McCARTHY IS NAMED TO BOX WITH REILLY

Lightweights in Line to Furnish the Next Attraction on Friday Evening

Johnny McCarthy, the local lightweight who tried so very hard to get on with champion Ad Wolgast before the latter signed to meet La Grave, will don the mitts against Charley Reilly next Friday evening at Dreamland. McCarthy is one of those rough and ready performers who has held his own against the best of them, and if he could make the lightweight limit, 133 pounds ringside, he would be one of the lights of the division.

McCarthy and Reilly should furnish an interesting boxing exhibition as the fans have seen on either side of the bay in many a moon. Reilly is wonderfully clever and had he looked out for himself during the past two years, he too might have become a star.

Both are local boys with a large army of followers and there will be rooting galore when they mix up. McCarthy's last star was against clever Willie Ritchie a few weeks ago. The latter, who was then looked upon as the king of the four round lightweights, all but took the count, while McCarthy was going better at the finish than when he started.

Reilly and McCarthy are, without doubt, the two best boys of this class in this section of the state, if not on the Pacific coast. The winner will be looked upon as the one for all the aspiring youngsters to meet. The only pity is that McCarthy cannot make the lightweight limit and be strong. Unfortunately, he seems to be in McCarthy's class.

These boys head the Golden Gate club's attractive card. The other boys include heavy weights, welterweights and bantams. In fact, every class is represented on the program and plenty of action may be looked for once the bell rings on Friday evening.

Walter Coffey, the shifty local middleweight, will appear against the Cohen of Salt Lake in the special event. Cohen is the boy who set the house with a couple of weeks ago when he came into the ring an unknown and made one of the greatest battles of the year in point of gameness.

Charley Miller, the giant motorman, will take on another big hulk in Battling Johnson, a tough slugger who likes to trade in. This bout bids fair to produce some comedy if nothing more. The other heavy weight attraction will be furnished by Al Krelger and Patsy McCarthy, both of whom weigh more than 300 pounds. This can be doped for a knockout.

The other bouts are as follows: Happy Savage vs. Con Crowley, welterweight; Paddy Ryan vs. Fred Racher, featherweight; Hans Wagner vs. Jack Douglas, bantam weight, and another pair is still to be matched.

Eddie Hanlon will referee all the contests, which will be straight matters of Queensberry rules, the men protecting themselves at all times.

"Vamps" Win at Soccer From "Barbs"

The Vampires, champions of the California football league, toyed with the Barbarians in the closing game of the season at the Presidio athletic grounds yesterday, and won out by a score of 2 goals to 0. The champions should have piled up double figures but, with nothing at stake, they were inclined to take things easy.

The Vampires had the wind in their favor in the first half, but could not raise enough speed to get a goal. In the second half, with a strong wind blowing in their faces, the Vamps became busy enough to grab a couple of goals. After a few minutes of play Hunter placed a corner kick right in front of goal.

ROUND THE WORLD IN AN EASY WALK

One to Four Unbacked Favorite in Derby Has Things All Her Own Way

JUAREZ, Mex., April 2.—What promised to be a glorious windup of the 110 days of the Juarez Jockey club at Terrazas park today was marred by a terrific sand storm. In spite of the disagreeable weather a large crowd turned out to witness the second running of the Juarez derby, valued at \$2,500, which resulted in a very easy victory for the favorite. Round the World, belonging to W. C. Yankee, J. F. Newman's Uncle Ben was second, with Bettie Sue, owned by A. Brown, third. These were the only starters.

Uncle Ben broke first but McGee sent the public could not back the winner, as she was held at 1 to 4 in the betting, but nevertheless her victory was popular. The start was perfect. Round the World into the lead and the race was practically over so far as first money was concerned. She took a ten lengths lead in the first quarter and the boy was looking back all the way. In the final furlong McGee eased the mare up and she was only entering coming under the wire, winning by a little over a length. Uncle Ben beat Bettie Sue ten lengths for the place.

