

EVENTS IN THE COUNTIES BORDERING ON THE BAY OF SAN FRANCISCO

MISS RHODA TO BE AUGUST BRIDE

Daughter of Pioneer Fruitvale Family and Nevada Businessman to Marry

OAKLAND, June 20.—The announcement of the betrothal of Fred Heydenfeldt of Nevada and Miss Madeline Rhoda, daughter of Mr. and Mrs. Albert Rhoda of Fruitvale, is of interest to the old settlers in Alameda county.

The wedding will be in August. Heydenfeldt is associated with important business interests in Nevada. The Rhodas were pioneers in this part of the state, their property holdings at one time embracing much of the valuable land in the Fruitvale hill district.

Mr. and Mrs. Mark Requa will join the wedding party. They will soon begin work on a handsome residence, which will be in the vicinity of Highlands, the Isaac Requa family estate. For the last several years the Mark Requas have occupied a charming Berkeley home.

Miss Rae Morrow will entertain Wednesday at a thimble bee a dozen or more guests, including the members of one of the congenial sewing clubs. After the chat over the needle-bags tea will be served.

Mrs. Louis Risdon Mead, who, before her brilliant wedding a few seasons ago, was Miss Mae Sadler of Alameda, is keeping open house during the summer months at her beautiful summer bungalow at Byron Springs. Each week a congenial coterie of the smart set is included in the attractive young matron's invitation for a short house party.

Mr. and Mrs. McKee Sherrard are spending a part of the midsummer in Lake county. Miss Caro Chamberlain, who has been their house guest since early spring, is in the northern part of the state, but will return to Alameda next month for a continued visit with Mrs. Sherrard. The charming young eastern girl, who is spending her first season on the coast, has been most delightfully entertained by the friends of her hostess.

The evening of Wednesday, June 23, has been chosen by Miss Bertha Jurgens for her marriage with Marshall Steel of Berkeley. The ceremony will take place at the Jurgens residence in Adeline street. Only the members of the immediate families have been asked to witness the 4 o'clock service.

The bride's attendant will be Miss Emma May Baker of San Francisco. August Vollmer will assist the bridegroom. Miss Jurgens is the daughter of Mr. and Mrs. Charles Jurgens. Her fiancé was formerly a student at the University of California, where he is a member of the Delta Tau Delta fraternity. He is engaged in business in the college town, where he and his bride will make their home. Steel is the son of Mr. and Mrs. James Steel of Portland, Ore.

Mr. and Mrs. Herbert Connor will arrive tomorrow in the bay cities from Providence, R. I., where Connor has been visiting himself a member of work for two years. Mrs. Connor will be remembered as the beautiful Miss Montaine Benton. Mr. and Mrs. Connor will divide their time between the homes of Mr. and Mrs. S. B. Connor and Mr. and Mrs. T. H. Benton, the parents of the young couple. Their home coming will be the signal for some delightful entertaining.

At the home of the bride's parents in Chicago today occurred the marriage of Byron Smith of Oakland and Miss Clara J. Meiser, a beautiful girl, the exclusive of their wedding journey through the southern part of California. Mr. and Mrs. Smith will come to Oakland to establish their residence. The bridegroom is a brother of F. M. Smith, with whom he is associated in business. He is prominently known in club circles. His bride, who is two score years his junior, is said to be most charming and unusually gifted in a musical way.

CAPITALIST SAID TO HAVE USED FISTS Frank D. Chase Arrested on Complaint of Employee

BERKELEY, June 20.—On the charge of Walter Lamb, care taker for the new Chase building in Shattuck avenue, San Francisco, that he was struck in the face several times, Frank D. Chase, one of the owners of the building, was taken into custody by the police today and charged with battery.

According to the story, Chase told him to get out, and when he remonstrated he was beaten.

H. C. Hovelind, a local restaurant keeper, was also arrested by the police for selling milk containing less than 2 per cent butter fat, as insisted upon by the state pure food law.

