TALES OF DEATH IN FOREST FIRES
Hemmed in by Flames Many Meet Terrible Fate in Desperate Battle
 Continued From Page 1

women and children that two rescue parties went to St. Joe to aid the weary travelers. Among those reaching St. Joe from that vicinity were Mr. and Mrs. Smith and three children, Mr. and Mrs. Osborne and two children, and Mr. and Mrs. Andreas, a crippled old man, and two other families, including several children.
 A party of 15 men is probably surrounded, if not consumed. One man of the party arrived here yesterday, and he is the only known person to have escaped. He says the flames got so close to his party that each man abandoned everything and ran for his life.
 From the Trout Creek region, eight miles east of here, two travelers who had a remarkable escape from death arrived this morning. For two days these men lay in the creek, their heads under water except when they were compelled to breathe, fire raging on both sides of the creek.
 The hospital at St. Joe is filled with refugees, some of whom are suffering from injuries and burns. There are between 75 and 100 refugees in St. Joe today.

Big Creek Refugees
 Survivors of Big Creek disaster reached Wallace late this afternoon. They said that a relief party, headed by Ranger Wells, had reached their camp and medical aid was at hand. Food and tents, they said, were badly needed, and six men with provisions and shelter left for that place tonight.

Twelve men were killed in this party and will be buried in the woods where they died, most of them being burned beyond possible identification. Victims of the Bullion creek fire will also be buried in the woods.

"We were in the heart of the fire for an hour and a half," said Walter Ingersoll, an 18 year old fire fighter who escaped with slight burns, "and how we lived through it is more than I can tell. When the men saw the fire coming down the gulch on four sides of them they were panic stricken, and with two homesteaders, Ames and Beauchamp, ran and hid in a small cave.

Suffocated in Cave
 Beauchamp had provided the cave to hold his valuables. Six or seven were suffocated in the cave, the rest were killed by falling trees, the terrific wind picking up great cedar trees and throwing them about in every direction. Out of 25 men in the Big Creek party, perhaps eight escaped uninjured.

DEATH LIST GROWS IN THE FOREST FIRES
 SPOKANE, Wash., Aug. 22.—Twenty-three are known to have perished and between 75 and 100 are missing in the forest fires raging in the panhandle of Idaho, in the Couer d'Alene district.
 The dead:
 J. G. Boyd of Wallace, suffocated by smoke.
 Mrs. Charles Smith and 1 year old baby, drowned in a well in which they jumped to avoid flames.
 Miss Annelia Ward, stenographer, suffocated by smoke.
 Twelve unidentified fire fighters in a crew of Ranger Bell, burned or suffocated.
 Six unidentified fire fighters from a crew of Ranger Edward Gulaski.
 Charles Ryan, 20, burned to death by the crew of Ranger Danielson.
 The injured list, mostly fire fighters, will reach, according to the statement of W. R. Weigle, forester superintendent of the Couer d'Alene, over 100, many of whom have been stricken blind and others with broken limbs.

AMONG THE INJURED
 Among the list of badly injured are:
 A. R. Sullivan, totally blind, right arm broken and max. nose right hand.
 Tony Varich, totally blind, body badly burned.
 J. E. Webb, burned about body.
 J. Ricker, hands, face and feet badly burned.
 John Blinn, hands and face badly burned.
 Generally blind.
 J. Danielson, totally blind.
 P. W. Sullivan, will probably lose both hands.
 E. Gayer, face badly burned.
 William Christianson, a mass of burns from head to foot.
 Mike Derrick, totally blind, burned about the face and neck; will probably die.
 Robert McGinnis, badly burned about head, shoulders and hands.
 Charles Ryan, face and hands terribly burned.
 Ben Smith, hands and face badly burned.
 Thomas Noonan, burned about the hands and face.
 J. Carrahan, badly burned.
 W. J. Juergens, hands and face badly burned.
 Anton Conyar, hands and face terribly burned.
 E. W. Egan, totally blind.
 Jack Flinn, blind.
 Herbert Brown, hands and legs badly burned.
 George Gargan, feet burned; will be crippled for life.
 Edmond Hickman, face terribly burned and nose completely burned off.

