

MAKES JOHNSON TO SUCCEED HIMSELF

Minnesota Democrats Renominate Incumbent Despite His Declination

State Convention Is Stampeded by Mention of Executive Who Withholds Decision

MINNEAPOLIS, Aug. 19.—Governor John A. Johnson was renominated for governor by the democratic state convention today. Following the mention of his name by Mayor Lawler of St. Paul the convention stampeded for Johnson. A wild demerol ensued and continued 54 minutes. Standards were waved and the delegates, headed by a brass band, marched through the hall. A messenger was sent to notify the governor by telephone. The convention insisted that Johnson's declaration that he would not run again.

Owing to the unsettled condition of the minds of the delegates at the opening of the convention regarding the entire ticket it was decided that a committee to be composed of one member from each judicial district make recommendations for the filling of all places on the ticket except that of governor. The following recommendations were made by this committee and adopted by the convention: Lieutenant governor, Julius J. Reiter of Rochester; secretary of state, Richard T. Lamb of Clayton; state treasurer, Henry P. Nelson of Hibbing; attorney general, M. G. Matthews of Marshall; railway and warehouse commissioners—Hans P. Bjorge of Ottertal county; Robert Nee of Rice county.

ST. PAUL, Aug. 19.—When asked tonight if he would accept the nomination, Governor Johnson said: "I have not been officially notified of my nomination, so I have nothing to say."

TAFT TO TALK ON TRUSTS

Speech to Virginia Republicans Will Expound Policy

HOT SPRINGS, Va., Aug. 19.—Judge Taft has put the finishing touches on his speech to the Virginia republicans, after devoting practically the whole day to the work. The speech, according to a statement by Arthur I. Vorys, is not a reply to Bryan's notification utterances, but rather an exposition of the records of the republican and democratic parties in their practical work toward control of trusts and monopolies abuses. From this comparison, said Vorys, Taft draws the conclusion that southern republicans have a very effective slogan with which to go after the independent vote of the south. The speech, which contains approximately 5,000 words, will be delivered Friday afternoon to several trainloads of excursionists.

SAYS WRIGHT'S AIRSHIP LACKS VALUE FOR TRADE

PARIS, Aug. 19.—Gabriel Voisin, a local manufacturer of aeroplanes, was interviewed today regarding the aeroplane being used by Wilbur Wright near Lens. The Frenchman said the Wright machine was an admirable thing, but not useful practically or commercially, chiefly because of its great size, which does not permit it to make turns in a limited area and because the utmost dexterity is required for its control.

French Aeroplane Manufacturer Sees No Commercial Use in Machine

M. Voisin is of the opinion that the success of the French triplanes will be found in their stability. He expects soon to complete a 60 horsepower aeroplane for Henry Farman, which will fly 60 miles.

NEGROES QUAIL AS TROOPS LEAVE

Withdrawal of Springfield Regiments Brings New Exodus of Blacks

Threatening Anonymous Letters Menace Lives of Officials and Merchants

SPRINGFIELD, Ill., Aug. 19.—Only two regiments of state troops will be left in Springfield tomorrow night. At a conference in the governor's office tonight it was decided to release the Second Infantry from riot duty in addition to the Third and Fifth regiments, whose departure has been scheduled to follow the release of the First and Fourth regiments today. The troops which will remain on guard here will be the Seventh Infantry and eight troops of the First cavalry.

Fear and terror prevailed in the homes of the negroes tonight. The departure of the soldiers caused consternation among the colored residents. "The mob will be here sure if those soldiers go away," they said, and delegations were hastily organized and sent to the state, county and city officials to protest against a relaxation of the military regime. The authorities' efforts to quiet this fear were only partially successful, and in many a humble home there was no sleep before dawn.

Scores of the terror stricken blacks sought refuge in the arsenal. Early in the evening almost twice as many applications for shelter had been received there as on previous nights and about 300 negroes curled up in the corners of the balcony, sleeping on the floor or curled up in chairs.

The exodus of negroes, which had begun to abate, was renewed.

Threatening anonymous letters which began to arrive at the offices of officials as soon as the repressive measures began increased in number today. No attention has been paid to these missives, but several merchants who have received similar communications are beginning to feel alarmed.

