

OAKLAND WOMEN REPUDIATE ANARCHY

Great Anti-Recall Meeting Is Held in Melrose

CITY OFFICIALS TELL WHY I. W. W. WOULD CONTROL

Mayor Mott and Others Plead for Defense of Municipality Against Agitators

OAKLAND, July 23.—One of the largest neighborhood meetings under the auspices of the Women's Good Government league was held tonight by the Melrose branch of the organization at the home of Mrs. George Ingraham, 1345 Fifty-third avenue. Elaborate preparations for the gathering had been made by the officials of the club, among whom are included: Mrs. A. Galli, president; Mrs. Richard Feeley, vice president; Mrs. Charles Calhoun, secretary, and Mrs. Riley O'Neil, treasurer.

The speakers of the evening were: Mayor Frank K. Mott, Commissioners F. C. Turner and W. J. Baccus, Assemblyman Frank M. Smith and Mrs. John N. Porter, president of the league. Mrs. Porter advised the women voters that the city was facing a crisis which would have to be met by every woman doing her duty. It was necessary, she said, to make a strong effort to protect not only the city government, but the homes and heartaches as well.

MAYOR CHARGES I. W. W. PLOT
Mayor Mott said in part: "The issue in the recall campaign transcends any mere and ordinary political contest or the strength of any political faction. There is much more at stake than whether or not a certain clique or set of candidates shall control the administration of your city government. It is not a campaign in which office seekers are advancing claims for the suffrage of the electorate. It is a question of whether the people of this city shall maintain their form of government; whether that government shall be upheld as an integral part of the entire governmental scheme of the United States. The choice before the voters is one of protection to the existing forms of law, the common decency and morality of the community at large, and whether the municipal government of Oakland shall be subservient to the wishes of the majority or be the means by which the disciples of anarchy and treason shall obtain their ends.

"The entire plot of the Industrial Workers of the World is to secure a foothold in various sections of the country and when they have secured sufficient strength in a number of communities to attempt the overthrow of the national government. "Are we, as citizens of Oakland, going to allow the Industrial Workers of the World and their allies among the anarchistic element in the socialist party to make our city part and parcel of the scheme which has as its end the overthrow of the nation?"

MANY ISSUES INVOLVED
Commissioner Turner said that many issues other than the original one, had been injected into the campaign. He said: "There have been many issues dragged forth in order to hide the real one of police interference with what the discredited element choose to term 'free speech,' but by no possible stretch of imagination can any other interpretation be placed on the present recall than that it was motivated by the desire of the I. W. W. agitators to pursue uninterrupted their teachings of anarchy.

"They wished un molested to assail all forms of religious teachings, all forms of law and order, in the most unspeakable and vile language. No man, woman or child would be protected against the assaults on common decency. They must shout forth their curses and obscenity without hindrance and in defiance of the police officers who were told to protect the citizens of this city.

"When the people of Oakland elected the present city officials they did so with instructions to enforce the laws of the community. Having this responsibility placed upon them, the officials whom you elected proceeded to enforce those laws. They did not go before the electorate of Oakland and ask whether or not they should enforce the laws, as they were elected for that purpose.

"That, to my mind, is a matter for the voters to consider. All other matters which have been dragged into the present campaign are but side issues—most of them dead ones. They have been fought out in previous city campaigns, and the voters have passed upon them at the polls. These dead issues are dragged forth at this time in order to befog the public mind, to trap the unwary and in hopes of capturing a few votes.

"This present administration will not serve any but the majority of the people, and are looking to the voters to vindicate their actions.

REALTY MEN SUPPORT MOTT
At a largely attended meeting of the Oakland Real Estate association today the following resolutions were passed unanimously: "Whereas, the present administration of the city of Oakland has been instrumental in successfully promoting the present recall campaign, and her surrounding territory; and

"Whereas, a movement to recall Mayor Frank K. Mott, Commissioners F. C. Turner and W. J. Baccus has been started by a small body of individuals with the intention and purpose of disturbing our present prosperous and progressive conditions through the overthrowing of our sound political governing system; and

"Whereas, the city of Oakland and its environs are facing the most important period of their commercial and industrial growth and development; and

HELEN GOODEVE IS AWARDED \$50,000

[Special Dispatch to The Call]
PORTLAND, July 23.—Helen M. Goodeve of San Francisco today was awarded a verdict of \$50,000 damages in her breach of promise suit for that amount brought against Robert H. Thompson Jr., formerly of San Francisco.

