REBELS ARE ONLY JUAREZ WINNERS

Mexican Race Meet Ends Today; Revolt Hurt Earnings of Track and Owners

[Special Dispatch to The Call] JUAREZ, Mex., March 23.—Tomorrow will witness the close of the winter racing season in Mexico. Colonel Matt Wynn of the track management today received a petition from prominent residents of El Paso and Juarez to extend the meeting 10 days, but as all arrangements have been made to close tomorrow, he did not see his way clear to grant the request. The Juarez jockey club will be closed for the summer and the horse owners, jockeys, trainers and camp followers will leave for Latonia, Ky., where the spring meeting will open as soon as the horsemen arrive.

There has been no easy money made by either the association or the horsemen at this season and the meeting will close with the financial condition of the racing club little better than when they arrived from Spokane. Although the weather has been ideal and the track has been fast, the political disturbances in northern Mexico have played havoc with the plans of the jockey club to make the 1911-12 season a record breaker for attendance and receipts.

At times the horsemen were not permitted to cross the international line from El Paso even to arrange for the feeding of their thoroughbreds, and on at least one occasion the rebels attempted to steal all of the horses, but were frightened away from the paddocks by the American soldiers on the opposite side of the river.

In addition there has been a number of petty grafts slipped over on the men who have horses running at the Juarez track. Hay has increased in cost and a number of shipments that were confiscated by the rebels for their half starved mounts. Then the rebel commander ordered the duty on hay and this helped to eat up the earnings from the racing.

The hardest blow to the management was the lack of outside patronage. The tourists came to Mexico and the people in El Paso, aside from the race followers, attend the racing only when there are free days. The races in Juarez have been a failure, except for the rebel side.

Favorite today went by the boards and the public received a hard blow.

ST. MARY'S DEFEAT MISSIONISTS 7-2

Intercollegiate Series Ends With Sixth Successive Victory by Phoenix Nine

OAKLAND, March 23.—Smothering Santa Clara with an avalanche of five runs in the opening inning, St. Mary's defeated the mission team yesterday afternoon 7 to 2 at Freeman's park, Oakland, and for the third successive time captured the intercollegiate championship, with a record of six straight wins. For eight innings the Oakland collegians held Santa Clara scoreless, but in the last frame, with two men down, the Missionists scored their tally.

Cann for St. Mary's and Barry for Santa Clara were opposing slabsters, but Barry lasted only five innings, being replaced by Sullivan after all of the St. Mary's runs had been scored. Cann, for the Oaklanders, was the bright star of the game, and except for the ninth inning Santa Clara did not have a man past the middle station.

Five of the losers wended their way to the bench by the strikeout route, while only four safeties were allowed by Cann. The Phoenix team landed on Barry with falling effect and for a time threatened to start festivities with Sullivan, but the latter pitched good ball throughout his term on the mound.

This afternoon the Phoenix nine plays the Oakland Coast leaguers at Freeman's park.

Modesto High Defeats Oakland on Track

[Special Dispatch to The Call] MODESTO, March 23.—The Modesto high school track team defeated the Oakland high school team here today in a hard fought dual meet by a score of 63 to 59. Oakland was strong in the sprints, but Modesto's superiority in the field events won the meet. Claudius made the 100 yards in 30.1-5. Guyard was the Modesto star, doing 21 feet 11 inches in the broad jump and 6 feet 8 inches in the high jump. He did not exert himself in the latter event, as his nearest competitor was five inches under the record. This is the first meet in which the local track team has taken part this season, but a Modesto team will probably be entered in all of the intercollegiate meets this spring.

Tin Whistlers Play 54 Holes on 3 Links

PINEHURST, N. C., March 23.—Fifty-four different holes upon three distinct courses was a feature today of the annual Tin Whistler club championship, which never has been equaled in the annals of golf, for it is believed to be possible nowhere in the world except at Pinehurst.

Heading the field of 50 contestants was W. C. Fownes Jr. of Pittsburg, the 1910 national champion, with a card of 221. His father, Henry C. Fownes, was second with 242.

The 54-hole championship of this fever falls, 36 holes upon two courses, Mrs. J. P. Gardner of Chicago, handicapped 22, was first with 175, and Mrs. Spencer Waters of New York, handicapped at 38, second with 181.

OCEAN YACHT RACE ENTRIES POUR IN

L. A. Norris' Schooner Seafarer to Compete in San Pedro to Honolulu Contest

Entries for the big biennial ocean race from San Pedro to Honolulu have been pouring into the South Coast Yacht club of Los Angeles last week, and the success of the race from the standpoint of the number of boats starting is assured. The racing yachts will be sent away on their long race—the longest ocean race held in this country—June 11, and the progress of the contest will be closely followed by yachtsmen all over the world.

The biggest yacht that will enter the race as a representative of this section of the coast will be L. A. Norris' flying schooner Seafarer. The entry of this handsome yacht has been the means of getting A. E. Davis of San Diego to enter his famous schooner Lurline. Davis is so sanguine that the Seafarer will be closely followed by yachtsmen all over the world.

