THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

LILLEY'S LETTERS WANTED BY HOUSE

WASHINGTON, April 25.—The special committee of the house investigating charges against the Electric boat company this afternoon entered an order for the production of the books and papers of the Electric boat company, the Lake torpedo boat company and copies of letters signed with Representative Lilley's name.
The order on the Lake company was made to include books concerning its foreign business, including the cost of construction of all the Lake boats sold to foreign governments. Argument on this order will be made Monday by counsel for the parties interested.
Representative Foote of Illinois, chairman of the house committee on naval affairs, and Representative Ellis of Oregon, a member of that committee, both testified today that there was no connection between the action of the committees on the naval bill, the vote on the battleship proposition and the submarine question.
Benjamin Webster, private secretary to Representative Lilley, was recalled and questioned regarding the drafting of the resolution of inquiry which Lilley introduced. The latter has testified

that he talked to no one but his secretary regarding this resolution which he introduced; that he told Webster to prepare it and then left the city. Webster today testified that after preparing the resolution he took it to Royal Thompson, secretary to Senator Bulkeley of Connecticut, who made some changes in it. This, he said, was either on Saturday or Monday. The resolution was introduced Thursday, February 20.

SAN MATEO WOMEN'S CLUB IS PREPARING CANTATA

Members of Music Section Are Faithfully Rehearsing "King Rene's Daughter"
SAN MATEO, April 25.—The music section of the San Mateo women's club is busily preparing for the presentation of the cantata, "King Rene's Daughter," which they will present on May 22. The members of the music section will be assisted by J. R. Gwin, cello; Mrs. J. R. Gwin, violin, and Miss Mollie Pratt, piano. On Monday afternoon the action of the program for members only, consisting of the works of the composers Edward McDonnell, C. B. Hawley and Arthur Foote. Miss Fernando Pratt of San Francisco, who has recently returned from Boston, where she was a pupil of Foote, will address the section on her former teacher.

SANTA BARBARA GREET'S ARMADA

Continued from Page 61, Column 5

Besseke did not deliver a key to the city or any other symbol of hospitality nor did he make a speech. He simply shook hands with Admiral Thomas and as many other officers as he could reach and told them that he and everybody else in Santa Barbara were mighty glad to see them. Admiral Thomas reciprocated the hand clasp, and then began a general shaking of hands all around that ended in a glow of the very best of good feelings.

In behalf of the Santa Barbara country club J. R. Fithian delivered to Rear Admiral Thomas an embossed invitation asking the officers of the fleet to be the club's guests at a ball on Tuesday night and Stewart Edward White extended the hospitality of the Santa Barbara club to the officers. The visit of the reception committee will be returned by the officers of the fleet at 10 o'clock tomorrow morning.

NEBRASKA SENDS PLATE

Governor Sheldon Will Present Service to Battleship in Bay
SPECIAL DISPATCH TO THE CALL
LINCOLN, Neb., April 25.—The gift of the state of Nebraska to the recently

completed United States battleship which bears the name of this commonwealth, a rich silver service costing \$2,000, is to be formally presented to Captain Nicholson, the Nebraska's commander, by Governor George L. Sheldon on May 8 in the harbor of San Francisco.

The presentation is to be one of the features of Secretary Metcalf's review of the fleet on that date. Governor Sheldon, accompanied by his staff, a party of state officers and a hundred or more citizens of Nebraska, departed tonight on a special train en route to the Pacific coast.

The Nebraska tourists are to stop at Colorado Springs, the grand canyon of the Colorado and Los Angeles, arriving in San Francisco on May 5.

EVANS TO JOIN FLEET

Will Assume Command at Monterey Thursday

SPECIAL DISPATCH TO THE CALL
SANTA BARBARA, April 25.—Rear Admiral Thomas, senior officer present, in command of the Atlantic fleet, received a message this afternoon from Rear Admiral Robley D. Evans at Paso Robles stating that he would rejoin the fleet at Monterey on Thursday and accompany it to San Francisco. All the officers to whom the contents of this message were made known expressed unbounded delight at the prospect of having their commander in chief once more with them and their joy at this evidence of his recovery.

TO SEAT 14,000 AT CONVENTION

DENVER, April 25.—Plans for the seats in the new city auditorium, which is now nearing completion, have been sent by Secretary W. F. R. Mills of the Denver chamber of commerce and convention league to Secretary Urey Woodson of the democratic national committee for his guidance in making the seating arrangements for the democratic national convention, which meets in Denver July 7. There are 11,512 chairs shown in the plans, and by placing chairs in aisles or in the space left for standing room it will be possible to seat 14,000 people. This is a greater seating capacity than that of the Chicago coliseum, Madison Square garden, New York, or the Mormon tabernacle in Salt Lake.
On the first floor eight sections of seats, 2,010 in number, all within easy hearing distance of the speaker's platform, have been set aside for delegates and alternates, the number of which is estimated at 2,000. Odd numbered sections of this space will be occupied by the delegates and even numbered sections by the alternates.
On the platform are reserved 546 seats for dignitaries. Immediately adjacent to the platform space is that reserved for the press, where 303 seats have been provided, with four desks for noiseless telegraph equipment.
In all 3,143 seats have been provided for the general public. Space has been provided for all telegraph companies and for private wires. The Western Union and Postal companies drew lots for the space of vantage, and the Postal won, being assigned to the first reservation of 1,700 square feet.
Other space in the line of reservation is then assigned as follows:
The Associated Press, 800 square feet; two other press associations, 300 square feet each, and the Western newspaper union, 1,700 square feet. Cables in use are being laid to connect with all public and private wires, and it is said that the general telegraphic equipment will surpass

anything that has been attempted by other cities where national conventions have been held.
The subcommittee of the democratic national committee in charge of the national convention will meet in Denver May 6.
It is believed that matters concerning the choosing of the temporary chairman, who will make the "key-note" speech at the convention and appoint the various committees, will be taken up at this meeting.

NEW LODGE OF MASONS
BURLINGAME, April 25.—A new lodge of Masons will be installed here next month with 40 members on the charter rolls. F. D. Lorton has interested his fellow Masons in the Burlingame lodge and the order promises to start with a very strong membership.

ROYAL WORCESTER ADJUSTO CORSETS

FOR FIGURES VARYING FROM PLUMP TO OVER STOUT

The ADJUSTO is like all other Royal Worcester Corsets—skillfully designed to fashionably shape and support the figure—but has the added valuable feature, abdominal adjusting bands, which can be adjusted by the wearer without removing the corset.

By tightening these bands after the ADJUSTO is fitted to the form, the abdomen is lifted up, held in firmly and drawn toward the hips. At the same time, superfluous flesh of hips and back is reduced, flattened and distributed equally, creating the new flat hip effect. The ADJUSTO is the most comfortable corset a woman can wear, because it fits smoothly at every point, moulds her form into right proportions, and makes her stand correctly. The ADJUSTO will permanently retain its original shape, and is very serviceable, as it is made of durable materials, and re-inforced with superior quality stays.

Ask your dealer to show you the ADJUSTO.