The report that Thompson has deeded away to relatives \$350,000 worth of real estate since the commencement of the \$50,000 action for breach of promise was commented on by Attorney Rufus Mallory in his closing address to the jury in Judge McGinn's court today.

"Give us the judgment and we will soon trace the property," he told the jury.

Thompson's conduct was scathingly arraigned by Mallory in a two hours' party to make our city part and parcel of the scheme which has as its end the overthrow of the nation?"

**RAILWAY COMMISSION
GETS FIRST GAS CASE**
Board Is Petitioned to Fix Palo Alto Rate

The city of Palo Alto filed a complaint with the state railroad commission yesterday declaring that the rate of \$1.50 per thousand charged by the Palo Alto Gas company is excessive, and requesting that the commission hold a hearing and fix a proper and reasonable rate.

In this complaint the commission is presented with the first case of its kind as yet submitted to it for adjudication. It means that the gas company will now, presumably, file an answer denying the charges of the city, and that a hearing will then be held and the company's assets and business gone into thoroughly. Then the commission will fix the rate which it deems sufficient to bring the company a proper return upon its investment.

Recently Palo Alto voted to transfer the control of its public utilities to the railroad commission.

BIG AUTO TOUR IS ON WAY HERE

PORTLAND, July 23.—The greatest auto tour ever undertaken on the Pacific coast started from Portland tonight. It is the tour of the Pacific Highway association to attend the annual meeting of the association in San Francisco August 5, 6 and 7.

Judge J. T. Ronald of Seattle, president of the association, at the head of a large automobile party, reached Portland this afternoon and was guests of Samuel Hill at the Arlington club for dinner, after which they left for Maryhill, Wash., where opportunity will be given to see the famous Maryhill road.

Other Portland people will be guests of Hill at Maryhill, including S. Benson, the millionaire lumberman.

While Judge Ronald and his party take the marked course of the Pacific highway, along the old stage road west of the Cascade mountains, over the Siskiyou, to the California line, Benson and Hill will traverse the alternate, unmarked route, from Wasco to Lakeview and through the valley of the Pitt river to California.

WEDDING ON LINER REVEALS A SECRET

[Special Dispatch to The Call]
NEW YORK, July 24.—The sailing of the Mauretania at 1 o'clock this morning with a full passenger list and many prominent persons on board was the liveliest and most picturesque of the midnight departures of the big liners.

A wedding ceremony performed on board, with all the settings of a fashionable affair ashore, lent an added interest to the sailing and united in marriage E. Alexander Montgomery, a wealthy mining man of Los Angeles who was freed by a Reno divorce a few days ago, and Miss Helen Schwarz, daughter of Mr. and Mrs. Frederick Schwarz of 417 Riverside drive.

There were ushers, bridesmaids and best men, flowers and music and a buffet supper and all of the first cabin passengers were practically guests at the wedding. The wedding had a double interest in the fact that Vincent Astor, son of the late John Jacob Astor and head of the family in America, was present as a passenger and guest.

POOLROOM MEN ARE INDICTED

Grand Jury Returns True Bills Against J. D. Platt and Morris Rosendorn

The grand jury last night returned two indictments in the poolroom cases which have been before that body for several weeks. True bills for violating section 237-21 of the penal code were found against Frank Dunleavy, arrested some time ago for operating a poolroom at 164 East street, and J. D. Platt, manager of the poolroom of Morris Rosendorn, at Third street, raided last Saturday afternoon.

In addition to these indictments the grand jury passed a resolution recommending to the police commissioners that they deny a renewal of the liquor license of the Tom's Cabin when it comes up. This action was taken at the request of District Attorney Fickert.

Twenty witnesses were examined last night by the grand jury, though about 40 had been subpoenaed. The evidence upon which the indictments were found was furnished in the main by Detective Sergeant Joseph Redmond and the men who had been detailed to work under him. It consisted of tickets bought, and some of them cashed, in various poolrooms.

There are 11 other poolroom cases pending before the grand jury and it is probable they will be disposed of at the meeting next week.

Speaking about the successful campaign against gambling in this city, Fickert said he believed with the return of the indictments poolrooms in San Francisco were closed for good. He promised some sensational developments in the gambling cases in a few days.

Last yesterday afternoon Chief White, with Detective Sergeant Cook and Redmond, made a visit to all poolrooms in town and found them closed.

Fickert took personal charge of the case pending before the grand jury last night. While no charges were presented to the inquisitorial body against the management of Tom's Cabin, the district attorney succeeded in getting the resolution addressed to the police commission passed.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless; **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food; **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."
Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
Dr. Wm. J. McCrann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."
Dr. J. R. Clauson, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
