

Laid Up 3 Months With An Ulcer

On Ankle—It Was Very Bad and Only Got Worse Under Treatments—Cuticura Soon Healed It—Baby's Head Freed from Stubborn Scurf by Cuticura Soap.

TWO ECONOMICAL CURES BY CUTICURA REMEDIES

"My case was a very bad ulcer sore on my ankle and I was laid up three months with it. I was reading an advertisement in the newspaper one day about the Cuticura Remedies so I purchased a cake of Cuticura Soap and one box of Cuticura Ointment and a large bottle of Cuticura Resolvent. After using one cake of Cuticura Soap and one box of Cuticura Ointment my ulcer was healed, by washing twice a day with the Soap and using the other remedies as directed. Before I used the Cuticura Remedies my sore was getting worse all the time under other treatments. Furthermore we have a baby boy here and we have found that Cuticura Soap has been a fine thing for him. He had scurf on his head and we tried every way to remove it but failed until we used the Cuticura Soap which removed it almost at once. George M. Hall, Brushton, N. Y., Dec. 24, 1908."

CURED FALLING HAIR

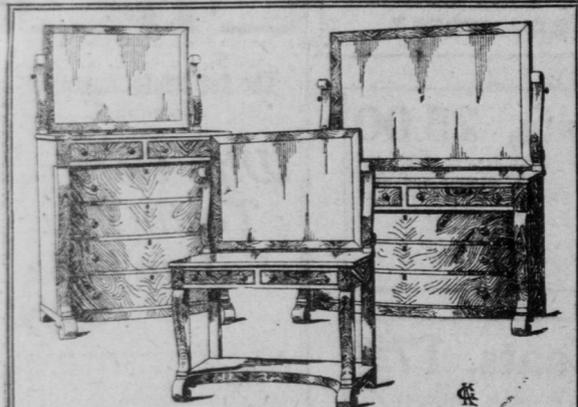

And Itching Scalp with Cuticura. "Some months ago I suffered with a bad form of scalp disease. My hair was falling out and my head itched. I read about Cuticura and determined to try it. I bought a cake of Cuticura Soap and one box of Cuticura Ointment and used them. I continued using the Cuticura Ointment on my head daily and the result was truly wonderful. I still use it occasionally and I always have Cuticura Soap on hand. The cure is complete. Mrs. Amy Geisler, 2018 South Seventh St., Omaha, Neb., Sept. 23 and Oct. 8, 1908."

CENSUS BUREAU TO FILL MANY PLACES

Examination for Clerical Staff Will Be Held in Various States October 23

Applications From West Not as Numerous as Demands Would Justify

WASHINGTON, Oct. 9.—The civil service commission announces that a very small proportion of the applications thus far filed for examination for positions in the census bureau are from residents of the more distant states. As the census act provides for the apportionment of appointments among the states and territories in accordance with the law of apportionment, the commission calls attention to the fact that present indications are that these distant states probably will fail to receive their full share of the appointments unless more residents of such states apply for the examination.

It is expected that about 3,000 appointments will be made from the examination which is to be held in all the states and territories October 23. These appointments will be for terms of six months to two years, and will average about one year in length. The entrance salary will be \$500 per annum, and promotion to at least \$900 per annum will be reasonably rapid for those who render satisfactory service.

Under the census law selections from the eligible register will be made in order of rating and in accordance with the law of apportionment, so that all persons will have an equal chance of appointment.

Applicants must be between the ages of 18 and 50 years, except that persons honorably discharged from the military or naval service, by reason of disability resulting from wounds or sickness incurred in the line of duty, may be examined without regard to age, and except that boys who have reached the age of 16 years and have not reached the age of 18 years will be permitted to take the examination, and if they pass will be eligible for appointment as messenger boys only.

It is understood that the census bureau will make some appointments from this examination about January 1, 1910, but the majority of such appointments will be made between April and August, 1910.

Application forms and further information may be obtained by addressing the United States civil service commission, Washington, D. C.; the bureau of the census, Washington, D. C.; or the secretary of the board of United States civil service examiners at the following named places: Postoffice, Boston, Mass.; Philadelphia, Pa.; Atlanta, Ga.; Cincinnati, O.; Chicago, Ill.; St. Paul, Minn.; Denver, Colo.; San Francisco, Cal.; Custom house, New York; New Orleans, La.; old custom house, St. Louis, Mo.

RESENTS SLUR AT JACK JOHNSON AND IS JAILED

Colored Barber Wields Rusty Gun Upon Conductor

James L. Wright, a colored barber of 500 Railroad avenue, was haled before Police Judge Shortall yesterday for trying to teach a streetcar conductor to speak more respectfully of Jack Johnson, now in training out at Seal Rock hotel. Wright had asked Ed N. Phelps, the conductor, for a transfer that would get him out to Johnson's training quarters. "Johnson?" the conductor sniffed, according to Wright's testimony, "no one knows that 'coon's' in town." "I didn't come here to ask about no meenagerie," was the barber's retort. Then the quarrel began. The conductor stepped back as if going for the controller bar and the barber drew a rusty gun. The judge dismissed the charge of assault against Wright, but found him guilty of carrying a concealed weapon.

COUPLE LIVED HAPPILY TILL PROSPERITY CAME

Mother of Inventor of Wireless Telephone Tells Her Story

Mrs. John H. McCarty told Judge Shortall yesterday that she and her husband lived happily for 28 years, or so long as they were poor, and the trouble that came between them five years ago was due to prosperity. It was then that their son, Francis, discovered the wireless telephone and started his father in the auto business. An affinity followed, she said, and now, after a suit in maintenance in court, she is asking that he be imprisoned for failure to provide. McCarty is now in the country. Attorney Creely explained for him, and will clear himself on his return. So the case was continued until next Friday. A similar charge of non-support was sworn to yesterday by Mrs. Catherine Murphy, 1232 Market street, against William H. Murphy. They have an 8 year old child.
