## HARBOR PROJECT PUT UNDER WAY

Board of Works Lets Contract for Development of Key Route Basin

Bond Money Will Be Used to Create Docks and Manufacturing Sites

OAKLAND, Dec. 14.—The greatest municipal harbor project in the history of the Pacific coast was begun this morning in letting a contract to the San Francisco quarries company for the construction of the rock retaining wall along the Key Route basin...

The work provided by this contract is a small part of the whole project. The greater portion was put under way when the board directed Secretary J. W. Nelson to advertise for bids for the dredging of a channel, the material removed from the bay in making deep water to be used for reclamation of the area back of the proposed retaining wall.

The completion of the project as it now is proposed means the development of wharfing space extending 7,000 feet around the shore of the Key Route basin, over which the city will be in undisputed possession.

The project means the creation of an inland harbor on the east bay shore equal in area to many international harbors. The city will own absolutely the quay wall facing the basin on three sides, and the wall will be constructed so that piers may be added in future years if required by commerce.

The development of the basin is planned and being carried out by the city in strict accordance with the requirements laid down by the department of the federal government.

## Judge Wells Forced to Seize Mrs. Lindell by the Shoulders to Repress Her

OAKLAND, Dec. 14.—The outbreak of Mrs. Andrae Lindell, former house keeper of Mrs. Isabella J. Martin, was the incident of today in Judge Wells' court in the trial of Mrs. Martin for dynamiting Judge Ogden's home. Mrs. Lindell's outbreak was directed against Assistant District Attorney Hynes, whom she called a liar, with the accompaniment of profane language.

"You're the biggest liar in the world, and you ought to be in San Quentin," she shouted, and with that she seized an umbrella and started after the prosecuting official. Judge Wells seized her by the shoulders and told her to sit down, under penalty of going to jail if she did not. Mrs. Lindell subsided at this.

The occasion for the outbreak was Hynes calling her attention to testimony she gave at the former trial of Mrs. Martin, which contradicted what she said today when Mrs. Martin placed her on the witness stand.

## DALTON CLEARED BY GRAND JURY

Unanimous Vote Declares the County Assessor to Be Innocent of Charges

OAKLAND, Dec. 14.—County Assessor Henry P. Dalton was exonerated by the grand jury, which took a vote today and decided unanimously that the charges preferred against him by Leslie Blackburn and Frank Shay had not been proven.

Blackburn began his campaign against Dalton just before the primary election, in which Dalton was successful. He produced a number of checks that represented payments of large sums made by him to Dalton and, although he would not say what these payments represented, he intimated that they were collections he had made for the assessor for improper purposes.

Dalton said the checks represented loans that Blackburn had made him. When Blackburn appeared before the grand jury he was evasive in his answers and positively refused to make any statement of transactions between himself and Dalton that had occurred in the last three years that could be brought within the statute of limitations.

Equally unsatisfactory to the grand jury was the testimony given by Frank Shay, Dalton's former deputy. Shay, at the time of the primary election, said that Dalton had regularly collected \$25 a month for his salary for a long time. He reiterated this story before the grand jury, but he could not substantiate it. All of Dalton's other deputies said that no such custom as Shay had described was ever prevalent in the assessor's office, and they testified that they had never given him any part of their salaries.

## HAYWARD REALTY MEN WILL FIGHT DIVISION

Exchange Protests Against the Separation of County

HAYWARD, Dec. 14.—The Hayward real estate exchange has taken the first step in a campaign which is to be waged at the coming session of the legislature by the southern portion of the county in opposition to the proposed county division act. Resolutions were adopted protesting against the division of the county on the ground that it was unjust and simply a move to make the outside territory pay for the maintenance of roads used by Oakland.

With the creation of a city and county of Oakland the division line is to be at San Leandro, and it is claimed that the burden of taxation would be thrown on Eden, Washington, Pleasanton and Murray townships. A. W. Beam, president of the exchange, says that 95 per cent of the benefit will be reaped by Oakland.

William Angus, president of the Hayward chamber of commerce, has called a special meeting for tomorrow, when similar resolutions are to be adopted.

## HANDCUFFED THIEF MAKES HIS ESCAPE

Burglar Uses Fetters as Club, Assaults Guard and Flees With His Pal

OAKLAND, Dec. 14.—Using the handcuffs which fettered his wrists as a club, a burglar captured last night by Deputy Marshal Lippl of Emeryville while acting as lookout during the robbery of the New York meat market at thirty-ninth street and San Pablo avenue, knocked unconscious Henry Murphy, a racetrack man whom Lippl had impressed into service to guard the prisoner. The handcuffed man escaped with his wrists in the irons and is being sought by the sheriff's office and by the police.

Lippl found the burglar at work and arrested the lookout, handcuffed him and asked Murphy to stand guard while Lippl and another man went to the rear of the butcher shop. They intended to enter through the window and capture the thief who was rifling the cash register.

They were just about to crawl through the window when they heard Murphy at the front of the shop crying for help. Believing his prisoner had showed fight, Lippl ran to the street to find Murphy on the pavement unconscious. The handcuffed man was gone. In the excitement the other thief escaped from the shop through the window opened by the officer.

The burglar who was captured and escaped is described as 25 years old, barely five feet tall, with thin features, fair complexion and sandy hair. He wore dark clothes and a soft black hat.

## HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that if it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "33" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "33" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "33" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1. Remember, you can obtain Rexall Remedies in San Francisco only at the Owl Drug Co., Inc., 710 Market street, and at all drug stores, and Grant avenue, Sixteenth and Mission streets, Fillmore and Geary streets.
