Rovers Finish Season Novel Events Planned With Clean Score by the Motorists

After Game Replete With Comedy and Fisticuffs They Overwhelm Thistles

By Bob Shand

As a climax to a season of unprece-

The pitch at Freeman's park, where the Rovers and Thistles met, was in a deplorable condition, but as the players were willing to go on with the game the referee declared the contest a regular league game.

Several players on both sides failed to put in an appearance, thinking the game would not take place on account of the weather, but substitutes were on hand to fill the vacancies.

The Thistles were a beaten team at this stage of the season, but their disgust with the situation only too plainly showed itself.

Five minutes from time up, Donohue and McTurk were struggling for possession of the ball close to the side line, when a hero among the crowd stepped out and uppeared the Rover when his back was turned.

The Alameda ground was in fair condition and the game between the Vamps and the Rovers was a remarkable one.

The Vamps scored first, but the Rovers were not slow to retaliate.

SACRAMENTO BOYS PASS INSPECTION

Capital City Soldiers Make a Great Showing Before Rigid Officers

San Jose Troopers Are Working Hard to Retain Their Coveted Trophy

By R. R. P'Hommedieu

The muster and inspection of company G, Second Infantry, national guard, located at Sacramento, last week showed a smaller enrollment than last year, but it is said that the lack in numbers was more than made up by the excellence of the troops.

At the muster and inspection of company B, Fifth Infantry, Captain L. M. Farrell, located in San Jose, to be held March 10, the company expects to make the best showing of its career.

An election will soon be held in this city for captain of company M of the Fifth to fill the vacancy caused by the resignation of Herman G. Sunk.

Sergeant Hamm and Patrick Heckman of company M of the Fifth have been transferred by enlistment to company I of the Ninth Infantry, U. S. A., stationed at Fort Sam Houston.

First Lieutenant J. A. Davis, company H of the Fifth, resigned on the 15th of the month, but will not allow him to attend to guard duties.

Major Grattan of the Fifth is on a still hunt for suitable men to appoint as battalion officers.

Sergeant Bergman of company K of the Fifth has been detailed to visit company I of the same regiment at Livermore to arrange for a joint entertainment to be given in the near future.

Company G of the Fifth, located in Alameda, had a successful overnight camp recently, with 40 men under arms.

Company C of the Fifth, located in Berkeley, mustered in to take the place of company J of Petaluma, mustered out of the service.

New olive drab blankets, olive drab overcoats and new rifles are being distributed to the companies of the Fifth.

UNIONS READY TO BUY CITY'S BONDS

Labor Men Willing to Help the Cause of Unemployed by Purchase of Securities

When E. L. Reguin, business agent of machinists' union No. 68, declared yesterday at a meeting at Walton's pavilion of delegates from nearly every labor organization in San Francisco, that as a final emergency relief measure the unions stood ready to appropriate \$4,000,000 in cash to buy that amount of the city's unsold bonds, the proposition met with such instant favor that steps were taken for calling a huge mass meeting of all the unemployed men in the city to voice a mighty sentiment of approval next Sunday.

Reguin asserted that there were 40,000 men walking the streets out of work, and said that something must be done to help them, and that quickly. The plan is to purchase the bonds, so that public work may be undertaken and thus give employment to the men now idle.

A committee also was appointed to investigate the correctness of the assertion that \$2,000,000 of the fire relief fund was still on hand, and, if so, to take measures to use it for the same purpose.

Preliminary to the call for the mass meeting permission had already been secured from the police to use Golden Gate avenue at Buchanan street for overflow gatherings of those who could not find seats in Walton's pavilion.

An executive committee consisting of T. E. Zant, I. Jacob, E. L. Reguin, George Williams, E. E. Davidson, H. C. Schmidt, Clinton Bancroft, D. Schwaning, James French, J. D. McDonough and C. D. Knight, to which four more will be added, was elected at the meeting to handle all matters in connection with the mass meeting, and subsequent developments.

A. W. FERGUSON DIES

VALLEJO, Feb. 2.—Friends of Arthur W. Ferguson, formerly editor of the Benicia New Era, and prominent in the political and social life of the county, have just learned that he died suddenly in Manila last Wednesday.

The meeting having been called for the purpose of raising a drive sewer question and for advocating the purchase by the city of a tract in Glenn park for park purposes Mayor Taylor and the board of supervisors were invited to attend, but Supervisor Ralph McLaren was the only one to accept the invitation.

BLIND MAN INJURED

OAKLAND, Feb. 2.—Frank Kings, a blind realty dealer, walked in front of a Telegraph avenue streetcar at Hobart street early this morning, sustaining injuries on his head, which included a probable fracture at the base of the skull.

FORMER ENGINEER OF DRYDOCK DEWEY HERE

Otto Werner Returns After Trip With Floating Repair Shop Half Around World

Otto Werner, former chief engineer of the floating drydock Dewey, was a passenger on the transport Crook, which arrived yesterday.

He said that during the voyage the Dewey broke the towing cables five times. Werner, with his crew of five men, has been in Manila 15 months drilling the permanent crew in placing war vessels in the dock.

Werner is on his way to Washington and probably will go from there to Panama.
