EVANS' NAMESAKE TO GREET FLEET

Child Born Eighteen Days Before Battleships Sailed From Hampton Roads

Christened in Honor of Admiral, Boy Will Claim Attention on His Arrival

OAKLAND, April 7.—When the flagship of the Atlantic fleet comes steaming into San Francisco bay there will be among the throngs that line the shores to greet the grizzled old sea dog on the admiral's deck a lusty young American who will have a greater claim upon the attention of "fighting" Bob than any child of his months in the whole land. For Robley D. Evans Gilbert, born just 18 days before the fleet left Hampton roads, was christened in honor of the admiral on the day he weighed anchor and started on his historic making cruise around the world.

When Robley was born, said his grandfather, Thomas Gilbert, a mining man and broker of Oakland, yesterday, his father, L. in casting about for a name for the newest addition to the Gilberts, decided not to call him Thomas, as we felt that for the present there was a surplus of that name in the family. Almost the first suggestion made was christening him in honor of our fighting admiral, whom we all admire tremendously, and the plan was adopted forthwith. Don't you think that among all the floral bouquets that are being showered upon the commander of the fleet this little boy will be particularly appreciated? We felt that it was especially appropriate that the boy should be baptized just as the admiral was starting out on his cruise.

COMES OF STERDY STOCK The young namesake of the admiral comes of sturdy stock. His grandfather, Thomas Gilbert, was for many years a mining man and prospector, and he spent a large part of his life in the rugged atmosphere of the western gold camps. Thomas Henry Gilbert, the father of young Robley, is a carpenter, but lately he has been engaged in selling stock. He inherits his father's physical characteristics and is a man of large frame and powerful physique. Mrs. Gilbert is an attractive young woman who is just sure that her boy is going to make his given name even more illustrious than his original bearer has succeeded in going.

PIRATES' LAIR AND BOY ROBBERS FOUND

RICHMOND, April 7.—A lair in a cave in the Richmond peninsula where a band of boy pirates made their rendezvous has been discovered. The boys, James Anderson, Arthur Sorenson, Plympton and G. Plympton, suspected of being members of the gang, have been arrested. The cave was found Sunday by D. S. Tyler, deputy sheriff, and Marshall Gregory, and the arrests were made within the last two days. In the hiding place were found five boats, two stolen three years ago; a heavy anchor and a sail said to have been stolen from W. Bowen and other articles.

It is said that the boys who haunted the place have lived in Richmond during the last few years. Many crimes which had been attributed to tramps of criminals who do the city are now believed to have been committed by these lads. The discovery of the cave was followed immediately by the arrest of Anderson and Sorenson. They were questioned until they gave information which led to the arrest of the Plympton brothers. The police seized all the property in the cave, and are now searching for some other boys who have been mentioned in reports. The goods recovered for stolen have been identified by him. In addition, the marshal has found in the cave a sail, stolen, it is charged, from B. Duckwaller; 12 chickens from Skino's store; and two stolen from Fred Myers. These chickens were alive, being kept by the boy pirates, the authorities allege, for food.

GRAFTING POLICEMEN ARE FINED \$100 EACH

The police commissioners at a meeting yesterday afternoon imposed a fine of \$100 each upon Policemen Maurice Echan and John W. Eratt for accepting a \$5 gold piece each from J. D. Samuelson, proprietor of a lodging house at 712 Kearny street, March 14. President Cutler, in announcing the decision of the board, said that it was unanimous in the opinion that dismissal from the force would have been the punishment if it had not been for the excellent record of both men and their efficiency in the department. Tomorrow the institute will close. Dr. Boone will speak at both the morning and afternoon sessions, and Ng Poon Chew, a prominent Chinese newspaperman, will give an address in the morning on "China Yesterday, Today and Tomorrow."

WOMEN ARE HURT IN AUTO ACCIDENT

Wounds of One May Prove Fatal, While Other Is in Serious Condition

Driver Turns Machine into Curb, but It Strikes Horse and Is Overturned

OAKLAND, April 7.—Hurled from their seats by the impact of an automobile and a buggy, two women and a man were seriously injured in Piedmont avenue at Laurel street this afternoon, and Mrs. A. R. McMillan of 3773 Piedmont avenue was thrown upon the shafts of her buggy, but kept the frightened horse under control until she was rescued from her perilous position. The injured are: Mrs. Florence B. McClure, 3773 Piedmont avenue, internal injuries, abrasions of the face and ear and contusions on the arms; Mrs. Thomas Conway, house keeper in the home of F. C. Havens, internal injuries and cuts; Thomas McCabe, chauffeur for Havens, broken right arm, three ribs fractured.

