CATHOLIC SCHOOLS STIR UP RIVALS

Announcement of Indoor Meet Is Stimulus to Young Athletes Across the Bay

[Special Dispatch to The Call]

OAKLAND, Sept. 23 .- Spurred on by the activities of their rivals across the bay, the local schools intending to enter the indoor track and field meet of the Catholic Schools' Athletic league, to be held in San Francisco October 25, are lining up their candidates for honors. The local parochial school leaders have engaged coaches to train the youngsters for the meet.

St. Joseph's academy, enjoying the distinction of being the only boarding school in the league, will have a strong team for the meet. At present Al Forschlund, physical director, and Jack O'Mera, assistant, have the academy lads in charge and will enter a full list of candidates for honors.

St. Anthony's school of East Oakland, always prominent in the league activi-

ties, again will enter a strong team, which is to be coached by Ed Hanley a graduate of the school.

Theo Davie of St. Mary's college, who

has been in charge of the teams at Sacred Heart school, again will lead the youngsters, and with a small flock to draw from will enter in most of the

Such a move has met with favor on the part of the athletic directors of the schools already consulted. The schools probably will meet on the St. Mary's college stadium a few weeks before the indoor contest.

WIND MARS SHOOTING

LEWISTON, Idaho, Sept. 23.—A heavy wind held down the scores in the annual trap shooting tournament of the Lewiston Gun club here today. In the 150 target event A. Troch of Walla Walla, Wash., D. Holohan of Portland, Ore., and Lee Mattlock of Pomerov, Wash., tied for first place in the amateur class with 138. Lombar Clay of Spokane led the professionals with 139, Frank Riehl of Tacoma was second with 138 and C. B. Randlette and Fred Berger of Spokane were tied for third with 134 each.

MILWAUKEE, S. 23.—Harry Clark, third baseman, and one of the oldest members of the Milwaukee baseball club, was appointed manager of the team today to succeed Hugh Duffy, resigned, by Mrs. Agnes Havenor, president and owner of the club. Clark signed a contract for the season of 1913 today.

European "Hopes" Shiver at the Very Mention of Fighting the Big Smoke

[Special Dispatch to The Call]

NEW YORK, Sept. 23.—Bob Vernon, friend of former champion James J. Jeffries and well known sporting man, has returned from Europe thoroughly disconsolate. He had not been able to find any white hope abroad, though he combed the camps of the pugilists from Wales to the uttermost confines of France.

"I went over on Jeffries' suggestion," said Vernon, "to try to find some boxer who could take away the championship from Johnson. As soon as I landed I heard about a big fellow in Vichy, France, who had a great reputation among the French partisans of 'le box.' I dug him up.

"He looked all right, but when I put it to him that he come to America and stack up against Jack Johnson that Frenchman nearly passed away. He never got such a scare in his life. He refused point blank.

"Then I heard of Owen Owens, a Welsh-Irishman, who stands 6 feet 2½ inches in his stockings and weighs 220 pounds in training. I went and found this person, and I tell you he was a magnificent specimen; but he, too, balked on the Johnson stuff. He couldn't see

Duke Kahanamoku yesterday gave a demonstration of the speed that won everlasting fame for him at Stockholm, and again at Hamburg, when he broke the world's record for the 100 meter swim. News of his appearance

There has been considerable speculation as to whether or not swimmers from Portland and Los Angeles will be allowed to enter the meet, which is distinctly a local P. A. A. or district championship meet of the A. A. U. In these meets it is customary for only registered athletes of this district to take part, though for the last two years the Y. M. C. A. swimmers of this city have been invited and have competed in the championships of the southern California branch of the A. A. U.

LOCAL "Y" MEN EXCEL LOCAL "Y" MEN EXCEL

As a matter of fact, the local "Y" men were so successful that only one championship of the southern California association—the half mile—is now held by a southern man.

The Los Angeles men entered the meet, but their entries were refused. William Thomas of the Multnomah club of Portland entered and arrived here vesterday, unaware of the local

club of Portland entered and arrived here yesterday, unaware of the local tings to the meet. He is willing to compete if the local officials can arrange to allow him to enter.

While the meet is strictly for local swimmers, it is to be hoped for the good of the sport that the Portland man will be allowed to enter. His club has gone to considerable expense in sending him down, and his appearance would lend added attraction to the affair.

All the competing clubs are willing for him to enter, and the swimmers themselves would like to see the south-

themselves would like to see the southern men come in as well.

This situation has brought out the question of organizing a Pacific coast championship meet, in which swimmers from any part of the coast and the Hawaiian islands would be eligible to compete. It is possible that some move will be made by one or the other of the local swimming clubs to organize such a meet for this fall.

Thomas said yesterday that he would enter the swim across the bay next Sunday and would attempt to keep Walter Pomeroy company in his attempt to break his own record. The swimmers will leave either the Vallejo street or Lombard street wharf on Sunday about noon.

[Special Dispatch to The Call] LOS ANGELES, Sept. 23.—In spite of the fact that the swimming officials up to date have declared they would not permit southern entries in what they term strictly a northern meet, three of the local stars will leave on the Owl tonight for the bay city. Ludy Langer, "Cliff" Bowes and George Freeth are the trio who are determined to get a chance at the northern cracks and capture some of the handsome trophies that will be awarded the win-

trophies that will be awarded the winners.

Wallace Robb, president of the South Pacific branch of the P. A. A., received letters from Howard Strickler, physical director, of the San Francisco Y. M. C. A., and William Coffman, swimming director, who said that inasmuch as none of the southern swimmers would be allowed to compete in the swimming races held this week at the Olympic club, a Y. M. C. A. championship meet would be staged the first week in November, in which all coast swimmers would be given a chance to compete.

compete.

The local boys, who are going north tonight, insist that not only should northern men compete in this week's events, but that they should be given a chance, because the northern boys accepted the invitation of the southerners last month and also their expense money. Freeth and his friends will pay their own expenses. It is hoped that the northern powers will allow the local men to compete and thus avoid any hard feelings.

Umps to Play Ball for Aid Of "Bull" Perrine, Who Is III in San Francisco

[Special Dispatch to The Call]
CHICAGO, Sept. 23.—The most unique field day ever planned is being arranged between the umpires of the National and American

When You Run Across

[Special Dispatch to The Call]

NEW YORK, Sept. 23.—That notion of cutting out the speculators when the tickets for the postseason series are put on sale will be appreciated by the baseball fans. The baseball commission, it was generally agreed here, has struck the right way to do it in cutting out mail orders for tickets.

If there are enough ticket offices to accommodate the crowds without too much delay and confusion, the arrangement will make it possible for the regular fans to see the games. And much as many would like to be able to buy the pasteboards in advance and go out comfortably at the last moment, all admit that the "regular fans"—the entitled to at least an even break.

Under the new arrangement they will have as good a chance to see the games as any millionaire who could pay a speculator's price or buy a block of the best seats by mall order under the old order of things.

At times the baseball people show traces of almost human intelligence.