ESTATE GOES SEVENTEEN YEARS WITHOUT PROBATE Heirs of Berkeley Man Neglect to Take Legal Steps

OAKLAND, June 20.—Seventeen years after his death, letters of administration were issued on the estate of the late Alfred P. Needles of Berkeley. This morning Judge Wells appointed his daughter, Edna Needles, of Palo Alto, administratrix.

Needles died in 1892, leaving property and four children. The latter never bothered to have the estate probated, and no such step was taken until recently.

It was then desired to sell two lots in Berkeley, and no one could give title unless the estate went through the probate court.

MILITIA BAND TO PLAY IN THE GREEK THEATER Weekly Concerts to Be Continued at State University

BERKELEY, June 20.—The weekly musicales in the Greek theater, which are a feature of the university year, will be continued during the summer session of the university this year, commencing with a concert by the band of the Fifth regiment, national guard, at 4 o'clock Sunday afternoon. Captain Hollister will lead the band.

BURGLAR IS ROUTED BY LATE HOME COMER Intruder Makes Quick Retreat, but Carries Away Coin

OAKLAND, June 20.—Returning to his room at 1860 Fourteenth avenue at 10 o'clock last evening, Fred H. Austin surprised a burglar in his dining room. The intruder fled, taking with him \$15.00 and an open bag valued at \$25. Austin gave chase, but the burglar escaped.

Chas. S. Davidson, Who Passed Away On Burning Sands

Young Engineer Dies on Desert

Prominent College Graduate and Fraternity Man Succumbs in the Mojave

BERKELEY, June 20.—Stricken down by the fierce heat of the Mojave desert, Charles Sprecher Davidson, prominent engineer of this city and San Francisco and well known fraternity and college man, met his death last Friday, according to a brief telegram sent to his wife of seven months.

She was chaperoning a party of college girls of the Kappa Kappa Gamma at Inverness when she received the meagre account of the death of her husband, and hurried to her home in this city, where she is prostrated with grief.

LEFT FOR SHORT TRIP The particulars of the fatality are unknown here, but Norman C. Stines and Herbert Masters, both of this city, are known to have been in the party with Davidson. Both are reported well, and will bring home the body. Davidson left here only a week ago, and intended to make a brief business trip to the desert country. It is supposed he was overcome by the heat while out hunting.

His marriage with Miss Mary Robert Blossom, daughter of the late Robert Hurd Blossom, a pioneer of Red Bluff, was a social event here last November, on account of the prominence of the bride and groom. Both are well known in the university set, and Mrs. Davidson is a member of the Kappa Kappa Gamma sorority, and is a graduate of the university.

Davidson was the son of Mr. and Mrs. F. P. Davidson, well known residents of this city. His father is head of the McNeil teachers' agency, while his sister, Miss Gertrude Davidson, recently won praise for her magnificent work in Paris during the flood. She was made head of the Y. W. C. A. work there, after a successful record on this coast. His mother is now visiting in Paris.

30 YEARS OF AGE Young Davidson was born 30 years ago in Springfield, O., and was graduated from the university with the class of 1902. He was popular on the campus and took some part in athletics. Besides the Phi Kappa Psi fraternity he was affiliated with other student organizations.

Since graduating he followed his profession of electrical engineering, and was a member of the firm of Noble & Davidson of San Francisco, consulting engineers, with offices in the Crocker building.

Friends of the young graduate are hourly expecting details of the death of the young man.

BARBECUE AND PICNIC AT MASONS' ANNIVERSARY Half Century Jubilee of Order Is Celebrated at Ukiah

[Special Dispatch to The Call] UKIAH, June 20.—The fiftieth anniversary of the institution of Masonry in this city was celebrated yesterday by a barbecue and picnic in Todd's grove near town. Seventy-five local members and their families were in attendance, while nearly 200 visiting members were present.

There were suitable services in the morning and then a big barbecue was in order. The afternoon was devoted to a sacred concert by Keller's band.

