

# Stover Campaign Prepare for Season: Locomobile Establishes Record: Fair Play Will Be Shipped to England: Boer Insists There Will Be No Question of Soul

## Stover Campaign With Big String

Will Have Thirty-four Horses in Training for the Winter

Meeting

By J. R. Jeffery

Harry Stover of Petaluma put in an appearance at Emeryville yesterday for the first time since his return to California from England, where he managed the summer meeting of 63 days at Butte and a short fall meeting at Anacosta. Stover was feeling none too well when he reached California a fortnight ago, but his health has improved materially with the change of climate. He expects to give a meeting at Butte next summer that will be even more successful than the one recently held. Pursued with increased and other means does not attract good horses. Stover does not anticipate that there will be any legislation for a year with the sport in Montana, although there has been some slight agitation. Reports that have been received here to the effect that an opposition track might be built at Butte are declared by Stover to be without foundation in fact.

Stover was starting fifty horses in training here this winter. Twenty-two of them will be yearlings, and the decision of the state board at Tanforan by Joe Shields for the juvenile races of 1909. Three of the yearlings are by Edinborough, one is by Kenilworth and the last named stallion has been retired to the stud for good after having been used for a season. Stover thinks that his yearlings will turn out better this winter than in past seasons as he has had a large number of highly tried youngsters in the band. He has 58 sucklings at Kenilworth stock farm this fall.

Stover obtained stalls within the Emeryville inclosure for Shenandoah, George F. McNear, Herodotus, Goldena, Nestle, Son, Evesham, and several others. Full John A. Mallon, Lukeramus, Bonilla and Black Hand. These 12 horses, all of which were raced during the summer in Montana, will be shipped to Emeryville by the steamer "The El Cerita" and will be released by John Ellerd at Butte, is now in Stover's employ and will do his riding this winter.

Trainer Andy Blakely notified Secretary Trent yesterday that the horses with which he will leave for California will include Samuel Emery's Arace, Erbet, Harry Rogers, Blue Heron and Irish Lady Mrs. M. G. Linn. A 2-year-old filly by Watercrest, colored and bred by the late George L. Linn, was sold by Meddler. This will make a stable that should win many races at Emeryville this winter.

Charles Ellison did not himself accompany his horses to the coast yesterday. The equipment in charge of Trainer Stroobler, while he stopped off at his home in Chicago for a few days, will be in charge of the horses. The Royal Tourist, Westbury and a yearling made up the list of the horses that Stroobler took to California. The horses were turned out in Kentucky will come to the coast later on to strengthen the stable. The horses will reach and reach their destination in good condition.

The next few days will see the addition of about 200 horses to the ranks of those in training at the Emeryville track. The Forsythe stable in Missouri will be here on Wednesday. In addition to the horses from New York about Saturday, two cardinals from Barney Schebler's farm in Missouri will be here on Wednesday. The horses from the latter stable will be shipped to the track from Arcadia. The horses from the latter stable will be shipped to the track from Arcadia.

Starter Dick Dwyer returned to San Francisco yesterday from a second excursion to the springs. He is expected to be back in California from the opening of the season until about the first of January, when he will exchange places with Tommie McMillan, who will open the season at Arcadia.

Gowan, the fill that has been racing so well over a distance of ground at New York, will be mounted for all the long distance stakes at Emeryville and California. He was a visitor at Emeryville yesterday and opened negotiations with S. C. Hildreth for a couple of likely yearlings.

T. F. Williams is expected to reach San Francisco on his return from the east next Sunday. Henry Spencer, who is now in Europe, will return to America and visit California this season, according to a letter recently received.

Herbert Brandt has arrived at Arcadia with Jack Atkin, Deutschland and other horses that he will train for Barney Schebler. He also has several horses that he will train for Schebler at Santa Anita, including Chappitepec and Harigana.

Joe Gilbert is riding so well in the east that the critics, who were roasting him not long ago, are now praising him. He is now riding so well in the east that the critics, who were roasting him not long ago, are now praising him.

Joe Henry Smith, who colored boy who was seriously injured in the mixup for which Eddie Dugan was held responsible, is rapidly recovering from the effects of his injuries. He is counting on coming to the coast with some prominent stable if he can get an engagement.

Trainer Kim Patterson is on the way from New York to Arcadia with a string of useful horses. Edward Trotter fears that he may be obliged to turn out his good horse Peter Sterling for the winter. The skin disease will be himself afflicted last winter is still affecting the horse and Trotter is going to be very cautious before he faces the barrier, in any event. Willie Green, another of Trotter's horses, was in such condition from a similar ailment that he was left at Seattle to recuperate during the winter. He is now in such condition that he is in shape for a campaign next summer.

L. F. King's Colera is likely to be a useful horse here this winter. Colera looks and acts better than he has for a long time. He was once capable of beating half-bred and other wise ones are looking for him to show a return of his good form this season.

