BURGLAR WORKS IN BARE FEET

Homes of Alameda Minister and Physician Are Ransacked While Inmates Sleep

ALAMEDA, Aug. 28.—Three residences in the fashionable district were visited early this morning by a bare-foot burglar, who succeeded in getting away with property valued at \$300. The footprints of the housebreaker easily were discernible at the places he visited.

Rev. C. L. Mears, pastor of the First Congregational church, was one of the victims of the burglar. The burglar invaded the Mears home at 2014 Central avenue, went into the room where the minister and his wife were asleep and securing the trousers and vest of the clergyman took them into another room, where he emptied the pockets of coin, a gold watch and gold fob, the timepiece and chain being gifts from former parishioners in Reno. The burglar was discovered when Mrs. Mears arose and went to where her husband's vest had been placed, to obtain his coat and see the time. The prints of the burglar's bare feet were discerned beneath a window through which he had forced an entrance. Eight months ago, the Mears residence was visited by a burglar and silverware valued at \$300 was taken.

The Herman Krusl home at 2033 Central avenue, opposite the Mears home, was visited by the burglar, who had piled up boxes that he might better reach a window. He was scared away by the barking of a dog.

At the home of Dr. W. Sidham, 1725 Santa Clara avenue, the sockless house robber, forced a lower front window, went to the doctor's sleeping room on the second floor and taking the physician's clothing to a lower room, obtained a gold watch and chain and some coin. Doctor and Mrs. Sidham were sleeping on a porch adjoining the bedroom.

A WOMAN'S WISDOM.

The worried mother wakes up to hear her baby's heavy breathing—a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one—and it's to be had for only 31c. in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZUEBET, of 223 S. Benton street, Baltimore, Md. "Before the stroke came to our house I was a very sick woman. I wrote you for advice which was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. I did my own housework—washing and ironing, cooking, sewing, and the worst of all nursed three children who had whooping cough. I hardly knew of the advent ten minutes before—so easy was it. The baby is as fat as a butter-ball. Dr. Pierce's Favorite Prescription is the best medicine for any woman to take when in this condition. I recommend it to all my friends."
