DEATH KNELL FOR SECRET SOCIETIES

Recommendation for Entrance to University to Be Refused Members of Organizations

Death Knell of Secret Societies in Berkeley High Sounded by Authorities

BERKELEY, Oct. 14.—The most crushing blow in the history of the fight of the local board of education of this city against the high school secret societies was delivered last night by the board, when by resolution a rule was adopted that, after November 24, any member of a secret society would be refused his recommendations for entrance into the University of California. The ruling of the board is the final effort for the abolition of the secret societies and fraternities and the secret societies members feel that the death knell of these organizations has been rung. For the last year, since the ruling of the board against the secret societies, the warfare has been waged with only partial success. Formal resignations were made from the fraternities by students to allow them to partake in school activities, but the resignations were conceded by all to be a makeshift over which the board had little control, as there was no way of determining the truth of the resignation.

The resolutions of the board follow: Whereas, on account of the standing of the local high school of the University of California has extended to it the privilege of exemption from examination of such students as are recommended by the principal; Resolved, that the principal be requested to refuse to any student who is a member of a secret society or who bears the name of the Berkeley high school or comprised largely of its students, or to any one who has joined such organization, the privilege of adoption of this resolution, or who shall remain a member of such organization after November 24, 1908, his recommendation to enter the University of California.

MARE ISLAND WORK TO BE CONSIDERED AT HOME WEDDING

Estimates for Deepening Approaches to Navy Yard Will Be Submitted

WASHINGTON, Oct. 14.—Estimates are to be submitted to congress at the coming session in accordance with the recommendations made in the report of the board appointed by the California Promotion committee and the San Jose chamber of commerce, transmitting representations from California commercial bodies in favor of deepening the channel at Mare island and providing facilities for docking and repairing a battleship fleet there. The secretary says:

"A contract has been awarded for a new dock at Bremerton large enough to dock the largest battleships. The new dock at Mare island, it is expected, will be finished in a few months. Congress last year appropriated \$1,000,000 toward the establishment of a naval base at Pearl harbor, Hawaii, among the items being a drydock to cost \$2,000,000, for which \$300,000 was appropriated and entered into the budget will be asked for this year. The Mare island yard stands third among the navy yards of the United States in the amount of work done and the value of repairs."

SUFFRAGETTES DRAW BIG CROWD TO COURT

Fair Defendants Cry 'Down With Asquith' and Go to Jail

LONDON, Oct. 14.—A great crowd surrounded the Bow street police court this morning when the woman suffragettes and the men without work who had been arrested during the demonstration were arraigned. In the throng were many women wearing badges with the words "Vote for women." The three leaders, Mrs. Drummond, Mrs. Pankhurst and Miss Crustabel Pankhurst, demanded a trial by jury. Their cases were postponed until October 21. Police Superintendent Wells testified that the traffic had been disorganized for four hours and that eight persons had been injured by the demonstrators. Miss Pankhurst acted as attorney for Mrs. Drummond and Mrs. Pankhurst. Mrs. Drummond examined Superintendent Wells, who testified that the demonstrators were expected to give bond for their good behavior with the alternative of imprisonment for from one to two months. As on previous occasions, the women elected to go to jail. When one of them was offered her freedom on her personal recognizance she said to the presiding magistrate:

"You don't get any of my money. I will go to jail with 'Down with Asquith.'"

Another declared that she had not obstructed the court, far from it. It was the police who had obstructed her.

In a fast game of baseball played yesterday afternoon the professors composing the faculty nine administered defeat to the freshmen players by the score of 3 to 1. The teachers proved as invincible upon the diamond as in the classrooms and were present with a heavy weight at the right period. The first year men were unable to connect with the offerings of Professor Whittaker, who slabbled for the faculty. Gillilan twirled for the freshmen and was pounded for an even eight hits.

OAKLAND, Oct. 14.—John Edward Hall and Miss Enid Lawton were married this evening at the residence of the bride's grandmother, Mrs. David Wilcox, in Vernon heights. The drawing room was transformed into a bower of blossoms, long stemmed Japanese tiger lilies caught with streamers of white tulle making the background for the young bride, who was unattended except by her mother, Mrs. C. L. Weidner.

Miss Lawton wore a robe of embroidered mull made after the princess model, with lace motifs as decoration. The filmy veil fell to the hem of the skirt. A wreath of orange blossoms fastened to the hair.

The marriage service was read by Rev. Alexander Allen, rector of St. Paul's Episcopal church, in the presence of the members of the immediate families.

