CALHOUN RETICENT

Says Outside Influence Is Trying to Bring on a Strike

purchasers to secure the property at the lowest possible figure.

While Calhoun had little to say last night as far as the pending negotiations were concerned, he remarked that an outside influence had come into the industrial controversy.

"There is an outside influence hostile to me at work among the men to force this strike," he said. He mentioned no names and refused to qualify his statement in any way.

The suggestion that Thomas F. Ryan was in the market for the local car lines has called to mind the fact that Ryan visited San Francisco a short time before the fire and looked over the United Railroads property. He inspected the system, but it is not known that he took up the subject with Calhoun at that time.

A dispatch received from New York last night says that Ernest Thalmann, president of the United Railways investment company, the corporation which controls the United Railroads, stated that the time was not opportune for the sale of the United Railroads. It was pointed out that a year ago the common stock of the investment company sold at \$98, while yesterday it was quoted at \$38. The preferred, which sold at \$98 a year ago, was quoted yesterday at \$57.50.

SOUTHERN REPUBLICS SIGN TREATY OF PEACE

Salvador and Nicaragua to Bury Hatchet and Reciprocate

SAN SALVADOR, Republic of Salvador, April 24.—A treaty of peace between Salvador and Nicaragua was signed last night by ministers representing each country at Amapala.

The terms of the treaty are honorable to both countries. The conditions proposed by Salvador were accepted and the demands made by President Zelaya of Nicaragua for reparations for Salvador's part in the recent war between Nicaragua and Honduras and that there be a free interchange of commodities between Nicaragua and Salvador were rejected.

COATZACOALCOS, Mex., April 24.—Former President Manuel Bonilla of Honduras arrived here last night direct from his own country via Salina Cruz. He declares he will await here the arrival of a steamer from the south which will bring a friend and then will proceed to Belize and from there back to his own country to take up arms.

He takes a pessimistic view of the conditions and outlook in Central America and places the blame on inadequate governments. He declares that the presidents need some one stronger than they are to take care of them and thrash them into a sense of what is fitting and right. He claims his own deposition from the presidency was due to bad faith on the part of the Salvadoran government.

SAN FRANCISCO WOMAN ENDS LIFE IN BOSTON

Mrs. H. L. Perry Kills Herself and Leaves Note Accusing Spouse

BOSTON, April 24.—Mrs. Fanny L. Perry, 35, a pretty nurse, is dying at the city hospital from the effects of a toxic vomica, which she drank late last night in an attempt at suicide. She was found this morning and rushed to the hospital. On her was a note reading, "Mrs. H. J. Perry—Ask H. J. Perry, 144 West Newton street, why I did this. God forgive me. I am too unhappy to stand this life any longer. F. L. P."

H. J. Perry was the unfortunate woman's husband. He said that both came from San Francisco after the earthquake, in which they lost all they had. Leaving an 18 year old daughter with an aunt, they came east last November. Perry is an inventor of novelties. The couple separated some months ago after quarrels.

The passenger engine and the caboose of the freight train were demolished.

autocratic power to a single official. The response to this sentiment was discouraging and before the debate ended Herrington withdrew his amendment.

Judge C. E. McLaughlin of Sacramento, formerly of the district court of appeal, made an eloquent plea in behalf of the report. He said that the people of the state as well as the newspapers were calling on the order to cleanse itself. Without mentioning names, he reminded the delegates that many of whom hastened to congratulate the orator, Curator Rodgers, ceased his campaign and announced that he had no wish to oppose what the grand parlor plainly wanted. Rodgers, like Ruef, is a member of the Rincon parlor, and it was Ruef who proposed him for membership.

FINAL VOTE A FORMALITY

The final vote on the report was a formality. A great chorus of "ayes" was followed by the lonesome "no" of Nelson.

The new law goes into effect five days after the adjournment of the grand parlor: Judge M. T. Dooling, who will become grand president tomorrow, will have the naming of the members of the board of inquiry.

The next meeting of the grand parlor will be held in Yosemite park, beginning the last Monday of May, 1908. This was decided this morning after Judge Strander had sung the praises of Yosemite and Colonel E. A. Forbes had reluctantly given up what was a hopeless fight for Marysville.

The delegates adopted a resolution recommending the erection of a new headquarters building in San Francisco and voted \$5,000 to the project as the subscription of this grand parlor.

The annual election of officers will occur tomorrow. Frank Mattison of Santa Cruz was elected grand secretary today, thus giving Charles H. Turner, the incumbent, a clear field.