CREWS ARE LOST
 Superintendent Weigle, head of the fire fighters, this morning said:
 "All crews are hopelessly lost and those who are not dead are being taken care of in the three Wallace hospitals."
 "Ranger Edward Gulaski, who was working with a crew of 75 men on the west fork of Placer creek, reports that six men are dead, five having been smothered while seeking refuge in the War Eagle tunnel. The remainder of the crew were compelled to find safety in the creek, where for nearly five hours they stood with only their heads above water.
 Two companies of colored troops of the Twenty-fifth infantry are now resting at Wallace, utterly exhausted after 36 hours of consecutive service. The troops did excellent work, and only their efforts enabled the fire to be headed back from Placer creek long enough to enable the settlers to escape to their lives.
 Latest reports are that Burke, a mining town of about 500 people, is directly in the path of the flames and can not be saved. Mayor Hanson of Wallace yesterday headed a party which rescued 41 persons from the War Eagle mine.
 All women and children, numbering 2,000, have been sent from Wallace, but the town has filled again with refugees from Burke, Mullan, Gem and other neighboring towns.

TRAGEDY AT CAMP OF FIRE FIGHTERS REPORTED
 WALLACE, Idaho, Aug. 22.—The arrival of E. D. Hale from the fire fighting camp at the Bullion mine, 25 miles from Wallace, with news of the catastrophe last night, brings the total list of known dead to 32. The dead at Bullion are:
 Val Nicholson of Gem; Larry Ryson, Wallace Leslie Zellers, Gem; S. D. Adams, Chicago; Erin Binston, Hillsdale; Louis Holmes, Spokane, member of cooks' union, Birmingham, England; Tom Welch, Spokane; Ernest Elgin, Wallace.
 They were buried in a trench near the Bullion dump, under the direction of Second Lieutenant Calvin P. Titus,

PROMINENT GRADUATE SOON TO BE MARRIED
Prof. Frank L. Kleeberger Will Claim Colorado Bride
 BERKELEY, Aug. 22.—Cards have been received here announcing the wedding here of Prof. Frank L. Kleeberger, head of the department of physical culture at the University of Arizona, and Miss Helen Aldrich, daughter of Mr. and Mrs. L. Aldrich of Spokane, Colo., at the home of the bride's parents, September 6. Mr. and Mrs. George R. Kleeberger of this city will leave shortly to attend the wedding of their son.
 Professor Kleeberger, a graduate of the University with the class of 1908, was one of the best known athletes who has represented the blue and gold of recent years. As an all round athlete he was best known, and easily captured the honors in the Greek games held here two years ago. Besides being head of the department of physical culture at the Arizona state university, he is also an instructor in chemistry. He is a member of the Alpha Delta Phi fraternity and various honor societies.
 Miss Aldrich is the daughter of a well known mining man. She is a graduate of the University of Minnesota, where she was a member of the Kappa Alpha Theta. Recently she has been studying at the University of Colorado, and took the degree of doctor of philosophy, a degree won by few women.
 Professor and Mrs. Kleeberger will be at home in Tucson, Ariz., after November 1.

Tahoe Forest Reserve IN DANGER FROM FIRE
 [Special Dispatch to The Call]
 AUBURN, Aug. 22.—One of the fiercest of forest fires is raging in the upper end of Placer county, where Forest Hill in the vicinity of the Forks House and French Meadows.
 Most of the timber is within the limits of the Tahoe forest reserve, controlled by the national government.
 H. T. Power telegraphed to the government authorities today, and 500 soldiers will be sent to fight the flames.
 Several hundred men left Auburn today to fight the fire, and a campaign of backfiring inaugurated.

FRENCH GULCH FIRE THREATENS MINE WORKS
 REDDING, Cal., Aug. 22.—A forest fire has been burning for several days west of French Gulch, and every effort has been made by fire fighters to save the hoisting works of the Brunswick, Washington and Milkmaid mines. All danger now seems to have passed, as the fire has turned and is burning westward toward Trinity county.

YREKA'S POPULATION FIGHTS FOREST BLAZE
 YREKA, Cal., Aug. 22.—Nearly half the men in Yreka turned out last night to fight fires that started a mile and a half south of the town and threatened the destruction of several farm houses. The fire was conquered but not until after 500 acres had been burned over.

BERKELEY BARYTONE WILL GIVE RECITAL
Hubert Clyde Linscott to Sing Before Friends
 BERKELEY, Aug. 22.—Hubert Clyde Linscott, a graduate of the university, who spent several years in Paris studying under King Clark, will give a recital in Unity hall Thursday night. Linscott returned from Paris a year ago, and since has been studying and teaching in the east. He is a graduate of the university with the class of 1906 and a member of the Delta Upsilon fraternity. He has a barytone voice said to be of extraordinary tone and range.