The accident, according to Mrs. McMillan, was unavoidable. McCabe, by turning his machine into the sidewalk, prevented a collision with the buggy itself, but struck the horse, lifting it from its feet and throwing that heavy creature into the air. Mrs. McClure, one of the occupants, was thrown to the pavement, where she lay unconscious. Her mother, Mrs. McMillan, fell across the shafts at the horse's heels. The automobile, thrown partly out of McCabe's control, careened against a telegraph pole, then ran upon an embankment beside the sidewalk and overturned, throwing Mrs. Conway out and catching McCabe beneath it.

He crawled from beneath the automobile and walked 300 yards to Fabbolo hospital, where he and Mrs. Conway are being treated. Mrs. Conway was unconscious when picked up. Mrs. McClure was taken into her home in front of which the collision occurred, and was revived with difficulty. She fainted three times before Dr. A. K. Crawford arrived. Her most serious injury is believed to be her broken right arm.

TURNER ACROSS ROADWAY Mrs. McMillan was driving the buggy when the automobile struck the horse. Her daughter was on the left side of the vehicle. McCabe had turned into Piedmont avenue at Moss avenue and was running alongside the buggy when it suddenly served across the road to enter the driveway to the McClure house. McCabe sounded the horn and turned his machine into the sidewalk in an effort to avoid the other vehicle. The automobile was a White steamer truck. McCabe had been employed by F. C. Havens, a Piedmont capitalist, as chauffeur. It is believed that Mrs. Conway will recover, but Mrs. McClure is in a precarious condition.

SOCIETY GIRL TO ENTER VAUDEVILLE

BERKELEY, April 7.—Miss Virginia Pierce, a prominent society girl and a graduate of the University of California, has decided to enter vaudeville and will make her debut appearance at the Orpheum theater in Oakland next Sunday afternoon. Miss Pierce is well known among the younger set in the college town for her ability as a musician and entertainer, and for a brief season last winter she sang with the Metropolitan opera company in New York. She is the daughter of Mr. and Mrs. H. S. Pierce of Clove Court. Her mother is a prominent clubwoman and has a reputation as a soloist.

Inducements were extended to Miss Pierce to accept the engagement with the Orpheum circuit. She will appear in a prima donna role and is billed as Miss Virginia Cameron, late of the Manhattan opera company of New York. A number of her friends from Berkeley and the university will attend the performance Sunday and the young society girl's appearance will be the signal for handclapping demonstrations. Miss Pierce recently returned from the east, where her voice attracted much favorable attention.

NORBERT SHORB TO TAKE EXAMINATION

A board of examination for candidates who wish to try for appointments to commissions in the army from civil life will meet at the Geosidlo, on July 1. This is the first board of this sort that has been ordered by the war department to meet on this coast. Heretofore the examinations have been held at Fort Leavenworth.

Among the applicants who will come up before this board is Norbert Shorb, brother of Mrs. Ynez Shorb White. Young Shorb has been busily studying for the past three months to prepare for the examination. Brigadier General John C. Muhlenberg, who has been head of the paymaster's department at the Presidio for the past two years, retired from the army service yesterday. He is succeeded by Colonel George R. Smith.

Troops I and M of the Fourth cavalry, in command of Captain Rush S. Wells, who have been at target practice at Rodeo rifle range for the past 30 days, returned to the Presidio yesterday.

The Roth-Herbst company, plumbers, of 1175 Mission street, yesterday filed suit against the building trades council and the sheet and metal iron workers for an injunction restraining the labor organizations from interfering with their business. It is complained that the company has been declared "unfair" and that many of their patrons have been warned against having business dealings with them.

DARGIE ACCUSED IN WILL PROBATE

Owner of Oakland Tribune Charged With Inspiring Attacks on Boardman Heirs

Attorney Says Journalist Unduly Interested Himself in "Attempt to Loot Estate"

OAKLAND, April 7.—William E. Dargie, president of the Tribune publishing company, was indirectly accused by Attorney R. E. Saffold in Judge Waste's court today with inspiring a series of alleged attacks against the filing for probate of a will of Joseph Boardman, the capitalist, which provided for the erection of a great observatory upon some nearby peak and made the municipalities of Oakland and San Francisco beneficiaries under certain conditions. The will is being contested by W. G. Palmanteer, administrator of the estate. It left Boardman's young widow, Mrs. Blanche L. Boardman, and her natural daughter an income of \$150 a month.

Saffold said the articles described the filing of the will as an attempt to loot the estate, and he inquired whether Dargie had not unduly interested himself in the case. He said he had not personally inspired any such articles and that he could not answer for the outside activities of his editorial writers or other members of the staff. A personal friend of Boardman's, he testified that he had observed the decline of his business faculties and he told of proposals of Boardman to bridge Lake Merritt at great expense and to erect a 10 story hotel on the east shore of the lake for women and children alone.