NEW HEARING GRANTED CONVICTED MURDERER

Supreme Court Oral Arguments in Case of Notal Ledoux Trunk Mystery

STOCKTON, Oct. 14.—Much interest has been revived in the Emma Ledoux case, the famous trunk murder mystery affair which startled the country about three years ago. The supreme court has issued an order resubmitting the case for oral argument before justices of the supreme court sitting in bank at Sacramento. No time as yet has been placed for the hearing of the arguments. The death of the late Justice McFarland made it necessary that the case be resubmitted in this manner. Attorney C. H. Fairall of San Francisco defended the murderer and, though sentenced to be hanged more than three years ago, the convicted woman is in the local jail.

When the news was given her of the action of the supreme court, Mrs. Ledoux, evidence in her case, but voiced no sentiments in connection with her fight for life. During the hearing of the case Judge Nutter ruled on over 3,000 exceptions and the contest in the superior court was bitterly waged.

DR. GILMAN'S DEATH GRIEVES EDUCATORS

University Faculty Expresses Sorrow for Sudden End of Institution's Former Head

Left Yale to Become President of State College After Removal to Berkeley

BERKELEY, Oct. 14.—The news of the death of Dr. Daniel C. Gilman has been received with great sorrow by the faculty of the state university. A few professors still remain who were members of the teaching force during Dr. Gilman's regime as president of the institution. Several messages of condolence were sent today to Mrs. Gilman at Norwich, Conn., where the well known educator died suddenly while visiting with his sisters.

Gilman was the first president of the university after its removal to Berkeley. He entered upon his duties in 1872 and resigned in 1875 to accept a call from the trustees of the Johns Hopkins fund, which he founded Johns Hopkins university.

Although Dr. Gilman gave the college the foundation upon which the big institution of today was built his administration was a stormy one. He incurred the enmity of the Farmers' Organ and other organizations throughout the state, but he acted for what he regarded as the best interests of the university.

The first clash came in the agricultural department, over which Prof. E. S. Carr presided. Carr enjoyed great popularity with the Grange, but he failed to give his department the breadth that Dr. Gilman regarded as essential. He asked Carr to resign and when the professor declined Dr. Gilman summarily removed him.

Captain Brisko and Chief Engineer Charles Smith received burns about the face and hands, but were able to remain at their posts until the boat was docked here.

FRAUD CHARGED BY SUSPENDED PATRON

Grand Chapter Arrested for Taking Funds

Principal Defendant Declares Complaint Based Upon Use of Great Seal

OAKLAND, Oct. 14.—As a result of what members of the order allege is a political fight between R. J. Fletcher, suspended grand patron of the grand chapter of the Order of Eastern Star (negro) and J. S. Hutton, his temporary successor, warrants have been issued for the arrest of Hutton; M. E. Rivers, grand treasurer, and Francis Terrill, grand secretary, on the charge of obtaining money under false pretenses from the treasury of the grand chapter. The warrants were sworn out in Sacramento and Hutton was arrested in Oakland today by Detective Kyle. Rivers and Terrill have not yet been arrested, but they notified the police that they would appear at headquarters tomorrow morning with bondsmen. Hutton was released on \$100 bail.

According to the story which Hutton told the police, Fletcher has fought his suspension from the position of grand patron and has always disputed Hutton's right to occupy the place. He declares that the complaint, which was sworn to by Fletcher, was based on the fact that Hutton, Rivers and Terrill were not members of the order. Hutton drew \$17 from the bank in which the treasury funds were deposited, Fletcher contends that no one except himself was authorized to use the grand seal. Hutton, Rivers and Terrill will be taken back to Sacramento to face the charges.

ROADS WILL NOT MAKE HIGH RATES

Maximum Freight Charges on Lumber Will Not Be Enforced in Pacific Northwest

SEATTLE, Oct. 14.—Railroads hauling lumber to points in Montana, southern Idaho and via the Silver Bow gateway to Utah will not charge the maximum rate allowed by the interstate commission in its amended order of September 2, according to the new tariff, which was received here this afternoon. Instead of charging a differential of 10 cents on cedar shingles and long timbers to this territory, carriers will quote a 5 cent differential. This makes a rate of 40 cents to Butte and points in that classification an advance of 5 cents over the original rate. The new rate is the same as the roads undertook to put into effect, but which was enjoined by the federal court at Seattle on November 1.

The transcontinental tariffs have not been received here by either carriers or shippers, although the commission's rates become effective in the morning. Carriers have instructed agents to quote the commission's rates, but these are indefinite except to the principal points, such as Chicago, St. Paul, Kansas City, Pembina, Duluth and a few other points. Intermediate rates are not known.
