially submerged fully 2500 houses and nearly 15,000 persons have been driven from their homes or to upper floors. The villages of Majorville and Vienna, in the Wheeling Creek Valley, are reported to have been destroyed by a sudden freshet early today.

PITTSBURG, March 14.—The damage to perishable goods and property in the Pittsburgh district alone will amount to \$1,000,000.

At Connellville, Pa., the damage to the coke region is estimated at \$2,000,000 and over 100,000 persons in that district are temporarily out of employment.

The Westinghouse Works, employing 30,000 hands, are shut down and the damage to machinery is estimated at \$500,000. All the mines along the Monongahela River are flooded and 10,000 miners are affected.

The steel and iron mills are at a standstill and fully 50,000 men are idle. Hundreds of stores and business houses in the downtown section are partially submerged and have closed their doors. The flood directly affects over 2,500,000 persons.

The situation in Pittsburgh and immediate vicinity is serious. The telegraph and telephone service is crippled. Men are pumping water from the dynamo room of the Western Union building in the center of the business section.

In the suburbs of Aspinwall, Sharpsburg, Aetna and Millvale, over 500 families are living in the second stories of their homes.

Hundreds of people are marooned in Pittsburgh. Restaurants and hotels have been besieged all evening by persons unable to reach their homes.

CLEVELAND, March 14.—Many Ohio points are experiencing disastrous floods. Dispatches tell of swollen streams and of death, damage and privation as a result of the floods.

At Zanesville, where three persons were drowned today, the Muskingum River is rising tonight at the rate of half an inch an hour and is near the high-water mark of 1898, when the most disastrous floods known in the section occurred. Mayor Deacon swore in a large force of special policemen tonight and gave orders to confiscate boats of owners charging excessive ferry rates in the district.

In Springfield and vicinity more than \$100,000 damage has resulted to property and 500 families have been made homeless by the sudden rise of Mad River and its tributaries.

### GREATER NEW YORK HAS 688,427 SCHOOL CHILDREN

Tests Show That Nearly Third of the Pupils Have Defective Eyesight

NEW YORK, March 14.—A school census just completed shows that there are 688,427 children attending schools in Greater New York and that 253,485 persons between 4 and 18 years, the school age, live here.

The number of foreign-born children enrolled, 113,740, is more than 18 per cent of the entire registration of the schools.

Probably the most startling thing in the report is the statement that out of 58,948 children whose eyes were tested, 17,928 were suffering from defective vision.

### LOP MILLIONS FROM THE PRICES OF SECURITIES

Big Slump in Wall Street Is Attributed to an "Object Lesson"

### AIDED BY OIL TRUST

Harriman and Associates Accused of Bearing Railway Stocks

### ROOSEVELT PUT WISE

### Relief Accorded by Treasury in Financial Stringency

WASHINGTON, March 14.—Treasury relief thus far: Additional deposits of September, 1906, to be retained ..... \$30,000,000  
Additional circulation to be retained without change of securities, ..... 17,000,000  
Redemption of short ds with half year interest of 2 per cent ..... 25,500,000  
Deposit of custom receipts, "if found to be desirable," per day, about ..... 1,100,000

### SPECIAL DISPATCH TO THE CALL

NEW YORK, March 14.—Under a flood of liquidating sales practically unparalleled in Wall street—for it has been a continuous two days' performance—the stock market displayed marvelous resisting force today. Not a single disaster was charged up to any bank or brokerage office and no weak spot was uncovered. Hundreds of millions were lopped off security prices, but, so far as could be ascertained, magnificent response was made to the simply stupendous margin calls, every clearing-house sheet went through to the Stock Exchange Clearing-house and every debit balance was settled at the New York Clearing-house Association without difficulty or assistance to the member or nonmember banks.

It was made known after the close of the market today that powerful efforts would be made to check the force of the liquidating movement, which, impelled by unreasoning fear, showed signs of running wild at the close of today's market. These efforts will be made the more effective by the influence of Government relief measures announced after the close of the market today by Secretary Cortelyou.

### ATTRIBUTED TO HARRIMAN

Many and diverse opinions are expressed as to the cause of the tremendous selling of stocks, but the wise ones have no doubt that Harriman and his band, the Standard Oil gang and other powerful interests, have sold the market and brought on a panic to impress the President and Interstate Commerce Commission of the danger of too close Federal espionage over the railroads and too vigorous prosecution of them for violation of the interstate commerce laws. Harriman is afraid the Interstate Commerce Commission will recommend to the Department of Justice that steps be taken to divorce the Southern and Union Pacific systems, which are alleged to be parallel competing roads, and should be rivals were it not for rate agreements between them in restraint of trade.

### AN OBJECT LESSON

But what Harriman particularly dreads is criminal prosecution for his Chicago and Alton stock-watering deal. It is believed that in order to escape immunity from punishment he and his fellow conspirators have deliberately sold the market down point by point and day by day until it culminated in today's crash. The fact that Harriman's own stocks showed the greatest declines proves nothing to the contrary.

