

BALKAN STATES ATTACK TURKS ON FRONTIERS

Constantinople Declared in State of Siege While Enemies Are Far Away

Continued From Page 1

Austria declare to the Balkan states: First, that the powers energetically reprove any measure susceptible of causing a rupture of the peace. Second, that, leaning on article XXIII of the treaty of Berlin, they will take in hand, in the interest of the Balkan peoples, the reformation of reforms in the administration of European Turkey, it being understood that these reforms shall not affect the sovereignty of the sultan or the territorial integrity of the Ottoman empire. The powers reserve to themselves liberty of action for a collective ulterior study of these reforms. Third, that if it breaks out between the Balkan states and the Ottoman empire, they will permit at the end of the conflict no modification of the territorial status quo in European Turkey. The powers will make collectively to the sublime porte representations similar to the above declaration.

BULGARIA IN LEAD

In declining to concur in the views of the two powers, the Montenegrin government declared that its patience was exhausted. For more than two months it had been protesting in vain to Turkey, and resort to arms was the logical sequence. Even if Montenegro stood alone, it was added, she was unable to act differently. An explanation of the Balkan union is given by an official who understands the situation thoroughly. An alliance, properly speaking, does not exist. Montenegro is not allied with Serbia. Bulgaria, after signing a treaty with Serbia, concluded a second treaty with Montenegro and a third with Greece. Bulgaria, therefore, stands as the link binding together the Balkan states, and it is Bulgaria that plays the leading role.

Porte Receives Declaration

CONSTANTINOPLE, Oct. 8.—Prior to receiving his passports from the Turkish government the Montenegrin charge d'affaires, M. Plamenatz, handed the following note in behalf of his government to the Porte:

I regret that Montenegro has exhausted without avail all amicable means of settling the numerous misunderstandings and conflicts which have constantly arisen with the Ottoman empire. With the authorization of King Nicholas I have the honor to inform you that from today the government of Montenegro ceases all relations with the Ottoman empire, leaving it to the arms of the Montenegrins to secure recognition of their rights and the rights that have been ignored for centuries of their brothers in the Ottoman empire.

I am leaving Constantinople. The royal government will hand his passports to the Ottoman representative at Cetinje.

PLAMENATZ.

Shortly after the presentation of this note, which was accepted as a declaration of war, a council of war was held at the grand vizierate. The session continued late into the night. The noted general Mahmoud Scheffet Pasha, who commanded the constitutional army and was formerly minister of war, was present. The city is patrolled by strong detachments of cavalry and infantry. A state of siege prevails, and there is much excitement, but no demonstrations are permitted. The Turkish view, as expressed by officials, is that Turkey was ready to enter into negotiations about the frontier dispute with Montenegro, and hence Montenegro's complaint on this score was a mere pretext to precipitate a conflict before the powers were able to intervene.

Montenegrin forces early this morning attacked Berana, which at noon was surrounded. Skirmishes also are reported on the Serbian frontier and with Greek bands in the neighborhood of Diskatia. An exchange of shots has occurred near Djumabala, on the Bulgarian frontier.

Late tonight the Bulgarian, Serbian and Greek ministers were still without instructions from their governments, but their baggage was packed in the expectation of a rupture at any moment.

[Special Dispatch to The Call]
EMERSON, Oct. 8.—That the Northwestern Pacific railroad, now rapidly being completed between this city and San Francisco, will be extended without delay to Coos Bay, and thence to Portland, became evident today when deeds were placed on record transferring all rights of way in Humboldt county north from this city from the Southern Pacific Railroad company to the Willamette Pacific Railroad company, recently organized. The latter company is a branch of the Southern Pacific, as shown by the fact that E. O. McCormick, E. E.
