**Brother of Missing Clerk Denies That He Was Discharged for Theft**

It was from the country collections of the Crocker national bank that William J. Dowden, the fugitive clerk of that institution, committed his alleged thefts, according to the understanding in banking circles yesterday, although it was not clear just how the young man could put his hands on \$20,000, which it is reported he made away with. The officers of the bank were reticent when asked concerning Dowden and his reputed shortage.

**BROTHER DENIES DISMISSAL**

Wellington Gregg Jr., cashier of the bank, refused yesterday to discuss the Dowden case, even hypothetically, and other employees of the bank were equally silent on the matter.

Rumor That Harm Has Come to Roosevelt Denied by British Commissioner

ENTEBBE, Uganda, Nov. 6.—The rumors that harm has come to Colonel Roosevelt may be denied with assurance. The last word from the party came out November 3 and at that date nothing unusual had occurred.

The following message from the British commissioner at Eldama Ravine was received here at 2 o'clock this afternoon: "Roosevelt was in excellent health October 28 and news of the party received on October 29 reported all well. A letter dated November 2 has been received from the party, who at the time the message was sent were on the Guas Inghu plateau. The letter made no mention at all of Colonel Roosevelt. If any of the party is sick, we, the nearest medical help, have received no news of such sickness."

The Roosevelt party was at Eldama Ravine, whence the commissioner telegraphed, October 27, and probably proceeded to the Guas Inghu plateau October 25. In any event their nearest point of communication with the outside world would be for several days Eldama Ravine, and news of the party could hardly get out by any other way.

John W. Garrett, secretary of the American embassy, today telegraphed to Nairobi concerning the rumor and received the following reply: "Nothing known here of the report, which probably is false. Making further inquiry. According to a telegram received yesterday Roosevelt was staying with Lord Delamere at Njoro."

"NEWLAND H. TARTON." The contents of the telegram were at once communicated to Mrs. Roosevelt.

**THE AMERICAN EXCESS OF GOOD LIVING**

The Principal Cause of the Great Prevalence of Indigestion and Dyspepsia

Man inhabits every part of the globe where external influences can be successfully resisted. Food is an important element in effecting this, and nature has provided for it accordingly. The colder the climate the more animal food and oily substances are required; the warmer a preponderance of vegetables and fruits is necessary in one's diet.

The effects of universal communication are nowhere more obvious than on the luxurious table. To furnish the refined cuisine, all climates, both sea and land, are laid under contribution, and the stomach is expected to digest, with out assistance, everything that is put into it. Combining together such varied products, and the neglect of the relation between climate and foods, are very active causes of dyspepsia.

The heavy, substantial diet of this climate accords badly with the thermometer at 70 degrees; and an inability in regulating the kind and quantity of food is a cause of a large proportion of the ill health and stomach troubles among the English and Americans.

Thousands of people who have suffered from stomach troubles, and a general ill health resulting therefrom, because of a badly regulated diet, and

the ingesting of an excessive amount of food at the table, have obtained speedy and permanent relief by means of a simple tablet—that is, one or two of STUART'S DYSPEPSIA TABLETS after each meal, or whenever the climate, the more animal food and oily substances are required; the warmer a preponderance of vegetables and fruits is necessary in one's diet.

These powerful digestive tablets contain every element that exists in the stomach to digest the food, and in the exact proportion as found in nature. They take the place of the natural digestive quality or quantity, and are deficient in no respect. They relieve the indigestion by strengthening the food, and resting, purifying and purifying the digestive tract.

There is no other digestive remedy on the market which has been found equal to Stuart's Dyspepsia Tablets, none which is so rapidly and powerfully efficient, or which removes discomfort, and cures all of the symptoms of dyspepsia and indigestion in so thorough a manner as these marvellous little tablets. A single grain of which is capable of digesting 2,000 grains of any and every kind of food. Persons who are annoyed with stomach troubles of any kind should use Stuart's Dyspepsia Tablets, which will remove such troubles in a very short time. Purchase a box from your druggist for 50 cents and send us your name and address for free sample package. Address: F. A. Stuart, Co., 150 Stuart Building, Marshall, Mich.

**INDOON WAITS NEW RAILWAY IN CHINA**

Protests Against Proposal for Building Line by American and British Capitalists

VICTORIA, B. C., Nov. 6.—Japanese newspapers received by the steamer Empress of Japan state that if China allows the proposed construction of the Kinchou-Tsitsihar railway by American and British capitalists Japan will insist upon a concession from China for a railroad between Kirin and Kuaining. This would give Japan railway connection from the Manchurian railroad into Mongolia.

The Kinchou-Tsitsihar railroad would start about 90 miles west of the south Manchurian line and diverge toward Mongolia. Japanese protests are being urged, alleging that the road parallels the Manchurian line, and, consequently, like the Hsinmintun-Fakumen railroad, is provided against the Chinese-Japanese convention of the Portsmouth treaty.

Advices from Vladivostok state that strong garrisons are being mobilized by Russia at Blagovestchensk, Nikolisk, Ussurisk and Manchuria station, composed mostly of forces ready for rapid movement. The move was stated to be due to fear of uprisings in southern Ussurisk.

The recent investigation of the Chinese navy disclosed that it contained 12 large warships and 16 torpedo boats of fighting capacity, three of which need overhauling, besides 16 vessels suitable for coast defense. It was decided to purchase three second and third class cruisers, two training ships, two destroyers and one gunboat.

**FORMER SERVANT SAYS WIDOW WAS LOOSELY BOUND AND NOT GAGGED**

PARIS, Nov. 6.—Mme. Steinhell, who was led fainting from the court room yesterday, was not called to the stand when the trial was resumed today. Those who had witnessed the dramatic situations of the last three days were prepared for new thrills today.

The first witness called today was Remy Couillard, formerly a servant in the Steinhell household and now in the military service. He appeared in the uniform of a dragon.

It was Couillard who discovered Mme. Steinhell bound and gagged, in her bed and the bodies of her husband and stepmother in adjoining rooms. He recounted today the story which he had told to the police, but nothing new was developed. In his examination special emphasis was laid on the condition in which Mme. Steinhell was found and the way in which she was bound and gagged.

**WOMAN LOOSELY BOUND**

Soon after the crime Couillard left the service of Mme. Steinhell and November 21, 1908, he was arrested on suspicion of having been implicated in the murders. A pearl which Mme. Steinhell claimed was stolen from the house at the time of the murders had been found in his pocket, but after he had been held in jail for several days he was released. Mme. Steinhell's confession that she had placed the jewel in his pocket.

She claimed she had become convinced the servant was guilty and believing that if arrested he would confess, she planned to bring him into the custody of the police.

**MAYOR OF AMSTERDAM NOT ASKED TO RESIGN**

AMSTERDAM, Nov. 6.—Mayor Van Leeuwen characterized as unwarranted the report telegraphed to a news agency at London last Thursday that he had been asked by the government to resign because he had stated at the Hudson-Fulton festival in New York that the United States would intervene in the event Holland were menaced by Germany.

**SENATOR NEWLANDS URGES NEVADA LEGISLATORS TO PROTECT PEOPLE'S RIGHTS**

RENO, Nev., Nov. 6.—What has been a matter of conjecture as to the attitude of Senator Newlands toward the proposed water power contract between W. P. **URGES UNION FOR WEST**

Senator Newlands, after reverting to the fact that the west had one-third of the representation in the senate, and with Arizona and New Mexico admitted would have even more, and without partisanship could have a predominant influence on legislation affecting the west, turned his attention to reclamation and conservation, which were allied.

He said the reclamation act was the first blow to the spoils system of division of government money, and that the conservation policy now before the government was directed to keep the lands, waters, mines and forests beyond the power of monopoly.

While he did not think it desirable for the government to get into the water power business, Senator Newlands declared that a restriction could be imposed by the government in whatever grant was made, whereby the rights of the people and safety from monopolistic control would be assured, and if the nation failed in this it was incumbent upon the state to look about for protection.

**INSISTS ON STATE RIGHTS**

Without discussing the precedents entailed, he stated that the people of Nevada have a right to secure the use of water power as a derivative at a reasonable charge.

**Pressmen to Strike**

The printing pressmen, feeders and assistants employed in the commercial shops of this city voted last night, unanimously, to go on strike tomorrow because of refusal for an increase of wages. **TENANTS ORGANIZE AGAINST LANDLORD**

Chicago Renters Retaliate for Owners' Refusal to Allow Small Children

CHICAGO, Nov. 6.—Chicago landlords may lose their lofty estate. The Chicago tenants' protective association, which promises to inaugurate radical reforms in the relations between landlords and tenants, came into being yesterday and is now being incorporated. Two little children, Donald Longenecker, aged 5, and his 3-year old sister, Lela, are the direct cause of the organization.

Six weeks ago Robert F. Schenck, real estate agent, wrote to their father, Rolfe Longenecker, that he could not rent an apartment to him because of the children. Longenecker promptly retained a lawyer and brought suit against Schenck and the owner of the property, W. E. Boylston, charging violation of the new law, which makes refusal on such grounds a misdemeanor. The case is still on the court calendar, with the defense contending for the unconstitutionality of the law.

Yesterday afternoon five tenants gathered in Longenecker's office, discussed the situation and agreed to form the association.

The three suits pictured, fairly representative of the many styles offered, show how smartly they are made, the grace, style, and careful tailoring in every line. Made of broadcloths, navy blue serges, homespuns and diagonals—black, navy, smoke, garnet, greens, browns, etc.; 43 to 46-inch coats, satin lined, novelty pleated skirts; latest models, \$25 to \$35 Suits. Matchless Values at \$15.00 each. All Sizes in the Lot From 18 Years to 44 Bust Measure.

**KILLS SWEETHEART AFTER SINGING SONG**

Girl Playfully Points Weapon at Lifelong Playmate and Gun Is Discharged

PORTSMOUTH, O., Nov. 6.—Five minutes after she had finished playing and singing his favorite song Miss Bontha Wolf shot and fatally wounded Thomas Petty in her father's home in New Boston last night.

The young people had known each other from childhood. After finishing the song the girl playfully pointed her father's shotgun at Petty. It was discharged and Petty bled to death before medical aid arrived.

Petty made an antemortem statement exonerating Miss Wolf, who is prostrated.

**ONE DOSE ENDS INDIGESTION, HEARTBURN OR STOMACH GAS**

A little Diapepsin makes your out-of-order Stomach feel fine in five minutes.

The question as to how long you are going to continue to suffer from indigestion, Dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapepsin.

If your Stomach is lacking in digestive power, why not help the stomach do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pepp's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good because your stomach and intestines will be clean and fresh and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

**SON OF MILLIONAIRE RAILROADMAN GOES TO WORK IN FREIGHT-HOUSE**

CHICAGO, Nov. 6.—Nathaniel F. Moore, son of J. H. Moore, one of the powers in the Rock Island railroad system, yesterday started in the railroad business by begging work in a freight house at \$40 a month.

Incidentally it was learned at the La Salle hotel that if he intends to live on his salary he will have only two days to stay in his present apartment, which are costing him \$20 a day. And this will have to be without meals. He is to begin work, according to schedule, as soon as President Winchell of the road returns to this country from Europe. He is emulating the career of his cousins, Edward and Paul Moore.
