Interview with the grand vizier, and it is announced the Russian ambassador will visit him tomorrow, but it is questionable whether Said Pasha will be able to remain in office another day.

It is understood that Austria has given a guarantee to Turkey that the status quo in the Balkans will be maintained.

Italy's Position Stated

PARIS, Oct. 3.—The Italian government has authorized this statement: "Mediation by the powers between Italy and Turkey is mentioned by French and foreign newspapers. No declaration in this regard has been made by the royal government, which is resting on the logic of events. It can not speak of mediation or negotiations until after Turkey shall have recognized the occupation of Tripoli by Italy."

No Mediation Offered

WASHINGTON, Oct. 3.—State department officials today expressed the belief that the signatories to the treaty of Berlin are seeking to effect a settlement of the issues between Italy and Turkey on the basis of the cession of Tripoli to Italy and a financial compensation to Turkey. It was positively asserted that no move whatever has been made by the United States in the direction of mediation.

Berlin Expects Brief War

BERLIN, Oct. 3.—It was announced at the foreign office today that Germany probably would not proclaim her neutrality toward the Turkish-Italian war. The reason assigned for this decision was the probability that the conflict would be of brief duration. No steps toward mediation were likely to be taken, it was said, before the Tripolitan coast has been occupied by the Italians.

Japan Neutral

TOKYO, Oct. 3.—Japan's declaration of strict neutrality in the war between Italy and Turkey was issued today.

BLOOD AND ACTION LACKING

London Disappointed That There Has Been So Little Carnage Thus Far

[Special Cable to The Call]

LONDON, Oct. 3.—A unique feature of the Italo-Turkish war so far has been the entire absence of fighting. The duke of the Abruzzi's achievements consisted in sinking an obsolete gunboat and two 25 ton launches used for watching smugglers.

Italy's seizure of the Tripolitan cable, to create mystery and prevent a daily record of inaction, is generally recognized as her most brilliant strategic effort to date.

There appears to be no possibility of any further naval engagements, as the Turkish fleet is in the Dardanelles, where the Italians can not follow. The whole thing is beginning to be regarded here as an opera bouffe war, since it became apparent it would be strictly localized to Tripoli. It is rumored here that, despite irreconcilable declarations of the young Turks, a basis of settlement is being considered, with every prospect of reaching an agreement.

TURKISH FLEET IN DARDANELLES

Reports So Say, But Italians Declare it Still in the Aegean

PARIS, Oct. 3.—A dispatch to the Temps from Athens says that 14 Turkish warships have re-entered the Dardanelles.

Fleet in Dardanelles
CONSTANTINOPLE, Oct. 3.—A large number of volunteers, both soldiers and sailors, well equipped, departed for the Dardanelles, where the larger part of the fleet is awaiting orders. Two battleships, the Messudich and the Asar-I-Tewfik, and the torpedo cruiser Berk-I-Satvet have sailed from the Golden Horn to join it.

News Said to Be Untrue
ROME, via frontier, Oct. 3.—Commander of an Italian cruiser cruising in the Aegean sea with instructions to watch for the Turkish fleet, confirms the suspicion entertained here that the announcement from Constantinople that the Turkish warships had entered the Dardanelles was untrue, and was made with the intention of deceiving the Italians.

According to the message received here from the Italian commander, the vessels of the Turkish fleet separated off Samos and the several ships proceeded in as many directions, the better to escape the watchfulness of the Italians.

Rear Admiral Aubrey, in command of the Italian fleet at Tripoli, has reinforced the ships watching for Turkish vessels between Greece and the African coast. Additional warships have been stationed between the mainland of Greece and Crete, the southernmost of the principal Ionian islands.

According to official reports, a total of 57 Turkish steamers, yachts and other craft of various sizes have been seized in Italian ports or captured by the Italian fleet at sea, while the Italian vessel taken by the Turks number only three.

TURKS HOIST THE GERMAN COLORS

AGOSTA, Sicily, Oct. 3.—An officer of the destroyer Garibaldino, one of the blockading fleet, which arrived here to recede today, said:

"The Turkish steamer Derna escaped the blockade and reached Tripoli because our instructions were to let her pass. Her landing arms, being a casus belli, was expected to result in opening hostilities.

"The Derna could have been captured 200 miles from Tripoli, where we discovered her flying the German flag. She had changed her name to that of 'Eitel Friederich.' The Derna was proceeding at 10 knots and seemed to be under the impression that she was escaping from us. But we followed her with our lights out.