Besides the Seafarer, the well known schooner Marjion, owned by Ed Van Bergen of the Corinthian Yacht club, has entered the lists. Baron Long, the owner and port captain, the yawl Olga is having the hull remodeled considerably and is installing a nine horsepower auxiliary.

George Shaw and Harold Martin have decided to make their yawl Idler an auxiliary type and intend having a two cylinder 20 horsepower Union engine installed.

The Aeolian Yacht club has recently had the clubhouse thoroughly renovated. The piling under the house was badly in need of repairs and the present piling has just been completed. The hall upstairs has been enlarged and a special room for the board of directors added to the equipment.

The big blow last Thursday played havoc with the moorings at Sausalito and Belvedere anchorages. No serious damage to any of the yachts at present anchored in the roads has been reported, but a number of the anchorage buoys went adrift.

The San Francisco Yacht club has set aside the first and third Wednesday nights of each month as "members' night." Indoor games of all kinds will be the order and the "yard table athletes" are rounding into good form for the sport.

TRACK ATHLETES FACE BUSY SEASON

Stanford Team to Take On Pomona Stars Tuesday and U. S. C. Friday

The track meet between the California freshmen and the University of Southern California team yesterday has opened up the outdoor athletic valve here, and from now on track and field men will be kept working overtime to keep in trim for the various big meets to be pulled off.

The coming week is to be an exceptionally busy one, and on Tuesday the Stanford varsity squad will have the Pomona college boys as opponents. Friday of the same week the Stanford men have been asked to compete again, this time against the University of Southern California. Two meets in one week is a big undertaking for either California or Stanford, and it is only on rare occasions that the athletes are worked to such an extent. In the present instance, however, it was the only suitable time the southerners could make the trips and Manager Burbank arranged the meets accordingly.

The Nevada university has not had a track and field team visit this coast for many years, but at the present time it looks as if the sage brushers will be able to send a strong team to Berkeley next month to meet the California varsity squad. Graduate Manager Farmer has not completed arrangements for the meet, but it is very probable that such a meet will be arranged.

The Nevada university has some good material, and in Randall, Hilton and McPhail has a trio of sprint men that can show their heels to any athletes in the sagebrush state. All of these men have done 10:2, and with stiff competition might be able to better this time.

For the quarter mile dash there are Bob Bringham and Joe Wilson, both doing the two furlongs in the vicinity of 52 seconds. In the 380 yards and mile Trabert and Noyes have been showing up well and both are said to be strong finishers.

In hurdling, McPhail has been topping the timers in pretty style and besides this has shown good speed. He is not a Beeson or Morris, but at the same time has the makings of a good hurdler, and is expected by the Renettes to be good for a place in the meet against the California hurdlers. Penney is another stick artist who is doing good work, but the better of the pair is said to be McPhail.

In field events the team is not quite as strong as in track, but has some men who should be good for places, or at least to help swell the score column. Harriman, Bardner and Settlemeyer all take a hand with the hammer and shot, while Pennell and Patterson are doing around 5 feet 3 inches and better in the high jump. In the broad jump Randall is the best.

For a section of the country where the competition is limited, the University of Nevada is said to have a really proficient team and while either California or Stanford would get first places in the majority of events, the sagebrush subleagues are to be decided. Lick was the whole meet interesting and pull down enough second and third places, as well as a few firsts, to make a creditable showing.

Next Saturday, at the Presidio athletic grounds, the annual track and field championships of the San Francisco subleagues are to be decided. Lick won the meet last year with ease, scoring 80 points to 60 registered by the Mission high school lads. With very few exceptions Lick has practically the same team for the meet next Saturday that won the affair last year, and unless the other schools have improved in the interim, it looks as if Lick will score another victory.

As usual the meet will be run on under the "weight system," the entries for all classes closing with President J. H. Dodd at the Cogswell school tomorrow afternoon.

ALIEN HELPS PAT WHIP NICK'S CUBS

Swain, the Vancouver Sluggo, Saves Day for Solons; Result Is 5 to 0 Score

[Special Dispatch to The Call] SACRAMENTO, March 23.—The Sacramento Senators, lined up as they probably will be when the opening gong of the 1912 Coast league season is sounded, shout out Nick Williams' crew of Portland Northwestern today by a score of 5 to 0. It was mainly because the Senators had a Northwest in their midst that they were able to do it. Charley Swain of Vancouver, who is as big and fat as his name is short, drove the two of the Sacramento runs with slashing singles and scored two more himself.

Swain was easily the star of the game. It was his first appearance on the Sacramento diamond and he did himself proud. He whacked out two screeching singles and a long triple and stole two bases.

The Senators did not land on Williams' pitchers with any great frequency, getting but five bingles for the game. In the first inning, with Sheehan on second base, Swain poked a slider through the pitcher's box for a single, scoring him. In the fourth O'Rourke singled and stole a base and Swain drove him home with a single. Lewis made the rousing easy in the inning by hitting a homer over the fence.

On his third trip to the bat, in the sixth frame, Swain knocked the ball to the left field fence for three sacks and scored on Lewis' grounder to second.

Williams worked 18 men against the Senators. Beaman and Arrellans did the local shooting and were in danger at no time. Score:
