

CAPITOL MEMBER TAKES THE STAMP Attorney General Wickersham Makes Speech in Behalf of Republican Fusion Ticket

Oratory, Red Fire and Invective Scattered Broadcast Over Greater New York City

NEW YORK, Oct. 29.—With United States Attorney General Wickersham bitterly attacking William J. Gaynor in behalf of the republican fusion ticket, oratory, red fire and invective were scattered nearly all over greater New York tonight, with the municipal election only two working days away.

Hearst, keeping up his appeal to the "common people," struck a popular chord tonight by announcing that if he was elected mayor he would hire a spacious hall where he would appear at stated times for a reckoning at the hands of the people—to answer their questions and to receive their advice.

He spoke also of ballot box stuffing. He said he was prepared to meet repeating at the coming election.

Forty-six tiger clubs have been seen to send a regular Hudson-Fulton parade to the same place during the coming month. But we are going to kill the tiger this year—kill him and skin him and nail his hide to the wigwam.

Bannard spoke principally of the police and personal liberty, a subject upon which he is a specialist. The police department, he said, should be reorganized and reformed, and the enforcement of the law should be reasonable, but not spasmodic.

Attorney General Wickersham, speaking in Bannard's behalf, added a bit of national flavor to the campaign. "I am not here as a federal official or a member of the president's cabinet," he said, "but as a citizen and taxpayer of New York. In this capacity, I am here to put competent and honest men at the head of the affairs of the city."

The mayor of New York is indeed one of the most potent executives of the world. To what kind of a man then would a citizen of New York, concerned only with the selection of an honest, efficient administration, naturally turn? Surely not a judge whose course upon the bench has been characterized by political chicanery and demagogic appeals to popular favor; surely not to the proprietor of a chain of newspapers distinguished for their unbridled license and their gross abuse of the liberty of the press.

"No, he naturally would turn, as those who framed the fusion ticket did turn for their candidate for the mayoralty, to a man of wide, successful business experience, such a man they found in Otto T. Bannard."

Judge Gaynor in his addresses took the defensive and leaned on his record. Robert T. Moore, democratic candidate for comptroller, brought suit today declaring "white slavery" done by Hearst because of an article printed this morning in the American, charging that Moore had been used as a "dummy" to obtain large loans for Charles W. Morse.

White Slavery Charge Jeremiah W. Jenks, professor of political economy and politics at Cornell university, gave out a statement here today declaring "white slavery" done by Hearst because of an article printed this morning in the American, charging that Moore had been used as a "dummy" to obtain large loans for Charles W. Morse.

ONE KILLED, 20 HURT WHEN CAR TURNS OVER Trolley Jumps the Track and Smashes Taxicab

DENVER, Oct. 29.—Mrs. Minnie Melville was killed and at least 20 others were injured, several of them seriously, as the result of a Park hill car on the seventeenth street line jumping the track at the corner of Broadway in the morning and turning completely over, after demolishing a taxicab and a telegraph pole.

Miss Mildred Bailey, daughter of Justice Bailey of the Colorado supreme court, was among the laudably injured. Nearly every occupant of the car received more or less severe bruises.

Policeman S. McIntyre, who was on the car, stood on the steps and as quickly as possible threw out the passengers into the street, saving a score or more in this way. McIntyre jumped as the car tore across Broadway.

The car left the tracks at the turn into Court place, crashed into a telegraph pole and then into a taxicab standing by the curb. This was demolished and Chauffeur Packer thrown 20 feet.

NAVAL WAR MARKS REVOLT AT ATHENS

ATHENS, Oct. 29.—After almost 2,000 years—when Themistocles gained a memorable victory over the Persians—Salamis again today was the scene of a naval battle.

The fight lasted 20 minutes and was between field batteries and big warships on one side and mutinous bands of naval officers, which quitted the capital Wednesday with torpedo boats, on the other.

A sharp exchange of shells followed the first shots. Some projectiles struck the arsenal buildings, but no shells hit a torpedo boat—the Sphenonon, which immediately was enveloped in a cloud of smoke.

The rebels were done on either side. The rebels were done by Lieutenant Tibaldos and are reported to have numbered 300 men.

Athens remained quiet tonight, but much suppressed excitement prevailed. An official statement was issued, stating that the arsenal, which was in the hands of the rebels, had been recaptured and that the mutinous torpedo boats were ordered to surrender.

CAUSE OF REVOLT Lieutenant Tibaldos appeared to have been actuated by his disapproval of the tactics of the military league and the junior naval officers in consenting to negotiate a compromise of the ultimatum recently issued by the military league for an ordinance suspending all promotion for five years and abolition of the posts of rear admiral, vice admiral and 15 places of lesser rank.

Tibaldos took a prominent part in the military movement last August. He was the first officer to go to the camp at Goudi, outside the city, after the premier's refusal to receive a deputation of officers, and he subsequently was appointed commander of the rebel camp.

LEADER DECLARED MAD The military league's proclamation disowning Tibaldos, who was in command of a flotilla of torpedo boats and submarines and demanded the portfolio of minister of marine, ascribes his pretensions to madness and the influence of outsiders, and threatens to have him court-martialed for treason.

The league met late tonight to discuss its attitude toward the naval officers who took part in the fight. It is believed the league is inclined to show them indulgence.

The general opinion is that the military league has suffered a great loss in prestige by reason of today's events and may be compelled to proclaim a dictatorship.

It is officially announced that only two men of the loyal fleet were wounded. Losses to the mutineers are not known. One of their torpedo boats was disabled and another fled in the direction of Eleusya, on the bay of Levina.

The palace and parliament buildings are strongly guarded and throughout the night soldiers were passing through the streets.

Further reinforcements have been summoned from the provinces. The general opinion is that the military league has suffered a great loss in prestige by reason of today's events and may be compelled to proclaim a dictatorship.

MOB BURNS DEPO IN KOREAN CAPITAL A NEW REPUBLIC

Garrison Called Out to Quell the Riot, but Marauders Move Northward

SEOUL, Oct. 30.—The union station here of the Seoul-Pusan railroad was attacked by 300 rioters at midnight last night and partly burned.

The rioters were dispersed, but gathered again and are said to be moving northward.

No casualties have been reported. The garrison has been ordered to quell the disturbance.

GERMAN GRAND ADMIRAL PRAISES NEWSPAPERMEN

Talks With Many, and Not Once Is He Misrepresented

BERLIN, Oct. 29.—Grand Admiral von Koester, commander of the German fleet which took part in the Hudson-Fulton celebration at New York, today paid a tribute to the American newspapermen. He said:

"I had heard a good deal about the American reporter and felt a certain sympathy as to how he should get along with him. My first experience was to have five cameras leveled at me in different angles."

"Daily thereafter I talked with many reporters. Not one got me wrong; not one was misrepresented. Often I mentioned things of confidence, and in no instance was that confidence betrayed. The reporters whom I met in the United States treated me with delicacy and afforded me a feeling of sense and fair play which I admire and appreciate."

A German-American evening has been arranged for November 4, and a feature of it will be a speech by the admiral.

COLLIERY EXPLOSION KILLS WELSH MINERS Twenty-five in Workings and Rescue Party Perish

LONDON, Oct. 29.—As the result of an explosion in the Rhymney iron company's colliery at Glamorganshire, Wales, today, 25 men are believed to have lost their lives. Resident Manager Lewis and another employee were killed in an attempt to rescue the 25 men, while Dr. R. Turner, who had descended with them, had a narrow escape. He was rescued five hours afterward, unconscious.

PUPIL OF WRIGHT IN LONG AIRSHIP FLIGHT POTSDAM, Oct. 29.—Captain Englehardt, a pupil of Orville Wright, today made a flight lasting 44 minutes, 30 seconds. This is the longest flight unaccompanied, that has been made by a German aviator.

WELL PRODUCES GAS IN VAST QUANTITIES Daily Flow Enough to Supply San Francisco

BAKERSFIELD, Oct. 29.—The great gas well brought in by the Standard oil company on section 26 in the Midway oil field has been tested and found to produce 12,000,000 cubic feet of gas in 24 hours, enough to supply all of San Francisco with gas.

