WATER EXCLUSION LAW DEMANDED

American Federation of Labor Takes Up Campaign for Extension of Act Issues Advanced by President of Local Council to Be Carried to Congress

From a communication received yesterday from Samuel Gompers by Secretary Gallagher of the San Francisco labor council, it appears that the executive committee of the American Federation of Labor has decided to inaugurate an aggressive campaign in the matter of extending the exclusion act so that it shall include all classes of Asiatics.

At the Toronto convention of the A. F. of L. last November, John A. Kelly, president of the San Francisco labor council, who represented his body in the convention, introduced a series of resolutions calling upon congress to take decisive action in regard to exclusion. These were adopted by a unanimous vote.

These resolutions were taken up by the executive committee and it is in the cards that every central labor body in the United States will be asked to send a memorial to their senators and representatives in congress, asking that such a law be enacted.

At the meeting of barbers' union, local No. 148, last Monday night, a communication was received from the Portland, Ore., local asking for the indorsement of international laws, so that a barber who joins the union shall always be a member. The matter will be acted on at the next meeting as a special order of business.

The local finally adopted new bylaws, which now conform to the general laws of the international body. The local now has 10 members on the sick list, who are being paid \$5 each a week as sick benefits by the local and a like sum by the international.

At the meeting of bar tenders' union, local No. 41, J. O'Grady was chosen president, vice Mathey, resigned. Harry Morrison was appointed assistant business agent.

During the evening the matter of taking action along the line of abolishing free lunches in liquor saloons was discussed at some length, but the matter was laid over until next Monday. The local declared itself strongly in favor of home industry.

Thirty-five dollars was allowed to meet the week's demand for sick benefits. Several resolutions were introduced and eight applications were presented.

The waitresses' union voted last Monday night that every member must attend at least one meeting every month in order to keep informed about the organization. The union now has four of its members in hospitals who are being cared for by the committee.

The sailors' union of the Pacific is making arrangements for a celebration of their anniversary on Monday, March 4. There is to be a torchlight procession, a mass meeting in one of the large halls and a program of entertainment and addresses by prominent persons.

The following named have been elected as officers of the Sacramento federated trades council for the current term: D. D. Sullivan, president; W. E. Harris, vice president; Frank Cooke, secretary; D. W. Milne, treasurer; G. S. Gunther, sergeant at arms; H. C. Frey, F. W. Payne, T. J. McLaughlin, trustees; T. Wright, F. W. Payne, W. Pratt, D. Hicks, H. Hibbard, executive committee.

Painters' union No. 376 of Vallejo declared in favor of every union man putting himself in line to help nominate and elect men at the approaching primaries out of their own ranks who are known to be loyal unionists.

Painters' union No. 19 on last Monday night added two names to its roll of membership by the initiation of that number of candidates. Four applications for membership were presented.

Physician Must Pay For Auto Accident [Special Dispatch to The Call] SANTA ROSA, Feb. 1.—Judge Emmet Seawell today denied the petition of Dr. G. W. Leek of San Francisco to have a judgment for damages awarded by Attorney Edward J. Butler set aside. Butler secured judgment against Doctor Leek for \$299.25 for injuries received when the physician's auto collided with Butler's buggy and threw the latter out.

HELEN DU BOIS'S SISTER AGAIN

Society Girl in New Action Asks \$10,000 for Imprisonment in Sanatorium Alleges She was Kept Among Crazy and Drunken People and Mistreated

Miss Helen Jay Du Bois, the prominent society girl who last August sued her mother, brother and sisters for \$50,000 damages for alleged false imprisonment in the Gardner sanatorium at Belmont, filed a similar action yesterday claiming \$10,000 damages because she was, as she asserts, falsely imprisoned for 11 days in the sanatorium of Dr. John M. Robertson at Livermore.

The first suit is still pending, but no steps have been taken to bring it to trial in the last five months. The \$50,000 damages were claimed for deprivation of liberty extending over a period of six months. Upon being removed from the Gardner place Miss Du Bois was made an inmate of the Robertson sanatorium, whence she was discharged in two weeks. Doctor Robertson is named as a defendant with the young lady's relatives, as was Doctor Gardner in the other case.

