## FEED DAY HELD AT SAN MATEO FETE

### Coast Speed Record for 500 Yard Dash Broken by Andrew Glarner

SAN MATEO, June 10.—The second day of the city's carnival was a field day held at the El Palomar polo field of Charles W. Clark as an attraction to the numberless visitors in the city. The events were hotly contested as a result of the class of entries attracted by the prizes offered by the carnival management.

Queen Elinor and her court graced the field day with her presence, a small number of society people also being attracted, including Mrs. Charles Clark and her guests, Ethel Barrymore and her husband, and Mr. and Mrs. Laurence I. Scott.

With Frank O'Kane of the Olympic club acting as major domo the 16 events comprising the program were run off in record time, good performances being made despite the slow track.

Andrew Glarner was the star of the meet, breaking the coast record in a special 500 yard race, in which he was paced by D. Lees and F. E. McNara of the Olympic club. Glarner pulled the record in this event, which was also held by him, from 55 1-5 seconds down to 52 4-5. A dark horse showed up from the front in the mile handicap when Burke of St. Mary's, from the 40 yard mark, took first place from Maundrell, scratch man. Maundrell would have been forced to third position in two yards more, as Teal, a San Mateo high school boy, won the yards handicap, only lost position honors by a close decision. The results:

Open races: 220 yards—Walter Christ first, Hills second, Crest third. Time, 3:20. 500 yard special race against record—A. Glarner, time, 52 4-5, breaking coast record. Two miles—Garvin, Clowdis, King. Time, 10:21. 100 yards, final heat—Knox, Gerhardt, Bronson. Time, 1:45. 440 yard hurdles—Wakeman, 30 yards, first; Glarner, scratch, second; Caldwell third. Time, 2:20. Mile run—Burke, 40 yards, first; Maundrell, scratch, second; Teal third. Time, 4:55. High jump—Prest first, Baumhaugh second, Kelly third. Height, 5 feet 6 inches. 440 yard run—Gerhardt first, Martin second, Patsley third. Time, 3:52. Relay race, one mile—Cowell first, Lowell second. Time, 4:05. Teams composed of Price, Howe, Appell, Caldwell, Cugwell, Howard, Williamson, Hayward, Wakeman, Lowell. Relay race, one mile, for club of California Western League football association—Horns, A. F. C., scored a walkover with Glarner, Elliot, Phillips and Lees, the Burns club withdrawing.

Drinking contest—W. Welsh, Burns club, first; E. Welsh, San Mateo, second. Time, 1:07. Pole vault—Dickenson first, Knox second, Wakeman third. Height, 10 feet 9 inches. Happy heights, the midway of the carnival grounds, was crowded tonight with society folk from San Mateo and Burlingame. The occupants of scores of automobiles visited the attractions in rotation, taking in everything from the Salome dance to a ride on the hobby horse. The vaudeville performance at Hart's theater was a decided success, among those who made hits being Max Horwinski in a monologue.

## MRS. GEORGE H. PERRY GIVES ELABORATE TEA

### Reception Held in Honor of Mrs. H. D. Perry

ALAMEDA, June 10.—Mrs. George H. Perry gave an elaborate tea yesterday afternoon at her home in Willow street in honor of her daughter in law, Mrs. Harold Dray Perry, a recent bride.

The home was decorated with pink and white sweet peas, carnations and Cecil Breuner roses, arranged in baskets of ferns and huge bunches of hydrangeas.

Assisting Mrs. Perry were Mrs. George C. Thompson, Mrs. William Tappan Lum, Mrs. Cecil Rhodin, Miss Tosca Bruntch, Miss Grace Westall and Miss Leona McArthur.

## BERKELEY GIRL, WHO WEDDED ROMAN, HOME

### Returns for Visit With Distinguished Italian Lawyer

BERKELEY, June 10.—Signor and Mme. Carredo Mercanti of Rome and their three children are guests at the home of Prof. William E. Rising and Mrs. Rising, Chapel street. Mme. Mercanti before her marriage to the distinguished Italian lawyer of Rome was Miss Alice Rising, daughter of the well known professor of the university, who was recently retired from the rank of professor of mining. This is her first visit to Berkeley since her marriage eight years ago.