The well has now been plugged with clay brought from San Francisco at considerable expense. The action of the Standard in testing the well and shutting off the flow indicates that the corporation is unwilling to do it, being entirely feasible to pipe it to interior towns and even to the bay.

Water for Oil Fields BAKERSFIELD, Oct. 29.—The Oregon Midway oil company, which has undertaken to supply the West Side oil fields with water, has adopted the air compressor method of pumping, and as a result has increased the production of its wells many fold, giving an assurance of an abundance of water for the entire field. A six inch main is now to be laid from the wells through the heart of the fields, and from it laterals will be run to the several leases.

RUMOR OF FRAUD BY MANILA CIGAR MAKERS Report That American Tobacco Is to Be Used

HONOLULU, Oct. 22.—Private letters from Manila contain the information that certain tobacco houses there are sending representatives to the mainland for the purpose of buying up a quantity of domestic tobacco to be shipped to the Philippines to be made into cigars and reshipped to the States under the Philippine tariff bill.

There is not enough tobacco grown in the islands to supply the demand, and in order to do so it is alleged that fraudulent methods are to be adopted.

ESPAÑOLA FORM A NEW REPUBLIC Atlantic Coast States of Nicaragua Propose to Declare Their Independence

WASHINGTON, Oct. 29.—The report that the revolutionary administration under General Estrada contemplates an early proclamation of the independence of the Atlantic coast states of Nicaragua as a republic seems to have basis in fact. At any rate it is believed this proposed step on the part of the Estrada administration is backed by almost universal public sentiment in those states.

The state department has received an official dispatch from Nicaragua to that effect, and the officials would not be surprised if the issue of a declaration of independence very shortly.

It is well known here among diplomats and others well informed that the state department is in full sympathy with the revolutionary movement and would welcome any change that would result in the retirement of Zelaya.

NEW MINISTER NAMED NEW YORK, Oct. 29.—Pio Bolanos, Nicaraguan consul in this city, today received a cablegram from President Zelaya stating that Isidoro Hazera, who is now minister from Nicaragua to Panama, will be appointed minister to Washington in succession to Rodolfo Esposenda, resigned.

Bolanos said advice from his government today reported the situation in Nicaragua had not changed and that the government was preparing its forces to suppress the rebellion.

He also indicated that the interior ministry of the republic were sustaining President Zelaya.

DEATH RATE STARTLING AMONG ARMY OFFICERS Seven Retired, Generals Pass Away in Seven Weeks

WASHINGTON, Oct. 29.—The death rate among the general officers of the army, retired, during the last few weeks far exceeds that of any other period of equal length in the history of the country, and is spoken of as "startling" by the elder officers.

No fewer than seven general officers died within as many weeks. These were Lieutenant General R. C. Corbin, 67 years of age; Major General Elwell S. Otis, 71; Major General Alfred E. Bates, 67; Major General O. Howard, 79; Major General Robert P. Hughes, 79; Brigadier General R. C. Drum, 84, and Brigadier General Alfred S. Kimball, 69.

Within the seven weeks there have been a number of deaths among officers of lower rank, including Major Theodore A. Dodge.

Three more high officers of the United States army have been seriously ill here, though all tonight are reported better.

For a time it was feared Brigadier General John J. Coppinger, retired, would die.

Brigadier General William Crozier, chief of the bureau of ordnance, also is stricken with a severe attack of a gripe.

Brigadier General E. D. Dimmick, retired, slipped and fell heavily while walking, spraining his ankle and severely twisting his knee. He is recovering.

BANK ROBBER'S BROTHER IS HELD FOR VAGRANCY Santa Clara Bandits to Be Tried November 8

SAN JOSE, Oct. 29.—James Nevins, a brother of Leo Nevins, one of the Santa Clara bank robbers, is in the city prison here on a charge of vagrancy.

"I came to this city three weeks ago," he said, "to Judge Dougherty this morning, with \$20 to help my brother, who bought the latter a few meals and gambled a little, and now I am broke."

He will be tried next Friday.

The trials of Frank Smith and Leo Nevins will be called November 8. Smith will be tried first.