Abell lodge was instituted June 19, 1860, with seven charter members, all of whom have passed away. They were: J. B. Price, W. M.; M. V. Cleveland, S. W.; N. S. Fanning, J. W.; William Henry, treasurer; Lew Warden, secretary; O. H. P. Brown, J. D.; James A. Shore, tyler.

AUTHORITIES PREVENT CREMATION OF HINDOO Pyre of Logs and Brush Prepared by Countrymen

[Special Dispatch to The Call] UKIAH, June 20.—Quite a disturbance was caused at the railroad camp near Willits yesterday afternoon, when a number of Hindus started to cremate a fellow countryman who had died but a few hours before. They gathered a large pile of brush and logs and were about to burn the body, when the authorities interfered and stopped them. The Hindus said that they intended to gather the ashes after the fire and throw them in the Russian river, saying that the waters would carry them to the holy river in India.

COMPANY FORCED TO FINISH JAIL

Controversy Over Old Steel Not Allowed to Interfere With Work

OAKLAND, June 20.—The Pauly jail construction company will have to go ahead and finish the new county jail, and fight out afterward any claim it may have against the county for being deprived of the use of discarded steel from the old county jail, which was torn down. But the claim of the company will not be accepted as an excuse for further delay.

Attorney George W. Reed represented the company at today's meeting of the supervisors and he agreed that the contract between the county and the supervisors would have to be performed notwithstanding any controversy that may have arisen over the old steel.

The Pauly jail construction company was cited to appear today and show cause why the county should not go right ahead and finish the work of building and charging the company with the cost. Complaint was made that the jail had already been in course of construction for more than three years, and that no haste was being made to finish it. On the other hand, the company declared that the county would have to pay \$1,900 for old steel which the supervisors sold as junk for \$99, inasmuch as an agreement had been made whereby the company was to be given this old steel to use in the new building.

Reed agreed to telegraph the result of today's meeting to his principals. The supervisors, including the chief of District Attorney Donahue, agreed to give the company a reasonable time in which to finish the jail.

SITE SELECTED FOR SIXTH PLAYGROUND Durant School Grounds Will Be Given to Children

OAKLAND, June 20.—The sixth of the series of municipal playgrounds which the city administration is establishing throughout Oakland will be located at the Durant school grounds, which are owned by the city.

The choice of the new site was reached through the efforts of the Oakland club of the Durant school, which agreed to furnish the apparatus and equipment for the playground if the commissioners would lay out the grounds and provide care takers and grounds. Work will be begun on the new grounds at once.

Although the elaborate plans outlined by the commissioners have not yet been fully completed, the new playground at the Durant school was formally opened today and several thousand children made merry there in the morning and afternoon as the guests of the city. The commissioners expect that the unfinished work on this playground will be completed by the first of July. Among the features of the grounds are two tennis courts, a basketball court and a baseball diamond, all of which were impressed into service by the youthful visitors today.

WATER PROJECT TO BE DISCUSSED AT MEETING Officials of Bay Cities Company Will Speak

ALAMEDA, June 20.—There is to be a mass meeting in the council chamber of the city hall Wednesday night at which addresses will be made by representatives of the Bay Cities water company which is planning to construct a distributing system in this city and supply water in competition with the People's water company.

President W. S. Tavis of the Bay Cities company is expected to be one of the speakers. Manager C. E. Gillman, Assistant Manager L. R. Dickey and C. M. J. Oden of the company are billed to be present and may discuss features of the water project and the water situation here.

The plan of the Bay Cities company to install a local distributing plant and bring water to this city from its Mount Hamilton sheds has been approved by the mayor and by the public utilities committee of the city council.

SCIENTISTS MAKE STUDY OF ROOT ROT Hunt and Horne Return From El Dorado County

BERKELEY, June 20.—With the return to the campus of Profs. T. F. Hunt and W. T. Horne, both of the department of plant pathology, a series of experiments have been commenced by them in their laboratories to determine ways and means of eradicating the root rot, which is particularly noticeable in the vicinity of El Dorado county, where the scientists have been visiting for two weeks.