PRINCESS PATRICIA AN ADEPT CARTOONIST

Clever Sketches of Late King at Bagshot Park

King George once aptly named Princess Patricia of Connaught the "F. C. G. of the royal family," and her royal highness, according to "M. A. P.," rather merits this description, for she has a fluent pencil and brush and does not hesitate to record her impressions of the highest in the land. Scattered about the duke of Connaught's home at Bagshot park are to be seen many extremely witty efforts on the part of the young princess. One of the best of these represents the late king in evening dress quitting the dinner table with a smile of complete content on his face. Underneath the daring artist has penned the inscription, "I was hunting the duke in his uniform as a field marshal, and he seems to be bristling with rage. The name given to this picture is, 'Where on earth is my horse?'" In a more serious style Princess Patricia is a painter of more than average ability, and there are some charming little specimens of her art to be seen in the large drawing room of Queen Alexandra's villa at Klampenbourg, on the outskirts of Copenhagen.

Men may not have as much curiosity as women, but they have enough. The truth is mighty and will prevail, especially if it happens to be disagreeable.

SCHOOL ATHLETICS

The unexpected defeat of the Polytechnic nine by Cogswell on Saturday is looked upon as the St. Ignatius team will win the honors in this subdivision of the subleague. Poly played good ball in the first few games, and it was thought by many that the team would capture the league. However, they were defeated by the Sacred Heart team on Saturday.

Little Johnny Peters, shortstop captain of the Sacred Heart team, has given a good account of himself in every game played by his team. Johnny plays his position like a veteran, and is one of the best shorters in the San Francisco subleague.

Barnes is the whole show in the Polytechnic infield. His fielding is a thousand per cent. Anything within reasonable reach finds a resting place in his sure mitt.

For of the Polytechnic team a demon at the bat. On Saturday Poly hit out a three bagger that brought in the three men on the base.

Paris, the Cogswell catcher, has been showing good form behind the bat. The present series against Sacred Heart last week. There are few men playing the position better than Paris. His legs around the diamond are clean, fast and accurate.

The Sacred Heart team is known among the subleague teams as "that bunch of big leaguers." A number of the Sacred Heart men have big reputations in this neighborhood. They are not only good players but they have received offering from numerous country teams, hence the title.

The Commercial team stood no show whatever against Sacred Heart last week. The Commercial captain, George Wilk, pluckily took his place on the first bag, although he was just off an operating table in this neighborhood. He was not only a good player but he was a good one to play, but his ability on the initial sack was not noticed and highly commented on by the Sacred Heart team. He was the only twister on the team who could hold down the treacherous Sacred Heart hitters.

Lanky Benson, the Sacred Heart first baseman, is another crackerjack on the first sack. He is the bag all the time and is as quick as a dash.

Mission will without doubt lose the game against the St. Ignatius team, on the protest against Lank. The new man in all, Mission has a great little team, and it is to be regretted that the manager of the team did not pay greater attention to the qualifications of Lloyd before he allowed him to play on the nine.

Sacred Heart found a pitcher last week in Donohue, who looks as if he will make Rordan again. Lank is the man in a hat. He has good mixing qualities and appears to have a really good control.

Big Heckerlander of the Lowell line is one of the heaviest hitters in the league, although he has not done anything of a sensational order.

Stanford Crew Fast Rounding To

STANFORD UNIVERSITY, April 2.—Only two weeks intervene before the combination track and rowing contests on April 15 with the University of California, and training at the lake has been practically abandoned. Long pulls in the bay at Redwood City are indulged in instead every day.

With the exception of one seat, practically all the places on the crew seem assured to the men who are now training. C. H. Benson '10 and Carl Beal '12 are fighting it out for No. 2. Benson has the advantage of having rowed before in intercollegiate regattas and is an exceptionally strong man in the shell. Beal stroked his last year's freshman crew.

The rest of the men who are in the shell at present are: Karl Shupp '12, stroke and captain, registering from Santa Rosa; R. H. Seward '12 of Los Angeles; No. 7; R. R. Gilmore '12 of Fair Oaks; No. 6; R. F. Duryea '12 of Palo Alto; No. 5; L. Hofer '12 of Salem, Ore.; No. 4; R. R. Halls '12 of Santa Barbara; No. 3; and R. W. Olmstead '12 of Los Angeles, bow.