BARRILL LAWYER READY FOR COOK

Gen. J. M. Ashton Repeats Denial That Explorer Reached Mt. McKinley's Summit

He Admits Peary Arctic Club Paid Expenses of Guides to Secure Affidavits

WASHINGTON, Oct. 29.—Edward N. Barrill does not fear Doctor Cook nor does he fear legal trouble with him. He has retained me as counsel in case Cook makes any false charges against him.

This was the statement tonight of General James M. Ashton, a prominent lawyer of Tacoma, Wash., who recently examined Barrill and others in connection with their expedition with Doctor Cook to Mount McKinley.

Barrill, who was one of Doctor Cook's guides, testified that Doctor Cook never came within 14 miles of reaching the summit of Mount McKinley. The deposition of Barrill and others was taken at the request of General Thomas H. Hubbard of the Peary arctic club. The other guide examined by General Ashton was Fred Printz, whose testimony as far as it goes, General Ashton declares, corroborates Barrill.

General Ashton admitted tonight that he had paid Barrill and Printz about \$200 in compensation for their traveling expenses from their homes to Tacoma and back.

"I was told by General Hubbard," said General Ashton, "to get the exact facts. I had not the remotest idea of what General Hubbard's relations were with Commander Peary until my arrival in New York city."

"The two guides were in my office I put them through a course of sprouts as rigorous as any cross examination I have ever witnessed."

"I wanted the exact truth and the affidavits that have been published are the result of those rigorous hours in my private office. As for Barrill, he may be nothing but a mountain guide, but he is a type of our hard working men who will fight rather than lie."

Affidavit Favors Cook MISSOULA, Mont. Oct. 29.—Among the developments today in the Cook-Barrill-McKinley controversy is the announcement of the securing of an affidavit from George W. Solleder, a prominent farmer of Ravalli county living near the homes of Barrill and Printz, in which the affiant declares that he has seen Doctor Cook and Doctor Cook had climbed Mount McKinley.

Doctor Cook's confidential agent announced at the time he gave out the affidavit that he had been secured, but he had decided not to make them public at this time.

Doctor Cook and his party arrived in Missoula late this afternoon, coming from Hamilton in automobiles. When seen Doctor Cook said that he did not care at this time to discuss the meeting at Hamilton last night further than to say that the matter had now sifted itself down to a point where it was the affair of himself against the affidavit of Barrill and the matter could only be settled by an expedition to Mount McKinley to recover the records which he says he left on the peak.

Being advised after his arrival here that the affidavit which he made on the platform at Hamilton last night, which was lacking in the notarial seal, was not properly drawn, Doctor Cook made a duplicate affidavit in Missoula this afternoon that he had reached the summit of Mount McKinley.

COOK MEETING PLACID MISSOULA, Mont. Oct. 29.—In striking contrast to the meeting in Hamilton last night, Doctor Frederick A. Cook's lecture on his polar trip in this city tonight was marked by no demonstration save a most cordial greeting to the explorer when he appeared upon the stage and applause at intervals through his lecture.

Dr. C. A. Dunaway, president of the University of Montana, introduced Doctor Cook as a man with an interesting message to deliver regarding a great achievement, and deplored the controversy which threw the Hamilton meeting into such an uproar.

Doctor Cook will be entertained at Helena tomorrow. After the meeting there Doctor Cook intends to continue his journey through to New York to prepare his data for the University of Copenhagen.

LYON SURPRISED BY FREIGHT RATE

Finds 1,000 Mile Rail Haul and Steamer Service Are Less Than S. P. Charge

Gets Information at Hearing of Application for San Pedro Terminal

LOS ANGELES, Oct. 29.—Special Examiner Lyon of the interstate commerce commission in the hearing today of the petition of the Los Angeles jobbers' association for terminal railroad freight rates for San Pedro expressed surprise that eastern and even middle western cities were able to ship goods to New York and south by water via the isthmus of Tehuantepec to the Pacific coast cheaper than the same material could be handled directly by rail to the coast.

One witness testified that Detroit made such shipments. Another said that shipments came by the roundabout water course to the Pacific coast from as far west as Cedar Rapids, Ia.

