PICK UP THE MONEY AND PROCEED TO SPEND IT

Laborers Find \$380 in Paper Sack and Start on a Spree

OAKLAND, Nov. 8.—A paper sack containing \$380 was found in the fifth ground of West Oakland park near Fifteenth street station last Monday by a dozen sewer workers employed by the Atlantic, Gulf and Pacific company in the Twenty-second street outlet and by C. D. Vincent in the Wood street sewer.

The men proceeded at once to put the money in circulation. The foreman, in a series of speeches today, when the pile driver used by the Atlantic, Gulf and Pacific company was turned over into the ditch. Then an investigation was begun and it was learned that the crews had been spending the money since Monday.

The crew from the Atlantic company started with 20 cents among five men to buy a pair of beer Monday at quitting time. They joined forces with the Vincent gang and their way to the saloon at the station when one of the number kicked a paper bag. A \$20 gold piece rolled out, and a scramble for the bag began, with \$280 coming to light. The men quarreled over the division, then paid the sum to restore it to circulation.

Today the Vincent crew returned to work at noon and the big dredger slipped from its foundation and fell into the ditch. The foreman, in his investigation, learned of the pickup and reported it to the board of public works. This afternoon neither of the two crews was at work, while an attempt was being made to secure some of the money from the rightful owner if the person can be located.

His Appeal to Judge Saves Woman Sentenced for Intoxication

OAKLAND, Nov. 8.—There was a pathetic scene in police court No. 2 today, when a bright eyed little chap of 8 years entered, and a winning plea for his mother, Annie Conley, who had admitted that she had been drunk and who was about to be led from the prisoners' cage to serve a sentence of six days in jail.

Judge Samuel Sams had pronounced sentence after the defendant had pleaded guilty. Just then was heard the voice of the little lad, saying, "I came to get my mother, please, sir."

"Who is your mother, little fellow?" kindly asked the magistrate. "There she is in there," answered the child, pointing to Annie Conley. Judge Samuels' heart was touched by the child's plea and, addressing the woman he had just sentenced, the court said:

"Annie Conley, your son has come for you. Your own act brought you here and I have imposed a sentence which you committed. But your child pleads for you. His claims on you are greater than the claims of the law. He is a son of whom you should be proud and it is the hope of this court that you will be an example for him to emulate. The sentence is ordered set aside and judgment is suspended. You may go."

As the door of the cage swung open and Annie Conley walked out a free woman, holding the hand of her little boy, the child was heard to say in a comforting tone, "Don't cry, mamma."

DR. PIERCE'S REMEDIES

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is changed by the sourness of the churn, and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood, and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes a fracture of the stomach sweet, and dependent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is absolutely true that this medicine will cure all the ailments mentioned above. If you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of the best medical authorities endorsing his world-famed medicines and explaining what the most eminent medical men of the age say of them.

OAKLAND, Nov. 8.—W. L. Taylor has begun suit accusing his sisters, Elizabeth M. Gardner and Ida F.