NEW PROCESS FOUND FOR MAKING GLASS
 In an American patent taken out by S. Forgo, says the Scientific American, a new process and apparatus for making glassware is described. Molten glass is made to flow between directing or molding surfaces, and a film of cool gas is interposed between these surfaces and the material, the glass being gradually reduced in thickness as it proceeds. The apparatus consists of a vessel which is divided into an inlet compartment, in which a pressure may be maintained, and an outlet compartment; two directing members, forming a gradually contracting chamber, extend from the latter, and the gaseous film is produced on the inner surfaces of these members by making them, for instance, of porous material and constituting the inner walls of two chambers containing a vaporizable liquid.

Nicaragua Revolutionists Gain Berkeley Council to Lop Off From 4 to 5 Cents From Present 99 Cent Levy

NEW ORLEANS, Aug. 22.—Managua has fallen. The Nicaragua revolutionists have finally reached the goal for which they have been fighting for 10 months. President Madriz did not flee. He remained in the city until the last. Cablegrams to this effect were received here this afternoon.
 "Jose Delores Estrada today issued a proclamation declaring his brother, General Juan J. Estrada, president of the reunited republic of Nicaragua. Revolutionists are pouring into Managua. The situation is alarming."
 This cablegram was received from Managua this afternoon by Harvey Smith who stated the Madriz government here as consul general.
Madriz Turns Over Presidency
 BLUEFIELD, Nicaragua, Aug. 22.—Reactive telegraphic reports from the Pacific coast set forth that General Madriz has turned over the presidency of Nicaragua to Jose D. Estrada, who will in turn transfer the presidency to his brother, Juan Estrada, the revolutionary leader. Madriz is said to have left Managua.

BLANK TOOK HORSE JUMP, BUT LEFT HORSE BEHIND
 The late J. Q. A. Ward, the noted sculptor, was in his youth a famous rider of the Century club in New York, a brother sculptor said the other day:
 "Ward once undertook to teach Blank, the ether, to ride. Blank was game, and Ward the first week had him jumping low fences.
 "Then Blank's conceit got the better of him, and he went at a high, dangerous jump. Of course, he was shot out of the saddle. He somersaulted over fences and landed in the next field on his head.
 "Ward, hurrying up, said to soothe Blank's feelings:
 "Splendid jump, old man! Done just the way you do it myself! Only—"
 "Here Ward smiled.
 "Only, you know, I always manage to take the horse over with me."

STUBBORN ECZEMA CASES YIELD TO POSLAM
 Called "Greatest Skin Remedy in Europe or America"
 "Poslam did for my wife, who is spending the winter abroad, what no doctor could do. Half the jar entirely cured her of the most disgusting form of scaly eczema, which simply covered her face. Fourteen days after the first application her face was fair, smooth and without a spot or blemish. We look upon it as nothing short of a miracle. It is the greatest skin remedy we have ever found either in Europe or America and we have tried celebrated specialists, all sorts of cures and many patent remedies." This statement made by Mr. A. E. Gardner of Bridgeport, Conn., is but one of the thousands of similar expressions regarding the actual accomplishments of poslam in the eradication of every form of skin disease, eczema, acne, tetter, barber's itch, psoriasis, shingles, etc., besides the minor skin affections (such as pimples, blemishes, red noses, hives, fever blisters), in which results are seen so rapidly.
 Poslam is on sale in 50 cent boxes and \$2 jars at all druggists', particularly The Owl Drug Co.'s stores. A free sample may be obtained by mail, in plain wrapper, by writing to the Emergency Laboratories, 32 West 25th street, New York City.

TAX RATE TO BE LOWERED GREATLY
Berkeley Council to Lop Off From 4 to 5 Cents From Present 99 Cent Levy

BERKELEY, Aug. 22.—The city council, which will set the tax rate next Tuesday, will lop off 4 or 5 cents from the 99 cents rate now collected. A surplus of money in the treasury, the coin in the cash basis fund, and the general all around healthy condition of the city's finances are given as reasons why the tax rate will be lowered to 95 or 94 cents.
 With the reduction of the tax rate will come a reduction of assessments in various portions of the city. Only in a few instances will there be an increase, and in some cases the decrease will reach 15 per cent. In general there will be a reduction of about 8 per cent throughout the city.
 Both Mayor Beverly Hodghead and R. A. Berry, commissioner of finance and revenue, in their recent annual reports, urged that the tax rate be lowered from 4 to 5 cents. Berry also urged that the assessment roll be reduced, as the property values here have been more or less inflated by the influx of people to this city as a result of the San Francisco fire. To restore normal conditions Berry believes that a reduced assessment roll is a marked necessity.
 The city council will meet Aug. 30 at 9:30 o'clock to fix the assessment tax for the year, and the new ordinance will go into effect for 1910-11.

