Beat Man Unconscious to Steal His Shoes and \$180 in Coin

POLICE ARE RETICENT OTHERS WILL JOIN

Many Deeds of Violence Occur, but None Is Arrested

FRESNO, Oct. 7.—Thomas H. Bressler, a well known rancher, was held up and robbed of \$180 in an alley behind police headquarters.

Police Sergeant Walton went to the office and worked until nearly 2 o'clock, but did not succeed in finding the robbers.

When they had almost reached the police station the two men assaulted Bressler and left him unconscious in the alley.

Bressler was standing near the First National bank when he was accosted by two well dressed young men, who asked him if he was going home.

He replied that he intended to get a room down town. They offered him the use of their room and steered him down the alley between I and J streets.

When they had almost reached the police station the two men assaulted Bressler and left him unconscious in the alley.

He was found in a dazed condition at 2 o'clock without his shoes. Yesterday Bressler went home after having his wounds dressed, and got an automatic revolver, saying that he himself was going after the highwaymen.

He was fined \$20 for carrying a concealed weapon. This afternoon another was added to the series of undetected crimes, when at 4 o'clock the home of John Bartram at 820 L street, in the heart of the residence district, was entered and ransacked.

A quantity of clothing and jewelry was taken. Three burglaries have been committed in the last week without an arrest being made by the police.

Apparently fearing the effect of the public's knowledge of it the police have suppressed the stories as far as possible.

Last night, within three blocks of police headquarters, a laborer was assaulted in the darkness and severely cut.

Special by Leased Wire to The Call

SAN JOSE, Oct. 7.—At the suggestion of District Attorney Campbell, the supervisors decided today to co-operate with other counties throughout the state in sharing the expense of defending a suit involving the patent rights protecting the use of oil on the public roads.

The interests of the alleged patents are being Los Angeles county for a royalty, claiming that the use of oil on the roads in that county was an infringement.

Should the suit be decided in their favor, other counties will be made defendants, and a concerted movement has been taken in all the counties interested to assist in bearing the cost of the defense in the Los Angeles cases.

TWO BULLS DO GUARD DUTY AT WHITE HOUSE

Keep Undesirable Visitors From Encroaching on the Grounds

Special by Leased Wire to The Call

WASHINGTON, Oct. 7.—In the absence of President Roosevelt in the canebreak and with "Pete," the bull dog, sequestered on Surgeon General Rixey's farm, the White House grounds have not been left unguarded.

A couple of bulls—not bull dogs, but real bovine bulls—have taken upon themselves the task, formerly so well discharged by "Pete," of seeing that the grounds are unapproached by undesirable citizens, molluscoides or milk-sops.

The first trespasser to appear was a pro-Farmer Afro-American, named Charles Lancaster. It was still dark when he arrived, and the bulls discharged a bellow and advanced on the enemy, head down and tail up.

Lancaster emerged from the east gate about as conservatively as a shot deport from a gun and the two bulls fortunately became jammed in the doorway. The Afro-American never stopped until he reached the house of detention.

The two bulls wandered to Iowa circle and were arrested by Peacock Marks and locked up in the stable at the Second precinct station.

SIR ANTHONY P. O'DONNELL TO VISIT UNITED STATES

Under Secretary to Lord Lieutenant of Ireland Will Journey Through New England States

DUBLIN, Oct. 7.—Sir Anthony Patrick O'Donnell, under secretary to the lord lieutenant of Ireland, has arranged to leave here October 16 on his visit to the United States, where he will spend about one month. Sir Anthony will travel through the New England states, after which he will visit James Bryce, the British ambassador at Washington.

The visit to the United States of the under secretary is nonpolitical. There is no secret about Sir Anthony's responsibility for the evolution idea and the principal features of the Irish council bills, and it was his confident belief that the country would insist upon the Irish party accepting this bill.

As a side light on the already involved Hartje case, argument will be had before the superior court tomorrow on a petition to set aside the verdict in the case of William E. de Costa who was convicted of jury on testimony given in the divorce suit.

BOSTON, Oct. 7.—William C. Whitney, millionaire candidate for the Massachusetts governorship on the democratic-Canadian reciprocity platform, has retained former Attorney General Parker to fight his claim to the regular democratic nomination against Charles W. Bartlett.

Both before the election commission and in the courts Whitney was the first to file his certificate with the commissioner today. Both sides will present their claims at the hearing on Wednesday morning.

This priority of filing will give the Whitneyites great advantage in the night before the election board, but the Bartlett followers say they will fight to a finish for the regular democratic designation on the ballots.

John A. Thayer, nominated for lieutenant governor by the Bartlett faction at Saturday's convention, has repudiated the nomination and James L. Doherty, nominated by the Whitneyites for attorney general, has also repudiated the nomination.
