HERRIN RINGSTERS HAVE POSITIVE EVIDENCE

District Attorney Brown Denies Supervisors' Offhand Opinion on Gerrymandering

Considers Charges Seriously and Will Submit Written Report at Next Session

OAKLAND, July 17.—That public indignation is being very thoroughly aroused as the full report of the gerrymandering of the county made by the county central committee of the railroad end of the republican party is generally realized was borne in upon the board of supervisors today, when District Attorney Brown asked more time to deal with complaints, and when an amended petition was filed demanding relief by the board from some of the rawest features of the action.

Brown was unwilling to give other than a written opinion, and said he would submit a report to the board on Monday. This was in itself an indication apparent even to the ring supervisors that he regarded seriously the charges that the action was largely illegal as it was well known that the supervisors received an offhand opinion and they hoped that the action of the district attorney would permit them to dispose of the question quietly and without offense to the Herrin county ring.

But the district attorney made it plain to the ringsters on the board that they will have to deal with the problem of correcting the illegal features of the gerrymandering and that his advice will be positive. The machine supervisors have had their fill of opposing the district attorney, and, fearing that he will demand radical action of them, they are in a quandary pending the submission of his report.

The complaint filed by members of the Lincoln-Roosevelt league regarding alleged illegal jockeying in the fifty-first assembly district has given Brown an opportunity to go over the entire call, and he will ask the supervisors to correct any part of the call where the ringsters have gone over the line. An amended complaint filed today by Attorney John E. Sanford and Vernon E. Franklin called attention to the fact that 23 delegates in the sixteenth senatorial district, represented by Senator Leavitt, will be permitted to assist 10 delegates from the fifteenth district in the election of the county board of supervisors. This is now in the power of the board of supervisors, and, as Sanford said, the duty of that board has been made clear and their responsibility fixed.

Candidates for the 11 seats in the county convention, two for the congressional district, and one for the state assembly, will be nominated from the floor. There will be no slate. In other words Hunt has deserted life's singles and is now in the doubles class, having taken as his bride Miss Terese A. Raphael, a beautiful and talented girl of this city. The couple were married at St. Mary's cathedral in San Francisco yesterday afternoon at 3 o'clock by Rev. Father Charles A. Ramm.

The engagement of Hunt and Miss Raphael was announced last fall and the wedding was originally planned to take place before Easter of this year, but was postponed because of the illness of the mother of the bride.

The young couple finally today came to the altar and were united in the usual preliminary, and going quietly to San Francisco were united at a simple ceremony. Miss Raphael is the daughter of Mrs. Mary E. Raphael of this city and was educated in convents in Paris and Copenhagen, coming to Alameda eight years ago. She is a brilliant linguist, speaking several languages with equal proficiency. Hunt is the only child and son of Judge A. B. Hunt and Mrs. Hunt of Grand street. His father is a well known veteran republican leader and was, until a few years ago, registrar of the United States land office in San Francisco. Hunt is a graduate of the Alameda high school. He attended the University of California and later took a course in law at Ann Arbor, Mich. He won national fame as a tennis player and participated in many tournaments throughout the United States, capturing numerous cups and championships. He is now engaged in the practice of law in San Francisco. Mr. and Mrs. Hunt, after returning from their bride tour, probably will live at Mill Valley for a few months.

CHARGE AGAINST LEADS TO DOUBLE LIFE

Sheriff Arrests Clothing Store Employee for Neglecting Wife and Family

Pretty Brunette Is Alleged Cause of Desertion of San Jose Woman

OAKLAND, July 17.—Joseph R. Floris, a clothing salesman employed by a Broadway firm, neglected his wife and several small children in San Jose, while introducing another woman to his employers here as his wife, according to Sheriff Barnett.

Details of Floris' alleged double life came out when Under Sheriff Mulhall of San Jose called on Floris' employer, that he had a warrant for the man's arrest for failure to provide for his wife and family. The merchant told Mulhall that the woman known here as Floris' wife was almost constantly with him, that he was very attentive to her and that their affectionate regard for each other had some times caused Floris to neglect his work.

