CHINESE RESCUES GURL FROM FLAMES

Noon Fire in Business Block Traps People in Upper Stories

FRESNO, July 29.—Fire which broke out shortly before noon today destroyed the W. J. O'Neill block, in the business section of this city. The loss is estimated at \$50,000, partly covered by insurance.

During the fire several persons in the upper part of the building had their retreat cut off by the flames, and were rescued by the firemen from the various windows. Miss Gertrude O'Neill, a daughter of W. J. O'Neill, was the member of the family at present in Fresno, was asleep at the time, and was saved from death by a Chinese cook, who rushed in and awakened her.

The lower floor of the building was occupied by the agricultural store of W. J. O'Neill & company and the automobile repair shop of L. Haute. The fire is said to have originated as the result of an explosion of gasoline in the last named establishment.

The Chinese cook, who was instrumental in saving Miss O'Neill, was badly burned later that it is feared he will die.

HAMILTON AGREES TO FIGHT AT FIESTA

Famous Aviator, Known for His Daring, Completes Sacramento Program

SACRAMENTO, July 29.—Charles K. Hamilton, the daring aviator whose sensational performances during the last few months have electrified the east, has been engaged to fly every day during the fiesta of the Dawn of Gold.

The members of the fiesta committee are greatly elated over their success in securing the appearance of Hamilton as a substitute for Glenn Curtiss, for while Curtiss is undoubtedly one of the foremost of the world's aviators, Hamilton has been longer before the public. Hamilton is conceded to be a much more spectacular performer. Following his record breaking flight from New York to Philadelphia, and return, Hamilton has been in constant demand at all of the big aviation meets in the east, and has made good on every occasion.

The committee has decided to expand its aviation program by offering \$2,000 in prizes for the breaking of world's records, which will probably bring a number of aspiring aviators to Sacramento to take part in the fiesta flights.

With the successful consummation of the negotiations with Hamilton, the fiesta program is practically complete, the other principal features being the great Frontier days show from Cheyenne, the annual tournament of the Pacific association of the national athletic union, and the great fireworks display by the Pain pyrotechnic company.

FEDERAL OFFICERS HOLD ALLEGED COUNTERFEITER

Identity of "Catch" Is Kept From the Public

[Special Dispatch to The Call]

PORTERVILLE, July 29.—Officer Stewart of the United States secret service has arrested a man whose identity is being kept a profound secret and who is said to have been the head of a gang of counterfeiters who have been operating for the last three years with their headquarters in or near White River. The arrest was made late on the night of July 26, and the alleged offender being taken under close guard the next day to Fresno. He is being held without a charge placed against him and is not allowed to communicate even with an attorney.

The federal officers who are conducting the case hope that other members of the gang still being kept under close watch will lead the secret service operatives to the plant in which the bogus coin has been manufactured.

It is about three months ago that a suspiciously large amount of bad half dollars, quarters and dimes appeared at the receiving windows of the various banks in the district. When this fact was communicated to the federal officers three detectives were detailed upon the case.

COALINGA LOSES \$35,000 IN BIG FIRE

[Special Dispatch to The Call]

COALINGA, July 29.—Starting from the explosion of a gasoline tank in Cushman's paint shop, a fire swept over the main business section of the town this afternoon, burning over half a block on D street, between Fourth and Fifth, causing damage to the extent of \$35,000 or more.

Among the buildings that were destroyed were the Coalinga opera house, the public library, fire house, building and entire plant of the Coalinga Daily Times, the Hanford foundry, several residences and other small business establishments.

Owing to the fact that the fire occurred in the paint shop, which was next door to the fire house, there was great difficulty in placing the blaze under control, as the fire house was one of the first buildings to be destroyed, and with it some of the apparatus. The flames were fanned by a strong afternoon breeze and for a while the entire town was threatened. It was not until late that the firemen, aided by many volunteers, placed the blaze under control and finally extinguished it.

The respective losses were as follows: Coalinga opera house, \$12,000; fire house, \$1,000; painting mill, \$500 (no insurance); public library, \$300; paint shop, \$100; Hammond's grocery, \$200; Times building, \$16,000; shooting gallery, jewelry store and the Odum transfer company, total \$3,000; Hanford foundry, \$1,500.
