

then? This attempt to shove the responsibility for the action of the association upon the general membership is wrong. The resolution upon which the ballot has been put is not a template secrecy. Such an action would be totally abhorrent to the true policy of the bar association. A postal card vote would open the door to endless tampering and manipulation.

APPEAL OF CANVASSERS

Timothy J. Lyons replied hotly, declaring that none of the men proposed was objectionable to him. Charles F. Hanlon replied to Lyons, saying that a postal ballot would permit all the members to be imperturbed by canvassers sent out by interested public service corporations. J. J. Dwyer said that the active members of the association should come to a meeting should have the deciding voice in all affairs of the organization.

Francis J. Henny then took the floor in opposition to the postal ballot. He declared that his own firm's auditors were all interested directly in the purity of the ballot.

"This meeting is important to us," he said, "for the public expects us to name the ballot. We must not let the public think that we are not the most important thing about this meeting. We should realize that it is important that we should have a fair and right kind of public opinion among lawyers. Henny urged an open ballot.

"I am ready to cast my ballot in the open," he declared, "and so are many of the others who should be. I think we ought to vote every one of us by our names as they are called, so that the public may know who is favoring and who is disapproving of the candidates we endorse. If we do not do this I am sure that the public will have much use for what we say about the candidates, for the public is suspicious, and rightly so, of the public service corporations, whom we all know have an interest in who goes on the superior bench.

"I tell you that if the bar association does this, you gentlemen here who have no powerful corporation backers go into court and have an equal chance with the public who have a corporation behind him. If you do not—if you ballot in secret—you will not."

J. S. Reid said that he gave his sympathy to the views of Henny, but for himself thought that the public would have an expression to his views candidly his clients would suffer in the courts of those judges he might oppose.

BALLOTING IS BEGUN

It was finally decided to proceed to balloting, and this was then carried out in the presence of a joint motion by Robert Harrison and Francis J. Henny, which provided for the ballot by the members present.

Prominent among those who blockaded efforts to get an open vote on the issue were J. J. Dwyer, Eugene de Sahla's defense staff; Joseph Mayer, who represented Patrick Calhoun, and the three members of the firm of Heller, Egan & Hirshman, attorneys for the Union trust.

Those present were as follows: D. E. Alexander, Philip Bancroft, E. J. Baumgardner, P. L. Benjamin, P. A. Berger, J. J. Blythe, J. H. Brady, H. H. Brandenstein, James S. Brennan, W. L. Brobeck, L. I. Injections of Bacillus Cultures Credited With Ending Ravages of Disease

WELLINGTON, New Zealand, Oct. 2.—Interest not unshared with apprehension has been aroused here by the discharge of a Maori patient from the leper station with a clean bill of health. He was at the station only 11 months.

The chief health officer, Dr. Mason, has been assured that the patient was cured by injections of bacilli. This treatment is the discovery of Prof. Debye Passa, director of the Imperial medical school of Constantinople, and Richard Bay, a physician of the same institution. Dr. Mason says that other patients treated by this system have shown great improvement.

WILLIAMS IGNORES DEMOCRATIC HOBBY

Massachusetts Orator Refrains From Mentioning Bryan's Remedy for Panics

George Fred Williams, the Massachusetts orator, told the democrats of this city last night that the republican party was responsible for the panic of last fall. Dwellling on that financial crisis, he prepared to give the league a place on the official ballot for the names of Judge Dunne and the four other non-partisan candidates for the superior bench.

The law requires 1,742 signatures of voters who did not participate in a primary election, but Zemansky has already found 1,800 voters so qualified as signers of the petition.

These names were all in the first petition folder. A second lot of affidavits to the number of 2,670 were delivered to the registrar yesterday afternoon by the league. The registrar, however, has denied the names of citizens qualified legally to sign makes all attacks upon the validity of the petition futile.

The Sullivan and Charles H. Forbes are, nevertheless, continuing their fight against Judge Dunne, and Forbes stated yesterday that he had discovered that 6 out of the 42 verification deputies employed to secure signatures were not registered voters as required by law.

"We are fighting the good government league not for this year, but for next year," declares Forbes, significantly.

The objections raised by Forbes' letter, said Zemansky yesterday, "are legal in their nature. It was not necessary for the league to put the names of a governing committee on the affidavits, and the fact that in so doing the registrar has refused to register strictly adhered to will not invalidate the petition. Neither will the fact that the signers did not take the oath. In signing any legal paper before a notary a man in this state is not to have to swear; he need only affirm."

"This attack upon our petition will mean thousands of votes for us," was the only reply to the Forbes letter forthcoming from the good government league headquarters yesterday.

In order to give voters who have changed their residence since registration an opportunity to correct their registration, the office of the registrar will be open on October 5 and 7. The office will be open on Thursday, October 8, from 8:30 in the morning until midnight.

Voters who move after today will not be qualified to vote in the primary election, as they will be unable to acquire the legal residence of 30 days in their new precincts.

CASEY GETS HIS REVENGE

President of Board of Works Scores Against Democrats

Michael Casey, president of the board of public works, has obtained one bit of revenge against the politicians who are aiming their daggers at him. He scored against the Bell democrats of the thirty-sixth district.

The democratic club of the thirty-sixth district, which was organized for the purpose of opposing the union labor party would choose a candidate for the assembly, whom the democrats could defeat. They had the promise from the same source that if, on the other hand, the democrats had a favorite nominee, they would give the union labor party would accept him.