The coxswain has not yet been selected, but the choice lies between F. L. Guereña '11 of Sonoma and J. W. Howell '12 of Los Angeles. Guereña has coxed the variety crew for the last two years. Howell's only experience lies in having coxed his freshman crew, but he is an exceedingly reliable man.

This year's race will be rowed over the Alameda estuary instead of at Sausalito or over the Oakland estuary, as in former years. The finish will be at the Park street bridge, where ample opportunity will be afforded for all the spectators.

VANDERBILT'S HORSE PLACED PARIS, April 2.—W. C. Vanderbilt's Brumby, second in the Prix de Fontenay, a 3 year old event at 11 furlongs, for a stake of \$2,000 at the Longchamp course today.

WOMEN CLEVER AS MOTORCYCLE RIDERS

San Francisco Club Proud of Fair Members—News of Auto Row

By LEON J. PINKSON

The members of the San Francisco motorcycle club, the largest motorcycle organization in the United States, boast of the women riders who belong to the organization and who take part in all of the regular and social runs given by the club. While a good many of the women are wives of members of the association and do much of their riding on tandem machines with their husbands, practically all are clever independent riders and in many of the runs pilot their own wheels.

The majority of these fair riders are as enthusiastic as the male cyclists and make some fast time on the runs into the country, making the men look sharp to maintain their laurels. Since the motorcycle club has developed into such a strong institution the women have done much to promote interest in the organization by preparing social gatherings at the clubhouse.

Yesterday's run to the motordrome at Fruitvale, where several of the riders made speed trials on the "pie pan," was enjoyed by quite a few of the club women and several of them showed their fearlessness by spinning around the "saucer track" in remarkably fast time. Those who took part in the trip were the most experienced riders and included Mrs. Louise Cosner, Mrs. Rose Hand, Miss Mabel Talman, Miss M. C. Nelson, Mrs. O. E. Chase, Mrs. C. W. Woodward, Miss Vivian Evans, Miss Ethel Boynton, Miss S. E. Dwyer, Miss Adeline Christin, Mrs. Nettie Shear, Mrs. L. Burlingame and Mrs. A. Phillips.

The opening of the regular runs for the season will take place on April 16, and Captain Davis and President L. A. Cosner are arranging a route that will test the ability of the club members.

Pleased Stevens' Owner—A few days ago Captain F. W. Cole of the Pacific motor car company delivered to H. A. Crawford of Napua Stevens-Duryea six cylinder touring car, and this extra from a letter to Captain Cole, shows the Stevens-Duryea owner, a pleased and satisfied customer. The car has not yet climbed up the side of a house, but the next thing to it, in getting up the Wild Horse valley long, steep grade with five full grown passengers (as Fred and Mr. Carlton have no doubt told you about), it was a tougher, rougher and harder pull than they had ever before seen conquered by an auto, so they said, and the way it went up and came down the one and a half miles each way over grades from 15 to 30 per cent was astounding.

SATAN, SEEN IN DREAM, LEFT HAND'S IMPRESS

Black Mark of Fingers Found on Counterpane

Albert Visetti sends to T. P.'s Weekly the following account of a remarkable dream: "I think the following dream may be of interest to your readers. When I was a lad of 10 living on my father's estates in Dalmatia, I dreamed one night that no less a personage than the devil himself came and sat by my bedside and talked to me. Lucifer and myself had a very interesting conversation on many subjects. At last the prince of darkness arose and politely expressed his regret that he must be going. But he added, 'so that you shall know that I have really been here I will leave a sign behind me,' and with that he stooped down and pressed his hand upon the counterpane. When I awoke in the morning there, on the counterpane, was the mark of a small, well formed hand. Soap, chemicals, everything was tried to obliterate the impression, but nothing had any effect, and to this day the square of linen bearing this ghostly imprint is carefully preserved in my family. I can offer no explanation of this strange happening. I simply state it as a fact."