"Do you mean to say," asked Examiner Lyon, "that traffic starts at Detroit and is routed by rail to New York, 600 miles, then to the Tehuantepec water and across the Tehuantepec by rail, nearly 200 miles, is handled at each end of the Tehuantepec and is brought to San Diego, where it is again unloaded and loaded on cars and then brought by rail to Los Angeles, 126 miles farther—do you mean to say the steamship line does all this for a less rate than the railroads can haul that business across the country?"

"That is a rail haul of nearly 1,000 miles," said the examiner, "in addition to the steamship service and the trans-shipments at three places."

The hearing was concluded today and the decision will be rendered later. The U. S. C. I. Southern Pacific in the matter of terminal rates for San Pedro was stated by H. A. Jones, freight traffic manager, who took the position that the Southern Pacific is not compelled to meet competition and can not be forced by the interstate commerce commission to make lower rates in order to meet competition at any particular point.

HELD FOR MURDER OF HIS BROTHER IN LAW Fidel Narvaez Offers No Defense at Preliminary Hearing

SAN JOSE, Oct. 29.—The preliminary examination of Fidel Narvaez, charged with the murder of his brother in law, Magnus Mathieson, October 1, was held in Justice Brown's court this morning. District Attorney Fred appearing for the people and B. A. Herrington for the defendant.

The killing was described in detail by M. R. Rainey, Dora E. Clark and A. R. Blake. The latter at that time was at 219 Bush street, next door to the premises, where the tragedy occurred. He testified that Narvaez was rattling at the door and shouting in Spanish. Finally Mathieson came and said "What is the matter now, Fidel?" and the latter responded with an oath and began to shoot.

Dr. F. H. Patterson testified to the wounds received by Mathieson as shown by an autopsy performed by Doctor Bangs and himself.

The defendant offered no testimony and was held without bail for trial in the superior court.

BRITISH WARSHIP IS WELCOMED AT MONTEREY Officers of Cruiser Bedford Are Guests at Dance

MONTEREY, Oct. 29.—The British cruiser Bedford, which sailed from San Francisco today, after taking part in the recent Portola celebration, arrived here at 4 o'clock this afternoon to remain until Tuesday.

This evening the officers of the cruiser were given a reception at the home of Charles R. Few. Later in the evening the officers went to the Presidio, where they were the guests of Colonel Mebon and the army officers at an informal hop.

Captain Fitzherbert and the other officers of the Bedford will be taken around the 17 mile drive tomorrow and luncheon will be served on Pebble beach.

GRAND JURY RETURNS INDICTMENTS—Santa Rosa, Oct. 29.—The Sonoma county grand jury met today and returned two indictments for criminal offenses to Judge Emmet Sewall before adjourning for a week. The indictments were ordered placed on the secret file pending arrest, another matter under investigation is the alleged drugging and robbery of \$25,000 by the gang in the serious condition of the victim nothing was done. It will be further considered at the next sitting of the jury.

PRAIRIE FIRE LOSS REACHES \$100,000

Ranchers Narrowly Escape With Lives in Blaze at Dallas, South Dakota

Thousands of Acres of Timber Is Threatened by the Flames

DALLAS, S. D., Oct. 29.—A prairie fire which burned over an area estimated at more than 60 square miles, which started Thursday, was checked after it had destroyed farm and ranch property worth \$100,000. Several people had narrow escapes.

Mr. and Mrs. William McGreive, living north of here, attempted to escape on a single horse which became exhausted and they were stranded in the middle of the prairie.

By starting a backfire they escaped with their lives, though seriously burned. About 20 ranchmen and homesteaders suffered losses ranging from \$100 to \$5,000.

Soldiers Fight Fire RAPID CITY, S. D., Oct. 29.—Citizens and soldiers by hundreds today joined the fight against the fire that swept valuable pine forests in the central Black Hills region near Silver City and Pactola, 15 miles west of here.

More than 100 men left here this morning on a special train to join the fire fighters. This force was further augmented by nearly 200 soldiers from Fort Meade and about 300 men from the Homestead mine.

Thousands of acres of timber, sawmilling camps and small ranches have been destroyed.

H. LIEBES & CO. FURS-CLOAKS-SUITS. 167-177 POST ST. Liebes Bldg. Specials for Saturday