ARTISTS' MATINEE TO BE SAENGERFEST FEATURE
Special Program for Friday, September 2
 The saengerfest concerts, which are to be sung at the Auditorium, Fillmore and Page streets, commencing August 29, will be featured Friday, September 2, by an artists' matinee. A special program has been arranged for this occasion.
 The season is to run from August 29 to September 2 and mail order as well as local sales are being handled by Selby Oppenheimer at the Sutter and Kearny street store of Sherman, Clay & Co.
 Season tickets are to be sold for \$19. The price for the other concerts vary from \$1.50 to \$3.

ALAMEDAN HAS NARROW ESCAPE FROM DEATH
Automobile Becomes Stalled in Front of Train
 BERKELEY, Aug. 22.—His machine stalled in front of an approaching Southern Pacific train in Shattuck avenue, at Alston way, this morning, J. Boodt, 1875 Pearl street, Alameda, escaped death by jumping. The train slowed to a stop, it struck the automobile, which was damaged. An hour before, at the same place, James Davis, a Greek laborer, was struck down by a train, the approach of which he was unaware, and sustained a fracture of the skull. He may recover.

THE FOLLY OF CARELESS PIANO BUYING
 Buying a piano without thoughtfully measuring and investigating its merits, without knowing to a certainty the character of its makers, the materials used in its construction and its reputation for durability and permanent usefulness, is an unwise and dangerous experiment.
 Most pianos look much alike, and to the unskilled buyer sound much the same. Differences in case design, in ornamentation and general appearance have, unfortunately, little bearing on the real quality of the instrument, and an extravagantly embellished case usually is a mark of indifferent quality.
 Always our aim has been to supply our buyers with the best possible piano at the price which they feel they should pay, giving a value that is as good as can be had for the money expended in any city in the United States, and backing the piano purchased with a guarantee that insures satisfaction for all time. We invite a most careful scrutiny of our pianos, because each and every instrument is built to stand a most searching investigation and thereby to prove its quality.
 Save for the addition of Eastern freight every piano on our floors is marked at the same identical price at which the same instrument would sell on the retail floors of its manufacturer. Terms for easy monthly payments may be arranged if desired.

ONLY A FEW LEFT
Impossible to Get Any More When They Are Gone
BEST PICTURES WITHIN THE REACH OF ALL

In order to bring the best art of the world within the reach of all its readers, THE SAN FRANCISCO CALL has arranged to offer to them a series of pictures such as no publication has heretofore been able to put out. The world's best pictures are the property of men or women of wealth and governments and municipalities. The possession of such works is, however, the birthright and the privilege of all intelligent people. This is so because art has been made the protegee of governments of states and cities. To have this same art in the hands of the people is the privilege that has always been denied the many. Here and there copies of famous works have been made and sold by struggling and starving artists. Once in a great while one of these pictures finds its way into printed form, but printing processes have been woefully inadequate to proper reproduction until recent years.

FAMOUS PAINTINGS REPRODUCED FOR CALL READERS
 The steel and copper engravings had their day, but they were not great successes. They depended upon the fallible human eye and the more fallible human hand, and the reproduction too often failed to follow the original. No process of the century, in the minds of the artists, so well reproduces the painting without the painter's coloring as the photogravure. For years this process, cultivated abroad, has held its own, but its very perfection has been the best reason for the maintenance of a price standard under which the possession of a first class photogravure reproduction was almost prohibited to the art lover of moderate means.
 The evolution of mechanical processes, backed by the force of newspaper enterprise, has brought the photogravure within the reach of all who appreciate art.
 THE CALL has singly and alone undertaken to bring photogravure reproduction to its readers at a price that will surprise the artistic world. This newspaper controls the right to place these works of art before the newspaper readers of California.

THE ART STORE PRICE WOULD BE \$2.50
 The Pictures Are 22x28 Inches in Size
 The largest photogravure reproductions ever printed in America, and pictures of this kind and of this size can be secured from no other source in this country. The plates from which the pictures are printed average 17 by 22 inches, thus allowing for ample border for artistic mounting and framing.
 These pictures can be procured singly or in sets. In requesting the pictures sent through the mail, make sure that your name and address read plainly so as to avoid mistakes.

THESE COUPONS WILL BE REDEEMED AT THE OFFICE OF THE CALL
 Market and Third Streets, San Francisco
 Also at branch offices—1651 Fillmore Street, San Francisco, and 468 Eleventh Street (Bacon Block), Oakland.
 A coupon and 10 cents presented at either office will secure a picture.
 If your picture is to be mailed, price will be 15 cents (6 cents must be added to cover expense of mailing).