There is no plaster or liniment that will reach the inside cause—sick kidneys. What is needed is a kidney medicine—a kidney stimulant to start the kidneys working as they should—a healing, soothing tonic, to relieve and cure congestion and inflammation in the kidneys.

Sick kidneys can not get well alone. They need quick help. And if it is not given, the useful work of the kidneys stops. The filtering of the blood is suspended. Poisons circulate freely with the blood—attack muscles, brain, nerves and vital organs. The kidneys swell and throb, and that is what makes those sudden stabs in pain in the back. You won't be rid of the trouble until the kidneys are cured.

There is no other remedy for sick kidneys quite equal to Doan's Kidney Pills. This simple vegetable formula has been in use for 75 years and has never been excelled because it is a remedy for the kidneys only—does not act on the bowels nor on any other organs. It soothes while it stimulates, relieves all congestion and irritation, cures backache, regulates the urine and restores a perfect filtering of the blood.

SAN FRANCISCO PROOF. J. J. Collins, 1168 Campbell street, San Francisco, Cal., says: "In the summer of 1907 Mrs. Collins publicly told of my experience with Doan's Kidney Pills. At this time I gladly confirm that statement. The value of this remedy was conclusively proven to me, a fact of which I have been ready to oblige to life at all times. Disordered kidneys caused me to suffer intensely from pains in my back. I was also obliged to urinate at night to pass the kidney secretions. If I sat down for any length of time it was difficult for me to get up and my back ached terribly. I heard such favorable reports about Doan's Kidney Pills that I was induced to get a supply at the Swan Drug Co. and begin their use. They cured me and I have been in good health ever since."

Doan's Kidney Pills are sold by all druggists. Price 50 cents. Foster-McMullen Co., Buffalo, N.Y., Proprietors.

Frank Bunker, Who Wins Controversy In School Board

BOARD WILL OUST SCHOOL TEACHER

Frank F. Bunker, Berkeley Superintendent, Will Be Supported in Action

BERKELEY, June 20.—The board of education at its meeting tomorrow night will uphold Frank F. Bunker, superintendent of schools, and drop W. H. Bryan, teacher of chemistry and physics in the high school, from the rolls of the department. Bryan at the last meeting of the board made a fight through his attorneys for reinstatement, and the matter was put over for two weeks. It is now definitely understood that the board will back up Bunker in ousting Bryan.

Bryan declared to the board at the hearing two weeks ago that while Bunker had a right to drop any teacher he saw fit, suitable notice of his intention should be given, and it was on the ground of lack of time in which to secure another position that he fled objections to Bunker's action before the board.

Bunker claimed that he waited until the last possible opportunity to judge whether Bryan was making good as a teacher in the Berkeley high school and fulfilling the high standards required of instructors before the teacher was notified that his resignation would be accepted.

Bunker said that Bryan failed to receive the hint, and that he was then forced to declare the position vacant and secure another teacher better qualified, as he thought, for the local work.

When the matter is heard tomorrow night it is likely that Bryan and his attorney, W. C. Crittenden, will make a fight on another angle to the situation. Bryan came here a year ago from the Palo Alto high school, where he was highly thought of. He is a Stanford graduate of a recent class.

FENDER ORDINANCE READY FOR PASSAGE Projecting Type Favored by Berkeley City Council

BERKELEY, June 20.—An ordinance providing for the projecting type of fenders will be introduced into the city council tomorrow morning, and probably passed by the board. The proposed ordinance was drawn up by City Attorney Frank D. Strickham, acting under orders from the council, and the same ordinance will probably be passed by both Oakland and Alameda. Strickham was in conference with City Attorney John W. Stetson of Oakland this afternoon.

MARRIAGE LICENSES OAKLAND, June 20.—The following marriage licenses were issued here today: Charles W. White, 25, Weaver street, and Lora McCarthys, 23, Hayward.

Nicholas H. Lang, 46, and Anna L. Major, 42, both of San Francisco; Leo H. Deane, 27, and Bernhardt Johnson, 27, and Bernhardtina J. Benson, 27, both of Albany.

