

CONTRACTOR HEALY: Picture of Health Shows He Is in a Bad Way

Picture of Health Shows He Is in a Bad Way

Contractor Healy Makes the Charge: "I Had to Be," Says Engineer

Supervisor Payot Will Introduce the Proper Resolution in the Board

Accusation Is Result of Request to Extend Time on Reservoir Work

Just as soon as the directors of the Panama-Pacific international exposition make an official request of the San Francisco board of supervisors that the Philadelphia city council be petitioned to permit the Liberty bell to be brought here in 1915, Supervisor Henry Payot will introduce the proper resolution in the board. It is thought that the directors will take this action at their next meeting and the Philadelphia city council should have the request within a week.

Miss F. Duveen, the athletic daughter of Lady Duveen of London.

Miss F. Duveen, an English Girl, Is an Athlete, Heiress, and Arrives Here From the Orient

There's an English heiress in town. She's more than that. Miss F. Duveen, the youngest daughter of Lady Duveen of London, who arrived here yesterday on the liner Tenyo Maru is a typical out of door English girl with rosy cheeks and a soft voice. Although she is the picture of health it is for her health that she is traveling. Late last summer Miss Duveen, who is a noted athlete and a conspicuous figure in the English hunting world, was thrown from her horse. She sustained a fractured skull and for a time her life was despaired of.

Following up the suggestion made to have the Liberty bell brought to this city from Philadelphia for the exposition at the Panama-Pacific international exposition of the Memorial tower, the projectors of the Memorial tower, have written the following letter to the board of directors of the exposition: "We have taken a deep interest in the project of having the Liberty bell brought from Philadelphia to be used as an exhibit at the San Francisco 1915 fair. In connection with the Memorial tower, it has been suggested that a replica of Liberty bell be built in this city to house the bell during the fair. As the projectors of the Memorial tower have indicated their willingness to have the bell brought to this city, we desire to make the following offer: "In building the Memorial tower the lowest floor of the base thereof will consist of a great Memorial hall, considerably over 200 feet square. It is our purpose and intention to gather together historical relics and records of various kinds to be placed in this hall, and we would be most happy in connection therewith to give shelter to the Liberty bell. It could and would be beautifully housed in the Memorial hall, and would see to it that a replica of the 13 sided pedestal on which the bell rests in Liberty hall be built and used as a resting place for it in the Memorial hall. We hope that this offer will meet with your indorsement and approval, providing the bell is secured for an exhibit at the fair."

REQUEST FOR THE LIBERTY BELL TO SCHMITZ JURY TO SCHMITZ JURY

Supervisor Payot Will Introduce the Proper Resolution in the Board

With three more jurors passed by both sides subject to peremptory challenge, the second day of the belated bribery trial of Eugene E. Schmitz, former mayor, on an indictment returned in May, 1907, came to a close yesterday afternoon. The jurors passed yesterday were Leo Bagala, 839 Stanton street, a retired restaurateur; Walter R. Snel, 259 Seventh avenue, an advertising solicitor, and Edwin D. Bachman, 2359 Devisadero street, employed by a stock and bond firm.

When court convened in the morning Judge Lawlor postponed further proceedings until the afternoon in order to try another case where the defendant had been in jail for several months. At the opening of the afternoon session Judge Lawlor announced that the time of the court next Monday and Tuesday probably would be taken up with cases of various kinds that had been officially indorsed and approved, we desire to make the following offer:

"We have taken a deep interest in the project of having the Liberty bell brought from Philadelphia to be used as an exhibit at the San Francisco 1915 fair. In connection with the Memorial tower, it has been suggested that a replica of Liberty bell be built in this city to house the bell during the fair. CHARLES OELRICHS DEFEALCATIONS OF \$100,000 ALLEGED

SEEKS BIG LEGACY

Late Millionaire's Brother Assests Ownership of "Hotel Fairmont" Account

In an answer and cross complaint filed in the suit begun in February, 1911, by the First National bank of this city against the heirs at law of Herman Oelrichs to determine the ownership of \$83,867 in deposits with the bank, Charles M. Oelrichs, brother of the decedent, asserts his ownership of the sum and asks that the bank be appointed receiver of the money with authority to pay it to him.

The undoing of MacPherson was due to his sporting proclivities. He bet on the races and took a keen interest in boxing and other sports. Since being arrested here, he has plied the deputy marshals with questions regarding local sporting events. While still on board the Rival, a motorboat on which he worked his passage from Sydney as mess steward, he sought information regarding the Barbary coast and arranged a visit to the Pacific street tenderloin his first night ashore.

MacPherson was arraigned before United States Commissioner Frank Wright yesterday morning to show cause why he should not be extradited. He was unrepresented by counsel, while T. E. K. Cormac, legal adviser for the British consular-general, appeared for the British government. The case went over until 11 o'clock this morning to give MacPherson an opportunity either to obtain counsel or determine to return voluntarily to Sydney. Should he not agree to return voluntarily, the commissioner will have to await the arrival of the warrant from Sydney, and then, after a hearing, make his recommendation to the president, who has the final say as to whether or not such a prisoner shall be extradited. Bail was fixed at \$1,000, but MacPherson held out no hope that he could raise such a sum.

The 30 sovereigns, or \$150, found on MacPherson at the time of his arrest, are to be held incommunicado, an order being made yesterday by Commissioner Wright at the request of Cormac, that all personal property, except necessary wearing apparel, be held in custody by the marshal.

F. W. Chisholm, local agent of the Singer Sewing Machine company, was closeted with MacPherson for more than an hour yesterday afternoon at the United States marshal's office and after the interview said: "MacPherson is ready to go back to Australia on short notice. We don't know just what he took, but there is no doubt that he defaulted to the extent of several thousand dollars. If we wait for extradition papers from Australia, there will be plenty of evidence in them to show that MacPherson should be returned by the American government to face the charge."

Physicians recommend the Lurline Ocean Water Tub Baths for nervousness, insomnia and rheumatism. Try one for that tired feeling. The Lurline Baths are at Bush and Larkin streets.

TIN CAN IS TIED TO TERPSICHOREAN "RAGS"

Police Commission Bars Dreamy Dances in Uptown Cafes

There will be no more dancing of the "Bunny Hug," the "Texas Tommy" and the "Turkey Trot" in the uptown district. After considering the cases of two cafe owners who disregarded the order of the police commission with reference to this dreamy sort of music, the police commission decided yesterday afternoon to enforce the regulations in these matters strictly.

Although the case against Matt Lewis, manager of Maxlin's, at Eddy and Taylor streets, was dismissed on motion of Commissioner Woods, the defendant was admonished to conduct himself in the future in accordance with the rules of the police commission. Lewis explained his action in permitting dancing in his cafe by saying that, under the administration of Governor Hiram Johnson, a general feeling throughout the tenderloin that infractions of the rules would be winked at.

Charges of a similar nature had been made against John Crowley, another proprietor, but he was not cited to appear. Acting upon the advice of City Attorney Long, the commission yesterday dismissed six of the policemen who were irregularly appointed several months ago by the McCarthy board. They are Fred Bernheim, John H. Fairweather, Cormac McGerty, A. J. Rocca, William Manning and William W. White, a brother of Chief White. The salaries of the disgraced officers has been withheld in many times since their appointment and they will not receive any pay for their services.
