Roosevelt Party Coming Down the Nile Toward the Assouan Dam

By JOHN CALLAN O'LAUGHLIN (Copyright by the Tribune Company, Chicago, 1910.)

[Special Cable to The Call] HALFA, Egypt, March 18 (Aboard the Roosevelt special).—"The desert offers a striking contrast to the green wilderness where I've been," observed Colonel Roosevelt while making the long journey from Khartum to Halfa today.

"Mirages on both sides of the line remind me of those I saw in the Sotik country in British East Africa. In one I saw a rhinoceros which I believed to be standing in a shallow lake, which proved to be a mirage."

Mrs. Roosevelt displayed special interest in the purple colorings on the occasional hills, presumably upthrown by volcanic action. Roosevelt was busily engaged in reading a history of the British campaign and destruction of the Khalfia power which, as he said, was primarily the result of engineering.

The Roosevelt special arrived at the Halfa camp, where it was met by the governor of the province of Bimbassih, Bassett and a party of women. The Roosevelt party boarded the special steamer (the Kaiser) at Halfa today.