The entire stable of Frank J. Kirkpatrick, consisting of 18 trotters and pacers with records and useful trials from 2:11 to 2:29, will be sold at Chase's Monday evening, October 26.

Logistilla will be run in selling races this winter, as Trainer Hoag has become convinced that it will be very difficult for her to win any more kind of races. Two years ago Logistilla ran as favorite in the opening hand-icap, in which she was meeting the best horses in training on the coast. She has developed a sour, sulky disposition in the meantime, and is anything but a reliable performer nowadays.

## Empire City Selections

BY NEW YORK TELEGRAPH  
First race—Burger, Black Mary, H. Knowlton.  
Second race—Erbet, Summer Night, Spellbound.  
Third race—Dolly Spanker, Goldconda, Enticing.  
Fourth race—King Cobalt, Spomer, Arace.  
Fifth race—Montfort, Gretta Green, Tiling.  
Sixth race—Royal Captive, Simcoo, Killereen.

## Latonia Selections

BY NEW YORK TELEGRAPH  
First race—Splendida, Pink Linen, Malcoon.  
Second race—Edward I, Home-run, Jolly.  
Third race—Snake Mary, Molly Montrose, Grande Dam.  
Fourth race—Colloquy, Berwick, Lens.  
Fifth race—Zienap, Lady Esther, Ter H.  
Sixth race—Washakie, Palemon, Branca.

## Fair Play Will Be Sent to England

SPECIAL DISPATCH TO THE CALL  
NEW YORK, Oct. 19.—Fair Play, the greatest 3 year old colt of the season, with the exception of Colin, will be shipped to England on Saturday. He will not be raced during the early part of next year, but will be reserved for the long races, which begin in mid-season.

The big son of Hastings is the best long distance horse, turfmen say, ever shipped to England. In spite of his defeat on Saturday he is regarded as the ideal "cup" horse. If he receives the ideal equitable treatment from the handicapper in England, he will be a dangerous horse in the \$50,000 races at the Goodwood and Ascot meetings.

There are at each place for which August Belmont will enter his horse. Morris Mitchell, manager of Perry Mastaine, has an offer from Sacramento to pit his fighter against Theodore Van Baskirk, the Marylander. Mitchell is going ahead with the arrangements and the chances are that he will match his own fighter with the Marylander. Mastaine's manager is now awaiting the arrival of the articles of agreement, and when they arrive, if the terms are suitable, he will sign them.

Morris Lee came down from his fruit farm in Sonoma county yesterday. The former promoter was along the line for a few breezy moments and chatted in the same old way.

Odds of 10 to 9 were offered at Corbett's last night on the chances of both Thompson and Murphy. The odds were 10 to 9 on Thompson and 10 to 9 on Murphy. The odds were 10 to 9 on Thompson and 10 to 9 on Murphy.

New Yorkers will get a chance to see Packer fight against the former champion. Packer is going to fight against the former champion. Packer is going to fight against the former champion.

Philadelphia Jack O'Brien and Sam Langford have been matched by the promoters of the National Athletic Club. Philadelphia Jack O'Brien and Sam Langford have been matched by the promoters of the National Athletic Club.

Should O'Brien turn out a victor over Langford it will make a pretty ring tangle. Since his notorious confession O'Brien has been in very bad odor with fight fans throughout the country. He has pleaded, implored, begged and entreated the promoter to let him have another chance.

At one time O'Brien addressed numerous letters to San Francisco promoters and there was even talk of his coming to the city. He will be better positioned to make demands on some of the present boxers who are holding him off with the color line argument.

However, should O'Brien beat Langford he will be in line for recognition. Black and his record, he is deserving of some credit in having the hardhood to take on Langford, a man whom the other fighters in his class have dodged. Although O'Brien has set himself a difficult task, he has shown judgment in matching himself with Langford, for a victor over the terrible black man will put Jack in a position to get back in the game.

FIGHT POSTPONED  
Freddie Weeks and Ad Wolgast Disagree Over Weight  
LOS ANGELES, Oct. 19.—The 25 round fight between Freddie Weeks of Cripple Creek and Ad Wolgast of Milwaukee, which was originally scheduled for Saturday afternoon, October 17, but which was postponed yesterday on account of rain, will not be fought because of a disagreement as to the weight. The two men weighed in Saturday at the feather weight limit, 122 pounds, but when the fight was postponed it was announced that they would fight today at catch weights. As this would give Wolgast several pounds advantage, Weeks refused to agree and the men, failing to reach an agreement, the bout was definitely called off.

RESULTS OF UKIAH RACES  
UKIAH, Oct. 19.—Results:  
First race, trotting, three in five—Gertie R. won, Lady second, Best time, 2:20.4.  
Second race, four furlongs—Hale public won, Abby Chieta second, Wilma third, time, 1:52.  
Third race, two furlongs—Ronald won, Abs L. second, Emeline third, time, 24.  
Fourth race, four and a half furlongs—Bester won, Tranky second, Clara third, time, 3:38.