Many witnesses were placed on the stand by Attorney R. M. Fitzgerald to show that Boardman was incompetent at the time he wrote the will in 1902. County Assessor H. P. Dalton was a witness and testified that he had observed Boardman closely at that time and thought his mind had fallen badly. Harry G. Williams, president of the merchants' exchange, said Boardman would frequently say "the flowers are beautiful" when there were none about.

Mrs. Boardman was present and frequently advised with her attorney. She denied the statements during the contest and testify in her own behalf. Other witnesses who said Boardman's mind had been weakened greatly were G. W. Baker, F. T. Woodward, M. C. Rabin, W. P. Grant, A. J. Snyder, W. Anderson, John W. Havens, T. J. Woodward, James Lamprey, J. Allen Park and William Meins. The will was said to have been one of a number which Boardman wrote during his old age, and four of these were filed by his widow to dispose of them. W. G. Palmanteer was appointed guardian of Boardman some years prior to his death and was afterward appointed administrator of the estate. It was valued at about \$1,250,000 and only heirs are Mrs. Boardman and her daughter. William Savage, who was named as trustee for the observatory fund in the will, filed it for probate.

BURGLAR SEIZES \$2,485 IN COIN AND JEWELRY

While the family of H. L. Smith, 245 Buchanan street, was at the theater on Monday night a burglar climbed to the roof of a cottage in the rear, forced open a window in the hall and dropped into the hallway. He ran back to the house and got away with \$2,485 in coin and jewelry. The heaviest loss is Mrs. L. Carroll, a domestic, who lost \$1,250 in coin, a small Central Trust bank containing \$175, a marquis diamond ring valued at \$175 and two diamond rings valued at \$180. The Smith family lost a pair of diamond earrings valued at \$250, diamond studs valued at \$125, two solitary diamond rings valued at \$175, gold mesh handbag valued at \$75 and a gold watch valued at \$40.

Patrolmen McPhee and Bunker arrested William Mayer last night on suspicion of being implicated in the robbery. Mayer had been hanging around the Buchanan street house for several days, presumably getting bearings, so the police claim.

Thomas W. Toomey and Solomon Miller, druggists, pleaded guilty in Police Judge Cabanis' court yesterday to the charge of selling morphine without a physician's prescription, and at the suggestion of Attorney T. M. O'Connor, special prosecutor, the judge imposed a fine of \$75 on each. Warrants were issued for the arrest of E. P. Salmon, B. C. Bell and M. Mentor for a similar offense.

DARGIE ACCUSED IN WILL PROBATE

Owner of Oakland Tribune Charged With Inspiring Attacks on Boardman Heirs

Attorney Says Journalist Unduly Interested Himself in "Attempt to Loot Estate"

OAKLAND, April 7.—The question whether twelve members of a grand jury can return an indictment against a person when the vote of another member has been thrown out for prejudice will be settled before Judge Wells Saturday morning, when further argument on the motion to set aside the indictment against Mrs. Isabella J. Martin will be resumed. During the questioning of members of the grand jury yesterday, Attorney A. Frick, solicited from Grand Jurymen James F. Taylor and he was an old friend of Judge F. B. Ogden, that he had talked with the judge regarding the alleged attempt to blow up his house, for which Mrs. Martin was indicted, and that Mrs. Martin's name had been mentioned during the discussion as a possible perpetrator of the deed.

Frick insisted that the admissions of Taylor were sufficient to disqualify him from voting on the indictment and also to set aside the indictment. With Taylor, Frick included Louis Llemert and Henry M. Landsberger of Alameda county, who had been previously prejudiced against Mrs. Martin to warrant setting aside the indictment. Assistant District Attorney W. H. Hynes said that even with these men barred there were still more than the required twelve votes to return the indictment. Frick then raised the question whether that was legal or not. Judge Wells said he would like authorities on the point, as he believed it has never been passed upon by the supreme court. He asked that the testimony of Llemert, Landsberger and Taylor be transcribed in time for examination before Saturday.

ARPER ARRAIGNS CITY HEALTH BOARD

Reiterates Charges Made Before Council Alleging Extravagance in Rat Crusade

OAKLAND, April 7.—George W. Arper, in a report read before the merchants' exchange tonight, made charges of extravagance against the health authorities in conducting the campaign against the plague, and denounced the publishers of a circular that has been sent out by the citizens' health committee stating that plague is now present in Oakland. Arper read the reports for the board of health to prove that there have been no cases of the plague in the city since November. Arper insinuated that the board of health would find plague cases in event of a cut in appropriations by the city council for continuing the sanitary campaign. He repeated charges which he made last night before the city council.

