WILKINSON'S UNFAIR TACTICS AT DEAF SCHOOL

Debating Teams Provided With Manuscript Speeches Written by Instructor

Wilkinson Gives Details and Chronology of Steps Leading to Resignation

BERKELEY, Aug. 15.—That some of the debates between the teams of the California Institution for the Deaf and the Blind and other institutions were won by unfair methods was stated today by Principal Douglas Keith.

Keith said that both he and Wilkinson were aware that the debates were written beforehand by an instructor, Raymond Henderson.

"We protested against the team having its speeches written in advance by another," said Keith, "but I understand that this is a common practice in most institutions of learning around the bay."

"NO POLITICS," SAYS KEITH Keith, in his direct testimony, said that he had no political affiliations except at one time with a nonpartisan taxpayers' association; that there was no politics in the institution; that he had known none of the directors before their appointments as such, except Thomas Rickard, to whom he had spoken about the situation as principal.

Keith made an explanation of the financial reports of the treasurer and the principal, showing that the totals agreed, but holding that the segregations were different, "salaries and wages" in one not being the same as in the other.

OBJECTS TO SIGN LANGUAGE Keith's ability as a teacher of the deaf was put to the test on cross-examination when Charles Wesley Reed, counsel for the complaining graduates, offered to have a written article recited to Keith in the sign language.

There was a long discussion between Reed and Olney over Keith's eligibility to the principalship under the law requiring at least three years' experience as a teacher of the deaf and the blind for the principal.

Census Bureau Official Wins Heart of Berkeley Society Girl

Miss Annie Louise Youngs, who is betrothed to Samuel H. Beach of Washington, D. C.

Former U. of C. Student Will Claim Judge's Daughter as Bride

BERKELEY, Aug. 15.—Berkeley society is deeply interested in the announcement of the engagement today of Miss Annie Louise Youngs, daughter of Judge and Mrs. Oliver Youngs of Benvenue avenue, and Samuel H. Beach, federal official of the census bureau at Washington, D. C.

She met Beach when he was a student at the University of California, a member of the class of 1906. He made a special study of economics while a student here, and upon graduation continued his studies, getting his master's degree.

For a time he was special agent for the United States government bureau of labor in woman and child labor investigation, but is now connected with the editorial division of the census bureau, with headquarters at the national capital.

He is the son of John Beach, a retired capitalist, and Mrs. Beach, residents of Klamath Falls, Ore.

CHINESE GAMBLERS MUST STAND TRIAL

No More Forfeitures of Bail Will Be Permitted by Police Judge

OAKLAND, Aug. 15.—Chinese lottery cases will be tried in the Oakland police courts during the next two months. An edict has gone forth that there shall be no more forfeitures of bail after raids on the local Chinese gambling houses.

Several raids a week are made by the Oakland police on the lottery houses, and it has been the custom for the Chinese to forfeit \$50 bail in each case in the police courts. They preferred to do this rather than to stand the expense of a trial.

TADPOLE CREATION CHEMICAL PROCESS

University Professor Says That Bataillon Follows Research of Physiologists

BERKELEY, Aug. 15.—"I am not at all surprised at the production of a tadpole from an unfertilized egg by Bataillon, the French scientist," said Prof. S. S. Maxwell, head of the department of physiology of the University of California.

He pointed out that many eggs developed without fertilization and that an investigation of these processes was a great aid to physiologists in their search for the life germs of the lower order of animals.
