**DELEGATES ARE CHOSEN  
BY CONCRETE WORKERS**

Nine Members Selected to  
Represent Union at the  
District Council  
**BRIDGEMEN CONVENE**  
Local No. 31 Initiates Many  
Candidates and Buys  
Laundry Shares

The meeting of  
street and concrete  
workers' union, lo-  
cated at 25 last Tuesday  
night was attended by a large number  
of members. The following were  
elected as delegates to represent the  
union at the session of the district  
council of cement workers, which is to  
convene next month: William Meakin,  
W. L. Dwyer, L. B. Higgins, John Mur-  
phy, Daniel Stewart, John Forsythe,  
John Maron, Robert Creighton and  
P. J. Tierney. The union endorsed the  
nominees of the labor union party. A  
number of applications for membership  
were presented and referred to the  
committee on investigation. Fifteen,  
whose applications were accepted, be-  
came members by initiation.

The varnishers' and polishes' union  
at its meeting last Tuesday night in  
labor association hall in McAllister  
street received a report from its ball  
committee to the effect that all ar-  
rangements for the dance had been  
completed. The ball will be given on  
the night of November 1 in Stegmann  
hall in Valencia street. The union  
added three to its membership by in-  
itiation. At the next meeting many  
matters of unusual interest to the  
members will be discussed.

Bridge and structural workers' union  
No. 31 at its last meeting initiated a  
large class of candidates and 14 ap-  
plications were turned over to the com-  
mittee on investigation. The union  
purchased a number of shares of stock  
in the Oakland union laundry. This  
union is to give a ball to its members  
and friends in the Garden rink on the  
night of November 30.

The housemiths' union met in Sheet  
Metal Workers' hall last night and in-  
itiated a large class of new members.  
Business was reported good, all the  
members being employed.

C. H. McConaghy has been selected  
as business agent for the three unions  
of electrical workers recently consoli-  
dated.

Walters' union, local No. 30, will give  
an all night ball in the Auditorium hall  
next Saturday night. An energetic  
committee will have charge of this  
function.

Stablemen's union No. 404 at its  
meeting in Union hall last night in-  
dorsed the union labor nominees,  
initiated 10 candidates and received  
five applications.

The laundry wagon drivers' union  
met in Veterans' hall last night and  
received the resignation of Secretary  
J. O'Day and elected T. R. Angove to  
fill the vacancy. The union indorsed  
the proposition for an increase of pay  
for firemen. The organization will  
have a high jinks on the second Wed-  
nesday in November.

**Rujaero Stock Company to Open the Season  
at Colonial Tonight in "The Crust of Society"**

Ann Crewe is one of the clever members  
of the Rujaero dramatic stock  
company, which will open a season this  
evening in the Colonial theater. She  
will play Mrs. Ernestine Echo in "The  
Crust of Society" and also in the cast  
will be Esther Rujaero as Mrs. East-  
lake Chapel, Harry Leighton as Oliver  
St. Aubyn, H. M. Dudgeon as Captain  
Randall Northcote, Herbert Green as  
Cavendish Comyns, Chester Stevens as  
Earl of Colchester, Laura Oakley as  
Lady Downe, Annie Rogers as Violet  
Edmond and Jessie Miller as Natalie.  
Miss Rujaero, the leading woman, is  
a talented actress, who has been con-  
nected with a number of prominent  
companies in the east. She also has  
had much experience in stock work  
and has selected her players with the  
purpose of getting together a company  
of versatile, capable artists fitted for  
the painstaking work of mastering a  
new play each week.

Zoe Barnett is the soubrette of the  
company that will open a season of  
comic opera next Monday evening in  
the Princess theater, when "The Mock-  
ing Bird" will be presented. Others  
in the cast are Cecilia Rhoda, Lucille  
Saunders, Edna Maisonneuve, Julius Mc-  
Dermott, Gwendolyn May, Grace Mar-  
vin, Richie Ling, Rosert Hoge, Elliott  
Beamer, Fred Waelder, Nigel de Brul-  
ler, Leroy Jepson and Rogers Cashman.  
A chorus of 40 eastern girls and an ex-  
cellent orchestra, directed by Albert  
McGuickin, are promised, and George  
E. Lask is to manage the stage. The  
sale of seats will begin this morning  
at the box office.

