Pet of A. R. Sprague Is Killed While in the Final Stages of Rabies

BERKELEY, May 8.—A valuable British bulldog, the pet of A. R. Sprague of 1706 Walnut street, yesterday bit four persons—three boys and a woman—in Oakland and South Berkeley. The animal was killed and sent to Dr. W. A. Sawyer at the state hygienic laboratory, who reported today that the dog had rabies in the final stages.

The animal disappeared last Sunday from the Sprague home. It had just been brought here from a Fresno ranch. After being missing all Sunday evening, it returned Monday with indications of being ill. Mrs. Ella Boulden, housekeeper for the Spragues, attempted to attend the dog, which bit her on the thumb. Later in the day it again disappeared, and was heard of first yesterday, when it attacked several persons.

An unidentified man was said to have been attacked in California street. From there the dog wandered toward North Oakland, biting Walter Heide, the little son of Mrs. E. Heide, in front of his home at 2627 California street, when the lad attempted to pet the animal. It next attacked William Kester, 9 years old, of 764 Fifty-ninth street, and John A. Wallace, a lad of 1057 Fifth-street, Oakland.

Policeman Lee was sent out when Mrs. Heide reported the dog was at large. Lee found the animal in a gutter, gasping and in violent convulsions. It was slain and sent to Dr. Sawyer.

As the animal attacked several persons, it is presumed that it also attacked dogs, probably communicating the disease to them. The police are making an investigation in the hope of ascertaining such cases.

A New Face Without Surgical Skin Peeling

"I do not approve of the surgical operation of face peeling," says Julia Orff. "It's too radical, too often dangerous. There's a better way of removing offensive complexion and one that is entirely safe and rational. Ordinary mottled wax causes the dehydrated skin to come off, but gradually and gently. Unlike the surgical process, the skin is not forcibly taken off in big pieces all at once, but almost invisible flaky particles are absorbed by the wax, and in ten days to two weeks are required to complete the transformation. There's no pain, no discomfort.

"Nature renews complexion the same way, shedding tiny cutaneous scales day by day. But deficient circulation, or other abnormal condition, may interfere with the shedding—a 'bad complexion' result. Then mercuric wax assists Nature by hastening the removal of the aged, faded or discolored top skin. Thus only the lively, young, healthy-hued skin is in evidence, as in the robust girlhood. This is why mercuric wax produces the indescribable beauty of ever-renewing youth. The wax is put on night with a soft cream, and washed off in the morning. You can procure it at any druggist's; an ounce is sufficient.

CUTICURA SOAP SHAVING STICK For Tender Faces Indispensable for those subject to redness, roughness, and other irritations of the skin. A shaving luxury. No mug, no soapy soap, no gums, no waste of time or money. In nickel box, 25c, at stores or by mail. Liberal sample free. Address: "Cuticura," Dept. 28, Boston.

OAKLAND THEATERS

WHERE EVERYBODY GOES ANY SEAT In the House 10c MATINEES

FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels—a 10-cent Box Will Truly Amaze You

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. You may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

MOOSE CARNIVAL TO BE BIG ATTRACTION

OAKLAND, May 8.—Entries are coming in for the open amateur and professional riding events which will be held daily at the "Frontier Days" carnival of the Moose, which opens at the Grove street ball grounds Wednesday, May 15. A number of horses have been entered for the Dell Eagles cowboys to tame. Manager Kennedy makes the announcement that \$250 will be given to charity if his cowboys fail to ride any horse entered.

The Merchants Exchange has increased the parade, which will be Wednesday, through the principal streets of the city. Members were requested to aid the Moose in bringing the public to the business section of the city when the moving pictures of the parade are being taken. The parade will start from Moose hall, Twelfth and Clay streets, at noon. Moving pictures of the rough riding and steer wrestling events at the exhibition grounds will also be taken.

Manager W. H. Kennedy of the Dell Eagles' rough riders and hippodrome may locate his company here permanently and perform for moving picture concerns. He likes Oakland and thinks the scenery here unexcelled for moving picture purposes.

In London Wilcomb will be met by Dr. C. V. Hartman, director of the Royal Ethnographical museum of Stockholm. The two will travel together in France, Germany, Belgium, Denmark, Austria, Norway, Sweden and Russia.

The Oakland museum building in Oak street has been found inadequate to house the exhibits. There are at least 2,000 exhibits stored in the attic for which no room can be found.

MUZZLE ORDINANCE WILL BE ENFORCED

OAKLAND, May 8.—Aroused at the number of recent street attacks on children by dogs, F. C. Turner, commissioner of public works and safety, introduced a resolution into the city council today, calling upon the poundmaster to take immediate action on the ordinance recently passed requiring muzzles for all dogs unless held in leashes. The resolution was unanimously passed. All dogs not properly muzzled will be immediately impounded.

In introducing the resolution Turner said that strenuous measures are necessary to protect the lives of children and adults.

"The muzzle ordinance has become the laughing stock of the city," said Turner. "Something should be done to make every dog owner cognizant of the danger of permitting his animals to go unmuzzled. The poundmaster has been lax in enforcing the new law, but in the future all such violations will be severely dealt with."

The ordinance as it now stands does not provide where the muzzle shall be placed, and a number of canines owners have been placing it over the ear and even around a leg of the dog. The ordinance will be amended to cover this defect.