TRIBUTE PAID AT BIER OF A GALLANT SOLDIER

Lieutenant Colonel Lewis Smith Interred at Arlington

SPECIAL DISPATCH TO THE CALL

WASHINGTON, April 24.—The funeral of Lieutenant Colonel Lewis Smith, U. S. A., who died on Monday afternoon, was held today at St. Matthew's Catholic church, with the interment at Arlington. Four troops of the Thirtieth cavalry acted as escort. The sermon was preached by Rev. Father Buckley, who paid high tribute to the gallant Irish soldier who had seen such hard service in Indian wars, the civil war and on the plains.

The honorary pall bearers were General W. R. Duval, General Wood, General Charles W. Hobbs, General John J. O'Connell, Colonel Albert S. Cummins and Major Isaac W. Little, all well known in San Francisco.

In the funeral party were Mrs. Agnes Lange Smith, who was married to Colonel Smith in San Francisco; his sons in law, Colonel Totten of Hartford and Major Peyton C. March of the general staff; his grandson, Lieutenant Totten of Fort Monroe, and others. Another son in law, Captain Ziains, is at the Presidio.

The interment at Arlington was accompanied by full military honors. A committee of the Loyalty Legion was in attendance. The floral offerings were very beautiful, several of them having been ordered by California friends.

CLEVELAND APPROVES A PATRIOTIC PROJECT

Favors Reunion of Descendants of the Republic's Founders

WASHINGTON, April 24.—The Thomas Jefferson memorial association of St. Louis has made public a letter from former President Grover Cleveland, "unreservedly approving" the plan for the reunion of the descendants of the signers of the declaration of independence, at Jamestown on July 4. Mr. Cleveland says:

It seems to me that a reunion of the descendants of the signers of the declaration of independence on or about the date when this important document was signed, would be most impressive incident in connection with the exposition. Such a reunion would certainly have a tendency to stimulate patriotic sentiment and arouse among those who are within its influence a better appreciation of the initial efforts of the fathers of the republic to establish a new nation and impress upon it the best ideals of a free government.

TONOPAH GAMBLING MEN ROBBED BY MASKED MEN

TONOPAH, April 24.—Two masked men, one carrying a sawed off shotgun and the other a big revolver, held up the Cobweb gambling saloon at 1 o'clock this morning and escaped with \$1,800 belonging to Crumley brothers. Charles Patterson, one of the roulette dealers in the gambling den, pursued the robbers after they vanished through the rear entrance and tried to stop them by firing two shots. The robbers fled toward Mount Oddie.

A dozen shots were fired by the men who gathered in the streets and chased the highwaymen. The robbers entered the saloon by a rear door and made the people in the place hold up their hands and turn to the wall. The police have made several arrests of suspects.

DRYTOWN, April 24.—The Sacramento and Plymouth stage was held up by a lone highwayman at 8 o'clock this morning about four miles from DRYTOWN. The highwayman demanded the express box, and when told by the driver that he carried only the United States mail the road agent said that he did not want it. The robber secured only \$15, overloading \$60 which was hidden under a cushion seat. It is believed that the highwayman made a mistake and that he intended to hold up the Wells-Fargo & Co. express to Carbondale, which had passed one hour before.

DEMANDS OF CARMEN PRESENTED TO CALHOUN

Dispute Between Company and Union Reaches Conference Stage

on Friday morning may be prolonged several days. For this reason it is not likely that the executive committee of the union when it meets on Saturday night will be in a position to set the date for the midnight meeting at which the strike will be taken even if Mahon should have given his consent to a strike under the existing conditions.

The contention over the action of the strikers in connection with the last strike has been terminated by the adoption of the report of the committee which had investigated the charges and failed to find sufficient evidence. The members of the union who were in favor of pressing the expulsion of Livenash, who holds honorary membership in the carmen's union, consented to a dismissal of the charges on the ground that internal contention would be unfortunate at a time when the settlement of the contract with the company was being formulated.

The men realize that public sentiment is adverse to a strike, and that even those who are sincere advocates of the eight hour day are questioning the wisdom of forcing a conflict so soon after the arbitration of the same question.

STRIKE BREAKER DIES

The ranks of the prospective strike breakers reported by Calhoun were depleted yesterday by the death of one of the new comers and the serious injury of another. Thomas D. Ryan, who had come from St. Louis only a few days ago, and was being given instruction as a motor man on the Mission street line, was found dead in bed at his rooming place, 689 Kansas street, at 6 o'clock yesterday morning. An autopsy in the Central emergency hospital determined the cause of death to have been cerebral hemorrhage.

