Society Folk at Work To Make Benefit Big Success

OAKLAND, Nov. 6.—Society folk of Fruitvale are preparing one of the banner social events of the season Saturday evening in the form of a dance to be given by members of the Leona society, an organization of Fruitvale women. The affair will be in Eagle hall, East Fourteenth street and Liese avenue, and it is expected that all available floor space will be occupied, as many have signified their intention of participating. The function will be in the form of a benefit, as the proceeds will be given to charity. ONLY TWO CITIES OF BUTTE ARE LEFT WET Several Arrests Made During Exciting Election

[Special Dispatch to The Call] OROVILLE, Nov. 6.—After one of the most strenuous campaigns ever held in Butte county, only two of the incorporated cities were left wet. Gridley and Chico went dry. Yesterday the entire county outside of the incorporated cities went overwhelmingly dry. The wet and dry fight almost completely eclipsed the principal and congressional campaigns. In Chico and Oroville, the two largest cities in the county, the fight was most bitter. Numerous challenges at the polls were exercised and there were several arrests for illegal voting. Oroville went dry by 16 votes and Chico stayed wet by 229 votes.

WOMEN PUT LID ON A ROADHOUSE

Oakland City Council Orders Fuller's Garden Resort Closed

OAKLAND, Nov. 6.—The city council today took drastic action on the application of A. Schwartz, proprietor of Fuller's gardens, a roadhouse at 6831 East Fourteenth street, for permission to transfer the liquor license to V. Bielawski. Not only was the request denied, but Schwartz was given 30 days in which to dispose of his interests, and the new owner will not be permitted to sell liquor there. The council had tentatively agreed to grant the transfer, when Bessie J. Wood and other women interested in social work objected on the ground that the roadhouse was not properly conducted. Chief of Police Peteresen also reasons why the place should be closed. The objectors said Bielawski would conduct the place along the same lines as Schwartz. Commissioner W. J. Bacchus said the roadhouse had an evil reputation and was a disgrace to the city. Upon his motion the council voted to refuse the granting of the transfer and that it adopt a resolution forcing Schwartz to sell out and demanding that the liquor license, which still has some time to run, be transferred to some other location not to be retained by Schwartz or given to Bielawski.

RATES ALLEGED TO BE EXCESSIVE

Complaint Is Filed by Associated Jobbers of Los Angeles

The Southern Pacific was made defendant in a complaint filed with the state railroad commission yesterday by the Associated Jobbers of Los Angeles, in which it was alleged that the freight rates between Los Angeles and points between Mojave and Laws, on the Owenyo branch, were excessive and unreasonable. The complaint protested against the class and commodity rates applicable to freight shipped from points covered by the territory embracing Laws, Keeler and Mojave, to and from Los Angeles. It referred to the freight tariff schedule of the defendant as evidence of the unreasonableness of the rates. The commission was asked to investigate the rates and prescribe just and reasonable charges.

Twelve Year Old Boy Twice Hero in Month

[Special Dispatch to The Call] GRASS VALLEY, Nov. 6.—Joe Foster, a 12 year old boy of this city, has twice proved himself a hero during the last month. The first occasion was when he seized a rabid dog, which has just leaped into a theater ticket office and attacked the ticket seller and was viciously snapping at people in a crowded street, and held it until an officer arrived and killed it. His second performance was stopping a runaway team by climbing into the rear end of the wagon as it careened through the streets. There is talk of applying for a Carnegie hero medal for young Joe.

CRUDE FORCEPS SAVE GIRL'S LIFE

Berkeley Doctors, Baffled by Windpipe Obstruction Forge Instrument

BERKELEY, Nov. 6.—After all surgical appliances had proved ineffectual in clearing an obstruction from a child's throat, three Berkeley doctors invented an instrument, which they had made in San Francisco, and last night they performed a successful operation. The child is Jessie Bush, 8 years, daughter of Dr. W. P. Bush, a dentist of 1736 Parker street. Last Saturday the child, while eating pine nuts, got one of them in her windpipe. Efforts to eject the nut failed, and for three days the girl suffered intense agony, and her life even was being despaired of. She was taken to the Roosevelt hospital and Dr. J. E. Kelsey, Dr. W. H. Graham and Dr. W. H. Boone were called. An X-ray photograph showed the position of the nut. Then they got a set of instruments for bronchial treatment from a San Francisco hospital and endeavored to clear the girl's throat. They failed. Unable to use successfully any known instrument, they decided that the nut could be removed only with forceps, but no forceps of the kind needed was known. So the doctors devised the right kind of instrument. With this they removed the nut and saved the girl's life.
