## WILL ADDRESS IRON WORKERS

Mayor Taylor will address but one day meeting—the noon meeting which has been arranged for October 19 at the Union Iron works. The mayor announced yesterday through the Good Government league that a proper attention to his duties as mayor would prohibit his appearance at meetings during business hours. A single exception was made in the Union Iron works case because arrangements had been completed and Dr. Taylor did not wish to disappoint the volunteers who tendered him the reception.

The organization of the Taylor-Langdon campaign. The organization of the woman's auxiliary campaign committee was perfected yesterday at the Good Government league's headquarters. The executive committee, headed by Mrs. Lillian Harris Coffin, includes Mrs. John F. Merrill, Mrs. A. W. Scott, Mrs. J. Lowenberg, Mrs. J. C. Levy, Mrs. Louis Herz, Mrs. A. W. Cornwell, Dr. Minor Kibbe and Mrs. L. Hayward. The woman's auxiliary will inaugurate at once a series of meetings in the relief camps and will assist in the management of the home to home meeting campaign. Every member of the auxiliary will be expected to constitute herself a missionary charged with the conversion of at least one voter to the good government cause. The first meeting under this auspices of the auxiliary will be held in the assembly hall in the Richmond relief camp.

The commuters of Oakland, Berkeley and Alameda who do business in San Francisco but who because of their residence are ineligible to vote for Mayor Taylor have decided to assist in financing the Good Government league's campaign.

Under the leadership of P. W. Rochester, president of the United materials company, an organization of 2,000 commuters, each pledged to contribute \$5 to the good government campaign fund.

Theodore Bacigalupo, president of the Italian-American league, will promote a big meeting at North beach for Dr. Taylor and District Attorney Langdon. The date for the meeting, which will be held at Grubb's hall, has not been determined, but it probably will be Saturday, October 19. The mayor will make his closing speech at Dreamland rink October 26.

## Frank McGowan Declares That Sheriff Will "Get" Prosecutors

Frank McGowan, District Attorney Langdon's only opponent for the office of public prosecutor, made a sinister statement of the purposes of the enemies of the graft prosecution at a labor union political meeting at Ingleside last night. During McGowan's speech he was interrupted frequently by an enthusiastic individual named Welch. Welch was fond of Sheriff O'Neil, and when McGowan referred to the graft prosecution, which he considered was worthless because it was made possible by a fund of \$100,000, Welch shouted:

"With all their \$100,000 they didn't catch Sheriff O'Neil."

"No," replied McGowan quickly, "and O'Neil will be in next year and he'll catch the men who put up the \$100,000."

It fell to McGowan to be the principal speaker of the evening, for while P. H. McCarthy was addressing the crowd at a meeting he did not appear, and the small audience in the hall on Ocean avenue had to content itself with Major Kyle and Jack Holland, the latter winning with his funny stories.

J. L. Hughes of the brotherhood of railway trainmen presided over the meeting and the following candidates and speakers appeared: Frank McGowan, Sheriff Thomas P. O'Neil, Colonel W. F. Walsh; J. J. Sullivan, candidate for police judge; G. B. Benham, William Clark, W. A. Cole and B. F. Gould, candidates for supervisor, and Fred Minko, candidate for clerk. Meetings will be held for the thirty-third district in the same hall every Wednesday night during the campaign.

## SCORES CITIZENS WHO NEGLECT CIVIC DUTIES

"The great trouble with San Francisco is that it has too many self-satisfied, sleek citizens, apt to sit on their easy chairs, who find fault and complain about the way the city is being governed and who never lift a finger to remedy the wrongs."

In these words Rev. Bradford Leavitt, pastor of the First Unitarian church, voiced the sentiments of the meeting held last night at Grace church under the auspices of the San Francisco Civic Betterment federation. This organization has been formed for the purpose of having clean men elected at the forthcoming elections, and although no candidates are mentioned it was well understood that the meeting favored the election of Taylor and Langdon—the two men for whom the organization is working.

Rev. Mr. Leavitt declared that while there were enough men ready to die for their country there were by no means enough willing to live for it and work for it. The other speakers of the evening were Rev. George C. Adams, pastor of the First Congregational church, who said that the proper working out of civic problems lay in making San Francisco and Oakland and the adjoining communities into one city, and Rev. Carl M. Warner, pastor of the Trinity Methodist church, who spoke on the "Need of the Hour."

**TAFT CLUB ORGANIZED**  
BERKELEY, Oct. 11.—At a meeting of local republicans held tonight in Woodman hall temporary organization of a Taft club was effected. A. W. Gates was elected temporary chairman and Elmer E. Nichols was chosen secretary. The following committee on organization was selected: Arthur Elston, Judge William H. Waste and S. W. Richardson. Speeches were made by Congressman Daniel M. Warner and Judge William H. Waste. McKintley said that present indications pointed to these three issues being paramount in the coming campaign—trusts, railroads and the Philippines.

## MCCARTHY'S AUDITORS MAKE ASSAULT ON CAR

After Political Rally Crowd Runs Riot in South San Francisco

## WINDOWS SMASHED

Women Passengers Compelled to Seek Safety on the Sidewalk

At the close of the McCarthy meeting a crowd of his followers poured out of the South San Francisco opera house last night and practically wrecked car 1234 of the Kentucky street line.

There were nearly 20 in the crowd and before they finished their work they had driven four women passengers to the sidewalks, brought the car to a standstill by wrecking the trolley pole, smashed the windows on both sides of the trolley and rung up all the fares the cash register could record before they put it out of commission with a well directed trick.

