FRESH COMPLICATIONS IN THE POOLROOM WAR

Continued From Page 1, Middle Col. 1 making of a false arrest against Devoto, released him on his own recognizance and ordered him to appear at 4 o'clock today to plead. Devoto then started on his way to San Rafael with Pistolesi and Hannon, where they were to have been arraigned before Justice McGee, an arrest by the sheriff or constable coming under the jurisdiction of McGee's court. Just at this time an alarm of fire was turned in, and Pistolesi's house being one of those threatened, Devoto, Hannon and the town trustee returned to fight the flames.

GRAVE DIGGERS ACCUSED OF NEGLECTING DUTIES

SPECIAL DISPATCH TO THE CALL. VALLEJO, June 27.—Health Officers Fred T. Bond and C. E. Turner discovered this morning that the grave diggers at the potter's field in the Carquinez cemetery have been merely burying the rude boxes a foot or two under the surface of the ground instead of complying with the laws and digging the holes six feet in depth. The health officials visited the cemetery in response to numerous complaints about the stench issuing from the cemetery. The officials will order the grave diggers to exhume three bodies and give them decent burial.

FRANCIS MURPHY DYING LOS ANGELES, June 27.—All hope for the recovery of Francis Murphy, the aged temperance advocate, now lying critically ill at the home of his daughter, Mrs. Wayland Trask, has virtually been abandoned. Several of his sons, among them Lieutenant Governor Robert Murphy of Pennsylvania and Thomas E. Murphy of Overbrook, Pa., are on their way to his bedside.

CALIFORNIANS IN PARIS PARIS, June 27.—George D. Hildebrand and Mrs. F. M. Hildebrand of Oakland, and Master Randall Dunlop, Mrs. O. T. Johnson, Milo P. Johnson, Mrs. Norbert Valla and Mr. and Mrs. A. H. Dunlop of Los Angeles registered at The Call-Herald bureau today.

MULLALLY DECLARES TRAFFIC IS INCREASING

Says That the United Roads Carried 175,000 Persons Yesterday

DECEPTION ALLEGED

Cornelius Asserts Company Gives Its Men Union Badges

"Today showed a big increase in the number of people riding on our cars," said Thornwell Mullally of the United Railroads last night. "We will improve our service south of Market street and across town as rapidly as the demand for it is shown. About 175,000 persons patronized our lines today. We operated 260 cars."

While the United Railroads is not yet ready to operate the owl cars, it will continue operations on all lines at night until the last ferry boat arrives from the Oakland side, at 1:10 a. m. Cross town travel, however, has not been extended, and the only line running after dark is the Fillmore. A teamster was arrested at Market street and Grant avenue yesterday for using abusive language to passengers on a car. President Richard Cornelius made the following statement last evening: The case of one of our members who was arrested for taking a picket badge from one of the strike breakers came up in Judge Shortall's court, and after due deliberation it was decided by the court that the strike breaker had no right to wear badges of the same design as are worn by our pickets. The case was dismissed. In answer to a question of the judge as to why he was wearing a picket's badge, the strike breaker said that he belonged to Patrick Gilmore's union.

CARMEN IN JAIL

Eight of the Indicted Men to Be Arraigned Today

Eight of the nine men indicted by the grand jury for alleged participation in offenses growing out of the car strike were taken before Judge Lawlor yesterday, having been arrested on bench warrants. The prisoners were Rudolph Schmidt, J. V. Mitten, George Peterson, J. C. Kyle and J. Murray McDonald, accused of conspiring to beat a car crew at the Chutes last Saturday night, and Charles Langie, Barney Olsen and John William Hayes, accused of assaults with deadly weapons in throwing bricks at passengers on the streetcars. J. H. Burns, indicted for conspiracy with Mitten, Schmidt, Peterson, Kyle and McDonald, was not present. Judge Lawlor assigned the cases to department 12 of the superior court, over which Judge Carroll Cook presides, and ordered the defendants to appear in that department this morning.

GRADING FOR WESTERN PACIFIC IS COMPLETED

SPECIAL DISPATCH TO THE CALL. RENO, June 27.—A gap of only 100 miles lies between the end of the Western Pacific lines out of Salt Lake city and Elko, Nev. The rails are being rapidly placed, and the fact that the grading for the remainder of the route is completed makes it certain that within a few days the Western Pacific railroad will have reached the Nevada town. The work is being rushed vigorously, more than 2,500 men being employed on the track laying. Labor conditions have improved recently, which has also had its effect on the westward trend of the new road. Although the gap to Elko will soon be covered and many miles of steel laid in Nevada, the road will not be able to open for traffic for a few months at least.

EATS BISCUIT, LIKES IT AND MARRIES COOK

SPECIAL DISPATCH TO THE CALL. RENO, Nev., June 27.—Little dreamed Miss Margaret Babcock of Fresno when in jest she wrote her name and address on a biscuit sent along with thousands of others from the raisin city to bring relief to the sufferers after the San Francisco fire that the man who ate that welcome crust would one day claim her for his bride. But from an acquaintance gained in thanking the donor of the biscuit Sam E. Evans, editor of the Tribune at Fresno, met, wooed and won her, the announcement of the wedding having reached his many friends in Reno today. Evans was doing newspaper work in San Francisco after the earthquake, and as a share of his lunch from the relief wagon one afternoon he received the chosen biscuit. He jokingly wrote to thank the pretty cook, and an answer came back. Evans went to Fresno and met Miss Babcock, and discussions on domestic science led to a deeper friendship and an engagement.