The mother of the plaintiff, who is stated to have been chiefly responsible for depriving Miss Du Bois of her liberty, is Mrs. Emily B. Du Bois. The other defendants are Ernest B. Du Bois, a brother of the plaintiff; Dr. John M. Robertson; Dr. John M. Du Bois, sisters and Dr. Emma K. Willets.

Ever since her discharge from the Robertson sanatorium Miss Du Bois has been living chiefly with her mother and relatives. In an interview she stated that in July of 1908 she was induced to enter the Belmont sanatorium on the representation of her mother and Dr. Robertson, who she stated needed the "rest cure." She was, she said, imprisoned in the midst of crazy and drunken people, locked in a bare room, prohibited from communicating with her friends and was forced to eat she was put in a straightjacket and fed through a tube. The nurse, who smuggled out a letter for her, was discharged, Miss Du Bois added.

Mrs. Du Bois says her daughter has been of a nervous temperament since childhood. The attorneys for Miss Du Bois are former Congressman James G. Maguire and William Sea Jr.

RECEIVER LE BRETON IS SUED FOR \$10,762

Western Construction Company Wants Money Paid on Note

The Western construction company began suit yesterday against Edward J. Le Breton, E. L. de Laveaga and Howard Park to recover \$10,762.40. By virtue of stock that has come into his possession as receiver of the insolvent Western bank and trust company, Le Breton controls the construction company. It is asserted in the complaint that De Laveaga and Park, who are directors of the corporation, are dominant in the management of the company.

The \$10,762.40 was paid to Le Breton as part settlement of a promissory note for \$50,000 executed by the construction company to the bank September 21, 1905. The resolution calling for the payment to Le Breton was moved by him at a meeting of directors of the construction company. The resolution recited that the validity of the promissory note had been questioned, and that the money was to be placed in a special fund in a solvent bank.

INDIANS TROUBLESOME PATRONS OF SALOONS

Fourteen Indicted for Selling Firewater to Lo

The names of 14 men indicted for selling liquor to the Indians of the Hoopah reservation near Crescent City were made public yesterday when Assistant United States Marshal J. A. Prentice informed United States Attorney Devlin that they had been arrested.

Those whose indictments were taken off the secret file were H. C. Brown, Harry Brown, Charles Morosoli, George Hall, West Dooley, George W. Wakefield, Silva Berry, J. P. Wentz, J. A. Light, William B. Plank, Joe Boyd, W. F. Taggart, Dave Gardner and William Young.

A FEW WORDS WITH THE LADY OF THE HOUSE

Opposition and inaccessibility are the sauce piquante of life—take them away and it becomes flat, wearisome and disappointing.—Rita.

Menu for Tea Lettuce Sandwiches Graham Bread and Nut Sandwiches bread in moderate oven. This recipe will make about five dozen cookies.

Cheese Duck Dressing—(Miss I. Furlong, 1907 University avenue, Berkeley) After placing a small peeled lemon in the cavity and a small peeled apple in the neck of each duck fill with the following: Grind hard bread crumbs and butter, parsley, green pepper, large piece of California cheese, one large cooked potato, salt, pepper, sage, thyme to taste, before placing in fowl add the juice of half a lemon or a taste of vinegar. Bake in fowl for 30 minutes; for the finest taste.

Cocktail Cheeses—Four melted Neufchatel cheese over small oblong crackers, sprinkle with red pepper, pinch of salt; place half a walnut and half an olive on each cracker; set on plate in oven while preparing cocktails; serve very hot.

Salad—(Mrs. M. Vickers, 1139 Ellie street)—To make this condiment the post begs: Hard-boiled yellow of two hard-boiled eggs; Two boiled potatoes passed through the sieve; Crisp, crinkled lettuce hearts of palest apple green. To decorate the platter and to tempt the palate keep: Let onion atoms lurk within the bowl

Classy New E-M-F Model Received By the Pacific Motor Car Company

The new E-M-F received by the Pacific motor car company. Those in the car are, reading from left to right: Captain F. W. Cole, at the wheel; A. L. Morrison, A. B. Costigan and Joe Ollier. The latter is coast factory representative for the E-M-F and Flanders cars.