It is believed that in order to escape immunity from punishment he and his fellow conspirators have deliberately sold the market down point by point and day by day until it culminated in today's crash. The fact that Harriman's own stocks showed the greatest declines proves nothing to the contrary.

Probably the most startling thing in the report is the statement that out of 58,948 children whose eyes were tested, 17,928 were suffering from defective vision.

### "Friend of Labor" Who Betrayed Carmen's Plans

### SCHOOL BOND ISSUE TO BE TAKEN UP BY UNIONS

Building Trades Organizations Will Invest \$365,000

Through the efforts of the San Francisco Central Building Trades and Labor Council the various unions affiliated with it will subscribe for the entire issue of school bonds, amounting to \$365,000, and will thus make the building of new and adequate schools a possibility. The bonds have been exposed for sale on several occasions, but capital has not been attracted to the investment. The union men declare that the unwillingness of the capitalists to buy the bonds is due to political motives and that there is evidently a desire to discredit the city's administration. "In view of that fact," said Secretary O. A. Tveitmoe last night, "we will buy the bonds ourselves."

The combined treasury holdings of all the unions affiliated with the Central Trades Council amount to over \$5,000,000 and the individual savings of the army of members aggregates \$27,000,000. It will be as easy for us to buy those bonds as anybody.

The "baby unions"—those most recently organized—have already agreed to buy \$5000 worth of these bonds; the Cement Workers, Electrical Workers, Hodcarriers, Carpenters' No. 22 and Plumbers and Painters' No. 19 have also agreed to take large blocks of these securities. There will be a systematic canvass of all the unions when the financial aspect of the case has been explained, and there is no doubt that the entire issue of school bonds will be assumed by the unions."

In a written statement submitted for publication Secretary Tveitmoe said: "The Building Trades Council of San Francisco hereby recommends to affiliated unions and their members that they immediately take steps to purchase such amounts of these school bonds as they can possibly afford.

"It is recommended as a good and safe investment, and it is further most earnestly urged as a patriotic duty which you owe to yourselves and your city. Your city is in need of funds for the erection of buildings where her children can be housed and educated.

"It has been given as a reason why the local banks and capitalists failed to bid on the bonds that the interest of 3 1/2 per cent is too low; and it has also been stated that the financial interests of the country are boycotting San Francisco bonds because of the capitalists' hostility to the Union Labor municipal administration.

"Be it as it may, San Francisco bonds are fully as good an investment at 3 1/2 per cent today as they were when the bonds were voted. No sane person will deny the fact, and even the millionaires and their hirelings who are desperately seeking the destruction of the trade union movement, regardless of means, cost or consequences, must admit it if they are still capable of acknowledging the truth."

"I received information a few days ago to the effect that on May 1 another car strike would take place. Of course I intend to try to avert it, if possible. If a strike does take place—and from all accounts it seems almost unavoidable—your position naturally would be inconsistent as a member of the Police Commission.—Letter of Mayor Schmitz to Commissioner H. T. Creswell.

The fight of the carmen for an eight-hour day has not been abandoned in spite of the arbitration award. May 1 is the date fixed for another crisis in the affairs of the United Railroads.

That the carmen will strike if their demand is refused is the announcement of Mayor Schmitz, made yesterday in a letter to Police Commissioner Creswell accepting the resignation that he filed several months ago.

Following the published statements that the men were dissatisfied with the decision of Chief Justice Beatty depriving them of the eight-hour day comes this remarkable letter from the Mayor, in which he betrays the secret plans of the carmen to force the settlement of the eight-hour day question at the expiration of the present contract on the 1st of May. For some reason Schmitz' courage failed him after the letter had been sent and he explicitly denied yesterday having written such a letter to Creswell accepting his resignation or making known the plans of the carmen. The Call was furnished with a copy, however, and the text is as follows:

SCHMITZ TO CRESWELL  
March 14, 1907.  
Hon. H. T. Creswell, San Francisco, Cal.

My Dear Mr. Creswell: I received information a few days ago to the effect that on May 1 another car strike would take place. Of course, I intend to try to avert it if possible. If a strike does take place—and from all accounts it seems almost unavoidable—your position naturally would be inconsistent as a member of the Police Commission. I therefore think it advisable to accept your resignation, which was forwarded to me some time ago, assuring you that I do so with the sincerest regard and with the hope that the friendly relations that have existed between us for some years past may not be interfered with.

Some time back, when you asked to be allowed to resign, I did not think it advisable and you kindly consented to remain on the board until such time as you could be relieved. I therefore believe that this is the time, and at the same time want to express my sincere gratitude to you for the many acts of friendship you have shown me.

I leave for Los Angeles tonight, but will return on Monday if you wish to see me personally.

Very sincerely yours,  
E. E. SCHMITZ, Mayor.
