

NEWS OF THE COUNTIES

RARE DEEDS OF LEGAL PARENTS WHO LEGITIMATELY SUPPORTED HIS WIFE AT 317 TWENTY-FOURTH STREET BY THE SWEAT OF HIS BROW AND BEGGED CHARITY FOR HIS CON-SORT, KATE ROWE, AND THEIR TWO SMALL CHILDREN, PROBABLY BY THE DEATH OF THE YOUNGER, BEHIND THE CURTAIN, ONLY FOUR MONTHS OLD, IS DYING SLOWLY IN HIS MOTHER'S ARMS IN THEIR BASEMENT HOME AT 712 1/2 ELEVENTH STREET, AND TODAY WHILE THE JEKYL AND HYDE FATHER SWEEP IN REMORSE, BEHIND THE CITY JAIL HAS A CLERGYMAN WENT TO THE HOME WHERE THERE IS NO BLESSING OF ED-LOCK AND BAPTIZED THE DYING BABY ED-WARD.

Neighbors called in doctors today in an effort to save the babe. There is little that can be done, however, except give nourishment to the mother, for it is through her want that the off-spring is brought to the brink of the grave.

Brown, as he was known to his employ-ers and in the home of his true wife, was at the home of Kate Rowe last night when he was arrested. The em-ancipated condition of the mother and the dying child was the sight that met the officers when they entered the base-ment dwelling to arrest Brown. He was known at that place as Charles Thompson, and worked for money, and his incarceration has not added to the misfortunes of the woman and the children. They lived on the charity of neighbors before, and today are being cared for by the same means.

Double Existence Dates From New Orleans Home, Where Illegal Union Began

Brown's dual life began before com-ing to Oakland. He was married 20 years ago to Mrs. Brown and they lived in New Orleans. Next door to them moved the family of Kate Rowe about two years ago and Brown soon after is said to have eloped with her. His wife reported him missing and when he returned some months later forgave his neglect and lived with him again. About a year ago the Rowe family came to California. The carpenter, un-willing to give up the second woman for his wife, came to San Francisco and he and his wife lived in that city for some time. In January, 1907, the Browns removed to Oakland. Soon after the first child of Brown and Kate Rowe was born, and shortly after that Kate Rowe became missing to her family at Chancery and McPike streets, San Francisco.

She had been brought to Oakland by the carpenter in his character of Mr. Hyde, who all the time, it has been learned by maintaining and keeping his other character of a Dr. Jekyll in the home of himself and Mrs. Brown at 317 Twenty-fourth street.

Upon her arrival in Oakland Mrs. Johnson was the name assumed by Kate Rowe, who took a room at 317 Eleventh street. Johnson became the nighttime name of Brown, who kept his place as a carpenter in the Veitch shops and played his part to support his own home and wife. At that time his double life began in this city.

When Mrs. Johnson fell ill a neigh-ber, Mrs. M. Moore, paid a hospital bill for her confinement. In January, 1907, the infant who is starting to death. Today Father Barry of the church of the Immaculate Conception christened the child for approaching death. The names of the two children is named Charles Johnson, now only 18 months old.

Brown was visited in the jail today by his wife, the woman called John-ny, being too ill to leave her room. He appeared in the police court this morning to answer to a charge of vagrancy and was given until tomorrow to plead. Unless either his wife or his illegitimate consort will charge him with a felony he probably cannot be prosecuted.

PLANS PREPARED FOR NEW PRIVATE HOSPITAL

Palo Altos Subscribe Funds for Erection of Modern Institution

PALO ALTO, Aug. 6.—A \$40,000 private hospital is to be established in Palo Alto and plans for the buildings are now being prepared. The hospital will be arranged for 25 beds at first and will be doubled in capacity as occasion demands.

A company has been organized with a capital stock of \$100,000 by Dr. R. C. Wilbur, Dr. T. M. Williams, Dr. H. N. Reynolds, Dr. Joseph Kirk and others and an affiliation stock has been subscribed to meet the cost of the building and its equipment.

The site selected is on the banks of San Francisco creek, in a most beau-tiful location. It is planned to have the hospital ready to open by Janu-ary.

The Students' Guild hospital, the only one here, was opened for the accommo-dation of Stanford students, and while patients from the town have been cared for, it has not sufficient room to meet the needs of the public. Then it is the hospital to remove the institution from the town to the campus as soon as money to erect a building there can be procured, despite the opposition of Mr. Stanford, for no hospital should ever be allowed on the university grounds.

ENGINEER'S QUICK WORK PREVENTS FATALITIES

Brings Train to Stop After Pebbles on Track Had De-railed Coaches

SAN RAFAEL, Aug. 6.—Passengers on the Northwestern Pacific train for San Francisco and Sausalito were se-verely shaken up near San Anselmo at 7:30 o'clock last night when the train was derailed by a road crossing in a field of pebbles on the track. That no-body was hurt was due to the prompt action of Engineer S. Spiny, who threw on the emergency brakes and brought his train to a stop after it had plowed up the ties for 300 yards. The train did not get into San Rafael until after 11. Most of the passengers hired cabs at San Anselmo and drove in the intervening three miles to San Rafael.