TEAMSTER GIBBS FINED David Gibbs, a teamster, was fined \$10 by Police Judge Shortall yesterday for having obstructed a streetcar on San Jose avenue. A charge of battery against him for having struck Policeman Eckstrom was dismissed.

SAN JOSE WINS HONOR NEW YORK, June 27.—The American seed trade association closed a two days' convention with a banquet tonight at the Hotel Astor. Among the speakers was Charles P. Bresnan of San Jose, Cal. The next convention will be held in San Jose, Cal.

WIRELESS NOTE BRINGS MEN TO FIGHT FLAMES

Warship Sailors and Fire Tug Employes Work to Save Houses

TWO HOMES BURNED

Residences of W. L. Beattie and A. A. Watkins Are Destroyed

SAUSALITO, June 27.—Fire broke out in the home of W. L. Beattie on the hill back of Water street about 1 o'clock this afternoon. The flames spread quickly to the home of A. A. Watkins of the San Francisco board of trade. Before the fire department arrived both houses were completely destroyed. The loss is estimated at \$10,000. While the flames were raging in the Beattie house thieves ransacked the Watkins home, stealing several valuable wedding presents belonging to Mrs. Wolf, Watkins' daughter. The fire is believed to have been caused by the explosion of a coal oil tank under the stove in the Beattie residence. Mrs. Beattie, her father in law and her 2 year old son were in the dining room when the flames started. They made an attempt to rescue some of their belongings, but the fire spread too rapidly and consequently nearly every article in the house was destroyed. Before the firemen responded Watkins' home was in flames and though a valiant effort to save it was made the house burned down. Several other homes in the vicinity were saved by the bucket brigade from the cruiser Buffalo anchored in the stream and from the fire tugs Governor Markham and Governor Irwin, which were dispatched quickly from San Francisco as the result of a wireless message sent from the Sausalito station by Miss Nellie Bryant, niece of Lieutenant Bryant, navigating officer of the Buffalo.

FIVE HUNDRED CHINESE CREMATED IN THEATER

VICTORIA, B. C., June 27.—A horrible holocaust is reported in mail advices from Hongkong, where 500 Chinese of the audience of a Chinese theater and 10 of the actors were burned to death when the theater was destroyed by fire. The flames spread rapidly and the building collapsed, blocking the entrance with burning debris. The fire is said to have resulted from the igniting of explosives concealed under the floor of the theater, the fire following the explosion. TORNADO SWEEPS TOWN

TOPEKA, Kans., June 27.—Word has been received here that Ulysses, Kans., 400 miles southwest of Topeka, was struck by a tornado and accompanied by a heavy hail storm late last night. Two of the largest dwelling houses in the city, together with two large barns, were destroyed. The three daughters of A. S. Miller were injured, one of them seriously.

DAROUX BECOMES WARLIKE

Only once during the day did the proceedings approach violence. Soon after the first race at Lathrop had been posted on the boards in Daroux's place a number of bettors who had left the room attempted to re-enter and were blocked by three or four of the men under Captain Cleary. "Come in," shouted Daroux from his box office on the inside. "Stay out," called District Attorney Boyd, who was standing each. One or two of the bolder patrons of the house attempted to brush past the officers and one of them was ejected by Deputy S. M. Miller. Daroux rushed to the doorway and angrily threatened Miller outside. Daroux's followers crowded around him, Miller quietly re-entered and further trouble was averted by an apology from Daroux. The arrest of 17 men who were seen by the sheriff's forces to place bets was not attended by special incident, all 17 quietly submitting to be led to the justice's court, where they were released on \$10 cash bail each. END IS NOT IN SIGHT No cessation of hostilities appeared to be in sight tonight when the contending forces withdrew, each promising to renew the fight with the opening of the poolrooms tomorrow. "We have taken up the fight," said District Attorney Boyd, "and we intend to fight it out. So far all developments have been in our favor. The decent element of Sausalito wants the poolrooms driven out and as they are operated in direct violation of the law we will run them out. No action on the part of the town trustee who has so interested himself in this affair or on the part of any of his satellites will interfere with us in the least. The poolrooms must go." On the other hand, the poolroom advocates are equally firm. They accuse the district attorney and his men of acting with selfish motives and say that they will have recourse to civil law. Pistolesi said tonight that he would cause the arrest of the men on the sheriff's force should they attempt to make arrests tomorrow. They would, he said, be charged with exceeding their authority.

GREAT DAMAGE DONE BY FLOODS IN MONTANA

LIVINGSTON, Mont., June 27.—A heavy cloudburst in the vicinity of Lavina in the Mussel Shell country has destroyed thousands of dollars' worth of property. Three employes of the Billings and Northern construction camp are reported to have lost their lives while trying to save some of the company's property. The flood was one of the worst in the history of that section. Near Lavina the Mussel Shell river ran so high that nearly every house in that valley was flooded.