Genevieve Victoria is a prominent  
figure in "The Vanderbilt Cup," the  
automobile musical play which is to  
open in the Novelty theater next Sun-  
day afternoon. Other leading mem-  
bers of the cast are Earl Dewey, Win-  
fred Florence, the Pendleton sisters,  
Helen Du Bois and David Andra.  
Seats are now on sale. "The Vander-  
bilt Cup" will have all the lavish equip-  
ment which marked its long run at  
the Broadway theater in New York and  
at the Colonial in Chicago.

Milo O'Mears is one of the two beau-  
tiful O'Mears sisters, slack was per-  
formers, who are to be among the new  
comers next Sunday at the Orpheum.  
Heading the bill, however, is Julie  
Herne and her company in a playlet  
entitled "Between the Acts" and  
other new people promised are Scott  
and Wilson, comedy acrobats; Massias  
O'Connor, sleight of hand artist, and  
Ione McLouth, singer of Scottish songs.

Ethel Tillson, prima donna of "The  
Mayor of Tokyo" company, which will  
come to the American theater next Sun-  
day, is said to possess a rich and beau-  
tiful soprano voice. It is announced  
by the press agent she will join Ham-  
merstein's grand opera company next  
season. John L. Kearney, comedian,  
and other talented principals and the  
usual "beauty chorus" will appear in  
"The Mayor of Tokyo."

So great is the success of William  
Faversham in "The Squaw Man" that  
the Van Ness theater management has  
decided to give an extra matinee next  
Wednesday afternoon and two Sunday  
evening performances. The play is one  
of the strongest and most atmospheric  
before the public, and is making an un-  
usual record here.

"Before and After" is drawing big  
business to the Alcazar. There is not  
an idle minute in its furious fun mak-  
ing. This evening the members of  
Buena Vista parlor, Native Daughters  
of the Golden West, will give a theater  
party at the Alcazar. "Before and  
After" will be followed by David Be-  
lasco's great drama, "The Heart of  
Maryland," in which Leslie Carter made  
her initial hit under the Belasco man-  
agement.

"Tracked Around the World" is one  
of the most exciting and pictorially  
perfect melodramas ever staged in the  
Central theater, and that is saying  
something in laudation of its merits as  
a thriller. "The Cowboy and the  
Squaw" announced for next Wed-  
nesday by the press agent to be almost the  
same play that is now running in the  
Van Ness.

"Fighting the Flames" the pantom-  
imic drama in the Chutes theater, is  
proving so successful that the duration  
of its run is undecided. Darrell Vin-  
ton and company in "The Genius" and  
Josephine Morrissette, harpist, will be  
extra attractions next week.

Much interest attaches to the recital  
of Hugo Mansfeldt, the eminent pianist,  
to take place at Lyric hall next Wednes-  
day evening. It has been more than  
six years since Mansfeldt last played  
in this city and for this occasion he  
has prepared an unusually interesting  
program made up of works by Schu-  
mann, Chopin and Liszt. The sale of  
seats will begin this morning at the  
music house of Kohler & Chase.

**Halloween Favors**  
For the Halloween dinner party we  
have all manner of appropriate goblin  
candy boxes. Haas' candy stores, Fill-  
more at Ellis, Van Ness at Sutter and  
28 Market St. near the ferry.

**Gossip in Railway Circles**  
"There is some comfort in represent-  
ing a company which runs steamers  
like the Lusitania," remarked Henry  
Avila to Dorgeloh, who is interested in  
a German line. "Just listen to this and  
you will get some idea of how people  
are fed on our steamers. In her passage  
to New York the Lusitania had 2,000  
passengers and \$27 in the crew, and  
they consumed 40,000 eggs, 4,000 pounds  
of fresh fish, 4,000 pounds of ham and  
bacon, 4,000 pounds of coffee, 1,150  
pounds of tea, 60,000 pounds of bread,  
1,000 pineapples, 1,000 lemons and 25-  
000 pounds of fresh meat."  
"That's nothing," said Dorgeloh,  
"when the Emperor William and Mr.  
Goelt went to Kell to see the regatta  
our company put 50 of their biggest  
steamers at the disposal of the em-  
peror and his guests, and after that  
there was a champagne famine in  
northern Europe for six months."