DETERMINE TO DISCOVER SLAYER OF STONE CUTTER

Residents of San Mateo and Palo Alto Insist on Continuing Inquest

SAN MATEO, April 7.—More than three months ago, on the morning of December 23, John O. Hedlund, a stone-cutter, was found dying with a fractured skull behind the hotel of F. Lennons at Menlo Park, where he lived. No steps have ever been taken by the authorities to determine the cause of his death, although it was asserted by Deputy Sheriff Frank Bartlett and others that indications pointed to murder, and no steps have been taken by residents of this town and Palo Alto to have an investigation made. Hedlund's skull evidently had been crushed by a stone. It was first supposed that while intoxicated he had tried to descend from his room by climbing down a trellis work of vines growing under his window and had fallen, but Bartlett disproved this theory by showing that none of the trellis strings had been broken. Inquests were twice called and postponed, and Coroner J. P. Kell of Santa Clara county finally postponed the inquest a third time, after nearly 80 witnesses had appeared to testify, because of the sickness of District Attorney Bullock. Bullock recovered soon after, but the case has not been called.

OELRICHS' ESTATE AMOUNTS TO \$431,816

SPECIAL DISPATCH TO THE CALL NEW YORK, April 7.—Dr. W. J. O'Sullivan, who was appointed appraiser of the estate of the late Hermann Oelrichs, who died on board a steamship on his way home from Europe in 1906, made his report today. It shows that Oelrichs owned no real estate in New York city or state and that his personal property is \$431,816. Of this \$51,752 is due on various debts, leaving a balance of \$380,064. He will dispose of nearly \$500,000 by real estate. The watches, scarf pins and other jewelry bequeathed to Hermann Oelrichs Jr. are appraised at \$1,681.50. The widow, Mrs. Teresa Alice Oelrichs, is not mentioned in the will. A half sister receives \$50,000; Lucy Jane, a sister, \$100,000; Charles May Oelrichs, a brother, \$300,000. Julia M. Hazen receives \$25,000 and five nephews and nieces \$5,000 each. It is not believed the estate will permit the payment of all these bequests.

FILE PETITION IN BANKRUPTCY

The James Oelrichs estate, which was filed in bankruptcy yesterday, is valued at \$431,816. The petition was filed by the executor, Dr. W. J. O'Sullivan, and the petition was filed in the bankruptcy court yesterday.

PREJUDICE OF ONE JUROR ADMITTED

Mrs. Martin's Trial Halted by New Question Raised by Her Attorney

Twelve Votes May Be Nullified by One of Man Who Had Expressed Opinion

OAKLAND, April 7.—The question whether twelve members of a grand jury can return an indictment against a person when the vote of another member has been thrown out for prejudice will be settled before Judge Wells Saturday morning, when further argument on the motion to set aside the indictment against Mrs. Isabella J. KNIGHTS PROVIDE BURIAL

SPECIAL DISPATCH TO THE CALL SAN MATEO, April 7.—An inquest over the body of a man supposed to be J. L. Herron, which was taken off the beach at Mussel rock after it had lain neglected for three days, was to have been held today, but it was postponed for one week pending further investigation. Theodor Dierks of 900 Devisadero street, San Francisco, telephoned here in behalf of the Knights of Pythias and asked Coroner H. G. Flynn to make arrangements for interment under the auspices of the order, to which the man was supposed to have belonged.

FIRE HOME BURNED

MENLO PARK, April 7.—The handsome W. J. Adams residence on the Middle road near the home of the James L. Floods was totally destroyed by fire this morning. The blaze was discovered at 9 o'clock bursting forth from the attic of the home. It was impossible for the people on the estate to do anything. An alarm was sent to Menlo Park firemen, but lack of water made their efforts useless.

Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasional short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. There is no better remedy than Dr. Miles' Heart Cure. Its strengthening influence is felt almost at once. "I have used 10 bottles of Dr. Miles' Heart Cure and can truthfully say it has done me more good than anything else I have ever used. I have tried nearly everything that I know of, but the doctor who attended me asked me what I was taking and I told him Dr. Miles' Heart Cure, he said it was not going to do me any good, but it did. I did not take any for a year or more, and while there is occasionally a slight symptom of the old trouble, it is not enough for me to continue the use of the medicine. If I should get worse I would know what to do. Take Dr. Miles' Heart Cure as I did before. I consider myself practically cured of my heart trouble." S. H. DUNNAM, Livingston, Texas. Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that it is the first bottle you should try. If it fails he will refund your money. Miles Medical Co., Elkhart, Ind.
