Persecution in Russia Is Condemned by Presbyterian General Assembly

Reference to Roosevelt as Temporarily Absent From White House Causes Cheers

ATLANTIC CITY, N. J., May 24.—The general assembly of the Presbyterian church today adopted a resolution condemning the persecution of Jews in Russia.

The proposition for reducing the size of the general assembly came up for final action and was definitely defeated.

The college board of the assembly asked for a movement to recommend a fund of \$15,000,000 for college work to be divided among the 57 colleges of the church.

During the discussion of the request Dr. John Willis Baer, president of Occidental college of California, created a stir by taking as his text for an address a quotation from former President Roosevelt's name cheered.

"The one thing supremely worth having is opportunity coupled with capacity to do a thing worthily and well."

Doctor Baer was cheered when he referred to Roosevelt as "an American citizen temporarily absent from the White House."

Rev. B. D. Wear of Houston, Tex., declared the uplift of the negro would come only through industrial equality.

"We train negroes to work in the south," he said, "and then when they come north you drive them out and refuse to allow them to work with white men. They come back here discouraged and disheartened and become a problem for us."

The report of the board of missions for freedmen expressed gratification that the receipts of the board for the last year were the largest in its history. The local receipts were \$207,799, an increase of \$22,285 over the previous year.

APPROPRIATIONS PROPOSED  
If the report of the executive commission is adopted the board will appropriate more than \$2,500,000 for the boards and permanent agencies. The appropriations recommended are as follows:

Foreign missions, \$1,166,392; home missions, \$702,167; freedmen, \$59,679; Sunday school work, \$154,518; ministerial relief, \$123,597; church erection, \$78,612; education, \$64,457; college women, \$46,271; conference, \$17,768.

The committee on education presented its report. It stated solid progress has been made during the last year, though not so much territory was gained for prohibition as in the preceding year.

A popular meeting for the interests of missions for freedmen was held on the steel pier tonight.

DIFFERENCE OVER WOMEN  
LEWISBURG, W. Va., May 24.—At first the general assembly of the Southern Presbyterian church was inclined to give scant consideration to the overture of the Lafayette church of New Orleans for information as to whether or not the church still maintained its position in opposition to women addressing gatherings in which both men and women were assembled, but after the committee on bills and overtures was appointed the advocates of women made it known that they were in earnest.

No women appeared to be heard. Some men, however, argued that, with the Methodists, Baptists and other denominations permitting the women to speak in all assemblies, the Presbyterians were regarded as being behind the times.

These advocates of women are not inclined to be belligerent and the committee on bills and overtures turns them down they probably will demand on the floor, believing that sooner or later the assembly will relent in regard to the rigid enforcement of silence on women.

Louisville, Ky., was chosen as the next place for the meeting of the general assembly.

CALIFORNIANS WANT  
HAWAIIAN BANANAS  
Shippers Ask for 10,000 Bunches for Each Steamer

HONOLULU, May 18.—Watson and Del Orto of California are in the islands trying to arrange for the shipment of large quantities of bananas to the coast in opposition to the New Orleans shippers. The men insist upon having ten thousand bunches by each steamer and will consider no less quantity.

They will arrange to have the bunches shipped unwrapped and, if it is not possible to get a fast steamer service between the islands and California ports they will put on a steamer of their own. The men said that they represent a wealthy corporation.

They left for the island of Hawaii yesterday as they received little encouragement. Past experience proves that the bananas grown on the island will not stand shipment. Whether this was due to poor packing and rough handling was never fully determined.

"The Commercial cable company will continue to be independent and competitive just as the Postal telegraph cable company will continue to be independent and competitive. All reports to the contrary are false."

BOY SLAIN BY A  
JEALOUS RIVAL

Murdered Youth Was Suitor for the Hand of Pretty Ayers Spur Lass

[Special Dispatch to The Call]  
JACKSONVILLE, May 24.—Although the authorities appear to be no nearer an arrest that would solve the mystery regarding the murder of Jesse Thrasher, a Jacksonville boy, on May 3, the belief is general that he was slain by a rival for the hand of Mabel Putnam, the pretty daughter of the boarding house keeper at Ayers Spur.

Edward Davidson, said to be a suitor of Miss Putnam, was arrested a few days ago in connection with the murder, but the only charge finally placed against him was carrying concealed weapons. He was convicted on this charge and is now serving time for it.

Thrasher was found dead on the morning of May 3 at Ayers Spur with his head crushed. The town has been in a state of excitement since. A reward of \$750 has been offered for the arrest of his slayer.

Good Government League of Stockton Declares Against Saloon Domination

[Special Dispatch to The Call]  
STOCKTON, May 24.—About 75 members of the good government league met last night in Jory's hall to talk over the local political situation.

The majority of those in attendance were republicans, although the chairman, John R. Humphreys, is a democrat. Some months ago the republican county central committee endorsed the league's principles, namely, opposition to political domination by saloons and in favor of local option in precincts outside the cities.

As a result of a number of meetings two conference committees, one from the republican party and the other from the league, have been appointed to take up matters requested by either side. It was recommended at last night's meeting that the conference committees consider a request that the board of supervisors adopt a local option ordinance, the question of saloons or no saloons to be submitted to the people at the next election.

The question of holding a mass meeting in the near future at which the candidates will be afforded an opportunity to make a public statement of their attitude on the local option and other features of the good government platform was also referred to the conference committee.

Practically all of the candidates for nominations have endorsed the good government principles in their announcements, but some declare that they should do so from the rostrum.

The next meeting of the league will be held next Monday night when the committee will report.