Barnett said investigation showed that Floris and the woman had apartments in Linden street near Fourteenth. Floris asked to be taken there after his arrest to secure a change of clothing before leaving for San Jose. The sheriff's automobile was put at his disposal and Floris talked several minutes with the woman, who answered the bell. He said he had told her that he was going to San Jose to complete an oil deal.

Mulhall said that Floris' alleged wife in San Jose was a delirious woman. Floris was taken there today. The identity of the Oakland woman was unknown to the officials, though they said that she was a pretty brunette.

SCORES ACTION OF RAILROAD MACHINE

Mayor Mott Tells of Shameless Conduct of the Ring at Santa Cruz

Strong Appeal Is Made to Voters of Alameda County to Rally at Primaries

OAKLAND, July 17.—"The shameless actions of the Southern Pacific political ring in its insolent control of the Santa Cruz convention was a disgrace to California," said Mayor Frank K. Mott tonight at a large meeting of the North Oakland Lincoln-Roosevelt republican league, which was held at Van der Nallden hall, Telegraph avenue and Fifty-ninth street. "I was a delegate to that convention," continued the mayor, "and I was in a position to see just how the machine handled corruption with impunity, and the lesson of that occasion cannot be too firmly impressed upon the voters of this state. We must go to the polls and battle against the iniquity of such control of our party, the wickedness of which has been clearly manifested in recent political history. Men were handled like so many automats."

VOTED AS MACHINE ORDERED

"They voted as the Southern Pacific machine ordered them to vote. Under such conditions, the people of our state have no right to expect that they will do their duty. They got that which the Southern Pacific machine orders that they should have, and, of course, they get only what that machine wants them to have. I have been profoundly impressed since the Santa Cruz convention with the tremendous grasp which the political agents of the Southern Pacific company have on the state. At the last session of the state legislature business was done in the name of the people called me to Sacramento. Again I saw the wretched condition in our politics exemplified. Our legislators sat in their seats taking orders from the Southern Pacific agents, who sent their messengers to their headquarters with their commands to the pliable, controlled representatives supposed to sit in the capitol in the people's interests. That the machine wanted went to register and vote in the name of the people. I saw the machine defeated, and nothing could save it. The scenes were shocking as illustrations of political depravity, debauchery and corruption."

APPEALS TO VOTERS

Mayor Mott concluded with a strong appeal to every voter in Alameda county to register and vote at the primaries August 11 against the Southern Pacific machine. Peter Anderson called the meeting to order, and David McCutcheon was chairman. Other speakers were City Councilman Harold Crocker, Walter B. Fawcett, D. C. Dutton, Frank Colburn, Creed Shephardson and J. W. Jones. The committee in charge was composed of Frank Galmarrin, W. B. Thomas, J. H. Mahan.

WILL DEVELOP RICH DEPOSITS

Guy Fraser and Norman Zolph in Charge of Saltpeter Mines

BERKELEY, July 17.—Working in the highest mines in the world at an elevation of more than 15,000 feet is the novel experience of two college graduates, Guy Fraser and Norman Zolph, of the class of 1907, who have written descriptive letters to friends in this city. The men are in charge of saltpeter mines at Collabuzal, Chile, and left the university several months ago for the high Andes. When they first reached the mines they were overcome by "pftma," a sickness due to the high altitude, and it was thought for time that they would have to forsake their positions and return to the United States.

Both men are rugged athletes and made their marks on the track in the university, and after several weeks they were able to withstand the rarefied atmosphere. With the exception of an Englishman the two university graduates are the only white men in the region for a distance of 150 miles. Among the amusing features of their journey inland to the mines was the fact that the railroad train stopped every evening at dusk for the night, the train crew being fearful of climbing through the mountains in the dark.

The second part of the program will contain the medley of Scottish songs, "Bonnie Scotland," Francis and Day's popular songs, the intermezzo "Love in a Gypsy's Camp," and the finale and sextet from Lucia di Lammermoor. The customary finale to the program, "The Star Spangled Banner," will close the concert.

Mr. Tanner announced that he was well pleased with his congregation's vote of confidence. Rev. Mr. Tanner's friends had declared that the failure to re-elect him was due to insidious campaigning by political elements in the county government which he had fought to a standstill.
