MAYOR MOTT FORCES RESIGNATION TO RESIGN
John J. Rohan Gives Up His Place as Foreman in Fire Department

THREATENS CHARGES
Ward Leader Did Not Care to Run Gauntlet of Public Inquiry

OAKLAND, March 27.—John J. Rohan, foreman of fire engine company No. 2, a Republican political leader in the Sixth Ward, former coal merchant and active for many years in all of the political fights, city or county, that have been recorded in local annals, resigned today from his long-held position in the fire department. His retirement followed Mayor Mott's threat to file charges against him.

After a battle of words with Rohan, who had been summoned to appear before the Police and Fire Commissioners, the Mayor accused the sixth warder of violating "maliciously and willfully the fire ordinances of the city." On top of that the Mayor declared that Rohan was, in his opinion, a liar.

Rohan had permitted the erection of a wooden structure on property owned at Fifth and Washington streets without obtaining a permit, the location being within the fire limits. The Mayor wanted to know why Rohan replied that the shed had been erected by the California Fish Company of San Francisco, which had rented from him, but he admitted that he had informed the Building Inspector that he was the owner. Rohan was arrested and confined to jail in the Police Court. He explained that he accepted responsibility rather than annoy his tenants.

"You have deliberately lied about this thing," hotly declared the Mayor. "You have willfully violated the building law and the fire law. As a member of the fire department your conduct is doubly reprehensible and I warn you that I shall prefer charges against you."

"You won't have to prefer charges, Mr. Mayor. I resign right now," answered Rohan.

"No objection. Resignation accepted," announced the Mayor. The commissioners declared Rohan's place vacant.

MISS ADELINE LOUISE PIMENTAL

OAKLAND, March 27.—Entering the woodshed at her home at Second and C streets in Hayward early this morning, for fuel with which to get breakfast, Mrs. Mary Pimental was confronted as she opened the door by the body of her 24-year-old daughter, Miss Adeline Louise Pimental, suspended from a rafter of the shed and cold in death. Horrified at the awful sight, Mrs. Pimental fell fainting to the ground. A single scream of anguish as she slipped into unconsciousness warned the other members of the family that something had happened and brought them to the scene of death.

In the hope that the young woman might still be alive, Dr. W. Browning was hastily summoned to the Pimental home, but one glance convinced the

GOLDFIELD MEETING IS PACKED BY I. W. W. MEN
Leading Agitator of Town Gains Control of a Miners' Assembly

SPECIAL DISPATCH TO THE CALL
GOLDFIELD, Nev., March 27.—The meeting of the miners' union tonight resolved itself into a mass meeting under the personal direction of Vincent St. John, the leading agitator of the I. W. W. and the socialistic element. At first he was hissed, but President Mahoney secured him a hearing. Upon the conclusion of St. John's speech he was applauded repeatedly.

Among the officers chosen at the meeting on March 7, and whom the miners still recognized, is Joseph Smith, who is before the Grand Jury at Hawthorne charged with being an accessory to the murder of Tony Silva. The miners realize that they were led into a trap at the meeting tonight, as it was packed with I. W. W. members. Rumors are rife that a confederate has been secured from a man charged with complicity in the Silva murder which implicates a number of miners in a conspiracy to kill several Goldfield men.

Expulsion of Girl Student From Sorority Causes Sensation
A result of her alleged bohemian conduct, Miss Isabel McReynolds has been expelled from the Delta Delta Sorority, an exclusive organization of young women students in Berkeley. The affair has caused a social sensation.

actress, Miss McReynolds was one of the girls.

Miss McReynolds was not in her usual Berkeley university today. This evening, however, she returned to the rooms she occupies in the home of her aunt, Mrs. E. E. McCulloch, at 2921 Fulton street.

When interviewed tonight Miss McReynolds said:

There is nothing I care to say to explain the action of the Delta Delta Sorority in announcing my withdrawal from that society. It is a matter which I have no intention of discussing. The girls and I have agreed to disagree—that is all. It will not interfere with my plans to attend the "Clay Cart" rehearsal this afternoon, but there was no significance in that. I have not received any intimation that there will be a change in the plans for the performance of the "Clay Cart" play.

BARBARY COAST HOLDUP MAY RESULT IN MURDER
Victim Lying Near Death From a Fractured Skull Identifies His Assailant

Thomas Clancy, a waiter in a Barbary Coast dancehouse, was attacked by a sailor at 2:30 o'clock yesterday morning at Jackson and Kearny streets. Clancy lies near to death at the Emergency Hospital, his skull being fractured. He identified Oscar Johnson as his assailant.

