The general campaign strike committee for the unionizing of Los Angeles met yesterday afternoon in building trades temple. Word was received from the south that Treasurer George Gurney had settled with one shop on \$4 and a nine hour day basis for six weeks, at the end of which time the eight hour day will obtain. He reports that four shops have asked for a conference in order to settle. The meeting will be held tomorrow.

It was reported that the balance of cash on hand was not increasing. The committee approved the plan of the tented city and would furnish provisions and necessaries from this city. News was received here yesterday that the trade unionists of Los Angeles are contemplating establishing somewhere near that city a tent city to be conducted upon the co-operative plan, every member to pledge himself to buy all necessaries there to the exclusion of Los Angeles.

We will take several thousand people with us as a starter," said Stuart Reed, organizer of the A. F. of L. "and we will invite every trades unionist and his family to join us. We are not driven to this because of injunction suits, but we think we should not patronize merchants and landlords of Los Angeles who are unfriendly to our cause. We will do things in a proper and sanitary way."

Because Harry P. Flannery persists in employing Japanese in his saloon, there is a movement on foot among organized labor to prevent, if possible, his reappointment to the police commission. Already the movement has taken shape by resolutions against his reappointment having been passed by several locals. At the last meeting of the carpenters' union No. 1649 it was resolved to ask Mayor McCarthy not to place Flannery on the police commission again. Carpenters' union No. 1652 and street cleaners' union have taken the same stand.

The report published in a morning paper that carpenters' union No. 22, the mayor's union, had taken the same stand as the above unions is incorrect. The labor council delegates to the charter revision convention, upon motion of Theodore Johnson of waiters' union No. 28, have been instructed to introduce an amendment giving the board of supervisors authority to establish a free employment bureau.

The executive board of the state building trades council will be in semi-annual session today at 10 a. m. in the Metropolitan building. Matters of importance will come up for settlement. The session will probably last four days. The following delegates will represent teamsters' union No. 85 at the international convention of the brotherhood to convene in Peoria, Ill., early in August. J. P. McLaughlin, C. J. Carroll, William Dooley and Joseph Kenesley.

At the last meeting of gas workers' union No. 8540 the following officers were chosen: President, Thomas Clardy; vice president, Charles Anderson; recording secretary, A. F. Colman; financial secretary, Phil Knell; treasurer, E. S. Cleveland; guide, George T. Graham; guardian, Charles Hawthorne; secretary, George W. Bell; delegates to district council of the workers, George W. Bell, A. F. Colman and Phil Knell; executive board, William Bowler, Daniel Cameron, F. Crawford, G. R. Edmondson, Daniel English, Patrick Finnegan, George Graham, J. Lynch, J. Reynolds and Edward Webster; delegates to labor council, George W. Bell, D. English, H. S. Cleveland, G. R. Edmondson and Phil Knell.

Laundry wagon drivers' union will receive its new charter at next meeting. The Anti-Jap laundry league band will give a concert, after which light refreshments will be served. Ole Anderson, a prominent member of the union, took to himself a bride yesterday and was serenaded by the band when the news became known. The following nominations have been made: For president, J. Fitzgerald and T. R. Angove; vice president, E. E. Keagan; for recording secretary, J. E. Keagan; for secretary, J. E. Keagan; for treasurer, H. F. McMahon; for delegates, Paul Parker; for delegates to council, J. Fitzgerald, T. R. Angove and E. Levy.

Further nominations will be made at the next meeting, when election will take place. The irregularities in the election of bar tenders' league No. 41 last Wednesday were of such a nature as to call for a special meeting of the joint executive board of the culinary crafts

REJECTED SUITOR PUTS END TO LIFE

Young Man Kills Himself Beneath the Window of His Charmer's Room

PHOENIX, Ariz., June 25.—When Dr. O. L. Mahoney went to his front door early today he found a dead man on the veranda. Will H. Andrews, aged 37, an employe of the surveyor general's office, late of Murphysville, Ill., had thrust the muzzle of a revolver into his mouth and pulled the trigger.

The report of the shot was so muffled that it did not arouse persons in the house.

Andrews' suicide resulted from the rejection of his proposal of marriage by a ward of Doctor Mahoney. He selected the veranda as the scene of his taking off because the young lady slept on a balcony just overhead.

MAN AND WIFE EAT OF POISONED MEAT

Deadly Viand Was Intended for Troublesome Cats

DETROIT, Mich., June 25.—George H. Harrington, a Detroit accident insurance solicitor, came home early yesterday to poison the cat. Stopping at a market and a drug store, he purchased a supply of meat and arsenic.

Mrs. Harrington was not at home when Harrington arrived and he decided under such an advantageous circumstance to exterminate all the cats in the neighborhood. Mixing the meat and the arsenic, he placed them on the kitchen table and went in quest of felines.

While he was absent Mrs. Harrington arrived and hurriedly prepared dinner. She used the poisoned meat. Doctors hold little hope for the recovery of both Harrington and his wife.