## REPORTS OF ROBBERIES

Oakland, June 10.—James Williams of Leona Heights reported to the police this morning that he was robbed of a watch and chain by a pickpocket last night. Mrs. J. Coogner of 2121 Grove street reported the theft of toilet articles and a ring from her home.

## Native Sons in Role of Hayseeds

MILTON GLAZE

GEORGE REIER

Floor Manager and Floor Director of Native Sons Hayseed Ball.

## BALLROOM WILL BE NOVEL SIGHT

### Brooklyn and Athens Parlors Will Be Hosts at Jolly Entertainment

OAKLAND, June 10.—"Hay seed" attire will be worn by the guests to-morrow evening at the hall given by the members of Brooklyn and Athens parlors of the Native Sons of the Golden West at Piedmont rink, Twenty-fourth street and Oakland avenue.

The hall will be made to resemble the interior of a barn, and straw will be scattered on the seats. The musicians in the orchestra will be clad like farmers. The proceeds of the dance will be turned into the uniform fund of the indoor baseball teams of the parlors.

## ANTY DRUDGE ON TRUE ECONOMY.

Mrs. Nuvud—"I'm economizing by doing my own washing. By boiling the clothes a long time I can get the dirt out without much hard rubbing."

Anty Drudge—"Economizing shucks! You're burning up money in fuel and wearing out your clothes faster when you boil them. Use Fels-Naptha in cool or lukewarm water without boiling. You'll save fuel, save your clothes and you won't have any hard rubbing. That's true economy."

How much are the clothes worth that go into your weekly wash? Many dollars at least.

Isn't it worth while to take good care of those clothes, to make them wear as long as possible?

Then, why soften them by boiling and hardrub them into holes on the washboard?

The Fels-Naptha way of washing will save your clothes.

Fels-Naptha will cleanse them thoroughly in cool or lukewarm water without boiling or hard rubbing.

The clothes will be sweeter, cleaner and whiter than you can get them any other way. And they'll wear twice as long.

Remember,—whether winter or summer, no boiling, no hot water, no hard rubbing.

Time saved, fuel saved, work easier, less bother.

Follow simple directions on the red and green wrapper.

## FALLS INTO VAT OF BOILING WATER

### Frightful Accident Which Results in Death of Unfortunate Cannery Laborer

OAKLAND, June 10.—Headfirst into a vat of boiling water Antonio Fiori, a laborer of 481 Twenty-first street, fell this morning while he was working at the cannery of the California Fruit Cannery's association. Unconscious, and almost his entire body so scalded that his flesh was falling off, he was dragged out of the vat by his fellow laborers.

He died at 6:30 o'clock this afternoon. Fiori was at work near the tank, which was used to cook peas. He leaned over the edge to stir the boiling vegetables, when he slipped and fell in. His cries as he slid in caused his companions to gather around in horror. Only his feet could be seen out of the water and a part of his head. His feet were seized and he was pulled out.

Fiori was 26 years of age and married. He had been working at the cannery only a short time.

## BANKERS AND GIRL NARROWLY ESCAPE DEATH

### Horse Dashes Over Cliff and Maid Is Saved by Pape

BERKELEY, June 10.—In a runaway over a 25 foot embankment in Tamaulipas road, in the Cragmont district, Tuesday night, J. E. Morrish and George L. Pape, receiving tellers in the First national bank of this city, and a young woman companion almost met their death. When the rig dashed over the cliff Pape saved the life of the young woman by throwing her out of the buggy as the horse jumped off the cliff. None of the party, was seriously injured.

The accident happened in the steep part of the Tamaulipas road late at night, while Morrish and Pape and the young woman were returning from a trip to Orinda park, where they had been camping.

As the horse dashed down the bank Pape, unmindful of his own danger, grabbed the young woman and succeeded in throwing her clear of the wheels. Immediately afterward the buggy overturned and Pape was buried in the wreckage. Morrish, sitting on the opposite side of the buggy, escaped without serious injury.

The momentum of the buggy carried it down hill into the yard of E. M. Tidd, owner of a kennel of dogs, who assisted in extricating Pape and the young woman, who had rolled down the hill. Neither was injured.

## BELLBOYS PUT ON PROBATION

Oakland, June 10.—John Lewis and Everett Codde, bellboys at the Crellin hotel, pleaded guilty in court to petty larceny this morning and asked for probation. Probation Officer Swediger was instructed to take charge of the case. The boys were accused of stealing wine and cigars from the hotel barroom.