Gossip of Railwaymen

GEORGE W. ROE has been held to answer before the members of the Transportation club on the charge of riding in an automobile. Although he has denied that he was "pinched" for speeding, several of the members think differently and should they find that their conclusions are true more serious charges will be brought.

Clyde W. Colby no brother—no relation, will prosecute the case, and he has already selected several of the jurors he would like to have act. "I think this case is much more serious than was at first supposed," he said yesterday. "At first I was inclined to believe the young man, but when he admitted to me that he had been riding in an automobile—conduct very much unbecoming a railroadman—I called in Snodgrass, Litchie and 'Pop' Jones, and we determined to press the charge."

George W. Under has secured counsel to represent him at the hearing and promises to put up a fight worthy of a Great Northern representative.

R. H. Couttiss has been notified by the Pacific coast terminal lines to cancel, effective May 31, 1910, the provision carried in the present eastbound transcontinental tariff allowing apples to be stored in transit according to the local publications of individual carriers. This leaves no arrangement in effect and will have the result of stopping the storage in this city, Los Angeles and other points while waiting for a market.

George T. Foxes, traveling passenger agent of the Northern Pacific has been appointed traveling immigration agent, with headquarters in Chicago.

Darius Miller was elected president of the Burlington railroad at the directors' meeting in New York yesterday. Howard Elliott, president of the Denver and Rio Grande, but never president of the company in charge of traffic and operation, and his second promotion comes within three months of the other action.

Howard Elliott, president of the Northern Pacific railway, was made a director of the Burlington.

The directors of the Colorado and Southern railroad took action similar to that of the Burlington board in relation to the resignation of George B. Harris as president. Harris was continued as chairman of the executive committee, and Darius Miller, formerly a vice president, was elected president. C. G. Burnham and H. E. Byran were made vice presidents.

C. J. Jones, assistant general freight agent of the Southern Pacific, will lecture before the American railroad employees and investors' association at Carpenters' hall this evening.

J. H. Lyman, general agent in this city of the Chicago Great Western, is in the east on business.

The new freight offices of the Texas and Pacific are to be located in the Postal telegraph building. This road has been represented in this city for many years by officials representing the Denver and Rio Grande, but never before has the road had a separate office and a separate representative.

E. E. Calvin, vice president and general manager of the Southern Pacific, left yesterday morning for Fresno.

FREDERICK LYON of Salt Lake is at the St. Francis. Lyon has extensive mining interests in northern California, and is here on a business trip.

WILLIAM R. HULL, a cattleman of Calgary; J. L. Brown and C. R. Brown, a real estate man of Victoria, are staying at the Palace.

J. B. DANBERG, a large rancher of Minden, Nev., is at the Stewart with Mrs. Danberg. Mrs. H. F. Danberg and Miss Grace Danberg, are staying at the Fairmont.

A. M. GILLESPIE and Frank Waterhouse, steamshipmen of Seattle, are registered at the Palace.

I. HIRSHFELD, an oil operator of Coalinga, is among the recent arrivals at the St. Francis.

F. H. BARRIMORE, an automobile manufacturer of Cleveland, is registered at the Max.

MR. and MRS. WILLIAM RANDOLPH HEARST have apartments at the Fairmont.

MAJOR D. F. COLLINS and Lady Evelyn Collins are staying at the Fairmont.

W. M. BUNDLEY, a broker of Winnipeg, is a guest at the Max.

E. E. ROWE, a manufacturer of Sacramento is at the Argonaut.

THOMAS S. MCKAY, a tanner of Benicia, is at the Argonaut.

