METROPOLIS TRUST & SAVINGS BANK Paid in Capital and Surplus, \$500,000. 1227 VAN NESS AVENUE, Between Post and Sutter.

The Modern Sacrifice

By The Victim I AM the most unfortunate of men! Because of my ill fitting Suit, I am a Sacrifice to the Incompetence, Ignorance, Indifference and Cupidity of My Two Arch Enemies—the Tailor and Old Dr. Goose—the Hot Flat Iron.

They're to blame for my Mental Anguish and Suffering. For between them they made my Suit what it is—they fed the flames of my Sacrifice.

First to begin was the Tailor—he Cut my Suit all wrong—then to save money he hurried it through a lot of Underpaid Machine Operators who slapped the Different Paris together in frenzied eagerness to earn their Scant Pay.

Then, although the Defects were observable, even to a Novice, and should have been corrected by Carefully taking the suit all apart and making it over again the suit was given over to Old Dr. Goose—the Hot Flat Iron—who tried to press and stretch and shrink out Defects of making merely by means of the Hot Flat Iron.

He "doped" in Style and Shape for a brief time only—

When I saw that Suit at the store it looked fine. But a short time after I had worn it, it became as you now see it—I was Sacrificed for the Tailor and Old Dr. Goose.

Oh! if I had only bought a "Sincerity Suit."

I wouldn't have this Tale of Woe, not much. For "Sincerity Clothes" are Self-Respect Clothes—they fit and retain their Shape. There's Dignity in the Smooth, Close embrace of the Collar—Smartness in the flat well-fitting Lapels—Style in the shape of the Shoulders—

Class and distinction in every "Sincerity" Suit.

For every "Sincerity" Suit is carefully and Sincerely made—not a single detail is overlooked—no matter how trifling. Expert Tailors do the Cutting—Tailors to their finger tips—and expert needle workers make the Suit—Sew the Shape, Style, Wear and Satisfaction into the very Fabric.

When each "Sincerity" Suit is made up it is exhaustively inspected—if the least Defect is found, the part is taken apart and re-sewn—got temporarily "doped" by the Hot Flat Iron—Old Dr. Goose.

A "Sincerity" Suit Costs its Makers a whole lot more than the kind of Suit I'm wearing.

But, I would not have had to pay a single cent more for a "Sincerity" Suit than I paid for this misfit.

"Sincerity" Suits are sold by high-grade ready-to-wear dealers everywhere. Call in and look them over some time—you will not be asked to buy. See the Label below in each Coat. It insures Style, Service and Satisfaction.

WEEKLY CALL, \$1 YEAR

ARMY AND NAVY PAPER

DEFENDS GENERAL WOOD

Declares That He Did Not

Connive Against MacArthur

Arthur

MATTER OF DIVISIONS

Chief Saw There Was Nothing

for Him When They Were Abolished

WASHINGTON, April 13.—The retirement of Lieutenant General MacArthur and the report of the promotion of General Leonard Wood to command of the Department of the East has led the New York Sun to intimate that General Wood's influence served to relegate General MacArthur to the background. The Army and Navy Register, usually correctly informed in these matters, denies that Wood was instrumental in MacArthur's retirement. It says:

"When General MacArthur learned that it was intended to abolish the divisional commands in one of these periodical revolutions to which army organization and administration is subjected he wrote to the Secretary of War asking if he might submit a proposition which turned out to be an approval of the fact that if there were to be no divisional there could be found no suitable place to exercise command commensurate with the dignity of a lieutenant general. He asked to be permitted to go to Manila, his old home, for the purpose of writing up a report of his observations in China and India, a visit he had made by authority of the Secretary of War. The entire circumstance was without prompting from Washington and certainly without inspiration from Manila.

"With General MacArthur thus voluntarily withdrawn from consideration in assigning general officers to commands, it became necessary to obtain the preference for station of the major generals and brigadier generals, the respective desires to be expressed in the order of rank. The general Leonard Wood was the first choice, in view of the retirement of Major General Wade; General F. D. Grant the second choice, in view of the assignment of General A. Weston to command in the Philippines; and General Greley third choice, and so on down the list as the officers were affected by the shake-up in departmental commands. Whatever there is the sentiment in or out of the army against General Leonard Wood there is no occasion for making it appear that Lieutenant General MacArthur has been wronged or that upon him has been humiliation."

It is the opinion of many public men here that the way he heard of the MacArthur-Wood incident.

JAPANESE WOMAN BURNED

HONOLULU, April 13.—A little Japanese woman, was burned to death by a fire which, but for the prompt efforts of the fire department, would have been a much more disastrous blaze. Nakana, wife of Mituki, a wrestler of local fame, was filling a glass kerosene oil lamp by the light of another lamp. The one being filled exploded and the flaming oil speedily set the poor woman on fire from head to heel.

