KEY ROUTE THROUGH CARS TAKEN OFF

Mayor's Order to Discontinue Trains in Twelfth Street Is Obedied

OAKLAND, June 16.—Coincident with the return from the east of E. A. Heron, president of the Oakland traction company, that corporation formally notified Mayor Mott today that his orders for the discontinuance of the new downtown Key Route service, begun this week, would be implicitly obeyed.

HERON'S LETTER Heron in his letter said: "I have inaugurated this through service in compliance with the key route at the earnest request of many citizens of Oakland, who for the period of more than a year have constantly requested that a good transit service be conducted by us in such a manner that all change of cars should be eliminated. In taking this action the company was acting strictly within its legal rights."

While we feel perfectly confident that the public demand this service, yet in view of the fact that it is your wish that the service as now conducted be discontinued and that you require our passengers to change cars at some point on the route after boarding the same at Twelfth and Broadway, we will comply with your wishes and will give all necessary orders to carry the same into effect.

Whenever the city authorities fully appreciate the efforts of this company to give to the people of Oakland the best transportation facilities, the company will be ready and willing to meet the popular demand for a transit service. We are satisfied that the people will demand the re-establishment of this service, and we wish to assure you that when you become convinced of this fact, we believe you will be glad to afford Oakland the transportation facilities to which it is entitled.

PICTURE TO PLEAD VOTES FOR WOMEN

Classic Figure by Golden Gate in Brilliant Colors in Design

After an exciting hour of discussing and criticizing from an artistic and suffragette standpoint the merits of the various posters submitted for the College equal suffrage league contest, the contest judges, who met in Paul Elder's shop in Grant avenue yesterday afternoon, awarded the prize of \$50 to Miss Bertha Boye.

Miss Boye is a local artist, having studied under Arthur Matthews at the San Francisco Institute of art. At present she has her studio in her home, 1522 Hayes street, where she divides her time between sculpturing and painting. The design submitted by her yesterday is the classic figure of the Golden Gate, the red ball of the setting sun forming a brilliant aureole about her head.

She is garbed in flowing Grecian robes of soft yellow with trimmings of red and black, and in her hands she bears a scroll with "Votes for Women" inscribed thereon. Miss Boye is now engaged on a working drawing of the poster from which it will be reproduced, and it is expected that before the end of the month the completed poster, 15x22 in size, will be ready for use. While the contest was given under the auspices of the College equal suffrage league, the purpose of the poster is to advertise the public meetings, bazaars, or any other affair given by any suffrage organization.

EXHIBITION PLANNED

From Tuesday until Friday of next week there will be an exhibition in Paul Elder's shop of selected examples of handcraft work, made by men and women who are supporters of the suffrage proposition.

Carroll, Mrs. Backus presented two posters, both of which will be hung at the exhibition. The other 24 posters which were submitted will be placed in a portfolio, which may be viewed by all visitors to the gallery.
