

PROPOSAL TO STOP INDUSTRIAL STRIFE

Amendment to Constitution of American Federation Suggested by Labor Council

Business Agent of the Molders' Union Goes to Los Angeles as Organizer

At the meeting of the San Francisco labor council tomorrow night, the executive committee will present a draft of a proposed amendment to the constitution of the American federation of labor with instructions that it be presented to that body in convention in Toronto...

John J. Nolan, business agent of the San Francisco molders' union, who is an officer of the international body, has been ordered to Los Angeles to engage in organizing work.

E. H. Lomsney, Ella Burke and Henry Gallagher have been elected delegates from the boot and shoe workers' union to the San Francisco labor council.

The moving picture operators' union has notified the labor council that the Automatic theater, which had been declared unfair, has been unionized and is now employing union operators and projectors.

The San Francisco local of stage and theatrical employees at its last meeting instructed its secretary to communicate with all other locals in the state and with the moving picture operators' union and urge each to affiliate with the state federation of labor.

Millmen's union No. 422 has decided to celebrate its silver anniversary of organization by a ball and entertainment in Golden Gate hall on Saturday, December 4.

The street excavators' union voted Tuesday not to work on election day. Twelve candidates were initiated.

The allied printing trades council at a meeting last Tuesday night voted to start a campaign to have the union label appear on all printed matter and to have all printing done in home offices, instead of outside the city.

PERMITS REVOKED FOR 125 WATERING TROUGHS Works Board Acts Against Illegal Stands

The permits of 125 curbstone watering troughs were revoked by the board of works yesterday. This action followed a persistent attempt upon the part of the department to get the owners of the adjacent properties to raise the troughs the required four feet above the sidewalk and otherwise to comply with the sanitary enactments.

According to program, Thomas Reagan was duly appointed foreman street paver by the unanimous vote of the commissioners, and then, with equal unanimity, suspended for incompetency. Charges to this effect will be lodged with the civil service commission and Reagan will be given a trial by the latter body.

The board asked \$100,000 of the superintendent for the Hunters point sewer, \$48,000 for section B of the North point main sewer, and set November 10 as the date for receiving bids on sections H and J of the same drain.

CARROLL COOK APPEALS ANTI-BETTING DECISION

No New Points for Consideration of Supreme Court

Carroll Cook, representing Frank Quinn, accused of betting at the Ingleside course park in violation of the Otis-Walker anti-betting law, filed a petition of appeal in the supreme court yesterday from the ruling of the appellate court in refusing to grant a writ of corpus on the ground that the law was valid.

CLUB MEMBERS VISIT ARCHITECTURAL SHOW

The exhibition of the San Francisco architectural club in the Monadnock building was patronized by members of many of the local societies last night by special invitation of the management. Several hundred sightseers were in the showrooms.

Members of the following clubs were present: Bohemian club, California club, builders' exchange, builders' association, painters' and decorators' association, Family club and a branch of the national electric contractors.

Although no announcement was made, the Canadian Pacific is preparing to move its offices from the Flood building to the Palace hotel. This will make five railroad offices in the Palace, the Southern Pacific, Western Pacific and Denver and Rio Grande already having secured leases, and the Great Northern already occupying its new offices.

Dr. G. W. Dwinell, Now Under Trial

POLITICIAN MUST ANSWER FOR FRAUD

Wealthy Land Owner of Siskiyou Faces Jury in Federal Court With Two Others

Dr. George W. Dwinell of Montague, Siskiyou county, wealthy land owner and prominent politician, was placed on trial yesterday with Rex F. Deter and John Gilpin in the United States district court before Judge John J. de Haven and a jury on a charge of suborning perjury in procuring dummy entries to timber lands in Siskiyou county.

The indictments by the grand jury originally included as defendant John D. Gagnon, who recently died.

The indictment charges that the defendants conspired on October 25, 1906, whereby they secured from James Frederick French, Benjamin French, Frederick M. French, Samuel L. French, Clarence M. Prather and Arthur W. Jaquette sworn statements that they did not apply for purchases of land for speculative purposes, but in good faith.

It is alleged by the government that by these methods Dwinell procured approximately 1,000 acres of fine timber land.

The principal witnesses examined included Frederick W. French, the father; James F. and Leonard French, his sons; and Clarence M. Prather.

According to the witnesses the elder French and Gilpin were the go-betweens for Dwinell, and through their efforts the French boys and Prather were persuaded to make applications for timber lands and immediately relinquish their holdings to Dwinell.

The elder French acted as cruiser for Dwinell, and after ascertaining the nature of the land advised his sons and Prather upon which to file in order that the best timber could be secured.

The French boys testified that they had held personal consultations with Dwinell, who advised them that making oath as to their intents and purposes in taking up the timber and stone lands was a mere matter of form, and while they knew at the time they were committing perjury, they acted upon his assurance that they were doing nothing illegal.

Each acknowledged having received \$200 from Dwinell just after completion of the transactions for which they had contracted.

While standing in line, Prather says, the elder French gave him \$10 and immediately after perfecting his filing he was given \$200.

The French boys declared they received substitute papers while standing in line, those covering more valuable locations than they had formerly filed upon.

The line of defense to be established by the defendants today is understood to contain a general assault upon the veracity and standing of the French family in the community.

The prosecution is being conducted by Assistant District Attorney Black and the defense by Attorney Bert Schlesinger, assisted by Attorneys Taylor and E. Vanuzer.

Judge de Haven ordered the attorneys to have their instructions ready for presentation to the court this morning at 10 o'clock, when the defense will begin submitting testimony.