## Fred Searls, New Geology Teacher

Fred Searls

## "BORAX KING" SMITH GIVES LAND TO CITY

### Triangle Worth \$10,000 to Form Park in Oakland

OAKLAND, June 10.—Overtures made by Mayor Frank K. Mott to F. M. Smith, the capitalist, for the purchase by the city of a triangle of land at the junction of Fourth and Fifth avenues led today to the deeding of the property to Oakland for park purposes.

The land which the "borax king" is donating to the municipality is valued at \$10,000. Smith is now having Fourth avenue paved at his own expense, and the laying out of a park in the triangle he has given to the city will be another step in the development of the East Oakland section, where the capitalist makes his home.

TO PROBATE McELROY WILL—Oakland, June 10.—Petition for the probate of the will of the late City Attorney John E. McElroy was made today by his widow, Anne E. McElroy. McElroy died this year, leaving one child. Since then another child has been born to the widow. The estate has a value of about \$50,000. McElroy's will leaves the property to his widow.

## GRADUATE IS GIVEN INSTRUCTOR'S PLACE

### Fred Searls Appointed Assistant in Geology Department at State University

BERKELEY, June 10.—Fred Searls, a graduate of the class of 1909 from the college of mining, has been honored by the university authorities with the appointment as assistant in the department of geology and mineralogy, succeeding George Gester, who has resigned.

Searls was one of the most brilliant of the graduates of the last class and received honorable mention commencement day for achievements as a student. He was elected as an undergraduate into the Sigma Xi, the scientific honor society of the university, which annually elects those students who have done notable research work, and the Tau Beta Pi, engineering honor society.

As a member of the faculty Searls probably will pursue higher university work leading to his master's degree.

## CADET CORPS RAISING FUND TO BUY PIANO

### Entertainment Is to Be Given This Evening

OAKLAND, June 10.—The First Congregational cadet corps will give its last entertainment before the annual encampment tomorrow evening at the armory, Eleventh and Market streets. The money procured will be applied to the purchase price of a new piano, which has been put into the armory.

## Marriage Licenses

OAKLAND, June 10.—The following marriage licenses were issued today: Milton W. Quigley, 21, San Francisco, and Ruth Burge, 18, Napa. Thomas C. McAuley, 24, and Helen E. Hudson, 21, both of Oakland. Giovanni Gasparone, 23, San Francisco, and Luigia Garbero, 17, Oakland. William T. Edlie, 35, and Alta A. Donahoe, 34, both of Potter Valley.

## HIGH SCHOOL STUDENTS' EXECUTIVE COMMITTEE

### Berkeley Faculty Has Approved of Choice by Pupils

BERKELEY, June 10.—Members of the executive committee of the Berkeley high school students elected before the close of the term have been passed upon by the faculty.

The members of the committee are: High ninth, Norman Stearn; low junior, E. Humann; high junior, Percy Niel; Victor Doyle; low middle, Allen Brown; Hermann Mattern; high middle, Henry Ashman; Ada McGuire; low senior, G. Jones, O. Smith; faculty members, Principal James H. W. Edwards, Miss Hamilton and W. Clark.

## TOWN AND GOWN CLUB TO ENLARGE ITS HALL

### Society Women to Add Room to Their Building

BERKELEY, June 10.—The main assembly hall of the Town and Gown, an organization of the society women of this city, will be enlarged by the addition of a room in the rear of the building at the corner of Dana street and Dwight way. A. H. Eroad, building supervisor for the school department, secured the permit for the addition today.

JOSEPH LEITER'S SON DIES—Chicago, June 10.—The infant son of Mr. and Mrs. Joseph Leiter, who was born 15 days ago, died Tuesday afternoon at the residence of its parents.