## Powell-Murphy With-out a Referee

Unholz Insists Thompson Be Properly Protected for Fight

By T. P. Magilligan

Although the referee for the Unholz-Thompson fight has been selected in the person of Jack Murphy and Powell factions have not yet hit on the man that will be the arbiter of their will.

There was to be a meeting last night for this purpose, but the Powell interests did not show up. Match Maker Lercari suggested several names, the most prominent among them being Billy Koche and Sol Levinson. Lercari did not understand that Ed Nolin, manager for Murphy, had no objections to Roche, but he had not seen Powell and did not know the latter's feelings on the matter. The respective managers of Powell and Murphy will throw out the question of the referee at The Hague tonight.

Thompson's manager and Unholz representative will also meet at the same place this evening and will post forfeits for weight and sign articles of agreement.

Boer Unholz delivered himself of an ultimatum after his day's work at Alameda yesterday when he declared that he would not only insist that Thompson make the stipulated weight, but that he would accept no injury from a slight accidental blow when the pair look up here the latter part of the month.

"When I fought the Cyclone in Ogden," said Unholz, "he wore no protector, and while the blow I struck made me feel as if I was in a cutting force, had he been properly protected, to have inflicted any injury. When I fight Thompson here he must wear the proper sort of protector. I do not want him to lay himself liable to a foul. I was beating him to a pulp the last time we met, when he managed to get fouled by the referee's doubtful decision over me. There shall be none of that this time, and I'm going to beat Mr. Thompson and come back to San Francisco with the 'I'm not the joke they take me for.'"

## Stanford Varsity Down to Serious Work

Training Table Started With Twenty-three Men on the Rugby Squad

STANFORD UNIVERSITY, Oct. 19.—Practice has assumed more serious lines at Stanford university now that the freshman game has been played. All the attention of the coaches and trainers will be centered on rounding the varsity Rugby attack into shape during the next four weeks which intervene before the big intercollegiate clash. Today the training table was started and 23 men placed on the list. Nine freshmen who showed up to advantage in the game Saturday were also requested to remain out for practice in the Stanford field. This trip will be set down to the table at the University Inn are as follows: Koerner, Terrill, Higley, McGrover, Chio, Pemberton, Crawford, Miller, Evans, Reynolds, Heiny, Mackenzie, Erb, Elliott, Mitchell, Roth, Gannon, Cool, Scott, Holman, Cadwalader Jordan and Brown. The freshmen who have been requested to remain out for practice are Corbet, Grandall, Hubbard, Rodgers, Erb, T. Sanborn, A. Sanborn, Sundell and Brown.

The Stanford varsity has arranged to play the University of Nevada this Saturday. The game will be played at Reno and the fifteen, together with the Stanford field, will be in Reno on Saturday morning, October 24, at which the men will be selected who will represent the cardinal in the game. The Rugby squad will be in college for two years, is making fast time in the quarter mile. The weight men are out representing the Stanford field in the quarter mile. The following men will probably compete: H. Gardner '08, W. H. Clime '11, in the spring. The only trouble with Clime was that he did not send enough of our boys over.

The track athletes of Stanford university will have right to train from now on preparation for the big handicap of the P. A. A. association will be of the best performers of the university will enter a tryout for the big handicap morning, October 24, at which the men will be selected who will represent the cardinal in the game. ## Polo Season Will Begin Within Two Weeks

Frank J. Mackey Coming to the Coast, Accompanied by Noted English Players

The present indications are for a great season of polo in California this winter. Already most of the local players have their ponies worked out and in splendid shape. Francis J. Carolan has his stable well conditioned, and the ponies of Richard M. Tobin, Walter Hoback, Thomas Driscoll, George Cameron and Peter Martin are about ready to be played.

The local players will have a chance to cross sticks with some of the cracks from the other side of the ocean. Word has been received from Frank J. Mackey that he will be in California this winter with a splendid team to take up active playing. He is expected to arrive about the first of the month. Mackey has a big string of ponies and is expected at Burlingame any day. W. H. Mackey will be F. A. Gill, a member of the Hurlingham club of England, and H. Rich, who has a great reputation as a player. The other member of the team will be A. Rutherford. Mackey, these three will also visit Burlingame, and three other English players will visit the coast during the winter.

## Locomotive Establishes New Record

NEW YORK, Oct. 19.—George Robertson, the daring pilot who captured the 24 hour races at Brighton Beach and Fairmount park recently, sped around the Vanderbilt cup race course and established a new record today.

Piloting the huge Locomobile which he will have in the race he fairly flew around the course. Timed by competent clerks he traveled the 2.44 miles in 29 minutes. This was at a rate of a mile and a quarter a minute. On the straightaway parts of the run he shot along at approximately 100 miles an hour.

Robertson's time is the fastest yet made in the Vanderbilt cup race. He has won the cup several times and watched others go over the course. He is a very experienced driver and is expected to win the cup this year.
