President of Santa Clara College Suggests Construction of Long Boulevard

Chairman of Hawaii Commission Brings Pictures of Proposed Exhibits

Goethals Invited by Exposition Directors

The personnel of President Taft's party has been announced to the directors of the Panama-Pacific exposition.

Rev. Robert E. Kenna, president of Santa Clara college, has suggested the construction of a boulevard through the 4,000 acres of the State Redwood park in the vicinity of Santa Cruz.

It seems to me a great civic duty imposed by loyalty to the state to make known to the thousands who will come to the state in 1915 the beauties and wonders of our great primeval State park.

A noble boulevard, a good carriage drive must be built through the park. Fine easy trails must be made in every direction, especially along the creeks, which must be crossed at many places by rustic bridges.

'Is Him,' 'Tisn't'; Kimmel Is Home

NILES, Mich., Sept. 20.—The strange controversy over the identity of "George A. Kimmel," who represents himself to be a man long supposed to be dead, was further complicated today.

While dozens of persons positively identified him as the son for whom he supposed dead, 13 years ago, Mrs. Della Kimmel received \$5,000 in life insurance, others were as positive to the contrary.

Then Mrs. Kimmel, 70 years old, who had asserted that the man is impersonating her son merely to deprive her of the money she already has received and to prevent the payment of \$25,000 more in insurance to other relatives, scrutinized the man who claims her as mother.

Face to face with the woman, the "Kimmel" just released from a five year term in the Auburn, N. Y., penitentiary, stretched out his arms and said, pleadingly:

"Mother, don't you know your boy? Don't disown me any longer. You know I am your son."

Mrs. Kimmel, withdrawing from the man as he attempted to embrace her, stood sternly scanning his face.

"No," she said; "I don't see in you any positive resemblance to my son."

The meeting took place at the home of Mrs. Harry L. Fox, who already had accepted "Kimmel" as a cousin and positively identified him as the son of Mrs. Kimmel.

To test his acquaintance with Niles, "Kimmel" was escorted about the streets. He repeatedly pointed out landmarks and related former incidents which the townspeople said were correct. Nodding to persons, he called them by their full names, but many of them professed not to recognize him as the real Kimmel.

THREE PATROLMEN CAUSE OF TANGLE

City Council and Civil Service Board Engaged in Discussion of Problem

OAKLAND, Sept. 20.—The city council and civil service commission are playing the game of "passing the buck" as regards the proposed elevation of the three station keepers at the Elmhurst police station.

Chief of Police A. Wilson is opposed to the elevation of the keepers of the suburban station. Commissioner of Public Health and Safety F. C. Turner, not knowing what recommendation to make, passed the matter up to the other council members, who refused to act.

The problem was then referred to the civil service board. Although action was taken at the last meeting of the civil service board, according to a resolution read today by City Clerk Thompson, President Harrison S. Robinson of the board is effecting the city council today that more information was wanted by him and his colleagues.

"Do you wish this passed upon as a matter of policy?" he asked. The council decided to re-refer the question to the city attorney. The commissioner's resolution was to effect the promotion of the police department who were station keepers at the time the charter went into effect, became by that act corporals.

OAKLAND POSTAL BANK IS OPENED

Total Deposits of \$6,804 Are Made by 162 Persons on Initial Day

OAKLAND, Sept. 20.—The Oakland postal savings bank was opened this morning at 9 o'clock with a long line of depositors waiting to invest their money in Uncle Sam's bank.

Postmaster Paul Schafer was enthusiastic over the business done on the opening day.

Mrs. Josephine Bengston of 1359 Twelfth street, made the first deposit this morning. She purchased two certificates, one for \$2 and the other for \$1. The average deposits amounted to \$42.

SHOPLIFTING TRIO TAKEN PRISONERS

Police Capture Men Suspected of Many Robberies in Western Cities

OAKLAND, Sept. 20.—In the arrest last night by Inspector James Drew and Assistant Inspector Penton Thompson of Harry Brooks, H. F. Carter and Frank Brittain for shoplifting, officials of the Oakland police department believe they have captured a trio of crooks who have been operating in the principal cities between Chicago and the Pacific coast.

The accused shoplifters show evidence of culture and refinement, and claim to be members of prominent eastern families and to have received university educations.

Brooks, thought by the police to be the ringleader of the trio, told Peterson today that he and his two companions had committed a number of thefts on their way to the coast from Chicago. Although in Oakland less than three days when taken into custody, they had pawn tickets for a diamond ring and other jewelry which they are suspected of having stolen in Oakland.

"We had heard that Oakland was an easy town," Brooks told Peterson; "but we have changed our minds." Peterson said today that he suspects the men of robbing a showcase last Monday in the Owl drug store, Thirteenth street and Broadway.

Y. M. C. A. GAINS 300 NEW MEMBERS

First Day's Results in Campaign Encouraging to the "Red" and "Blue" Armies

OAKLAND, Sept. 20.—Three hundred new members were secured for the Young Men's Christian association today as the result of the first day's efforts of the army of boosters which went forth this morning in an endeavor to add 1,000 to the membership before tomorrow evening.

The two divisions—the "reds" and the "blues"—canvassed the downtown district thoroughly, and the ease with which members were secured surprised the workers. By noon 224 members had been enrolled, the Blues having signed up 104, while the reds had 120 to their credit.

BACON SAYS FIOT IS GREAT RIGHT

Mohammedanism Declared to Be Not Radically Different From Liberal Christianity

BERKELEY, Sept. 20.—Benjamin Wison Bacon, the eminent Yale professor of New Testament criticism and exegesis, made an effort tonight in his lecture at the First Congregational church on "Nineteenth Century Liberalism" to answer the question, "What will become of Christianity?"

"The faith to come will be Christian, was accepted by the theologian. That it will be a more ethical religion than now holds the great Aryan peoples was one point asserted."

"In the religion of the future," Dr. Bacon told his hearers, "you will have the Sermon on the Mount and the Lord's Prayer. You will have the teacher whose principles embody these as a social Messiah, 'the Christ that is to be.'"

"To me President Eliot's Religion of the Future" represents approximately one-half of Christianity, though by no means the half which made conquests in the first century and which will conquer the twentieth century.

CRUISER RAMS HOLE IN ATLANTIC LINER

British Warship Damages Bow By Striking Stern of White Star Olympic

Two Thousand Passengers Are Thrown Into Panic but Returned to Port

SOUTHAMPTON, Sept. 20.—The Olympic, one of the White Star company's trans-Atlantic liners and the biggest passenger vessel afloat, returned to this port this afternoon four hours after it had sailed for New York with a hole in its starboard quarter.

The collision with the British cruiser Hawke off the Isle of Wight, the steamer took considerable water and Captain Smith made for a mud-bank in the Cowes roadstead. The prompt closing of the collision doors stopped the rush of water and the steamer brought its vessel about and headed for Southampton.

The Olympic was off Osborne bay on the north coast of the Isle of Wight en route for Cherbourg and New York when the accident occurred. An eyewitness said that the Hawke was undergoing steam trials following extensive repairs at Portsmouth and was traveling at great speed when it overtook the Olympic.

The cruiser was passing the liner to starboard when suddenly the former drew in and crashed into the steamer's quarter about 20 feet from the stern. After the impact the Hawke drew astern and its crew threw the collision mats over a badly damaged bow.

Captain Smith signaled for assistance to Portsmouth and Cowes, both of which ports sent tug boats, but their aid was not required. The Hawke also was able to make port without aid.