AUTOMOBILES ARE GOOD FOR NERVES

M. A. Mouneyrat Believes That Motor Cars Cure Nervous and Mental Troubles Touring Also Recommended as Remedy for Sleeplessness and Loss of Appetite

By R. R. L'HOMMEDIEU The investigations of a French savant, M. A. Mouneyrat, go to show that the motor car when judiciously used often has a value beyond what is realized, particularly in case of nervous and mental indisposition. In fact, it tends to cure many disorders which hitherto could only be improved temporarily, or even resisted treatment altogether. The skin in particular is much improved, while the blood circulation system is toned up in a remarkable manner. Motoring is, indeed, eminently advisable, according to his authority, for people who suffer from anemia, sleeplessness and loss of appetite.

A total mileage of more than 175,000 miles with automobiles without an accident is the record claimed by Tom Roe, bicycle celebrity, now an expert demonstrator for the local Studebaker Bros. branch. Roe says he was able to run up the tremendous score by reason of the fact that for five years he was engaged in testing out cars in the territories, on some days of which he made as much as 50 miles per day. Roe says that he has toured in 20 states and territories, including Porto Rico. The states he has visited are Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, Wisconsin, Kentucky, Tennessee, Indiana, Illinois, Wisconsin, Iowa, Nebraska, Colorado, Wyoming, Idaho, Nevada, Utah, California and Porto Rico. Automobile men say that record is a most unusual one.

Austin Kanzee, head of the Phoenix rubber company, agents for the Republic public tires, leaves on Thursday for a visit to the Chicago show. He will also open some time at the Chicago show.

NOTES OF THE AUTO Women who motor all winter often suffer from the cold. Perhaps they would mind the chilling air a little less if they had a hot water bottle in their great-grandmothers' always took before setting out on a journey. That drink was wise when it was used as the best means of keeping out the cold. In making it, to a pint of milk add a wineglass of cream and a little sugar. The milk should be placed in a saucpan and brought to the boil. Then take off the fire and pour the wine into it. Stir it till the whey appears, strain it off, and serve it while it is very hot.

Just what a Haynes car can do was demonstrated a few days ago by H. L. Engerer. Engerer took six people in his five passenger Haynes through the mud over the Santa Cruz mountains, leaving here last Saturday and returning Sunday. He went down the coast and returned via Oakland. In many places the car went into the mud up to the axle, but the machine plowed through it and over the slippery surface of the tortuous mountain roads without a single mishap or delay.

The route, tentatively, for the 1910 endurance race of the American automobile association, which will be given by the Glidden tour, has been laid out by the contest board. The route lies through the following cities: Louisville, Nashville, Memphis, Little Rock, Dallas, Oklahoma City, Wichita, Topeka, Joseph, Des Moines, Cedar Rapids, Davenport and Chicago. The start will probably be made from Cincinnati.

The various specifics for headaches have been outdone by one which has been accidentally discovered by a lady in Paris. It consists in being run over by a motor car. The lady in question had left her house with a frightful headache, so terrible, in fact, that she could not stand it, and sought relief by a walk in the park. It was probably to her intense suffering that she did not see a motor car in the distance. She was struck by it, and, as she was thrown down and one of the wheels went over her legs. The chauffeur and spectators thought she had been killed, or at least seriously hurt, but the lady stood up, turned to the driver and said, "Thank you, this has cured my headache." She was really pleased and went away delighted at the cure.

At a well attended meeting of the board of managers of the Association of Licensed Automobile Manufacturers recently, with President Clifton in the chair, Colonel George Pope, chairman of the show committee, in his report stated that all records had been broken by the A. L. A. M. show at Madison Square garden this year, the daily attendance showing an increase of 20 percent over former years. He announced plans for housing the big A. L. A. M. membership in the garden at the 1911 show.

Alfred Reeves was unanimously elected general manager of the association. He was formerly general manager of the American Motor Car Manufacturers' association, a majority of the members of which have joined the A. L. A. M.

Coker F. Clarkson, who has been assistant general manager of the A. L. A. M. during the last year, will continue in this position.

An English motor company is now furnishing flower vases in the taxicabs it turns out.
