The races of the Juarez jockey club took place without interference and were attended by 4,000 Americans. Newspapers received here from Chihuahua today give a conservative account of the trouble in that city and at other places in the state of Chihuahua.

SEATTLE ONLY TO 'PROTEST' CENSUS It Would Be "Undignified" to Enter Into Controversy With Durand

SEATTLE, Nov. 27.—While there is disappointment that the census gives Seattle a population of only 237,194, it has been known for six weeks that the total of 248,000 names turned in had been materially reduced.

The report generally accepted was that the total had been cut to 232,000, hence the additional 5,000 names are a solace. It is felt that it would be undignified to engage in a controversy with Director Durand.

Hark to Portland's Howl PORTLAND, Nov. 27.—The wholesale reduction which Portland, with other Pacific northwestern cities suffered at the hands of the census bureau has caused a storm of protest.

The Ebell club of Oakland went on record yesterday as instructing its members to remove their hats during meetings.

At meetings of the Cap and Bells, said Mrs. D. E. F. Easton, the president, "I have been requesting the ladies to remove their hats during the program, and so far I have always found them fairly willing to do so.

ONE HAT HIDES SIX VIEWS Mrs. John Martinon of the Laurel Hall and Channing clubs was friendly to the wide hats.

Mrs. Huntley of the Ebell club of Oakland was outspoken in her approval of the hats off order.

When it is considered that the hats worn by women today, said Mrs. Huntley, "are larger than they have ever been, and, to my mind, altogether too large, it is no more than fair that the members should be requested to remove their hats.

BANNER YEAR FOR DRINKS AND SMOKES

Oleomargarine Also Shows Big Increase of Consumption in Last Year

WASHINGTON, Nov. 27.—The United States has just passed through a banner year for drinks, smokes and oleomargarine. Here is the nation's record for the 12 months ended June 30, as it shows in the figures of the internal revenue bureau:

183,000,000 gallons of distilled spirits—20,000,000 gallons more than the year before.

402,000,000 pounds of plug, fine cut, cut cut, granulated or sliced smoking or chewing tobacco, or snuff—4,000,000 more than the year before.

141,862,282 pounds of oleomargarine—50,000,000 pounds increase.

Their distilling and manufacturing of moonshine whiskey is on the increase, especially, the bureau says, "where there are statewide prohibition laws."

Commissioner Cabell's report, speaking of illicit distilling, says Alabama, Georgia, North Carolina and South Carolina lead in offenses of that character.

Many prosecutions are under way charging violation of the oleomargarine law, but Commissioner Cabell declares he believes they constitute only a small proportion of the real offenders.