Casey could promise this much safely, because he had secured the support of the thirty-sixth district club, which was organized for the purpose of opposing the union labor party would accept him.

Registrar Finds Enough Qualified Signers to Petition of Good Government League

Examination of the good government league petition having shown that 86 1/2 per cent of the signers, or a total of more than 1,742, were qualified to make a valid petition, the registrar is prepared to give the league a place on the official ballot for the names of Judge Dunne and the four other non-partisan candidates for the superior bench.

SUFFRAGISTS DROP HUSBAND'S NAMES

Delegates to California League Convention Show Displeasure at Lack of Recognition

Women's wrongs and rights, and the most effective methods of dealing with them both, formed the subject for three splendid programs yesterday, when the members of the California Equal Suffrage league met for their annual convention in the California club hall, Morning, afternoon and evening were devoted to discussion of the various phases of the problem. Everything indicated yesterday that the delegates who gathered in convention had determined to assert their independence, even in minor matters. No matron was anything but her own Christian name, by special request dropping her husband's surname for the time being, yellow badges and equal suffrage literature were in evidence everywhere, and even the nation's flag had been sternly denuded of the stars that stand for those states that still deny women the ballot, and the blue ground could boast of only four stars. Much applause was ready for Albert Elliot when he spoke of man as the "king of beasts," and some laughter greeted Mrs. Nellie Blessing Eyster's poetical summary of the present situation, "when only one's name is on the list, the woman who nourish two"; but for the most part the day was a serious one and much actual hard work was accomplished.

The law requires 1,742 signatures of voters who did not participate in a primary election, but Zemansky has already found 1,800 voters so qualified as signers of the petition.

REPUBLICAN TREASURER IS ATTACKED BY MACK

National Democratic Chairman Alleges Sheldon Has Connections With Trusts

NEW YORK, Oct. 2.—National Chairman Mack today made an attack upon the corporation affiliations of George R. Sheldon, treasurer of the republican national committee, charging that Mr. Sheldon is at this time connected with no less than 17 financial companies.

Mack made the following statement: "The trust and corporation affiliations of George R. Sheldon, treasurer of the republican national committee for the last 10 years, make interesting reading in view of the recent developments in the financial world."

"I wish to recall in this connection that in 1902 I refused to permit the party leaders to put Sheldon in nomination for lieutenant governor of Oregon at that time declared that he would not accept the nomination for head of the state treasury if Sheldon were named as his running mate. But while the republican party has refused to do so, Sheldon has for a public office, selected for the identical reasons for this refusal, selected him for its campaign fund collector."

This can not be denied. Most of the corporations with which Sheldon is identified are capitalized for millions. How much of their stock is of the liquid variety can be easily ascertained. Yet Roosevelt has defended him and his resignation was not demanded when Duport was invited to step down and out. Duport was only identified with the "waterbury" trust. Sheldon is ultimately identified with no less than 17 prominent financial concerns.

The corporation named by Mr. Mack include railway, industrial and financial concerns here and elsewhere. Chairman Hitchcock of the republican national committee was shown Sheldon's list of connections with the trust, Sheldon, but declined to make any statement. Mr. Sheldon said the statement did not contain anything to which he desired to make answer.

TAFT OBJECTS TO GOMPERS' ATTITUDE

Republican Nominee Complains That Labor Leader Opposes the Workman's Friend

DENVER, Oct. 2.—In the same building—the Denver Auditorium—in which William J. Bryan was nominated for the presidency last July, William H. Taft tonight addressed a tremendous throng, setting forth reasons and arguments why the Nebraskan should not be elected.

Taft's entry into Denver was under most inspiring political conditions. The streets were profusely illuminated and had not been so densely populated since the democratic convention departed.

Taft's language on the labor question has been decidedly vigorous and positive today. Here are some of his remarks: "This thing of Gompers having the labor vote in his pocket and of the labor men selling the nation's flag is something that I complain of. Labor men ought to look at the record and see which party is doing the best for them. If you will examine the legislative record you will find no line in the federal statute books that was put there by the democratic party."

Gompers attacks me on the ground that I am an enemy of labor. I deny it. I was a judge on the bench and decided the cases that came before me as the law and the evidence required, and I am not making apology for a single decision.

But what I complain of is this wild jangling and misrepresentation of a man who claims to be a friend of labor. He is in favor of labor.

The foregoing quotations are excerpts from the numerous speeches Taft delivered today on his trip from Omaha to Denver. He returned eastward tonight and will reach Topeka tomorrow.

DUKE ASSURED OF CHIEF'S CONFIDENCE

Biggy Requires More Than Tierney's Uncorroborated Word to Discredit Captain

"If anything further comes of the charges made against Captain Duke it will be after Matt Tierney has preferred a formal complaint with the police commissioners. I doubt if he will do this. Meanwhile the accused captain enjoys the confidence of the commissioners and myself. Something better than the uncorroborated statement of a man like Tierney is required to destroy the reputation of a man of Captain Duke's standing in this department."

This statement was made by Chief Biggy last night while discussing the day's developments in the previous night's sensational accusations made by Tierney that Captain Duke had attempted to extort \$10,000 from him in exchange for an indorsement of a petition for a saloon license. As a matter of fact, there were few developments in the case yesterday. Tierney, although somewhat blustering, failed to come forward with any further evidence in support of his charges and he gave no assurance that he would file a formal complaint with the police commission.

Biggy's abandonment of the case was not unexpected. Tierney, although somewhat blustering, failed to come forward with any further evidence in support of his charges and he gave no assurance that he would file a formal complaint with the police commission.