AMERICAN GIRL NOW BRIDE OF NOBLEMAN

Second Daughter of Tennessee Family Wins Title

CHATTANOOGA, Tenn., Oct. 27.—At noon today was celebrated the marriage of Miss Carolyn Montague of this city to Count Nerino Rasponi of Ravenna, Italy.

Miss Montague is the daughter of Mr. and Mrs. Dwight Preston Montague, her father being a wealthy manufacturer of Chattanooga.

She is the second daughter of the family to wed an Italian nobleman, her sister, Miss Mildred, having married Count Pasquale Pasolini, a cousin of Count Rasponi, two years ago.

SIMPLE SERVICE FOR LATE JUSTICE PECKHAM

No Eulogy at Funeral of the Distinguished Jurist

ALBANY, Oct. 27.—The funeral of Rufus C. Peckham of the United States supreme court was held today from St. Peter's Episcopal church. There was no eulogy, simply the reading of the Episcopal service for the dead. Interment was in the family plot at Rural cemetery.

BIG GUN TARGET PRACTICE PLANNED

Twelve Inch and Ten Inch Mortars at Fort Barry to Boom Next Week

The big 12 inch and 10 inch guns will boom in target practice at Fort Barry next week.

The date of the firing will depend on the condition of the weather. Captain L. S. Chapplear, Sixty-seventh company, coast artillery, will have charge of the firing line.

The troops of the Thirtieth infantry, which will have on a three days' march and encampment at Ingleside, in command of Major Frederick R. Day, returned to the Presidio yesterday.

Colonel Henry S. J. Harris, chief surgeon of this department, will sail for Honolulu on the transport Sheridan November 1. He will make a thorough inspection of the hygienic and sanitary conditions existing in the military posts in the Hawaiian islands.

Captain Arthur Cranston, Eighth infantry, who has been at department headquarters assisting Colonel R. R. Stevens for the last two weeks, will return to his post at Monterey today.

News was received at department headquarters yesterday that two more of Uncle Sam's officers were to go before the retiring board. They are Major William L. Buck, Tenth infantry, now stationed at Fort Benjamin Harrison, Ind., and Captain C. G. Dwyer, Seventeenth infantry, now stationed at Fort McPherson, Ga.

THREE VESSELS GO DOWN IN FIVE DAYS

Loss of Whaler Olga Due to the Captain's Disregard of Warnings

NOME, Alaska, Oct. 27.—Three vessels, the steam whaler Olga, the tug Defiance and a barge, were lost in the storm which raged on Bering sea and adjacent waters during the last five days.

The loss of the whaler Olga is attributed to the failure of Captain William Mogg, its owner, to listen to the warnings of the residents. A week before the storm Captain Mogg beached his schooner for the winter. He was warned by the people living in the vicinity that his vessel would be in great danger in the event of a gale from the southeast.

The launch Defiance broke from her anchorage and was swept ashore, a complete wreck. Three small boats of the mosquito fleet were also carried ashore, but were not damaged.

The storm was one of the worst that has been experienced here in years.

TAFT FAVORS BOND PLAN FOR WATERWAY

President Advocates River Improvement by Congress Similar to Panama Project

HELENA, Ark., Oct. 27.—President Taft's river schedule went all to pieces today owing to the inability of the vessels following his flagship, the Oleander, to maintain the designated speed.

The president delayed his arrival in Memphis three hours in order that the boat carrying the 28 governors and the 117 congressmen as well as other vessels carrying delegates to the waterways convention in New Orleans might land at the same time.

Leaving Memphis an hour and a half late, the Oleander had to press forward at top speed to reach here at 8 p. m., two hours behind the scheduled time.

The president is still very hoarse and it was with great effort that he spoke. "Congress has the power to improve the riverways," he said.

"I have spent much money, but have not entered into general plans. We all realize that if we do anything effectively and economically it must be a general plan. If it is proven practical I believe it ought to be done and done quickly. We ought to treat it like we have treated the Panama canal issue, but not in a piecemeal. Let us center on a general plan and issue bonds."

LITTLE ROCK, Ark., Oct. 27.—The steamer Gray Eagle of the presidential party, carrying a party of governors, ran aground near Helena tonight.

The Corset Event of the Season. THE Gossard CORSETS. They lace in front. An expert corsetiere, trained in the Gossard "New School" of corset design, will be in attendance to show the superior features of Gossard front-laced corsets. We extend a cordial invitation to every woman who is interested in the corset styles for Fall. If, in the past, you have had any doubts as to the corset which would do the most for you, or if you are fitting with one of the Gossard models will put them to rest. If you have never worn a Gossard you have yet to learn what the perfect corset union of beauty and hygiene means to the wearer. There is a model for YOU. Exactly right for YOU. Be fitted to it and you will be delighted with the results. Gossard corsets give the supple figure and the long, lithe lines demanded by the season's fashions. They support instead of depressing the abdominal organs, that is why physicians recommend them. They impart the classic, sculptured back. Any woman who knows the Gossard corset can tell the Gossard wearer by the look, at a glance. The front-lacing is convenient and sensible. You can stand before your mirror and adjust your corset while you are putting it on. This season's Gossard models are the product of the "New School" of corset design, which means that every seam, gore and bone is adjusted with that precision which is necessary in adjusting the balance wheel of a fine watch. Gossard corsets are made of the finest materials. Every detail is as nearly perfect as human ingenuity permits. The materials are selected with great care for their textile strength and the Gossard corset will outwear two or three ordinary corsets. All Gossard corsets are boned with "Electrobone" the basis of which is the highest quality high-carbon, TRADE MARK non-breakable, clock-spring steel, perfectly flat and resilient, which guarantees rustproof, and the best, at a glance.