The finding of the jury impaneled by Coroner William Woodruff to investigate the death of Scott Burton, the negro victim of last Friday night's mob, falls to point the finger of guilt at any single person or persons.

Plans were also completed tonight for the delivery to the civil authorities of Joseph B. Klein, the Chicago private of Company A, First Infantry, who stabbed Earl Nelson with a bayonet at Kankakee while the regiment was en route to Springfield.

ADOLPH GREENINGER IS PARALYZED IN COURT

Politician Stricken While Testifying Against Former Secretary of Hayes Brothers

SAN JOSE, Aug. 19.—Adolph Greeninger, one of the most prominent politicians in Santa Clara county and candidate for the primary election, was perhaps stricken with paralysis this morning while on the witness stand in Justice Wallace's court testifying against A. H. Michener, former private secretary of the Hayes brothers, who is accused of stealing ballots from the ballot box in the second supervisorial district. Greeninger was removed to his home at 295 Orchard street, and there is little hope for his recovery.

Dr. Holbrook and Dr. Simpson, who examined Greeninger, stated that his condition was probably caused by a clot on the brain, due to the intense excitement of the trial.

A. H. Michener served as an election official at precinct 10 in the primary election, and Frank Garhard suddenly accused him of stealing votes from the ballot box.

Greeninger was replying to interrogations as to a conversation with Garhard when he was suddenly stricken speechless.

DUTCH PREPARE TO FIGHT CASTRO

Netherlands Government Plans to Back Up Ultimatum With Warships

National Honor Is Considered Involved in Venezuelan Controversy

THE HAGUE, Aug. 19.—The Netherlands government will rush all necessary preparations in order to be ready to support an ultimatum should it be decided to forward one to President Castro of Venezuela. Work will be rushed night and day at the naval dockyards to complete the preparations needed by the warships, so that they will be in readiness to reinforce the vessels now in the Caribbean by the end of next month.

In the event of warlike measures it is understood there will first be a naval demonstration off La Guaira. Subsequent action will depend upon the result of this course. M. de Reus is expected here about August 24.

The Netherlands cabinet, although it has outlined tentatively a general plan of procedure, has decided to await the arrival of M. de Reus, the minister of foreign affairs, who has been received before coming to a definite conclusion, and it will not take the offensive unless compelled to do so by Venezuela.

QUESTION OF HONOR

After a nine hour session, during which the dispute between The Netherlands and Venezuela was canvassed exhaustively in all its phases, the cabinet dispersed shortly after midnight last night, and Minister of Foreign Affairs Van Swinderen proceeded to the royal chateau at Het Loo to acquaint Queen Wilhelmina with the result of the council.

The terms of The Netherlands as to the letter of President Castro of Venezuela were fully discussed, and it is understood that the actual text as well as broad lines of action drawn up to meet any possible eventualities were agreed upon.

In diplomatic circles here the view is entertained that the present difficulty between Holland and Venezuela is not of a nature to be settled by arbitration, and in explanation it is pointed out that the dispute is not of a private commercial character like the difficulties that have arisen between Venezuela and Germany or America.

In these cases the governments in question sought satisfaction for claims, but Holland has no claim on Venezuela. It is maintained that the present question is rather one of national honor, a matter which is not so susceptible of solution by arbitration.

ART ASSOCIATION GETS COLLECTION

Court Awards Treasures of Late Emanuel Walter to Legal Institution

NEW YORK, Aug. 19.—By a decision handed down in the supreme court by Justice Bischoff the Emanuel Walter art collection is awarded to the San Francisco art association, affiliated with the Mark Hopkins institute of art, the claim of the complainants in the case, the Golden Gate park museum, to the collection being disallowed.

The suit was over the construction of the will of Mr. Walter, who died in 1905, leaving his valuable collection of paintings, ivories, bric-a-brac, etc., to the art museum of San Francisco. There is no institution of that particular name in San Francisco, and two claimants to the collection appeared—the institutions above named.

Walter left the Pacific coast in 1904. At that time, it appears, the Golden Gate park museum was not in existence, and Judge Bischoff in his opinion held that there was no evidence to show that Walter ever knew of the founding of that institution. It is held, therefore, that the bequest was intended for the Mark Hopkins institute, with which, it was established, the testator was well acquainted.

A clause in the Walter will forming a 50 year trust fund from his residuary estate is held invalid.
