Proceedings of Both Houses of Congress

WASHINGTON, Aug. 10.—Today in congress: SENATE

Met at noon. Cotton tariff revision bill reported adversely to senate, but consideration postponed until another day.

La Follette and Underwood again failed to agree on wool bill and decided to call in the other senate and house conferees tomorrow to consider entire tariff situation.

The senate took up the Cummins bill to require the national monetary commission to report next December.

Adjourned at 4:33 p. m. until noon tomorrow out of respect to the memory of Representative Gordon of Tennessee.

HOUSE Met at noon. Considered business under call of committee.

George W. Perkins continued testimony before steel trust investigating committee.

Dr. F. E. Dunlap, assistant chemist, department of agriculture, appeared before committee investigating Wiley case.

House agreed to senate amendments to statehood bill.

Tariff conferees were only 2 1/2 per cent apart on duty on raw wool, with possibility of complete agreement tomorrow.

Democratic members of ways and means committee conferred over tariff situation.

Adjourned at 4:35 p. m. out of respect to the memory of Representative Gordon of Tennessee.

Democratic leader Underwood indicated that agreement was

pany yesterday and discussed the possibilities for a splendid mineral exhibit in 1915.

Speaking of the outlook for an extensive and interesting exhibit from the mines of California, Butler said:

"Probably nothing at the exposition will excite the mineral display that the state will make.

Among the mineral districts of the state, Nevada county will undoubtedly lead, it has produced in the aggregate \$30,000,000 in gold and is today producing from its quartz veins a larger quantity of gold per annum than at any time in its history.

"Nevada county, when the time comes, will be at the front with an unparalleled exhibit of gold quartz specimens and also nuggets, for which the county is famous."

SAN DIEGO ASKS LATIN-AMERICA Resolution Authorizing Taft to Issue Invitation Before Congress

[Special Dispatch to The Call] WASHINGTON, Aug. 10.—Colonel D. C. Collier, director general of the San Diego exposition, is making a strong fight to obtain the passage at this session of the resolution authorizing the president to invite Latin-American states to the exposition.

The senate committee on expositions has adjourned until December and is not expected to consider the San Diego resolution even if passed by the house.

Senator Root, chairman of the committee, has been advised by President Taft that invitations should not be sent out to foreign nations to participate either in the Panama-Pacific or the San Diego exposition without first creating a government commission, which shall have general supervision over the relations of foreigners to the exposition.

Members of the senate committee are inclined to think that one commission should look after both expositions.

As the San Francisco exposition directors have indicated a willingness to have the matter go over until December, it is practically certain that the San Diego resolution will go over also, even if passed by the house.

TARIFF CONFEREES NEAR AGREEMENT

Full Committee Called to Consider Differences on Wool and Free List

WASHINGTON, Aug. 10.—With a meeting of the full committee of the houses on conference on the wool and Senator La Follette and Representative Underwood, who constitute the working committee of that organization, spent most of the day in an endeavor to place themselves in position to make a full report. They made material progress, but when the two houses adjourned late in the day differences still existed.

The conferees were apart only to the extent of 2 1/2 per cent on raw wool, and there was a fair prospect that they would bridge this narrow chasm before tomorrow's meeting.

Underwood was willing to go down to 30 per cent and to make other compensatory concessions.

There will be little difficulty about agreeing on the free list bill if Underwood's wish to have a separate vote on the house bill is refused.

With a modification eliminating corn from the articles coming in free from Canada, the senate amendments will be accepted and the senate will decline to retain the house addition placing lemons on the free list.

La Follette and his fellow progressives desire to have the cotton bill as a vehicle for amendments carrying lower duties on steel, rubber, sugar, etc. They believe that they will get the vote on the measure at this session and that these provisions will be included.

STATEHOOD BILL PUT UP SQUARELY TO PRESIDENT

Taft Expected to Kill It With His Veto

WASHINGTON, Aug. 10.—The New Mexico-Arizona statehood bill was put up to President Taft today for his expected veto, when the house concurred with the senate amendments to the measure.

Already both houses have canvassed the possibility of passing the measure over the expected veto, which will be based on the judicial recall provision.

Some of the senatorial friends of statehood have reached the conclusion that a passage in the senate over the veto is improbable, figuring that only 53 votes cast for the bill, fully a dozen will be lost, without any source from which the deficit can be made good to meet the required 60 votes.

Today's action in the house, which both democrats and republicans applauded, was without roll call.

MONETARY COMMISSION VIGOROUSLY ATTACKED

"Extravagant," Says Cummins, Who Wants It Dissolved

WASHINGTON, Aug. 10.—A vigorous attack on the national monetary commission, of which former Senator Ulrich of Rhode Island is chairman, was made in the senate today during the discussion of a bill introduced by Senator Cummins of Ohio, which would discontinue the commission not in congress, this would reduce the expenses of the commission \$52,500 a year, as 11 of the 18 members formerly were in congress.

Active members of congress on the commission receive no compensation.

Senator Burton expressed the opinion that the commission should be continued.

INSURRECTOS DEMAND MEXICAN GUARD PLACES

Request Discharge of Former Federals on Border

JUAREZ, Mex., Aug. 10.—The insurgents stationed in this city, encouraged by the ease with which they won out in the custom house demands, have requested that the squad of former federals guarding the border be discharged and their places given to former insurgents.

The position pays more than service in regular army.

The request has been sent to Mexico City.

DIRECTOR IS COMING TO INSPECT THE MINT

George E. Roberts, director of mints, is expected to arrive here from Washington next Tuesday for the purpose of inspecting the local mint.

GIRL WHO SLEW HUSBAND WEARS WEEDS IN COURT

Preliminary Examination of Anna Langley Postponed

Attired in deep mourning, with a heavy black veil over her face, Mrs. Anna G. Langley, charged with having killed her husband August 2 appeared before Police Judge Deasy yesterday for her preliminary examination.

The child widow was accompanied by her mother, father, several relatives and a number of friends.

Upon motion of Assistant District Attorney Roche the case was continued until Thursday, August 17, on account of the fact that the grand jury still has the matter under consideration.

Attorney T. I. Fitzpatrick, who heard the girl's story on the day of her arrest and the volunteer to represent her, agreed to the postponement.

The grand jury probably will return its report in the case next Tuesday.