In Ryan's pocket was found a letter showing that he was an experienced motor man, having worked on the St. Louis road for six years. His roommate, Hal Vinberg, and several others who visited him admitted that he, as well as others of the strike breakers, had merely assumed the part of novices in the handling of cars by instructions from the United Railroads officials.

Robert Caxton of 226 Sixth street, also a strike breaker, who has been here only four days, fell 20 feet through a skylight in his rooming place yesterday afternoon, suffering abrasions of the head and face and possibly internal injuries.

COLONEL ROBERT FRY DIVORCES SECOND WIFE

Millionaire Secures Secret Decree in Courts of San Francisco

NAPA, April 24.—It was learned here today that Colonel Robert E. Fry of the California safe deposit and trust company of San Francisco, one of the best known millionaires in California, was secretly divorced from his wife some weeks ago in San Francisco. Every effort was made to keep the matter secret, but friends of Fry inadvertently allowed the matter to reach the ears of the public. Colonel Fry has a summer home in the Napa valley.

The divorce brings to an end the second excursion of Colonel Fry upon the sea of matrimony. The wife from whom Fry has just been separated became Mrs. Fry but a few years ago. She was formerly Mrs. Helen Heise and came to California from one of the southern states. Fry was her fifth husband.

Fry's first wife was Miss Grant of Napa. They were married some years ago and it is said that all went happily in the Fry home until Mrs. Heise came upon the scene. It was not long after that that the Fry's separated and Mrs. Heise became the second Mrs. Fry. An interesting feature of the affair is the report that Fry is to marry again. His first wife is now Mrs. Rogers of San Francisco.

When Fry married Mrs. Heise there was much comment on the difference in their ages. Mrs. Heise had a family of grown children at the time. One of her sons was almost as old as Fry. By his first wife Fry has a son 18 years of age.

The news of a recurrence of trouble in the Fry household has caused an unusual sensation in social circles. Fry has a magnificent home at Yountville and one of the most picturesque estates in the northern part of California. He also has a home in San Francisco and divides his time between the two places.

HARRY HINGKLEY'S WIFE PETITIONS FOR DIVORCE

Charges That Her Husband Does Not Provide for His Family

SUIT IS COMMENCED

Plaintiff Asks That She Be Given Custody of the Children

After living together 23 years, Harry Gray Hinkley and his wife, Mary G. Hinkley, have made their appearance in the divorce court. Mrs. Hinkley is the plaintiff in an action which was commenced yesterday by her attorneys, Campbell, Metson & Drew.

The complaint alleges that for five years Hinkley has not provided for his wife and that he is an unfit person to be entrusted with the custody of the children.

Mrs. Hinkley is a daughter of the late millionaire mining man, Grayson, and her husband is a son of David B. Hinkley, president of the Fulton iron works. Since he and his wife separated he has lived with his father at Fruitvale. His brother, the late Fritz Hinkley, was the husband of Florence Blythe, heiress of Millionaire Blythe's great fortune.

The Hinceklys were married in 1884 and have five children: Grayson, 19 years old; Frederick and Helen, 16; Marion, 12, and Georgia, who is in her seventh year. Mrs. Hinkley asks the court to give her the custody of the children.

Thirty-one years of married ups and downs were ended yesterday by Judge Trout, who granted a divorce to Johanna C. Keefe from Dennis Keefe, both known for years as restaurant keepers in the Potrero. The court's judgment awarded \$13,000 worth of property to the wife, with the understanding that she pay \$2,000 to Dennis who is 67 years old and nearing his allotted span. Keefe took to drink in his old age and became unbearably cruel to his wife and family. Attorney Frank Burke represented the wife.

Judge Hebbard annulled the marriage of Elizabeth and George H. Wiley yesterday because Wiley's first wife, supposed to be dead, turned up among the living. The same judge also annulled the union of Hilda Halstrom and Arthur Tubbs, because the girl had wed unwisely when she was 15 and let her mate before she attained her majority.

Suits for divorce were begun by P. Biggs against Julie Biggs, for desertion; by Anna A. Cohn against Albert Cohn, desertion; Beulah Snyder against William Snyder, desertion; Albert Zahnd against Mary Zahnd, intemperance; Antonia Lyons against Horation Lyob, desertion; Ella M. Lane against Charles A. Lane, desertion.