# \$100 I Give 307 People \$100 Each Sunday, June 13<sup>th</sup>, at NORTH FAIR OAKS

## My Special Train Leaves at 10:50 A. M. Are You Going?

### The Facts About North Fair Oaks

Relative Position of North Fair Oaks to San Francisco

North Fair Oaks is 40 minutes down the peninsula, over the new \$10,000,000 Bay Shore Cut Off with forty trains daily. It is less than a mile from Redwood City with its stores and schools. On the other side is Fair Oaks with its millionaire homes. It is 15 minutes' ride to Stanford University. On one side is the regular Southern Pacific double track to San Jose and Los Angeles. On the other side is the Dumbarton Cut Off, the new Southern Pacific overland line into San Francisco from the east. Through it is the Middlefield county road, over which the new interurban electric line will run an extension of the San Mateo electric to San Jose. The elevation is fifty feet, which is higher than either Palo Alto or Redwood City. The climate is comfortably warm, with no fog and wind.

Three blocks away, the Dumbarton Cut Off comes in from across the bay and joins the Southern Pacific main line into San Francisco. The Western Pacific and the Santa Fe have a right to enter San Francisco over this Cut Off. Within ninety days trains will be running over this Cut Off to all eastern points. Freight and passengers will be brought into San Francisco over this new Southern Pacific line. It is to be the direct line into San Francisco, cutting out the Ferry now in use. Two main transcontinental Harriman lines joining within three blocks of these lots! A positive guarantee for a big future because when two such railroads join so near a large city, a big city quickly follows. It has happened at EVERY JUNCTION in the UNITED STATES similarly located. Freight yards, railroad shops and warehouses have invariably and of necessity located at such a junction. All these mean houses and stores and people. At this very junction, just three blocks away, the Southern Pacific railroad owns forty acres for shops, yards and warehouses. Only two miles due east is the San Francisco Bay. Factories are fringing the west shore and will locate here for the deep water facilities, another guarantee for the future of North Fair Oaks.

This is YOUR opportunity. It will pay you to read on and THINK! There are just 307 lots in the choicest section of North Fair Oaks. On Sunday, June 13, I shall sell every lot at bedrock prices. These lots are 25x120, 30x120 and 35x120. In 1908 I sold some of these lots at \$250, \$275 and \$300. All last year I sold property next to them at even higher prices. These prices are actually half those of any similarly located land on the peninsula. Ten years ago Palo Alto lots fronting the railroad sold for from \$700 to \$1,000. Today these very lots are worth from \$7,000 to \$10,000. Tenfold increase in ten years! Palo Alto never had the indications of a future that North Fair Oaks has today. I want a quick sale for these 307 lots—a one day sale. To do this I shall give \$100 on each lot—\$250 lots will be \$150, \$275 lots will be \$175, \$300 lots will be \$200. But on this day only—June 13—will I give \$100. This will be your one and only opportunity to get such lots at these prices. My terms are \$10 down and \$5 a month. No interest and no taxes. I will put in streets, sidewalks and water mains.

Remember, friends, this is the greatest real estate investment ever offered in California. It is the chance of a lifetime. Opportunity is knocking at your door—will you open it? Here is a chance to buy lots that are bound to increase in value and make money for you. How much will you make on \$150 if it lies in a savings bank?—only \$6 a year. If you put your money into a stock jobbing enterprise you run a big chance of losing it all. When you buy land you have something that can't get away from you. When you buy these North Fair Oaks lots you have every chance in the world to turn \$150 into \$1,000. YOU SIMPLY CAN'T LOSE.

Now I have told you what North Fair Oaks is and how I am going to give away \$100 to each of 307 people and how you are offered a rare opportunity to make \$1,000 out of \$150. I know what I am talking about and mean every word I say. If you have read the facts and if you have stopped to reason it all out, all that there is left for you to do is to come down with me Sunday, June 13, and either be one of the 307 fortunate profit makers or you can stand by and watch 307 other people turn the profit.

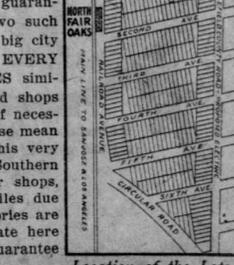

To be sure that you will be one of the 307 fortunate ones, you better come in and make your reservation. My office will be open until 9 o'clock every evening this week. No money need be paid down until you see the lot—just a reservation to protect yourself. Whether you wish to reserve a lot or wish to come down just to see them, come in and get your transportation. If you can't call, send in the enclosed coupon and I will mail you your tickets. Remember the train leaves Sunday, June 13, at 10:50 a. m. from Third and Townsend streets. This is the last invitation I shall give you, so it is GOODY UNTIL SUNDAY MORNING.