Edward Chambers, assistant freight  
manager of the Santa Fe, in dis-  
cussing the citrus crop movement for  
the coming season, remarked yesterday:  
"From the advices I have received  
there will be 20,000 cars of citrus fruit  
and 5,000 cars of vegetables to move  
between November 1 and August 1 of  
next year. The railroads have arranged  
to put in service this season 3,000 more  
refrigerators than were used last sea-  
son. This should supply the shippers  
to the extent of any reasonable move-  
ment. Interstate Commerce Commis-  
sioner Lane on his recent visit to the  
coast took the question of car supply  
up with the railroads, and I think he  
is satisfied that the railroads have  
done everything within their power."  
"Climatic conditions in the east have  
much to do with the regular movement  
of equipment. There are periods of  
extreme cold and other conditions in  
eastern markets when it is unsafe to un-  
load fruit. This detains cars and throws  
them out of the regular movement, and  
at times of great demand at the load-  
ing points makes the orders for cars  
greater than the supply of cars. In  
reports from eastern points cause all  
shippers to load out as much as pos-

**BOARD OF WORKS DUSTS  
SHEA FROM HIS OFFICE**

Appointment of Tharp as  
City Architect Is  
Consummated  
**PLANS FOR HOSPITAL**  
Specifications for Five New  
Schoolhouses Are  
Submitted

The board of public works adopted  
formal resolutions yesterday abolish-  
ing the position of supervising archi-  
tect held by William D. Shea and ap-  
pointing Newton Tharp as city archi-  
tect at a salary of \$4,000 a year. The  
action taken had already been fore-  
shadowed and will cut off Shea's pro-  
spective fees, which threatened to ap-  
proach between \$10,000 and \$20,000  
under a 5 per cent commission on all  
buildings to be constructed under the  
bond issue.

Tharp will prepare plans and act as  
superintendent of construction of all  
new municipal buildings and plans for  
the rehabilitation of existing public  
structures and perform such other  
architectural services as may be re-  
quired by the board.

Shea submitted the plans for the new  
city and county hospital prepared by  
Architect William Alcock, which were  
referred to the health board for con-  
sideration.

Shea also submitted plans, specifica-  
tions and detail drawings of the La-  
guna Honda, Sutter, Golden Gate, Jean  
Parker and Lippard street schools,  
which were ordered sent to the board  
of education for approval.

The plans for the Washington gram-  
mar and Sheridan schools will be sub-  
mitted next Wednesday.

The Spring Valley company was  
directed to set back 20 hydrants to the  
curb line.

The board made the following ap-  
pointments:  
P. Lynch, D. C. McCabe, H. Mc-  
Keivitt, M. Norton and J. McMurray,  
sewer foremen; G. Geasley, C. Sawyer,  
T. Saunders, N. Hatfield, J. McGreevy,  
L. Barley, A. McKinnis, A. J. Keasy, J.  
Campbell and H. Shields, building in-  
spectors; Stephen Gill, time keeper; J.  
Halloran, clerk; E. McCarthy, bridge  
tender.

The city engineer was directed to  
arrange for the putting of Nineteenth  
avenue in proper condition.

The Empire construction company,  
which is laying conduits for the Home  
Telephone company, notified the board  
that it would not disturb any more  
street monuments and would replace  
three that were missing.

Inspector Byrne was instructed to  
investigate the complaint of the Ex-  
ecutive Homestead association that  
owing to the washouts in the Mission  
road the pipes of the Spring Valley  
water company had been broken and  
the water supply shut off.

The charges against P. Rebofski, a  
street sweeper, were dismissed with a  
reprimand, and Laborers M. Sullivan,  
J. Kelleher, Conrad Reddy, S. Nolan, C.  
Fulton and J. Sheehan were cited to  
appear before the civil service com-  
mission to show cause why their names  
should not be stricken from the eligible  
list.

The petition for a change of grade  
in Harrison street from Second to  
Third was referred to the city engineer.

**Newest Fall Styles in  
Men's Footwear**

If you believe correct footwear is worth while,  
you'll be interested in this "thoroughbred." It  
embodies all the style characteristics of this season  
—and it is a splendid example of expert  
shoe-building.  
The snappy lines of the narrow slop-  
ing toe and the carefully shaped  
extension sole give the shoe  
unusual character. The  
button style is more pop-  
ular than ever this season.  
But this is only one of the
