

ABOUT THE CAT SHOW  
Queen's Crown Falls to Ch. Kee  
Kee Vita, Windsor  
Tabby

Argent Brilliant the handsome, big, silver shaded, male cat owned by Mrs. W. E. Weaver, carried off the honors as the best cat in the annual bench show of the Pacific cat club yesterday afternoon. The competition was very keen, some 12 other fine feline specimens being out for honors. However, Kee Vita, Windsor, Tabby, won out by all several points and the decision given by Judge A. Burdick was generally accepted as satisfactory, though a number of the owners were of the opinion that their pets should have been returned to them.

The honor of being the best female cat in the show fell to one of the most noted tabbies on the coast, Ch. Kee Vita, Windsor, Tabby, who won the Windsor kitten. There were also several noted tabbies out for this prize, and once again Burdick had a difficult time in making his selection. The show was well attended yesterday afternoon and last evening, and the interest was very keen. It will now be a question to the club as to whether the various cups, ribbons and medals won by the winners should be presented to their owners.

During the afternoon Miss C. Burton, the show manager, and Campbell Charles Peterson were severely scratched by Goldaria, the beautiful female owned by Mrs. W. E. Weaver. The cat escaped from her cage and Miss Burton and Peterson felt the sting of her claws in trying to capture her. She was later returned to her owner, one of the prominent cat owners, was also scratched by Billy Lynch, one of her pets. The award was given to Kee Vita, Windsor, Tabby.

**Ohio Was Weatherbound in  
San Jose All Day  
Yesterday**

By R. R. L'HOMMEDEIU  
The Ohio car, which has come across the continent mapping out a course for motor tourists over the southern route, was due to arrive in this city yesterday, but the heavy rain held the party up in San Jose. The car is expected to come through today, finishing up the journey of 4,500 miles.

C. A. Hawkins, Pacific coast manager of the White company, announced last night that the company has contracted for 4,000 feet of floor space for a motor show to be held in this city next month under the auspices of the San Francisco motor club. This exhibit, which will include 22 different models, is entirely unique in coast automobile history, being the most extensive by far ever shown outside of the big national show in New York.

Unusual interest has developed this season in the White output, because of the increase in efficiency and style of the motor cars. The White company has added a 40 horsepower motor to the line, and has introduced distinctive lines as the smaller car. The display at the coming show will also include a line of the White steam cars, which are being built in large numbers. Governor Dix is devoted to the Lozier car, owning a Briarcliff model.

E. Stewart, agent for the Crawford car, has had to sell his fore door 1911 touring car demonstrator. The demonstrator has been trying to sell for some time, but has not been successful. The car is a very fine one, and is being sold at a very low price. The demonstrator is a very fine one, and is being sold at a very low price.