HONOLULU TO ENTERTAIN VISITING CONGRESSMEN

Delegation Is Expected to Remain Three Weeks at Islands

HONOLULU, April 5.—Preparations are being made for entertaining the Congressmen who are expected here next month for a stay of three weeks. The men will probably visit each one of the islands, and it is intended to make their visit as much as possible one of pleasure. The only matters of importance likely to be brought to their attention are suggestions for completing the work begun by the Federal Government at Pearl Harbor, and also a proposition to complete a breakwater at the harbor of Kahului. This work was begun by private enterprise, owing to its urgent necessity. Last year forty-five deep-water vessels cleared and entered there. Thirty-two of them were ocean-going steamers carrying from 6000 to 10,000 tons of sugar each. With one exception, every vessel calling there was an American. Commerce is brought direct from California, Oregon, Washington, British Columbia, Australia, South America and Atlantic ports of the United States. The rail line from Kahului runs through the principal sugar section of the island of Maui.

UTAH MINERS STRIKE TO GAIN SHORTER WORK DAY

Dispute Involves Question of Fifteen Minutes' Time at Starting and Quitting the Labor

PARK CITY, Utah, April 13.—Two hundred and fifty men at the Daly West mines refused to go to work today and it is said that the men at the Silver King mine will follow suit Monday. The men quit work after a dispute involving fifteen minutes starting and quitting time. The company wanted the men to be at their places of work underground exactly at the start of the eight hour working day. This would compel them to report for duty at the mouth of the shaft at 6:45 o'clock every morning and stay until 3:15 in the afternoon. The men wanted to enter and leave the shaft on the company's time. Ninety men at the Ontario mine walked out for the same reason a few days ago.

POSTAL DEPARTMENT REQUIRES MORE CLERKS

Arithmetical Computations Are to Be Made in Connection With the Weighing of the Mails

WASHINGTON, April 13.—The Civil Service Commission has been called upon by the Postoffice Department to furnish a list of clerks for temporary work beginning July 1 who will be employed in making arithmetical computations in connection with the weighing of the mails.

Congress at its last session directed the department to furnish information in regard to the mail of all classes. It is understood that 100 persons will be employed on this work which will last for a year or more for capable employees. The salaries will range from \$840 to \$1200 per annum. Clerks are wanted who are not only accurate, but rapid and good penmen.

EARTHQUAKE AT HONOLULU

HONOLULU, April 13.—There was a very light shock of earthquake experienced here a few nights ago, the vibration being from west to east. But few people felt it.

CASE ON TRANSPORT Baffles the Doctors Patient Loses Power of Motion, Speech and Hearing

HONOLULU, April 13.—A series of phenomena occurred in the case of a soldier in the hospital aboard the United States army transport Logan during the voyage from Manila, by way of Nagasaki, which were closely observed by the numerous medical minds aboard and which excited the interest and sympathy of everybody on the vessel, though whether or not the patient suffered to any extent is difficult to say.

The man gradually lost all power of motion. He almost lost the faculty of speech and it appeared that he could not hear what was said by his friends. Nor was there any sign that he was aware of their presence. Tests failed to reveal any perceptible action of the heart and breathing was not noticeable. The limbs were rigid and lacked warmth. Although there were many army surgeons aboard, men of skill and long experience, they were unable to do anything. They freely admitted that they were baffled and that his condition was one concerning which medical science knew almost nothing. There has been no change in the symptoms noted, except that the limbs, perhaps, have become less rigid.

EXPLORER PEARY TO MAKE DASH FOR NORTH POLE

Raises Money for Another Trip and Will Sail From New York About July 1

PORTLAND, Me., April 13.—Commander Peary said today that he would sail from New York about July 1 on another attempt to reach the north pole. Sufficient money had been raised, he said, for repairing his ship, the Roosevelt, and that a fund of \$100,000 necessary to equip the expedition would be available before July 1.

CHAMBERLAIN'S COUGH REMEDY Cures Coughs, Colds, CROUP, Whooping Cough. This remedy can always be depended upon and is pleasant to take. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult. Price 25 cents, large-size 50 cents.

TEA We know the business, and give you the benefit. Moneyback does it. Your grocer returns your money if you don't like Schilling's Best; we pay him.

SUES FOR DEATH OF HUSBAND SALINAS; April 13.—Mrs. F. W. Kraush, whose husband was killed at Castroville while switching cars, has brought suit against the Southern Pacific Company to recover \$50,000 damages. She alleges in her complaint that the killing was due to faulty brakes on one of the cars. Mrs. Kraush at present lives in San Jose.

REBATER DENIED NEW TRIAL MINNEAPOLIS, April 13.—Judge Page Morris of the Federal Court today denied the motion for a new trial in the rebate case against the Omaha road and H. M. Paris, freight traffic manager. Argument upon the motion for arrest of judgment will be heard in June.

COULT IS SENT TO COUNTY JAIL United States District Judge de Haven yesterday sentenced William P. Coult of Stockton to six months' imprisonment in the Alameda County jail and to pay a fine of \$100. Coult was convicted of having used the mails fraudulently to obtain goods from San Francisco merchants.

SHERIFF TO TAKE G. W. BAILEY PORTERVILLE, April 13.—Deputy Sheriff Stratford of Birmingham, Ala., has arrived to take back with him George W. Bailey, who is wanted in Alabama on a charge of having embezzled more than \$1000 from an estate of which he was administrator. Bailey was a resident of Woodville, west of this city.

THE PRICE CUTTER Insurance Policy On all goods bought here if not satisfactory your money will be cheerfully refunded without a cross word.