"The battleship Napoli the night before her arrival at Tripoli, flooded her with searchlights. The Derna hoisted the German colors and gave a false name and was ordered to proceed."

SAID PASHA IS TOTTERING

Little Hope That the Aged Vizier Will Be Able to Retain Office

CONSTANTINOPLE, Oct. 3.—The grand vizier's inability to form a cabinet is causing the sultan great worry. Hilmi Pasha resolutely refused to enter the cabinet, as it is lacking a well defined policy.

Since Said Pasha took office the ministry has had three all night sittings, in addition to prolonged deliberations during the day, and the physical strain is beginning to tell on the aged vizier. At present there are only 33 deputies in Constantinople, a number insufficient for a quorum, but as soon as the requisite 140 members arrive, the chamber will be convened.

The German consulate is stormed by anxious Italians who are asking for passports that will permit them to leave the country. Yesterday 600 left the city and today the consulate still had 4,000 applicants with whom to deal. Those remaining are subjected to heavy taxes.

The Turkish cable to Tripoli has been cut and the officials are ignorant of what is going on there. All officials and officers have been ordered to return to their posts.

An Egyptian notable has offered to organize a force of 30,000 Egyptians to march against the Italians at Tripoli. The Porte has notified the embassies that neutral cargoes in Italian bottoms will be respected, with the exception of contraband articles.

TURKEY ISSUES HER PROTEST

Holds That Italy Has Contravened International Rules of War

LONDON, Oct. 3.—The Turkish ambassador, Tewfik Pasha, presented a note from his government to the foreign office today, complaining that, contrary to all international rules of warfare, the declaration of war against Turkey had been preceded by hostilities on the part of the Italian warships.

For this reason, both lawfully and by reason of the existing situation, Turkey had the right to employ against Italy not only measures arising out of a state of war, but also any measures which the present situation might permit her to take.

Notwithstanding this right, Turkey had postponed such measures while making a fresh appeal to the powers in the conviction that it was still possible to end the war.

Italy Declines Volunteers
ROME, Oct. 3.—The Italian government has declined the offers of Albanians, Cretans, Servians, Montenegrins, Bulgarians and Greeks to go as volunteers to Tripoli to fight the Turks.

Would Arouse Moslems
CONSTANTINOPLE, Oct. 3.—Pasha, son of Sheikh Abd-el-Kader, the great Algerian chief, has asked the sultan to allow him to return to Tripoli for the purpose of arousing all muselmans in Africa to repel the Italian invasion.

JEWELL THIEF CAUGHT AFTER LONG CHASE

Man Who Robbed Woman in Hotel Captured

After a two weeks' hunt, following the theft of jewels worth \$500 from Mrs. M. W. M. Smith, a wealthy woman of Truckee, Police Marshal Richard Foley captured G. R. Davidson and Seventh and Franklin streets, Oakland, last night. Davidson is said to have confessed stealing the jewels from the gem. Mrs. Smith, who owns the New Whitney hotel at Truckee, came here early in September. Davidson became acquainted with her and while in her room at a Fillmore street hotel the night of September 15 he locked her in a bathroom and escaped with the jewels.

Mrs. Smith, under the name of Mrs. Walter, reported her loss to the police and Foley was put on the trail.

'KATIE' AND 'BILLY' ASK AFTER ABRUZZI

Naval Victory by Duke Interests Miss Elkins and W. F. Hitt, Reported Fiance

[Special Dispatch to The Call]
NEW YORK, Oct. 3.—Mrs. Elkins, widow of Senator Stephen B. Elkins, arrived on the Kronprinz Wilhelm today. With her were her son, Stephen B. Elkins and her daughter, Miss Katherine. Davis Elkins, another son, returned on La Savole Saturday.

William F. Hitt, son of the late Congressman Hitt of Illinois, was also with the group. They were all much interested in the wireless dispatches received on board the ship telling of the naval successes against the Turks of the duke of the Abruzzi, said to have been a former tutor of Miss Katherine Elkins. It was said on board that the betrothal of Miss Elkins and "Billy" Hitt is soon to be announced.

"You will have to ask Mr. Hitt," said Stephen B. Elkins when asked concerning the engagement of his sister. "No engagement has been announced yet."

SLAYER OF CHILD SAID TO HAVE CONFESSED

Wedding, Arrested in San Francisco, Changes Front

LOUISVILLE, Ky., Oct. 3.—Admissions said to have been made today by Joseph Wendling, in state's prison at Frankfort, Ky., convicted of the murder of little Alma Kellner, may lead to revelations of the child's fate that preceded discovery of her mutilated body in the basement of an abandoned schoolhouse here after months of search.

