SACRAMENTO, June 6.—Collins of San Francisco captured most of the open events in the motorcycle meet held at Agricultural park today. Of the seven races Collins won first in five of them: Chelonia was glued about as closely to the ground as possible in the races as was Collins in the first. The fastest mile was done by Collins in the 25 mile free for all, which made a mile lap in 59 seconds. Summary:  
Ten miles, twin cylinder, Sacramento riders—Robustler first, Burnett second, Chelonia third, Time, 4:18 1/2.

Newspaper Publishers' Association Official Forwards Letter  
NEW YORK, June 6.—John Norris, chairman of the committee on paper of the American Newspaper Publishers' association, forwarded today to Senator Root a letter setting forth new data on paper duty. The senator's attention is directed to a comparison of his newspaper and periodical constituency, as compared with his paper mill constituency, and the statement is made that the newspapers of New York state pay seven times as much for labor as all the paper mills. Norris says: "Newspapers are entitled to considerable from you, even if you ignore the extraordinary functions they perform in disseminating intelligence, in promoting knowledge and in facilitating the work of government. Those who read the papers are in complete touch with the work of administration; and the furtherance of the newspapers' mission is worthy of your serious effort. An increase in the consumption of paper is due to the increasing intelligence of the people."

The Buffalo club is looking for an opponent for Frank Mantell. The California club has nothing whatever in sight.

## NEGRO FIGHTER'S VICTORY COLORED ORATOR'S THEME

Booker T. Washington Bases Sermon on Pugilist's Valor  
NEW YORK, June 6.—Jack Johnson's title to the heavy weight championship of the world was the basic theme to a sermon preached by Booker T. Washington to the Negro men's business league of New York. "In the last analysis," Dr. Washington told his hearers, "success is what counts. Success, despite race or color, makes the man on top respect your. What the world wants is success. Hold up your success. Don't herald your skin." "You remember when a certain member of our race went to Australia to do a job. "I suppose he had gone to Australia crestfallen, saying that he was a negro and much oppressed, would he have won? It was a godsend that he did win. It shows to the negro race what determination will do. "The time has come when a negro must get commercial, business and economic footing and get it in this generation or fall in ever getting it. Commerce, the dollar, draws no color line. The man who produces what somebody else wants gets the trade."

## CREW OF WRECKED SHIP ARRIVES HERE

Young Bride of Columbia's First Mate Returns After Hardships in Good Health  
Captain J. H. Cameron of the wrecked salmon ship Columbia, with his officers and members of his crew, arrived from the north yesterday on the Pacific Coast steamship Governor. The Columbia was wrecked in Unimak bay April 29. No lives were lost, but many hardships were suffered before those on board finally found shelter at Scotch Cap. First Mate J. S. Cameron was accompanied on the trip by his bride, and she perhaps suffered more from the exposure than any of the others, although she has returned in the best of health. The Columbia belonged to the Alaska salmon company and was bound to Bristol bay laden with cannery supplies when in a blinding snowstorm it was carried ashore. Owing to the furious gale blowing Captain Cameron could not make out his exact location. He called for volunteers to go into the gale, and Chris Christofsen and Ernest Anderson offered to search for land. They located the shore, and in the morning Captain Cameron and his crew were all safely landed. They remained five days on the beach huddled around a big bonfire, and then trudged along through snow and ice to Scotch Cap, a distance of nine miles. The Columbia was a total loss. After it ran ashore it took fire and burned to the water's edge. On board the vessel at the time of the disaster were 100 whites and 96 Japanese.