Thomas M. Harris, 23, Warm Springs, and Virginia E. Correa, 23, Niles. Alfred Schudel, 30, San Francisco, and Margie Hays, 26, Oakland.

Frederick E. Thomas, 38, San Francisco, and Emma C. Burger, 27, East Berkeley. Pedro Posso, 23, and Maria Cavalli, 23, both of Oakland.

William Teberg, 24, Oakland, and Minnie A. Farrar, 22, Mendocino City. William Lovell, 53, and Caroline Streamling, 45, both of Sacramento.

Otto A. Ratto, 23, San Francisco, and Florence E. Kramer, 22, Fitchburg. Charles A. Marshall, 25, and Ellen L. Hickey, 42, both of Philadelphia.

William Riedeser, 32, and Elsie Scott, 24, both of Oakland. Clyde E. Campbell, 24, San Francisco, and Gold Brooks, 25, Los Angeles.

Henry W. White, 25, Oakland, and Lucie S. Aldrich, 20, Alameda. Richard P. Edmundson, 64, Pacific Grove, and Emma Quadros, 28, and Josephine Ceguera, 23, both of San Francisco.

Joseph Randle, 65, San Francisco, and Anne R. Wood, 56, Oakland. Thomas M. Harris, 23, and Victoria B. La Riviere, 34, both of San Francisco.

William H. Ismert, 25, and Lydia A. Scott, 20, both of Oakland. Arthur M. Webb, 30, and Lillian I. Nelson, 18, both of Oakland.

John W. McLeod, 21, San Francisco, and Anacrotus Wetzel, 20, Berkeley. William M. White, 33, and Abbie McKenzie, 29, both of Oakland.

THOSE SUDDEN STABS IN THE BACK Are Twinges That Tell You of Hidden, Dangerous Kidney Troubles.

When the kidneys are sick, sharp, darting pains strike you in the back, loins or sides—pains that almost take your breath away, and often make you cry out in agony.

It is almost impossible to mistake these kidney pains, for they seem to center about the small of the back, where the kidneys are located.

And still there are many persons who think backache is merely a muscular trouble—something that is expected to pass away with a little rest, aided by a plaster, or by rubbing with liniment.

There is no plaster or liniment that will reach the inside cause—sick kidneys. What is needed is a kidney medicine—a kidney stimulant to start the kidneys working as they should—a healing, soothing tonic, to relieve and cure congestion and inflammation in the kidneys.

Sick kidneys can not get well alone. They need quick help. And if it is not given, the useful work of the kidneys stops. The filtering of the blood is suspended. Poisons circulate freely with the blood—attack muscles, brain, nerves and vital organs. The kidneys swell and throb, and that is what makes those sudden stabs in pain in the back. You won't be rid of the trouble until the kidneys are cured.

There is no other remedy for sick kidneys quite equal to Doan's Kidney Pills. This simple vegetable formula has been in use for 75 years and has never been excelled because it is a remedy for the kidneys only—does not act on the bowels nor on any other organs. It soothes while it stimulates, relieves all congestion and irritation, cures backache, regulates the urine and restores a perfect filtering of the blood.

BIG ARCHITECTS' CONTEST BEGINS

Three Noted Experts Will Aid Board in Awarding \$15,000 Prizes

OAKLAND, June 20.—The first steps in the actual work of selecting architectural plans for the new city hall in Oakland were taken this morning, when the commissioners of public works, Mayor Mott, City Attorney Stetson and City Engineer Turner met with the trio of eastern architects who have been engaged as expert advisers by the city of Oakland in the office of Architect John Galen Howard at the University of California and opened the twenty-eighth series of plans and specifications which have been submitted by architects who aspire to design the new municipal buildings.

The easterners, whose opinion will play such an important part in shaping the new city hall, are W. S. Eames of St. Louis; W. P. Laird of Philadelphia, a member of the faculty of the University of Pennsylvania, and E. F. Champney, now of Seattle, a member of the faculty of the University of Washington.