It is reported that Wendling, who at his trial denied all knowledge of the child's murder, now admits that he had a part in the disposition of her body. Wendling was arrested in San Francisco last fall.

STEAMER EDITH ASHORE ON LEVEL ISLAND

Freighter Strikes in Heavy Fog During Night

SEATTLE, Oct. 3.—The Alaska Steamship company's freight steamer Edith is ashore on Level Island, Sumner strait, not far from Wrangell, Alaska. The Edith is resting on soft sand and the owners believe that they will be able to save it.

Messages received late today from Captain James Daniels, master of the Edith, say the freighter struck at 11 o'clock last night during a heavy fog. The Edith was southbound from Skagway, and has a cargo consisting of 60,000 cases of salmon, valued at \$250,000.

The Alaska liner Alameda, which is en route from Valdez to Seattle, has been notified by wireless to go to the aid of the Edith and scows have been sent from Wrangell to take part of the cargo. The water is smooth, and it is believed the steamer is undamaged.

The Edith is a steel steamship of 2,369 tons gross register. She was built at Sunderland, England, in 1882, and carries a crew of 31 officers and men.

CONGRESSMAN KENT FREED OF LIBEL CHARGE

Illinois Court Holds He Did Not Malign a Certain Politician

CHICAGO, Oct. 3.—Congressman William Kent of California, a former alderman here, and Henry S. Fitch did not libel William O. Lamonte in 1896, according to a decision of the appellate court today.

Lamonte's suit has been in the courts from 1896.

Lamonte at that time was a candidate for the Illinois legislature. During the campaign he charged Kent and Fitch with issuing libelous statements about him.

Everything was quiet yesterday at the shops, both in this city and in West Oakland, and no reports of violence reached the railroad officials.

Practically every train on the Pacific system moved on schedule time yesterday. Work in the shops here was at a standstill.

This condition can not be continued for many days, the strikers say, and they hope to win the combat by quietly maintaining their siege.

No statement was issued by the company, the officials merely pointing to the fact that the trains were all operated successfully.

E. L. Reguin, president of the strikers, said last night that San Francisco was only the distributing point for the strike breakers, and that many of the 72 men brought here yesterday afternoon will be sent to the small shops along the coast line. Reguin said:

"Bringing in these strike breakers will not help matters, as the master mechanics will not dare to turn loose a lot of inexperienced men on their locomotives and machinery. They would do more damage than they are worth. We are playing a waiting game and are confident of success in the end. Every day this strike goes on makes it worse for the railroad and better for us. We don't need to resort to violence to accomplish our ends."

The first of the regular strike bulletins, issued by John Scott of San Luis Obispo, secretary of the Harriman federation, was received yesterday afternoon by President Reguin. Reguin had directed Scott to come to San Francisco and issue his bulletins from this city hereafter.

message from Winona asserting that when the cars stopped there many of the men helped themselves from stores near the station and refused to pay.

When the train reached Durant several men left the coaches and started toward nearby stores. They were met with a hail of stones and other missiles, and before they had fought their way back to the train three residents were slightly hurt and, it is said, several strike breakers were injured.

Guards accompanying the men deny that payment was refused for the goods taken at Winona.

The train was made up of ten cars, with about 700 shopmen and clerks recruited in northern cities.

Strike Breakers Recruited
SALT LAKE CITY, Oct. 3.—A party of 12 skilled mechanics recruited here were sent to the Southern Pacific shops at Sparks, Nev., and the Oregon Short Line shops at Pocatello, Idaho, this afternoon to replace strikers.

RAILWAY GETS BATCH OF MEN

Two Carloads of Strike Breakers Brought in From the East

The first of the strike breakers brought from the east to fill in at the Southern Pacific shops reached San Francisco late yesterday afternoon and were rushed at once to the inclosure at Sixteenth and Kentucky streets without being given a chance to leave the coaches. Although only two carloads arrived yesterday, it is asserted by union leaders that several hundred men have been recruited by the railroad agents in Chicago and New York, and that they will be coming in on every overnight train during the next few days.

No demonstration on the part of the pickets greeted the arrival of the strike breakers.

Everything was quiet yesterday at the shops, both in this city and in West Oakland, and no reports of violence reached the railroad officials.

Practically every train on the Pacific system moved on schedule time yesterday. Work in the shops here was at a standstill.