CANDIDATE STANDS FOR POLITICS

John W. Stetson, Anti-Machine Candidate for State Senator, Will Address Meeting

OAKLAND, Aug. 6.—The Stetson young men's republican club will hold a mass meeting Friday evening at Gier's hall, Fourteenth street, near Washington. Prominent leaders in the anti-machine campaign will address the voters of the fifteenth senatorial district in behalf of John W. Stetson's candidacy for state senator from that district.

Stetson has the support of men like Mayor Frank K. Mott and William R. Davis. He will be heard in a talk on the real issues of the fight against the machine. Stetson represents a type of the new politics, the kind of politics that was successful in Kansas yesterday, when Joseph L. Bristow, the man who purged the postoffice department of frauds, won the handsomeness of the United States senator over Chester Long, the incumbent, notoriously a member of the national machine, a link in which is the Herrin organization in California.

As assemblyman from the fiftieth district, Stetson won the confidence of his constituents by his clean record, which is free from the slightest taint of the machine. He is an independent, intelligent, and possesses the moral courage which is demanded by the people in this campaign against corrupt control of the republican party.

STETSON IS INDORSED Mayor Mott and Councilman Elliot Head Mass Meeting

OAKLAND, Aug. 6.—One of the largest mass meetings of the campaign was held last night at Fortieth street and Piedmont avenue in the interests of John W. Stetson's campaign for state senator from the fiftieth district. Mayor Mott and Councilman A. H. Elliot, Rev. A. W. Palmer, Harry Puffer, Walter B. Sawcut, Fred Turner and other prominent leaders in the good government campaign were enthusiastically received.

The addresses by the mayor and Elliot, they took the broad stand that this campaign was one to rid the state of the corrupting influences which had for so many years dominated its political life. He urged the voters to elect Stetson senator and of Puffer for assemblyman from the fiftieth district, as men who could be depended upon to vote right.

IOWA IN MOURNING FOR ITS LATE SENATOR Governor Cummins Will Attend Funeral of Hon. William B. Allison

DES MOINES, Aug. 6.—Iowa was today officially declared to be in a state of mourning for the late Senator Wil-liam B. Allison by Governor A. R. Cum-mins, who returned home from Lake Forest, where he was spending his vacation.

Governor Cummins and other state officials will go to Dubuque Saturday to attend the funeral. The funeral services having made any statement whatever regarding his plans concerning a successor to Allison, he will be in Dubuque next week. He says he made no such statement as that he would appoint a successor for the short term and be candidate himself at the next general assembly. Previously the governor had stated that in case of a vacancy in the senate, he would call a special session of the legislature. This is undoubtedly the program he will follow out. If he does this the thirty-second assembly will unquestionably elect him, as it is dominated by progressive republicans. A special session was probably called, if at all, in October.

WASHINGTON, Aug. 6.—Speaker Cannon today named 25 members of the house, including 11 Iowa congress-men, to attend the funeral of Sen. William B. Allison at Dubuque, Iowa, next Saturday. None of the committee are from states west of the Missouri river.

The delegates were elected by John H. Eshelman, former assemblyman from the district; and Chester H. Rowell, the Lincoln-Roosevelt republican league leader of Fresno. Fred W. Foss presided.

CONTACTS OF DOOR VS. SOULS OF RICH

Dr. Aylmer Harding Addresses Members of Outdoor Art League

The unsatisfied stomachs of the em-ployed poor and the unsatisfied souls of the idle rich were made the topic of a little talk addressed by Dr. Aylmer Harding to the members of the Outdoor art league of the California club yester-day. Dr. Harding represented that these two cravings could be satisfied simply and naturally by calling the at-tention of the latter to the condition of the former, and, in simple terms, letting the rich feed the poor. The members of the league, however, did not think that it was quite as easy as it sounded, and their chairman, Mrs. Lovell White, explained to Dr. Harding that their purpose was to beautify the city, to remove unpleasant signs to plant nasturtiums and erect flags, and that the plans he spoke of were nearer the work of the social sciences depart-ment.

Dr. Harding's idea was to farm out large tracts of the property into ac-riplots and let the unemployed put their spare hours into tilling the soil. He asked the women present yesterday to interest themselves in the plan, which has worked well in Eastern cities. The Outdoor art league is the first of the city's large clubs to reorganize after the midsummer vacation, and has taken up all its old work and several new undertakings with great vigor. The league has already taken steps to protect the city cemeteries as land-marks, and will also work hard for the protection of Telegraph hill. A special committee will attend to the matter of finding a street to be named for Admiral Dupont, whose name was removed from the street that once bore it several weeks ago. The street once known as Dupont has been named Grant avenue, of which it was a part from Market street to the bay.