AFTER A preliminary examination of the various plans submitted, the board of architects, accompanied by the commissioners of public works, went to the city hall site in Oakland and made a careful inspection of the grounds, taking numerous measurements to be used in the final consideration of the plans. As a result of this morning's deliberations it was announced that the choice of the board would probably be made public on or before the 1st of July.

In calling for plans and specifications for the new city hall, the commissioners of public works conceived the idea of stimulating competition among the leading architects of the country by offering a series of cash prizes to the designers of the best plans submitted. To the author of the plans which are considered best by the judges a cash prize of \$5,000 will be paid, and the author will be appointed designing architect of the building. Prizes of \$1,000 will be given to the authors of the 10 next best plans in the preference of the judges. It is stipulated that at least two of the competing architects must live in Oakland, or within a radius of 25 miles of the city. Three eastern architectural firms of national reputation—Mead, White & McKim of New York; Peabody & Stearns of Boston, and Cass Gilbert of New York—were each paid \$1,000 each to submit plans, and they will be considered ineligible in the competition for the second prizes.

Following is the list of architects who have submitted plans and specifications to the board of judges: Bakewell & Brown, San Francisco; Bliss & Faville, San Francisco; Arnold W. Burner, Lincoln, Neb.; W. H. Wray, Oakland; Aldrich, New York City; J. H. Freedlander, New York City; Frost & Granger, Chicago; Louis P. Hunt, San Francisco; George Kohlenstein, San Francisco; Guy Lowell, Boston; H. Van Buren Magdonie, New York City; McLaughlin Brothers, San Francisco; Frederick H. Meyer and Walter D. Reed, San Francisco and Oakland; William Mooser, San Francisco; Louis C. Mullgardt, San Francisco; W. H. H. Wood, San Francisco; Palmer & Hornbostel, New York City; Pell & Corbett, New York City; Rankin, Kellogg & Co., Philadelphia; George B. Hixon and Lord Van Benthusen, San Francisco; Albert Randolph Hays, New York City; Ward & Bielow, San Francisco; E. P. Whitman, Oakland; Wood, Donn & Co., Washington; York & Sawyer, New York City.

MARRIAGE LICENSES OAKLAND, June 20.—The following marriage licenses were issued here today: Charles W. White, 25, Weaver street, and Lora McCarthys, 23, Hayward.

Nicholas H. Lang, 46, and Anna L. Major, 42, both of San Francisco; Leo H. Deane, 27, and Bernhardt Johnson, 27, and Bernhardtina J. Benson, 27, both of Albany.

Thomas M. Harris, 23, Warm Springs, and Virginia E. Correa, 23, Niles. Alfred Schudel, 30, San Francisco, and Margie Hays, 26, Oakland.

Frederick E. Thomas, 38, San Francisco, and Emma C. Burger, 27, East Berkeley. Pedro Posso, 23, and Maria Cavalli, 23, both of Oakland.

William Teberg, 24, Oakland, and Minnie A. Farrar, 22, Mendocino City. William Lovell, 53, and Caroline Streamling, 45, both of Sacramento.

Otto A. Ratto, 23, San Francisco, and Florence E. Kramer, 22, Fitchburg. Charles A. Marshall, 25, and Ellen L. Hickey, 42, both of Philadelphia.

William Riedeser, 32, and Elsie Scott, 24, both of Oakland. Clyde E. Campbell, 24, San Francisco, and Gold Brooks, 25, Los Angeles.

Henry W. White, 25, Oakland, and Lucie S. Aldrich, 20, Alameda. Richard P. Edmundson, 64, Pacific Grove, and Emma Quadros, 28, and Josephine Ceguera, 23, both of San Francisco.

Joseph Randle, 65, San Francisco, and Anne R. Wood, 56, Oakland. Thomas M. Harris, 23, and Victoria B. La Riviere, 34, both of San Francisco.

William H. Ismert, 25, and Lydia A. Scott, 20, both of Oakland. Arthur M. Webb, 30, and Lillian I. Nelson, 18, both of Oakland.