Timothy Healy, the conductor, tried in vain to restore order. "McCarthy forever," they yelled as the glass fell over the broken rails and the lights of the car were extinguished. One of the women passengers was forced out upon the rear platform by the crowd of struggling men. One or two men on the car protested against the conduct of the assault and were ordered to cheer for P. H. McCarthy. "We'll all be free like this when he is elected," yelled one of the men after they had extinguished the lights, and the crowd cheered the sentiment to the echo.

Only the arrival of the car at the barn, Fourteenth street and Railroad avenue, finally subdued the mob. Fortunately no one was hurt, and thanks to the manner in which the police handled the case, not a person was arrested. The only one who suffered was the conductor, and he only in his dignity.

The South San Francisco opera house was packed from stage to entrance and in the two galleries not even standing room was left. The audience was made up largely of women and children, for many of the followers of the labor candidate brought their families to hear McCarthy.

The majority candidate, who was the principal speaker as well as the last one of the evening, was greeted with a roar of applause when he stepped forward to talk. He bowed and bowed again and still the crowd kept up its yelling, refusing to allow him to begin his speech. When it quieted down and he started the crowd opened fire in a hoarse key but still with vim.

McCarthy promised all things to those who would believe him and vote his ticket. He warned the listeners that they had a problem before them which they would have to solve or become slaves. "Do you want to be governed by Mayor Phelan and Rudolph Spreckels? Do you remember the famous saying of Phelan to the striking workmen of his time: 'Work, or be clubbed.' 'Not that,' sang out a man in the crowd, 'not that, but let others work or be clubbed.' 'Put that man out,' was the order that came from the speaker, and the objector was forcibly removed.

Rudolph Spreckels came in for a large share of McCarthy's scorn. McCarthy referred to Mayor Taylor as a fraud who had sold San Francisco to the aristocrats who had San Francisco in the hollow of their hands, and added that if Taylor were elected he would call for advice and assistance from those with whom he had always been associated. "Work, or be clubbed," was the order that came from the speaker, and the objector was forcibly removed.

## Book Makers Lay Odds of Three to One Against Taylor Majority

The book makers have taken notice in a most significant manner that San Francisco is for Taylor and good government. They are offering the astoundingly short odds of 3 to 1 against Taylor.

## Gamblers' Thermometer Indicates Growing Sentiment for Mayor

The book makers have taken notice in a most significant manner that San Francisco is for Taylor and good government. They are offering the astoundingly short odds of 3 to 1 against Taylor.

Three candidates for Sheriff. Laurence J. Dolan (left), the nominee of the democrats and good government league; John J. Deane, republican, and Thomas P. O'Neil, union labor.

## NEW MOROCCAN REBEL TAKES TOWN IN SOUTH

TANGIER, Oct. 11.—Ridings received here from southern Morocco are anything but reassuring for the "pacification" of this distracted empire. It would appear from credible native sources that the famous chieftain, Caid Anfoos, the "Raisul of the south," has occupied Mogador, thrown the local governor, representing Sultan Abdul Aziz, into jail and assumed control of that important strategic point.

Two French warships have been hastily dispatched from Tangier to control the situation at Mogador, but the best informed residents here, knowing the character of Caid Anfoos, are convinced that he will resist intervention. They dread a repetition of the Casa Blanca bombardment.

Reports regarding the submission of fighting tribes had been received with suspicion, as they emanate from political and financial sources. The subservience of Abdul Aziz to French control, including his acceptance of the cross of the legion of honor, is increasing Mulai Hadj's power. Caid Anfoos declared his allegiance to Mulai Hadj late in August.

## REFUSES TO PROSECUTE MOTOEMAN

George B. McCausland, a carpenter, 2724 San Jose avenue, refused yesterday to prosecute John A. Bolton, a motorman, who was charged with an assault with a deadly weapon and the case was dismissed.

## GIRL KILLED SELF, SAYS MAN HELD FOR MURDER

Accused insists that she committed suicide because he would not elope with her.

JOLA, Kan., Oct. 11.—Samuel F. Whitlow was formally placed under arrest here this morning on a warrant sworn to by J. M. Sapp of Moran, charging him with the murder of the latter's daughter, May Sapp, whose dead body was found in Moran September 27.

Whitlow said he owed it to his wife and family to tell the truth about the affair, and declared that the girl had committed suicide because he had refused to elope with her.

Mayor McClellan Issues a Statement of Adhesion to Tiger Politics

Special by Leased Wire to The Call

NEW YORK, Oct. 11.—Members of the republican executive committee who at the Thursday night meeting voted in favor of fusion with Hearst's Independence league had little to say today. They were plainly not pleased with themselves. All, with the exception of Herbert Parsons, declined to speak for publication.

That the action taken by Parsons and his lieutenants will result in splitting the republican party in the county wide open was the general prediction. Mayor McClellan issued a statement denouncing the fusion ticket and pledging his full support to the Tammany ticket.

## S.S.S. REMOVES BLOOD HUMORS

When the blood becomes infected with unhealthy humors the effect is shown on the skin in the form of pimples, rashes, eruptions, or some other type of skin disease. These humors circulating in the blood, come in contact with the delicate tissues and fibres of the skin and produce irritation and inflammation, and often excessive itching and burning. Trying to cure skin troubles with external applications is treating the effect instead of the cause. Such treatment perhaps always some of the itching and discomfort, but does not reach the blood where the real source of troubles lies. A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, is the proper treatment. It goes down into the circulation and neutralizes the humors and removes them from the blood. S. S. S. supplies the blood with the fresh, healthy properties necessary to sustain the skin and keep it free from disease. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, pimples, boils, rashes, and all other skin affections and diseases, because it purifies the blood and removes the humors which are responsible for the trouble. Book on Skin Diseases and any medical advice desired sent free to all who write.
