### RETAIL COAL DEALERS WILL PICNIC AT FAIRFAX

First Outing Since the Big Fire of 1906

The retail coal dealers of this city will hold their first picnic since the fire of 1906 Wednesday, June 23, at Fairfax. For many years prior to 1906 this outing was an annual event, but since then the coalmen have not felt at liberty to take the time from their business. Now, however, they feel that they have regained their former status and can indulge their pleasure on the day mentioned. All house keepers or others purchasing from the retailers are warned to get their supply in advance, as the yards will be closed Wednesday. An elaborate program has been arranged by the president of the association, J. B. Dallas, Secretary Billingslea and a committee of 20. A baseball game will be played between employees' teams from north and south of Market street.

## L. KREISS & SONS

### Old English Furniture

Old English Dining Room and Library Furniture in the Elizabethan and Jacobean styles is at present enjoying remarkable popularity because of the opportunity it presents for decorative effects, and then for the desirability of its sturdy and substantial characteristics.

- It is built of selected quartered oak and is finished in a rich, warm tint.
- With woodwork finished to harmonize, and decorations appropriate in character, a room thus furnished can hardly be equaled in beauty and charm.
- The advent of Old English of this type is peculiarly welcome at the present time, for it meets the two requirements of the day in furniture—good style and moderation in cost.
- Our display contains several interesting suites of this style at prices that are reasonable.