John W. McLeod, 21, San Francisco, and Anacrotus Wetzel, 20, Berkeley. William M. White, 33, and Abbie McKenzie, 29, both of Oakland.

Miss Woodward, Who Is Soprano Soloist at Idora

THAVIU TO GIVE INDOOR CONCERT

Famous Russian Director to Appear This Afternoon in Park Theater

OAKLAND, June 20.—Thaviu's band, now at Idora park, will play its new symphony concert tomorrow afternoon in the park theater. The concert, which will be free, will take the place of the usual open air matinee. The popular Russian director has attained considerable reputation throughout the east with his indoor concerts, and is anxious to appear before a representative music loving audience from the bay cities. The management of Idora has given him the use of the big theater tomorrow.

Many of the selections to be played are standard favorites with the lovers of good music, while others on the program will be interesting from the standpoint of novelty. The program will include "Neil Gwyn" and "Three English Dances" by Gorman; "Tannhauser" overture and "Invocation to Battle" from "Rienzi" by Wagner; Weber's overture, "Oberon"; "Serenade" by Moszkowski; Intermezzo, "Forget Me Not" by Macbeth, and Tchaikowski's overture "1812" and Symphonie Marche, "Slav". Solos will be rendered by Herr Max Bing and Miss Anna Woodward, the soprano.

The regular outdoor matinees and evening concerts will be played during the remainder of the week. Tuesday evening will be patriotic night, Wednesday evening popular music. Request numbers will be rendered on Thursday and classical selections on Friday night.

ASSISTANT ENGINEER QUILTS UNDER FIRE OAKLAND, June 20.—Frank Cooper, who was elected to be Supervisor Foss as assistant engineer of the hall of records, resigned his position today and was appointed night watchman instead. L. A. Morris, who was formerly night watchman, was given his position. Foss declared that Cooper was not competent to fill the position of engineer, having been employed previously as a bar tender and not as a mechanic.

KEEPING IN TOUCH WITH HOME IT IS wonderful how much satisfaction can be obtained from a talk over the Bell Telephone.

A letter carries words, but the Bell Service has been brought up to such a point of perfection that the modulations of the voice are clearly heard.

The cheery tones show that the talker is well and in good spirits. The call may come from a suburban village or a distant city, but within the limits of the carrying power of the voice the Bell Service carries the tone as well. You get a personal interview with a friend hundreds of miles away.

AMPHIBIOUS BUG PUZZLES SCIENCE

BERKELEY, June 20.—The buffalo gnat, a queer little insect which can easily crawl through a mosquito netting on account of its small size, is baffling the scientists of the university, and Prof. W. B. Hegms, a member of the department of entomology, will spend next fall studying the life history of the pest.

The insect is unique in that it can live under water and is equipped with a special breathing apparatus which enables it to remain submerged indefinitely without difficulty, and seek for food.

Strangely enough, the insect always is a habit of swiftly running water, and there it develops in large swarms, an annoyance to animal and man.

Its particular interest to science is this activity, and it is known to attack cattle, causing a fever which in the south has been known to be fatal. On account of its diminutive form, the gnat, which is also known as the black fly and turkey fly, can easily penetrate the meshes of a wire screening which would bar the mosquito.

Professor Hegms, who has been asked by farmers in the vicinity of Winters for aid, will not begin operations against it this year, but will study its habits this fall in preparation for the campaign next summer.

HELPFUL HINTS ON HAIR HEALTH Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease, caused by a microbe, which also produces baldness. Never use a comb or brush belonging to some one else. No matter how clean the owner may be, these articles may be infected with microbes, which will infect you. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody's hat. Many a hat band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which will believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "32" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness because of the results it has produced in thousands of cases.

Rexall "32" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "32" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1. Remember, you can obtain Rexall remedies in San Francisco only at our store—the Rexall store, The Owl Drug Co., Inc., 710 Market st., 718 Market st., Post and Grant av., 343 Kearny st., 16th and Mission sts.