Clancy claims he displayed some money in the dancehall and that on seeing he was followed by Johnson, a sailor on the schooner Daisy Freeman, who attacked him with a cobbler's stone. A passer-by blew a police whistle and Patrolman Dougherty responded, making the arrest.

Berkeley Organization Places Ban Against Miss McReynolds
BERKELEY, March 27.—One of the greatest social sensations ever known in Berkeley has been caused by the action of the Delta Delta Sorority in summarily expelling one of its most distinguished members, Miss Isabel McReynolds, who is to play the leading part in the elaborate university dramatic production next week in the Greek Theater.

The town was agog tonight with interest over the casting out of the young woman from the ultraexclusive organization. On all sides the question was asked: "What caused the sorority to expel one of its most gifted and talented members?"

The sorority issued notices today, informing every similar organization of young women in Berkeley that Miss McReynolds' name had been stricken from the membership roll. Members of the sorority were called today before President Wheeler and Miss Lucy Sygauge, dean of women at the university, to give their explanations as to why Miss McReynolds had been expelled from the organization. Following the conference Miss Sygauge made the announcement that it was unlikely that the university authorities would take any further action in the matter.

Miss McReynolds has been a notable figure during her four years at college. She was a member of the '06 class and is now going postgraduate work. Her home is in Los Angeles. She is to make her appearance next week in the San-kril play, "The Little Clay Cart," at the Greek Theater, and is to have the leading role.

Preparations for the play, under the auspices of the English Club of the university, have been going forward for several months. An English actor, Garnet Holme, is coaching a student cast for the play. The people of Berkeley are now wondering whether Miss McReynolds' expulsion from the sorority will preclude her appearance in the play.

Miss Lucy Sprague said tonight that the sorority was responsible for its action in that the members had acted within their rights. She declared that Miss McReynolds' expulsion from the organization amounted to nothing more than a severance of relations, an event which was not agreeable either to the girl or to her sorority sisters.

In some quarters the mystery surrounding the affair was explained partly by the assertion that Miss McReynolds had been charged by her fellow members with being a bohemian in her conduct. It was said also that the young woman's interest in dramatic affairs had failed to receive the approval of her sorority sisters.

The girl has shone brilliantly in dramatic productions at the university for years, and was apparently enamored of theatrical interests. She was a charter member of the exclusive Mask and Dagger society, a "coed" organization, whose membership is limited to a select few. In student dramatics Miss McReynolds was rated as the cleverest amateur the university ever produced.

The extraordinary action which resulted in her leaving the Delta Delta Sorority, where she had ruled as a power for four years, is said to have had its beginning months ago, when various members objected to certain phases of Miss McReynolds' career and suggested that she withdraw from the society.

It was decided to pass the matter up to the national authority in the sorority in the East. It is said that the Eastern powers sent back word last week approving the local chapter action in removing Miss McReynolds' name from the chapter roll.

Miss McReynolds was given some newspaper prominence last year, when Josie Buelter, the actress, accused her of seducing a young man who had used her dressing-room in a San Francisco theater of taking toilet articles belonging to the

OAKLAND WANTS BIGGER SHARE OF COUNTY FUNDS
Board of Public Works Demands the Lighting of More Streets

OAKLAND, March 27.—The Board of Public Works has demanded that the Board of Supervisors make an appropriation to provide for the electric lighting of San Pablo avenue, Telegraph avenue, Broadway and East Fourteenth street at all points where lights are not now established. Commissioner Turner urged before the board that Oakland should receive its share of the taxes which formed the county general fund; that from this fund the Supervisors drew the appropriations for the lighting of county roads, and that, in view of the heavy contribution from the city, there should be a return from the Board of Supervisors. In City Hall circles this is said to have been the first step toward a demand upon the Supervisors for further expenditures which will benefit the city. It is reported that the Supervisors will be requested to establish an ambulance service in connection with the Receiving Hospital, and that the rules and regulations of the institution will be broadened so that persons taken ill suddenly may be treated without the red tape of supervisory permits.

DR. PIERCE'S REMEDIES
MADE FROM NATIVE ROOTS. SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well known. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that he might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with bearing down, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effects a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, and is safe for all ages. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because it restores health—restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.
